

As for sex, the days where I couldn't even masturbate continued.

At that time, I was taking the last train from over-time.

Even now, there are times I think it was just a dream.

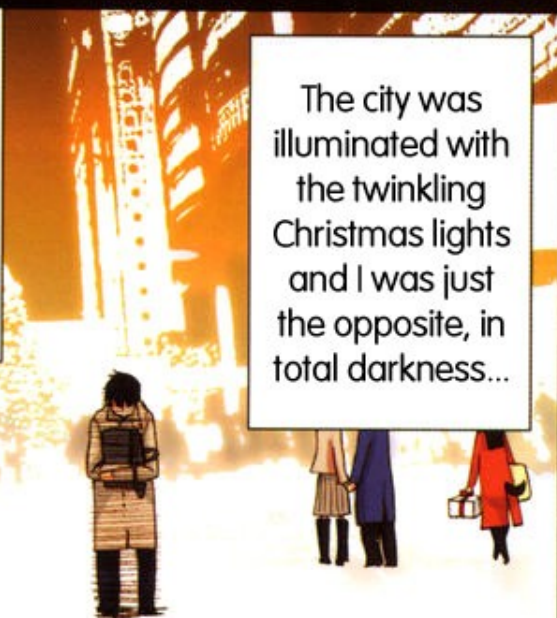

Let's hear a mysterious story about last Christmas.

Happy parents and children ...

Happy couples...

The city was illuminated with the twinkling Christmas lights and I was just the opposite, in total darkness...

At that time...

in a style just like a pervert's...

put on the reindeer costume I won at the year-end bingo,

**EVERY-ONE'S MAKING FUN OF ME!!**

**Damn it!**

I would try assaulting the couples.

In despair, I...

Two chapters that were pretty funny...  
they went together, so that's why I didn't bother  
separating them.

"Colorful Santa" was a Christmas story (obviously) and  
"Mame ni Kanabou" was about Setsubun, the details  
of which I am too lazy to explain.

A decent explanation is up on Wikipedia, so look  
there if you're curious.
