You must be the pervert I was warned about in homeroom.

This... isn't what it seems.

Zzzzip..

someone illegally threw away a porn book just like that. Can you believe it? Some people are simply rotten.

To cut a long story short,

おかしな話

I can't just go out and rape people, that would be horrible of me~! As a human being!

I'm not old enough to be called that!

...So, old man, you've only jerked off while watching from afar? You've never actually done it first hand with someone?

Yep.

...And I get the feeling that... being honest with them is also out of the question, right, Onii-chan?

I was a little put off by the idea of meeting a despicable sex offender, so I'm deeply relieved that you fall more on the grey side of the spectrum.
