a...h♥ah...!♥I...!♥I've always wanted to mate with you...♥...But you knew what I was thinking, didn't you?♥ Because every time you passed in front of me in the culture tank, I had an erection♥

Every day I would fantasize about copulating with you and get an erection...! Sometimes I ejaculated as it was...! At that time, I was very miserable...♥

But we will no longer have such a hapless ejaculation in the future.

Because from now on, I will be able to ejaculate in your cleavage until I am satisfied, not in my imagination, but in your actual cleavage!♥

SHEVE!♥ SLAM!♥ THRUST!♥ THRUST!♥ THRUST!♥

hah...!♥a...a...♥ It is many times better than mating with you in my imagination!♥

Your tit is soft, warm, and firmly holds my penis with its ample flesh...♥

u...uh...!Ejaculation...!♥ I about to ejaculate!♥

Please watch me properly this time...♥ When I was in the culture tank, you were not in front of me once when I ejaculated....!♥

So please feel my cum shot with your big tit...♥ And please make sure that you see it in your eyes...!♥

SPURT!♥ SPURT!♥ SPURT...!♥ Spurt.....!♥

o...oh...♥hu...u...!♥It feels so good to ejaculate into your cleavage...!
...n...ahhu...♥

....Spurt.....!♥

First ejaculation of the memorable first copulation...♥My ejaculation was an unprecedented amount of ejaculate...♥
And yet my penis is more erect than before!♥

I wanted a little more time to enjoy the afterglow, but my penis was not going to let me do that...♥

I'll let this lingering moment sink in after I let my penis rage subside...!♥

Maybe after about 30 ejaculations he will be somewhat more mature♥

So let's mate more intensely...♥
Copulate as hard as monkeys and as long as slugs...!♥

The night is just beginning♥

THRUST!♥
