

For centuries, the human race have lived peacefully in the great land of Magnatera until what happened ten years ago. On that beautiful morning, monsters of all sorts suddenly appeared from nowhere and started wandering everywhere in the vast land of Magnatera.

Since then, human were forced to confine themselves behind high walls to protect themselves from monsters. But there is hope to humanity. A legend that passed down from generations predicted this dark period and suggested that a hero in blue would come and fight the evil one. The day for humanity to regain freedom has come... Nick the Hero has come and set out to defeat the evil.

hah... hah...
hah...

So this is where
the king of monsters
lives....

Uhh...You will
pay for this...

58 Days into the Expedition
Nick is pretty much exhausted

... However, ancient texts are often subject to misinterpretation...
The truth is, the legendary hero is about to experience the reality that will make him regret being born to this world...

Inside the Castle

Hehehe...
It's very impressive that you could come this far... but that's as far as you can get. I can tell that you are exhausted. But that wouldn't make any difference. You are doomed even if you are in your best condition.

Stupidity is a sin...
And daring to fighting against our supernatural power is pure stupidity. So you will be punished... like no one in history have experienced...
hehehe...

Stop nagging already old witch...
Where is your boss!!

You are hopeless...
well, well...
LET'S GET STARTED!!!

Why there are so many stupid kids coming on their own to become our food...

The last one we ate was awesome... this one looks just as delicious!

I want to eat his head.

I want his chest!! yum!!

Yea!!

Hehehe
They are our grade A worriers...
Every single one of them want to have a piece of you...
Hehehe...

slash

slash

slash

7 hours later
190 of 300 lizardmen
were taken down

Hah...
hah...
hah...

What on earth
is this kid!!!
Could he be the
legendary hero?!

At this rate...
most, if not all, of my
worriers will be
annihilated...
OK...
Don't Panic...

Let's see how
it goes...

I still have
my
trump card

Though I've
not been
using it for
centuries
because I did
not need to up
until now...

Keeeeah...
my... heart...

WHOAAAA!!!
It seems to work
pretty well!

Hey hero!!!
It looks like you have
been working too hard!!!
Your heart is
failing you!!!
hehehe...

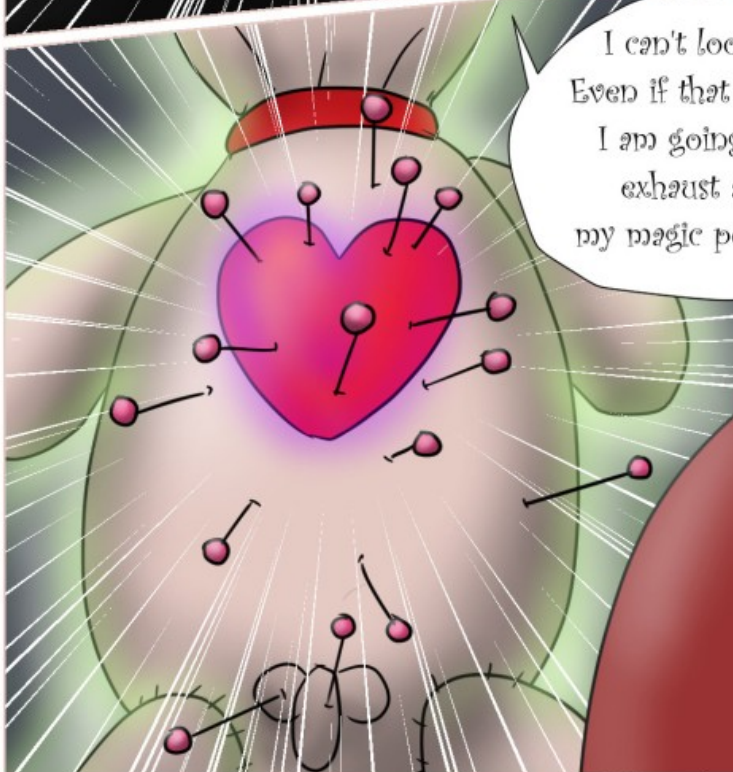

Yeah...
SPLIT
HIM!!!

MY CHANCE!!

WHAT!!!
Is that even
possible!!!

I can't loose!!!
Even if that means
I am going to
exhaust all
my magic power...

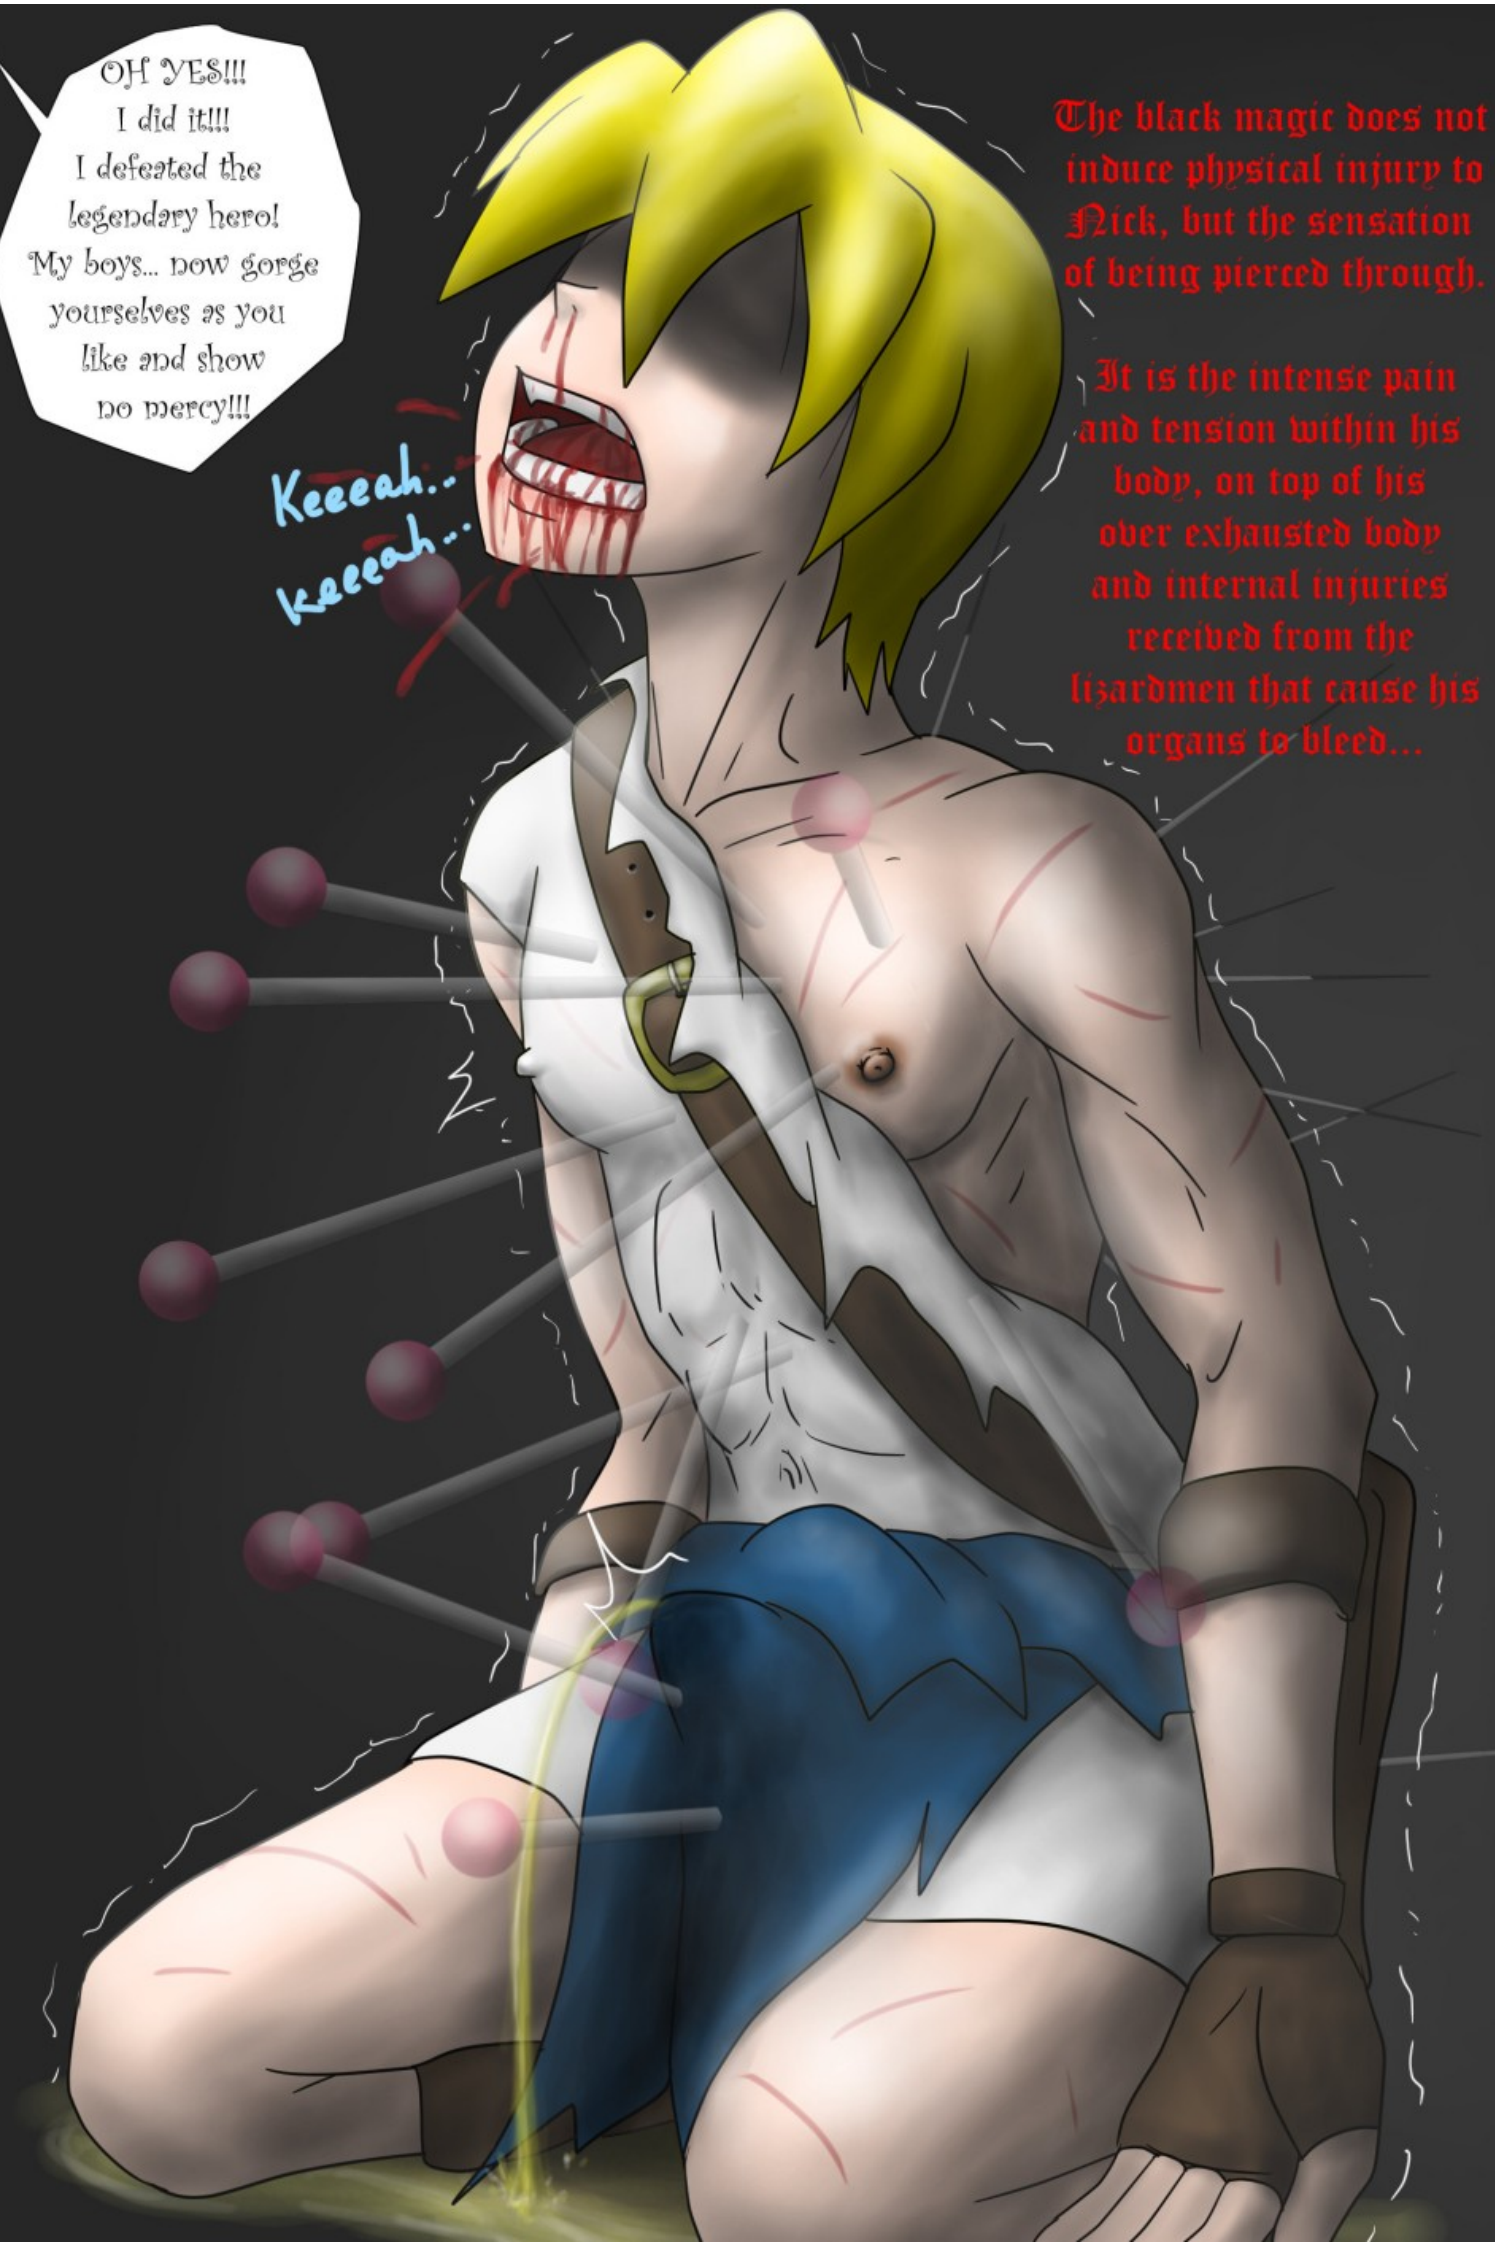

uhh....

OH YES!!!
I did it!!!
I defeated the
legendary hero!
My boys... now gorge
yourselves as you
like and show
no mercy!!!

Keeeah...
Keeeah...

The black magic does not induce physical injury to Nick, but the sensation of being pierced through.

It is the intense pain and tension within his body, on top of his over exhausted body and internal injuries received from the lizardmen that cause his organs to bleed...

Hahaha
Shred him!!!

Yes!!!
Shred this idiot!!
Listen you idiot!
Scream till you
reach hell!!!

Uhh...

Ahh...

Hahaha...
this is the legendary
hero
How pathetic!!!

Hahaha...
Kid... do you still
want to see our boss?
I will show you the way
if you say yes...
Come on... where is
your pride now???!!!
say something instead of
making stupid noise...
aren't you the legendary hero!!!
Have some manner and
stop shitting!!

Kaah

Kaah...

BOSS?!

Uhh...

...uhh...

Please stop.

You are so special...
Your body is so well developed :
and skin is smooth...
It is a waste to let you eaten
by the lizards

...uhh...

...well... you were the
legendary hero after all...
But today is the turning
point of your life...
you either die or gain
eternity to be my sex
slave in this castle
and tortured forever.

We'll see if you are
worthy to be my toy
that never age...

I trust that you will
survive what's ahead...
former Legendary Hero!!

"Hero".. you seem to be enjoying your nipples played even when you are in great pain... Looks like you are a masochist and like the mixture of extreme pain and pleasure...

Uhh....

..no...

Uh...

Not true...

Your body doesn't lie, your nipples are swollen and are as hard as little rocks...

You naughty boy really have a pair of great nipples... How did you fight as the legendary hero with this pair of very sensitive nipples of yours on your body?! They're really your weak spots... And they taste sweet as well!!! But they're going to make you a great sex slave of mine for sure!!!

Uh...

stop that

Uh...

Your reactions turn me on and now I want you to be my sex slave badly. I want to torture you every second forever... So please don't die in your ordeal ahead!!!

Uh....
YOU ARE CRAZY...

Ahhh... the perverted
hero is fucking the
king of monsters
and eating him up...

He likes fucking
the king of monsters
even with his body
seriously broken...

Help! The hero
is eating
my foot....

The King of Monsters is ready to take his revenge.

I wonder why the legendary hero turns out to be a kid, and still a virgin huh...

Your ass is tight and nice. But very soon, it will be as loose as a wizard's sleeve.

I will fuck you till next morning, so be prepared!!

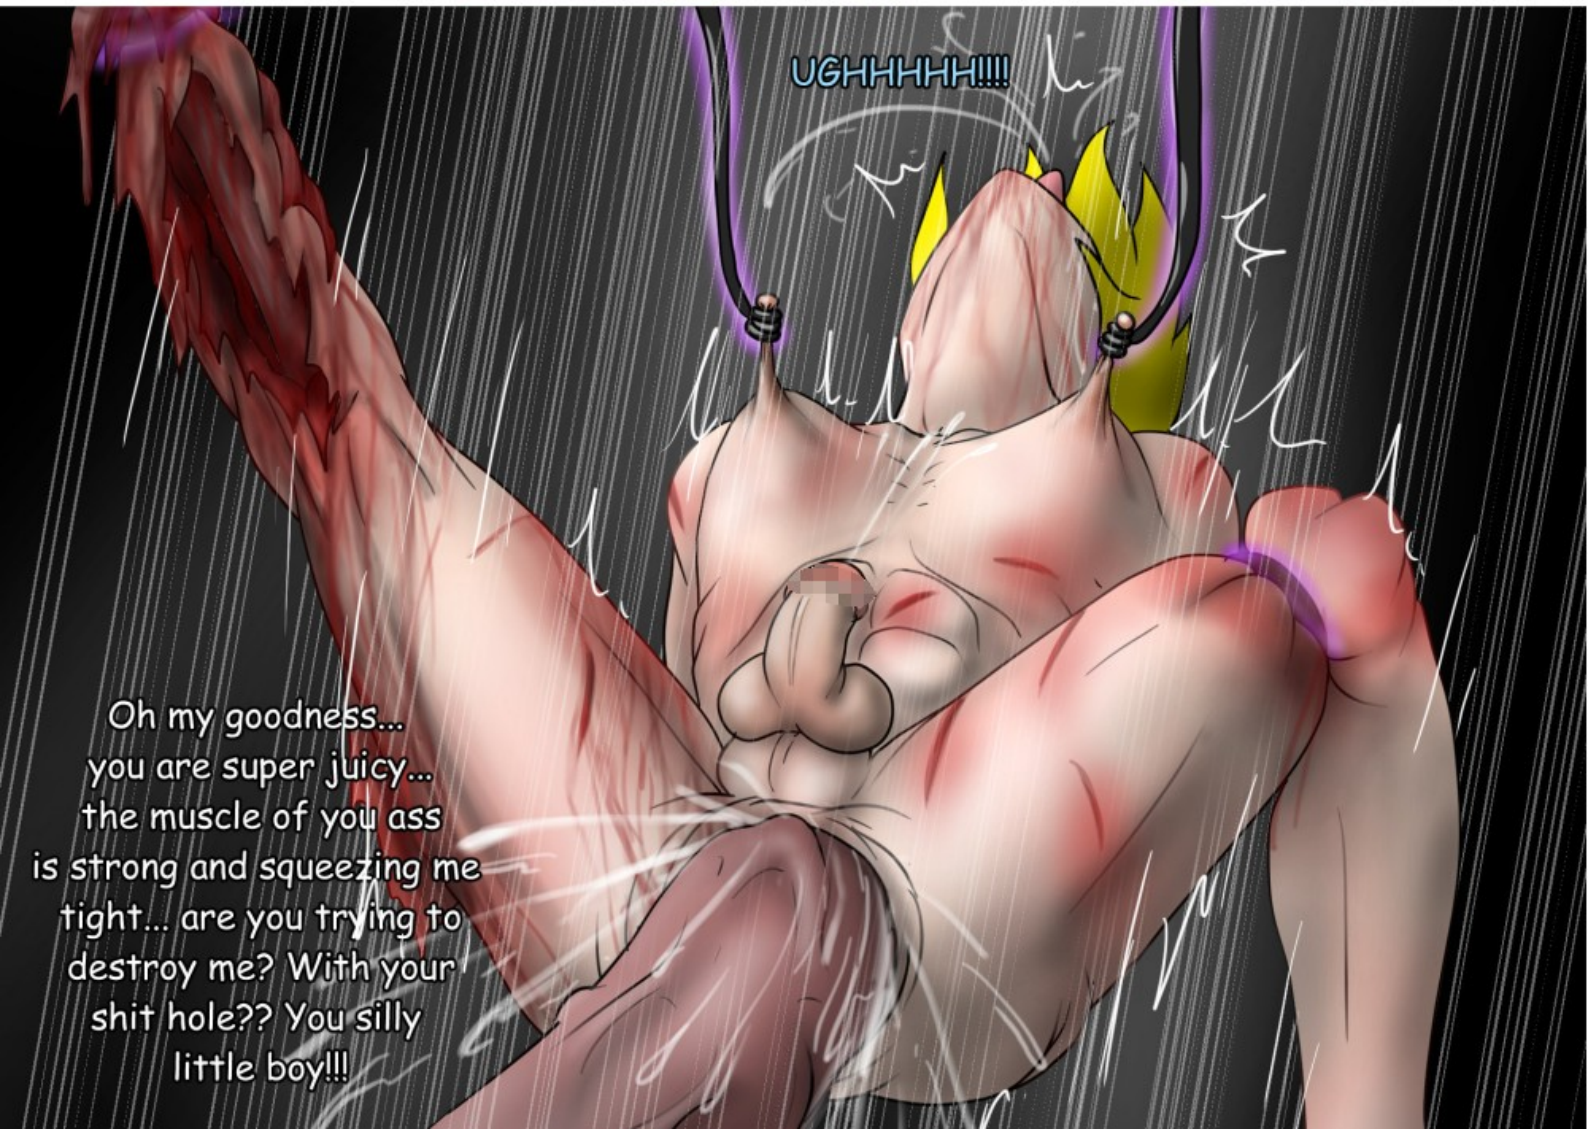

ugh...
Just kill me...

NO! STOP!
Anything but
that!!!

No? Your ass is already
all wet and dripping...
Is this the true nature
of the legendary hero?

UGHHHHH!!!!

Oh my goodness...
you are super juicy...
the muscle of you ass
is strong and squeezing me
tight... are you trying to
destroy me? With your
shit hole?? You silly
little boy!!!

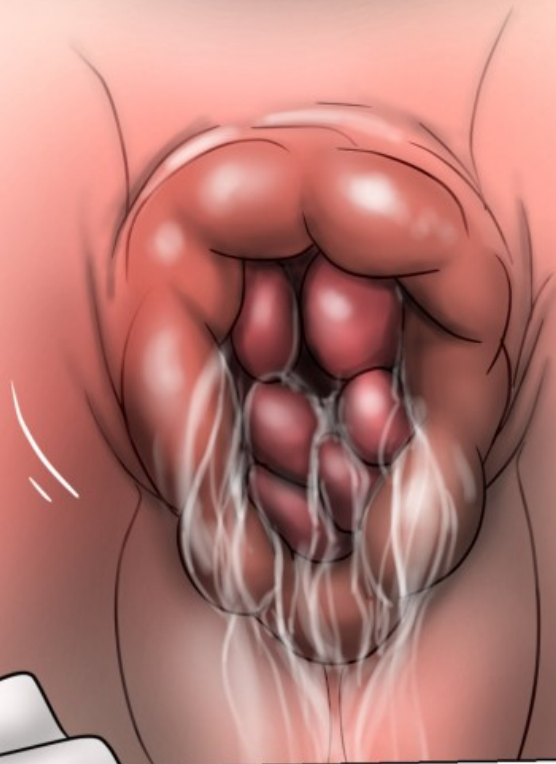

Ahhh...
I'll die!!!

No you won't
because you
used to be the
legendary hero!
Can feel your
organs being
squeezed...
how do you like
that???
Your nipples
and cock are
telling me that
you like that
a lot!!!

Hehehe...

After being fucked by boss
for 10 + hours,
the muscles of you ass
is totally ruined~~~
You no longer even able
to hold you shit...
How shameful !!!
The legendary hero is now
worse than trash!!!!

Ugh...

Hey... don't say that...
he really lives up to my expectation.
Normal human would have died
within couple hours...
but our hero is still sucking and enjoying
my treat...
We still have hours to go...

Nick survived his first encounter with Nerio. But his body was severely broken. Nerio ordered the skull goblins to get the hero's body ready for becoming an eternal sex slave. However, the skull goblins are taking their time and enjoy the rare opportunity of working with the body of the legendary hero...

Amm... I wonder what makes him the legendary hero... his ass is just as stink as anybody's else... And now it's so loose that I can slide my head in...

Ahh Stop please!! I can't take it any more!!

Hero... Hero... Milk... Milk...

We've been working on him for almost a day already... We will never get this done if you guys don't start working... His body is tough... Damn!!

Legendary hero's flesh is very chewy... very squishy...

This part is to be cut off anyway... We eat before work!!

Relax!! Don't squeeze!!

I'm stuck! Can't breath

Mmm... mmm...

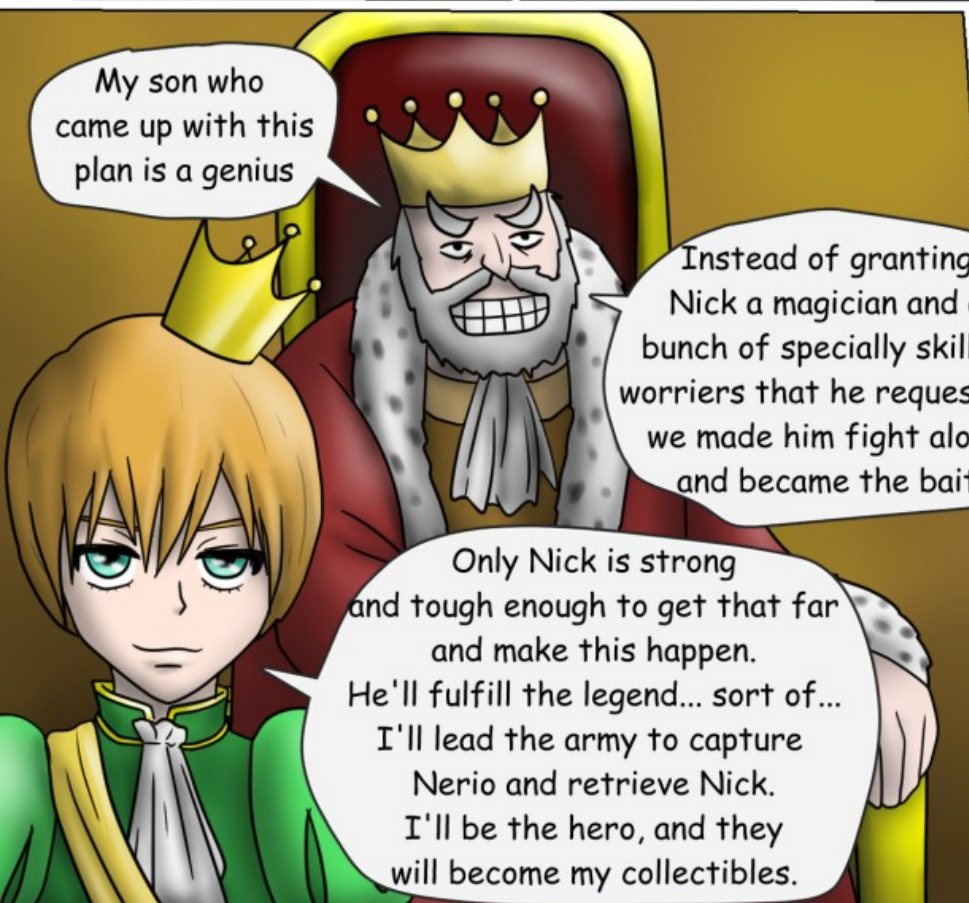

You don't find someone who is strong yet so sexy at the same time very often. I want to torture this boy forever and ever.. It's decided...

Boss... you really going to give him eternity?! I admit that he is physically strong... but see how easy he was defeated?! He doesn't worth it... giving him eternity will make you remain powerless for a week!!! You will be vulnerable !!!

The Castle of Magnatera

My son who came up with this plan is a genius

Instead of granting Nick a magician and a bunch of specially skilled worriers that he requested, we made him fight alone and became the bait.

Only Nick is strong and tough enough to get that far and make this happen. He'll fulfill the legend... sort of... I'll lead the army to capture Nerio and retrieve Nick. I'll be the hero, and they will become my collectibles.

The legendary hero is about to become an eternal sex slave as planned. And Nerio will lose his power for a week.

2 WEEKS LATER

Boss!!
He is ready to become your slave...
his body responded very well to
our treatments....

He stinks!!

Ugh....

Milk of the
Legend
HERO

Even though he's
already sensitive,
I made him even
more so... he starts
dripping when touched.

Yeah!!
I kept playing & sucking
his nipple. They quickly
turned dark and then
started to lactate...
My saliva always
work on horny boys
like our hero!!

Since his body is
incredibly strong,
he can generate milk
like a dairy cow!!

He's a shameless
legendary slutty
hero!!

Fuck
the
loser

Shitting
hero

He never stop
leaking!!
Is that how a legendary
hero is meant to be like??

Well... it's just been a short
while and you look better than ever.
How do you enjoy your new life?
You've turned into a sex monster
and those many people who admire
you will puke when they see this
worthless scum.

I'm all
wet...

a... ahhh....
Please don't... ..m...master...
I'm still young and strong...
I can tighten my
ass till you are satisfied...
please just don't expand
inside me....
I'll do anything to
make you happy...

With your outstanding
fighting skill and body strength,
if you didn't come all by yourself and
fight alone, you might have a chance to
defeat me... but now... you are a pitiful
loser!! Your ass is so loose that my cock
in normal size can no longer fill it.
If you cannot tighten it up,
I will expand my size.

Hah...
hah...

I didn't expect
the legendary hero to
submit himself so quickly...
The skull goblins must have done
a lot in the past couple weeks to
break your spirit to this extent...
OK hero... squeeze harder!!
I still can't feel anything
in your big asshole...

*squeezing
vigorously*

Aeeeh....
m....master....
please stop... I'll be a good boy...
I'll workout everyday to tighten my
ass to your heart's content...
so please have mercy and
take it out....
My ass and belly is
going to burst.... ugh...

Your body is strong... but not your ass...
I bet you didn't even train your ass...
I will start pumping my magical fluid into
your body. Every single cell of you,
the legendary hero, will be soaked with my
vital energy. If you survived that, you'll be
my eternal sex slave and will be fucked
and tortured forever!! So forget about
tightening... You won't have any
chance... It'll only get loser
day after day...

The procedure will take a week to complete and although it is extremely pleasurable to Nerio, it'll drain all his magical power and will take him two weeks to recover. If Nick survive the ordeal and successfully receives Nerio's power, he will never age... but he can still die of other causes other than aging like he used to. Therefore the monsters have to make sure that Nick is incredibly strong and not to be killed or die easily before granting him the "precious gift"... Nick the hero has proven himself worthy of becoming an eternal slave... no matter what lies ahead, the legendary hero will be the most miserable man in history.

Awesome!!

You are the best!!! You are the only human who can take this without bursting in an instant!!! You will make a perfect sex slave and I bet you can survive the most brutal torture that no other human on earth can!!!

Thank you!! Thank you for coming to my castle!!! You are the best piece of meat I can ever have... young, cute, sexy, and most importantly, fucking strong and durable!! I don't have to worry about breaking you... and I'm a bit too excited and overdoing you right now... Gosh!!! And this is just the first day! You will drain me completely!!!

UAAH!!
I'm dying!!

ONE WEEK LATER

THE PROCESS JUST COMPLETED

Congratulation...
You have successfully
turned from the
Legendary Hero to the
Legendary Sex Slave...

ugh...
master... please grant
me death....

I am too exhausted after
giving you everything I have...
Luckily, your strong and horny body never
stop generating nutritious fluid that I can
always rely on.

Oh.. look at your shit chute... in just two weeks
it turned form a tight and nice virgin hole
into this dirty black hole that can just
swallow anything in it... your body is really built
for becoming a perfect sex slave...
I don't think it will ever return to its original state
even though you have a super strong body and immortality...
But with some workout, I bet you can regain your nice abs!!!

Get out of here!

Aaaaahhh...

Boss!!!
We are under attack!!

PRINCE
AKONI!!
HELP ME!!!

Alright!!!
We've got one powerless
Monster King...
And a defected
Legendary Hero who
betrayed humanity and
becomes a sex monster...
