like that...

He's so tired from yesterday that he's still asleep. Can't be helped.

What, Misha isn't seeing me off?

Next Morning

So long! Don't ever come back!

You asshole, just wait! I'll be here!

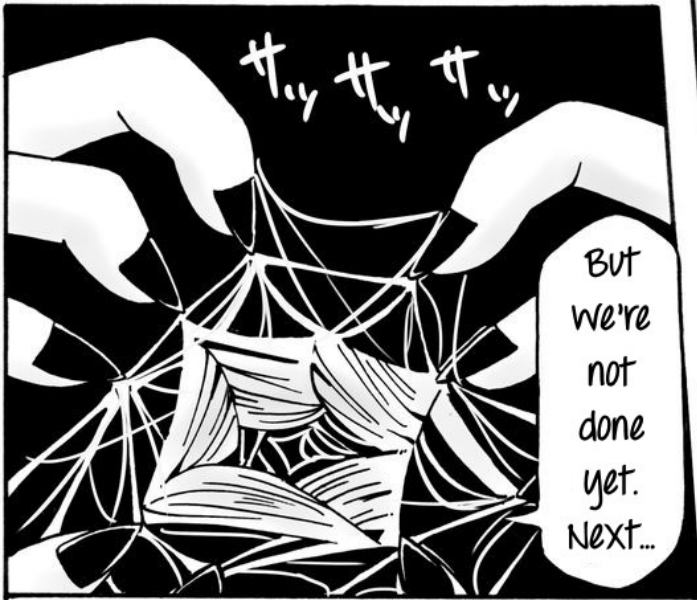

No wonder, see you later! considering how much we did it!

Now then...

But we're not done yet. Next...

See? Even though you came so much yesterday, your load is still huge.

How about this?

Waaah... ♡
The threads are wrapping around me!
♡

Feels good, doesn't it?
Beautiful and stronger than silk, a pocket pussy made of spider's thread.

Hm...
Alright, I'll
forgive you,
but only
when there
really is
nothing left.

I might

I decided to confirm rumors about a beautiful snake goddess living in a shrine deep in the mountains. This is what I found...

■ Afterword

Hello, it's K2は、K2です。

I was really busy last year, so I couldn't release a male-oriented book for two years now! It's been about four years since Arachne showed up. When drawing manga, you end up focusing more on your own characters than the setting you've chosen!

Until we meet again!
