...I'm home.

ガキ

Recently, my wife has been in a really bad mood.

There's a simple reason for that.

新鋭デビュー!おクチに恋人

Why don't... you have a smoke?

おま

Back in her school days, she used to be

A real delinquent.

She was a hell-raiser.

But,

I spent time connecting with her to set her straight.

!

There

Was just one thing I didn't straighten out before our marriage.

Things happened, and after she graduated we got married.

That was **smoking.**

She was an extremely heavy smoker who even puffed away in her wedding dress.

Since we began living together, for some reason she started trying to quit.

But!

A-are you a pervert!

Dick...  
タタタ

If you pull like that you'll take my pants off...

Hey...

Ah.

Like I said, smoke as much as you want...

Hey... I wanna suck on one!

Because... I get tired of candy and gum quickly...

If it's this...  
I think I can keep sucking and licking without getting tired of it...

...Since then, that is why my wife has been demanding sex almost every night as a substitute for smoking...

Thanks to that, my body is worn out everyday,

ホロホロ...

But if I can see my wife's cute smile, then it's all worth it.
