What is it?
Aren't you going home?

I'll take care of the rest.
Go on home.

Sorry for making you stay so late to help me, Kimijima.

After School Girl

Is it something club related?
All right, tell me what it is.

Uhm...
There's... something I want you to teach me...

飒爽と新登場。

Wha-?!

I'm sorry...
but...

T-Teach you... what...?

I want you to teach me...

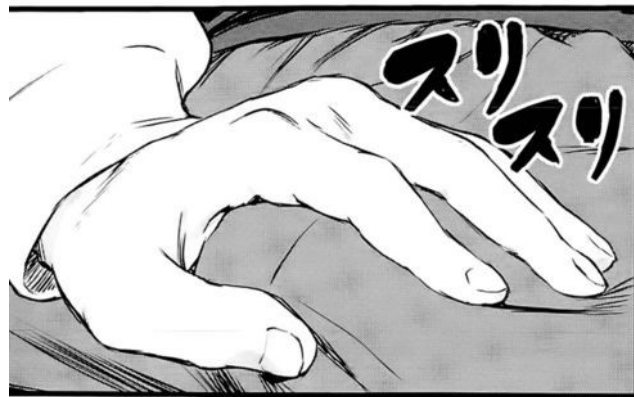

Sensei...

About men...

About men and women...

Help me understand...

Slowly...
and thoroughly...

Or
am I day-
dreaming?!

reality?!

I-is
this...

I've been at odds with myself, anguishing over this matter the entire time. However...

I want to have sex with kids, but if I do, society would chew me up and spit me out.

It's been three years since my lolicon tendencies led me to become a middle school teacher.

After the clock strikes twenty...

In this situation, then...

alone with a little girl in the equipment storage room of the school gymnasium...

Stop!
If you
take
that
off...

Nh...

Ah...

It's just
us two.

There's
no need to
be embar-
rassed.

you'll
see my
brea-...

All the
clubs are
done for the
day, so no
one will come
here.

Kimijima's figure looks immature for her age.

She's short and has slow reflexes so, since she was useless as a volleyball player, she was relegated as the manager.

This is...

...Sensei?

Do I... really have to be completely naked...

Technically, you could have taken off only the bottoms, but I wanted to see all of you, Kimijima.

Of course, I'll get naked too.

a 13 year old's body...

This is what you wanted to learn about, men and women.

Try touching it.

Ah...

My penis has taken an impressive shape, hasn't it?

I don't think... that's... possible...

It's going to go back and forth inside you.

This is where my penis will enter and exit.

Do you know...

in what place my finger is touching you?

It's in very good condition.

Oh, it seems you have.

Have you ever stuck a finger inside here?

This is your first time taking a penis, right? Then today's a special day.

Lift up your hips a little more.

ちゅぽぽ

Sensei... Something that huge... will never...

You want to learn about men and women, don't you?

Oh, right! First, I have a few questions for you, Kimijima.

If you don't answer, I'll shove it right inside you, got it?

Huh...?

ちゅぽぽ

Y-Yes, I do...!

Do you?

Do you masturbate when you're alone?

Th... That's a bit...

How do you do it?

H-How...? With my fingers...

What do you think about when you do it?

Huh...? T-That's...

Well? Go on, tell me!

Ah... Afu....

I'll-!

If you don't tell me, then I'll...!

Unfortunately, you answered too late.

I think about you when I... move my fingers...

I...

You're so cute, Kimijima.

The tip is already snugly stuck inside!

Aah!!

I might be able to cram the whole thing inside you now!

Kh...
It's so tight all the way through!

Kimijima,
your pussy...

I'm going to start moving.

It's... inside me... Sensei's...

Ah!

Ahn...
Ahn...

The sensation of your walls rubbing my penis is... intoxicating!

Kimijima, your pussy... feels really... good!

はっはっ

Can I... understand men and women... now...?

Sen... sei...

ちゅ ちゅニ ちゅニ

Nh! Nh!

That's right. This is all there is to know about men and women.

Oh, sorry. Was I prodding the back too much?

Hm?

Ouch...!

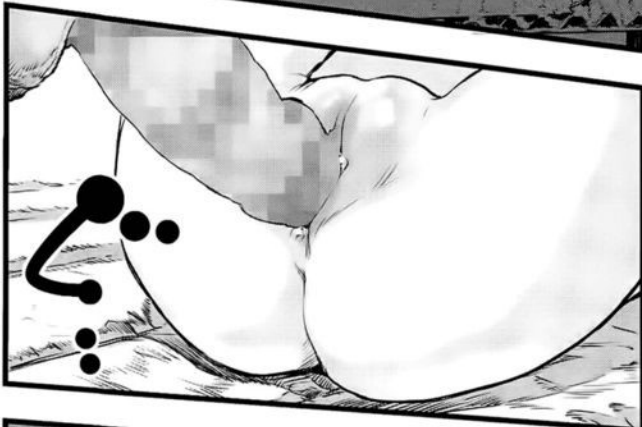

がほっ

We really should be doing it in the missionary position since it's your first time.

You're a child after all, your pussy is still shallow.

I'm going to massage the folds in your entrance again and again!

Just a little longer...

Let's share... the feeling of our genitals urgently rubbing against each other.

I love girls as sweet as you...

Kimijima...

Thank you for pining for me...

I... don't really think that much of you... Sensei...

Huh

And the part about thinking of me while masturbating?!

The boys in my club don't get along with the girls very well and I wanted some advice.

What about the whole teach me about men and women bit?

But you were rubbing my penis!

Then why did you suddenly hug me?

Huh?!

I mean, you're an okay guy, but...

It seemed like that's what you were hoping I'd say... So I did.

I thought you might've been hurt after I bumped into you...

I didn't, I tripped... My reflexes just suck.

Ah, no. Actually, nevermind...

Tomorrow, I'll stay until everyone goes away again, okay?!

After that, I think I've fallen a little in lo...
