HOWEVER, WHOEVER I MEET CAN SIMPLY SAY "NO" WITHOUT GIVING A REASON WHEN THEY JUDGE ME.

AMONG THE WOMEN THAT I MEET, SOME ARE SERIOUS ABOUT MARRIAGE, AND OTHERS ARE PRESSURED BY THEIR PARENTS.

THE OFFICIALS CAN THEN HAVE ME DISAPPEAR WITHOUT A TRACE.
THAT'S THE KIND OF "SHIT" THAT THEY POSSESS.

OH, HERE IT IS.

THIS WAY, PLEASE.

THE COMPANY PRESIDENT AND MY PARTNER MIGHT ACTUALLY WISH THAT THIS MARRIAGE INTERVIEW WILL LEAD TO A PROFOUND RELATIONSHIP.

SORRY TO KEEP YOU WAITING.

pat

Yes. This is what Yuuji-san is like.

I finally have the day off, after all. It would be very inexcusable of me if I don't taste your cooking. Since properly you've ... been working so hard, preparing all of this.

Back when I was living with my parents, Father's word was absolute.

I'll be going now.

No, I should apologize. I'm so ashamed.

I'm sorry.

I'm charmed by that personality of his.

He's gentle, but also strict. He holds people dearly, and respects their feelings

That I had to stay and guard the house while my husband was at work.

I also believed that in order to be a good wife, I had to obey and serve my future husband.

Have a nice day~

Have a nice day.

Mother served him as best she could without complaint. And without raising any questions.

But after meeting Yuuji-san, that slowly has started to change.

ㄱㄱ
ㄱㄱ

Eh? What is?

... It's a little odd.

Eeh? I thought it would make you glad...

I think it's pretty unusual for a husband to be upset when he comes home and sees all the house chores taken care of.

It's not gender equality or something like that, but more like a natural positivism, isn't it?

That sincerity of yours.

I'm in charge of cleaning the bath every day!

DEPICTION OF A COUPLE QUARRELING.

I also want to do the laundry and cooking, if that's the case.

Since after all, I only get the chance to do all these things together with you on a day like this.

Umm... Yuuji-san.

Hm?

Sure. I'm cleaning the kitchen as well as the bath and toilet, right?

After this, we'll just as usual...

I-I'm not blaming you.

I see...

So I think it'd be better if you didn't degrade yourself like that ...

I'm glad, but you're not exactly my servant or anything ...

?

Even when I'm seeing you off in the morning...

Have a nice day!

U-umm ... Haruna ...

That's a bit...

How rude of me to forget that. I'm so sorry.

Oh right... we both have our habits...

W-well... this was normal back when I lived with my parents ...

So I didn't really mean to degrade myself...

Take good care of the house while I'm away.

I'll be going.

Ah ...

O-okay..

Ah, Then lower yourself... a little bit.

Heave-ho

You're sincere, modest and a little clumsy.

We have to respect each other, after all.

It's better this way, right?

Thanks for the food~

Yuuji-san...

That's why I'm falling more and more in love with you.

I just think that it's something I have to do, since we'll be living together for the rest of our lives.

True, I feel that I want to "serve" you, and that I want to make you happy, but...

The reason why you're so enthusiastic about the house chores is because you wish to be a slave?

Haha, probably not.

Yuuji-san...

Besides... there might come a time when you get pregnant, and then I definitely don't want you to force yourself.

But I would prefer that you don't work too hard. I don't want feel that I'm doing it because I have no other choice, either. Doing the chores is also for my own good, so that we can enjoy our times together.

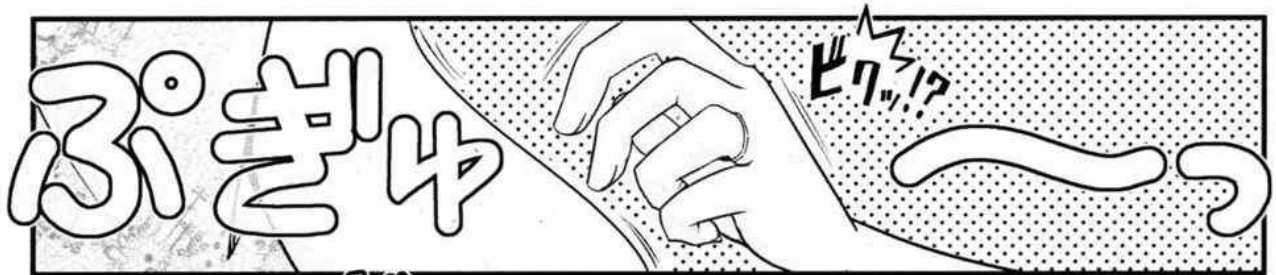

There might be times when you catch a cold, or maybe get hurt and can't do the chores. Well, in your case it's probably inevitable, since you always take things to the extreme.

FUH...

I'm not unsatisfied, and I don't feel depressed

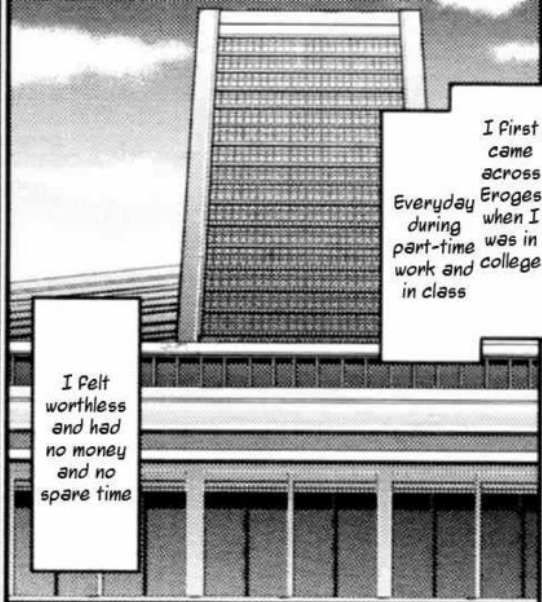

T- that's not it

When I told them about my hobbies they would just make fun of me... I got completely disillusioned with girls

When I went to parties I just couldn't pick up on the mood

I first came across Eroges when I was in college
Everyday during part-time work and in class

I felt worthless and had no money and no spare time

But at that time, I only masturbated to porn videos and games
And I only bought games meant for the general public

I'd already liked games, so I knew what eroges were

I'm sure that's what caused my 'give up' mentality I had during marriage interviews and when I was looking for work

Spending ordinary days with lovely classmates, teachers and family members

It was surprisingly fun actually

But my hand started to reach out for eroges because I was fed up with real girls

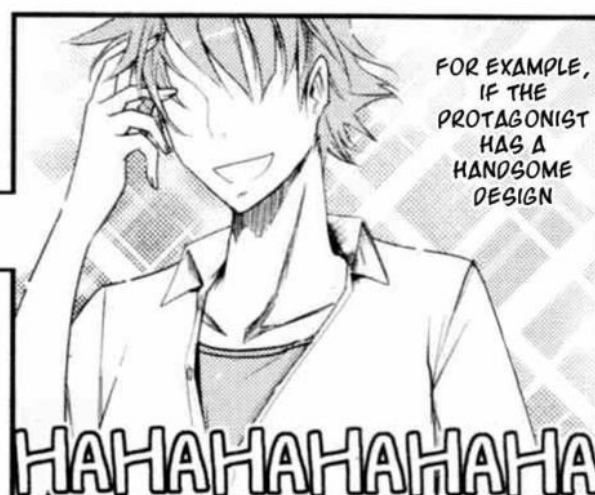

A fun and gentle world. At times heartrending, but beautiful

So I began playing an eroge about innocent love that was considered a masterpiece
