COME?

Heh?

I'd like
to join
this
club...

Ah-
Pardon me,
but is the
club's
president in
right now?

What
is it?

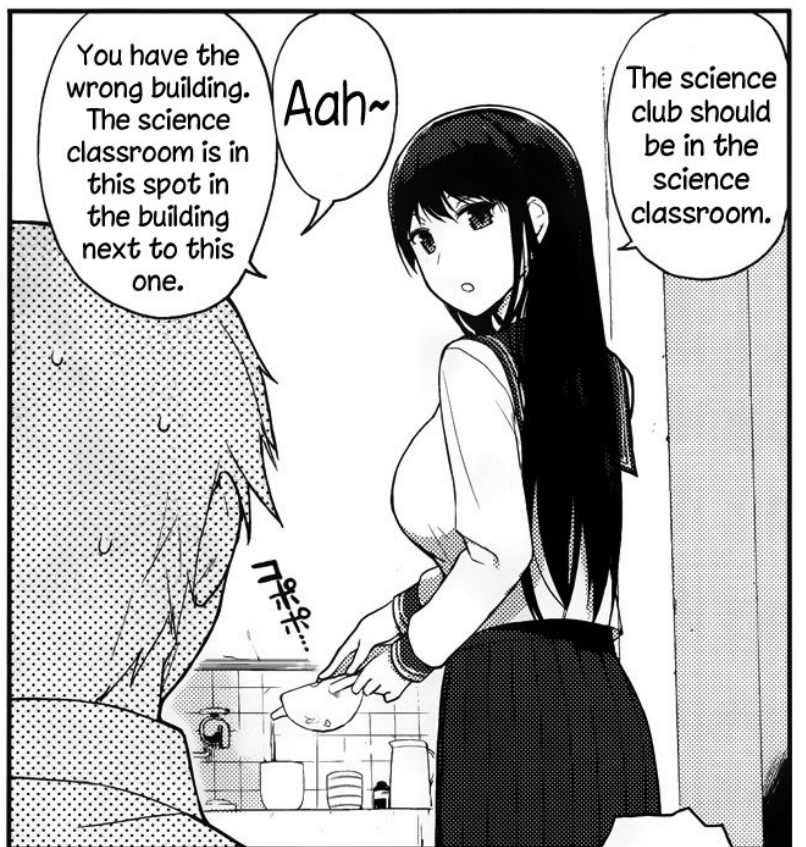

What?!

You mean this isn't the science club?!

You don't have anything else to do, right?

You have the wrong building. The science classroom is in this spot in the building next to this one.

Aah~

The science club should be in the science classroom.

LIWAH~ WHAT AN AMAZING RACK...

You're... a first-year? What's your name?

Um... It's Kuni.

No, it's alright.

I-I'm sorry! I'll leave right away!

My name is Fujieda Tsuyuko. You're the first visitor I've had in a while, so please stay here for as long as you like.

Holy shit... They're resting on the table!

O-Okay!

.....

So there aren't any other members in here?

Um...

Anyways... This room looks like it's falling apart... I wonder what this club does...

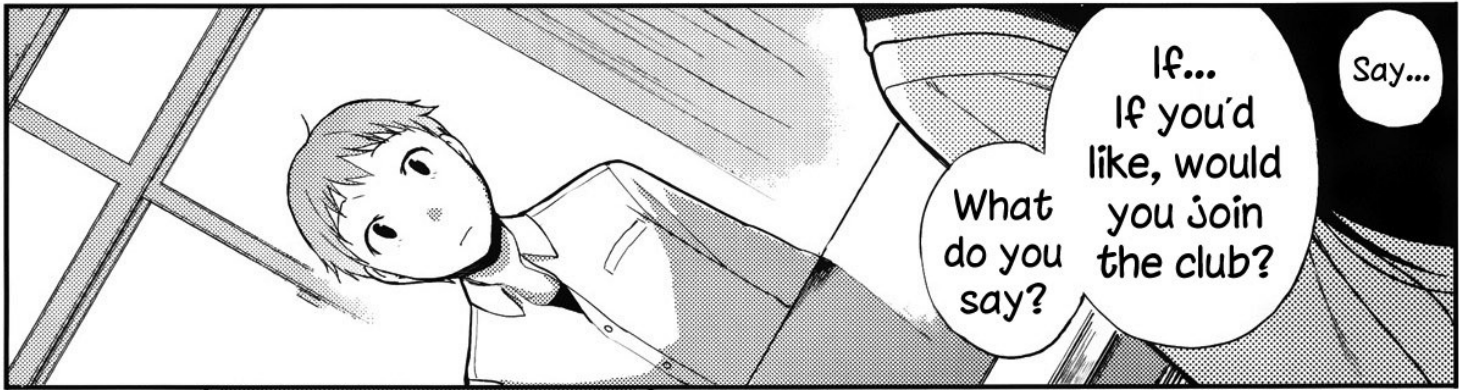

And I don't know any potential new members...

I'm the only one here.

But a club like that is not allowed to have a clubroom... So the mystery research club will be disbanded the next weekend.

...That's right.

What do you say?

If... If you'd like, would you join the club?

Say...

I'm sorry, I'll have to decline.

That could be fun, but...

Hm~

Come on... Put it in already~♥

We're by ourselves again... Wanna do some club activities?

THE REASON I ENTERED THIS SCHOOL IN THE FIRST PLACE... WAS BECAUSE I WANTED TO JOIN THE WELL-EQUIPPED SCIENCE CLUB

Is that so...

SENPAI'S TITS... I MEAN, DOING CLUB ACTIVITIES TOGETHER WOULD BE FUN...

I'm sorry, but I think I'll take my leave now...

Uh-oh... Fantasizing about lewd stuff made me pop a boner...

I wasn't planning on going this far.

Why are you... It's not like it's decided that I'll join this club...

Drinking it until I get used to it seems impossible.

U-Um...

Nn... Tastes bitter~

Wouldn't you like to study my mysteries here together with me?

GULP

But I thought wouldn't mind doing it with you... Just look at this...

It's okay, you can do it raw today.

Umm...
Senpai, shouldn't I wear a condom or something...

I-I'm alright... My voice just came out by itself, that's all...

A-Are you okay?!

Ah, but to be sure, make sure to come outside.
R-Right there... Just like that...
Cuh!

Sure...

If...

Umm... If the club's survival was the most important part, why didn't you try merging with another club?

So every-thing went "exactly as planned", huh...

Thanks to you, this club will most likely survive. So, thank you.

BUT, WELL...

If I did that, you wouldn't come here every day, right?

I GUESS A DETOUR LIKE THIS ISN'T TOO BAD

Ri- Right ...
