Those tits are awesome- Damn it, I just want to rub 'em!

I'd like a sandwich and a milk, please.

Koiwai from Class 4 is with her.

Oh, and a croquette sandwich and a coffee!

Ah... Look, it's Yoshida from Class 2. Man, her ass is as nice as always~

I want to date her...

Seriously? Oh man... Just how good-looking do you have to be to get a girl like those two..? Shit, I'm jealous...

...I've heard that both of them already have boy-friends.

And one caffe latte, please!

You think so?

Ehh-? I've never even thought about that.

...You two always buy the same drinks, huh?

And Kurumi is always drinking milk.

Kaori-chan, you always get a coffee...

Yeah, yeah, I know what you mean! That's why I always drink milk, too-

Getting to taste the same old taste feels strangely relaxing... Maybe that's the reason for it-

You always get a latte, too.

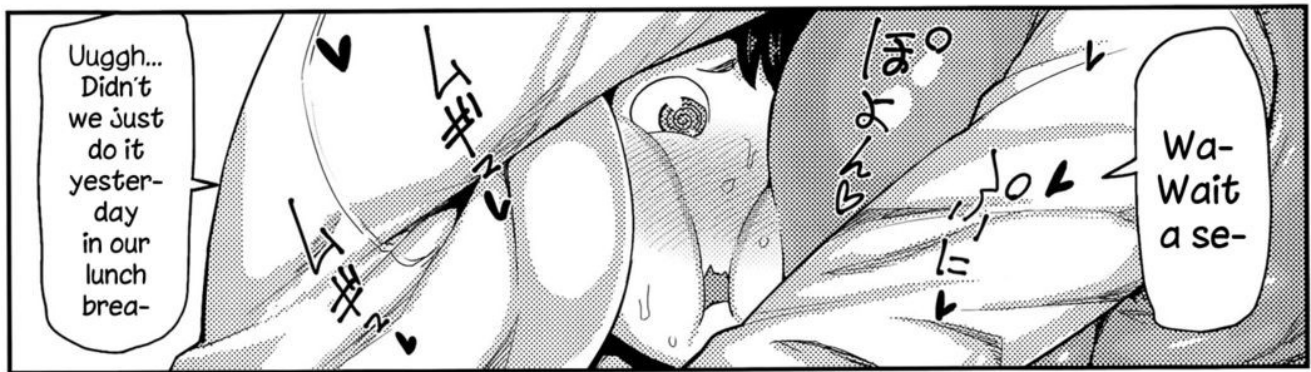

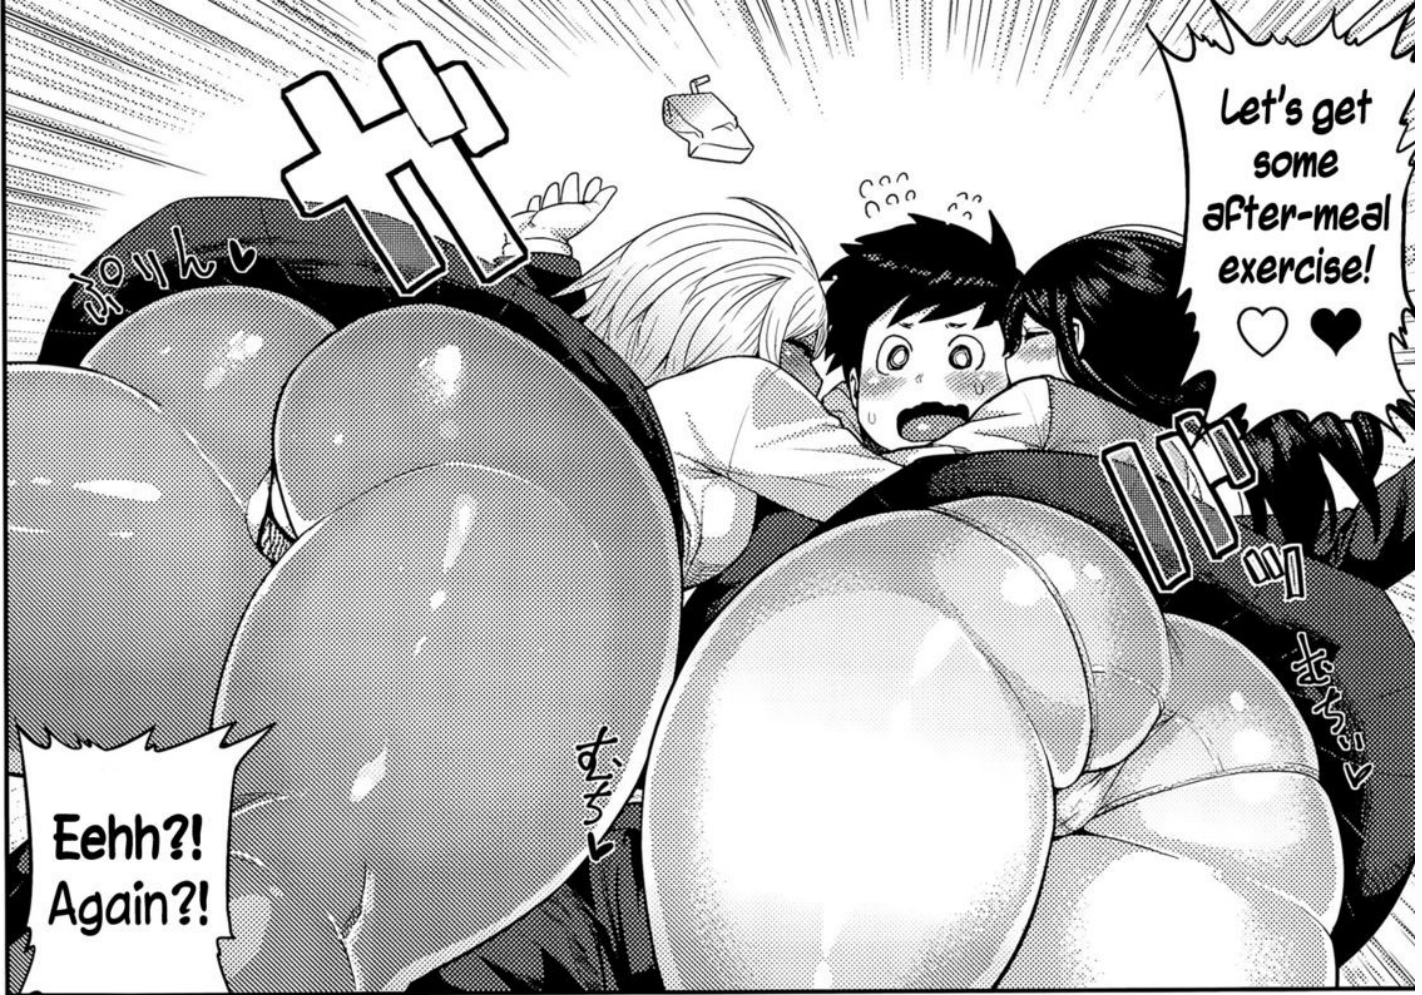

That might be right, but Moomin...

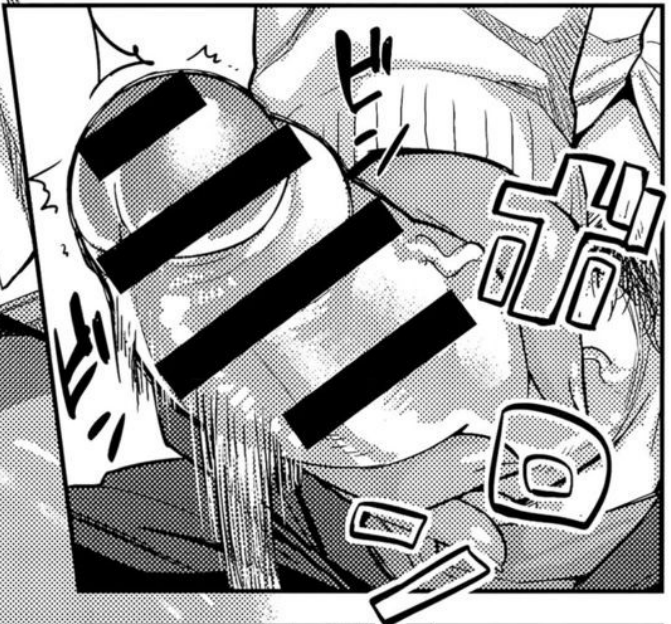

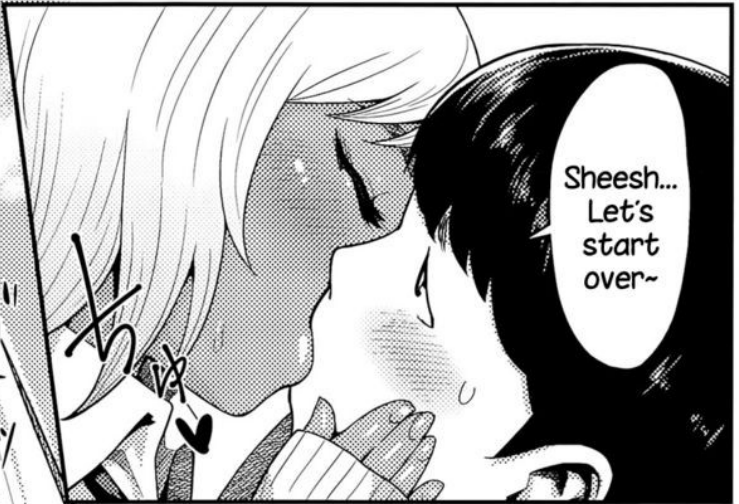

You're right. Ah...

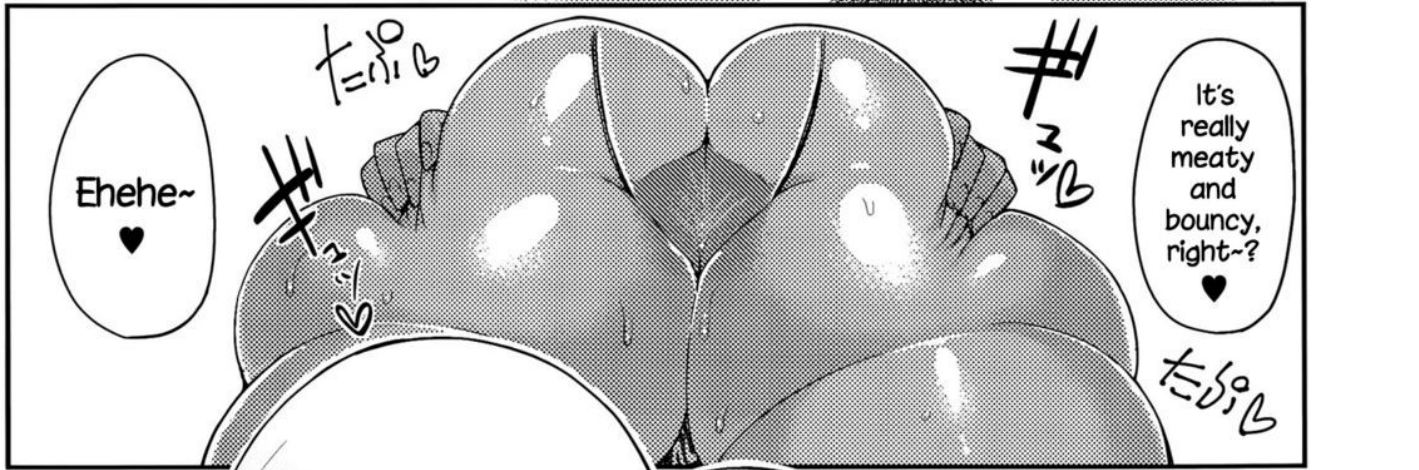

You two kinda sound like an old married couple.
