THE FRONT IS THE BOYFRIEND'S AFTER ALL

Sorry in advance for the crap typesetting, it's my first time actually doing it myself, so there was a bunch of playing around to see how to make things look vaguely okay. If anyone has any advice, criticisms, or resources they wanna spoonfeed me that would be great.

Regarding the translation, the slime refers to herself as a “吸淫” slime on page 5, but it turns out that my lack of any naming sense strikes again, so I just went as generic a name as I could think of to make it not sound like something out of a bad fanfiction.

Finally, I didn't really bother with translating sound effects outside of a few parts that don't have the action explicitly drawn out. If you wanna know what you're missing, go make a bowl of jello with some extra water and slosh your hand around in it a bit.
