Love Taira Tsukune's artwork. Since this one was so short, we decided to push it to the top of our list. Would have liked it to be longer, but still a really nice work.

### Sunadokei

*Lead Editor*

Quick and to the point, usually I would take my time and procrastinate something with transparent bubbles, but this was short and sweet. PSYN is looking for typesetters right now, why not apply?

### Inkblot

*Lead QC*

I've never encountered anything by Taira Tsukune before. The artwork was nice-- and it was also nice that this was short, which made it easy to QC.
