I'm 31 years old, a bachelor and a lolicon. The lolicon bit is not public knowledge though (hopefully).

My name is Kenji.

I'm visiting my older sister today.

I told you so.

This cream puff is really good.

Sure, I often go to my sister's to see Yuka-chan.

but we've always gotten along, it's not unusual for us to hang out together.

Welcome back, Yuka-chan.

I'm home.

But my real purpose for coming here,

My sister's daughter, my niece, Yuka-chan.

Hello everyone. Once again, I'm Malcorond.

Today I present you something I don't do normally, original doujinshi. Come to think of it, this is the first original doujinshi I've created.

I actually thought about doing an original doujinshi before, but I had my doubts that people were actually interested in me drawing something that's not a parody. I kept the concept in mind for a while, and actually got around to working on it to see where it would lead.

It- It's not like I've run out of ideas for parodies, just so you know.

Anyway, to commemorate my first original adult-oriented manga, I've put all my preferences in this, namely: preteen girl - short hairstyle - tanned complexion - short pants

Which, now that I think of it, actually had nothing to do with the current season, heh.

I also have a preference for big boobs, long hairstyles, fair complexions and skirts (in the end, it looks like anything will do for me). I might have the chance to reveal all these idiosyncrasies of mine in my future releases, in degrees.

What do you guys think?

Some opinion on my works(though I wouldn't really say that I need them) would really make me happy. But please hold back on the negative comments, I'm delicate to those.(-- ;)

And let me put it clearly; I'm not sure if this book will have a sequel. Just saying!

If people would request for it, perhaps. But still it depends on whether I feel like doing it, so there's that tiny chance of that happening.

I'd like to thank those who bought this. Thank you!

Later.

Malcorond.
