Katakiri Fumika, age 16. Height 149 cm. Honjo Chiyuri, age 17. Height 164 cm. E cup. Attends all-girls school. A weird girl who can't read the mood. Sheesh, Fumika.
If you beg me
like that I guess
I can let you do
it just for a bit.

I
think it's
far more
dirty
to do it
in public
...

It feels
sorta dirty
to be doing
that kind of
thing when
it's just the
two of us.

Oh, not
that. I meant
this peanut
butter flavored
candy.
They're never
in stock
and I just
finished
them all.

The two of them after that 4

Actually, I did.
(But they didn't say anything.)

I ... didn't enter.

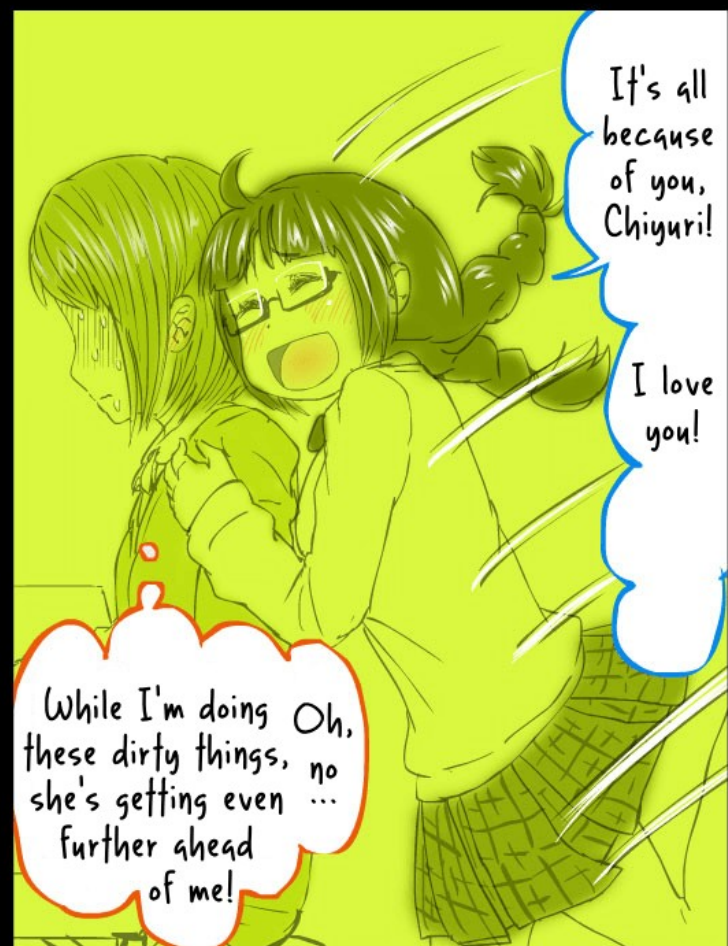

How did you do, Chiyuri?

sniff ... sniff

I'm going to Tokyo for the awards ceremony!

You should come with me!

It's all because of you, Chiyuri!
