Survival

Danger now
lurks around
every corner ...

By the way-

I would like to play a game.

Right now my slipper is barely covering my toes...

But, I will soon wear the whole slipper.

Once my foot slides completely into my slipper, I will also stand up, and you will be crushed under my foot.

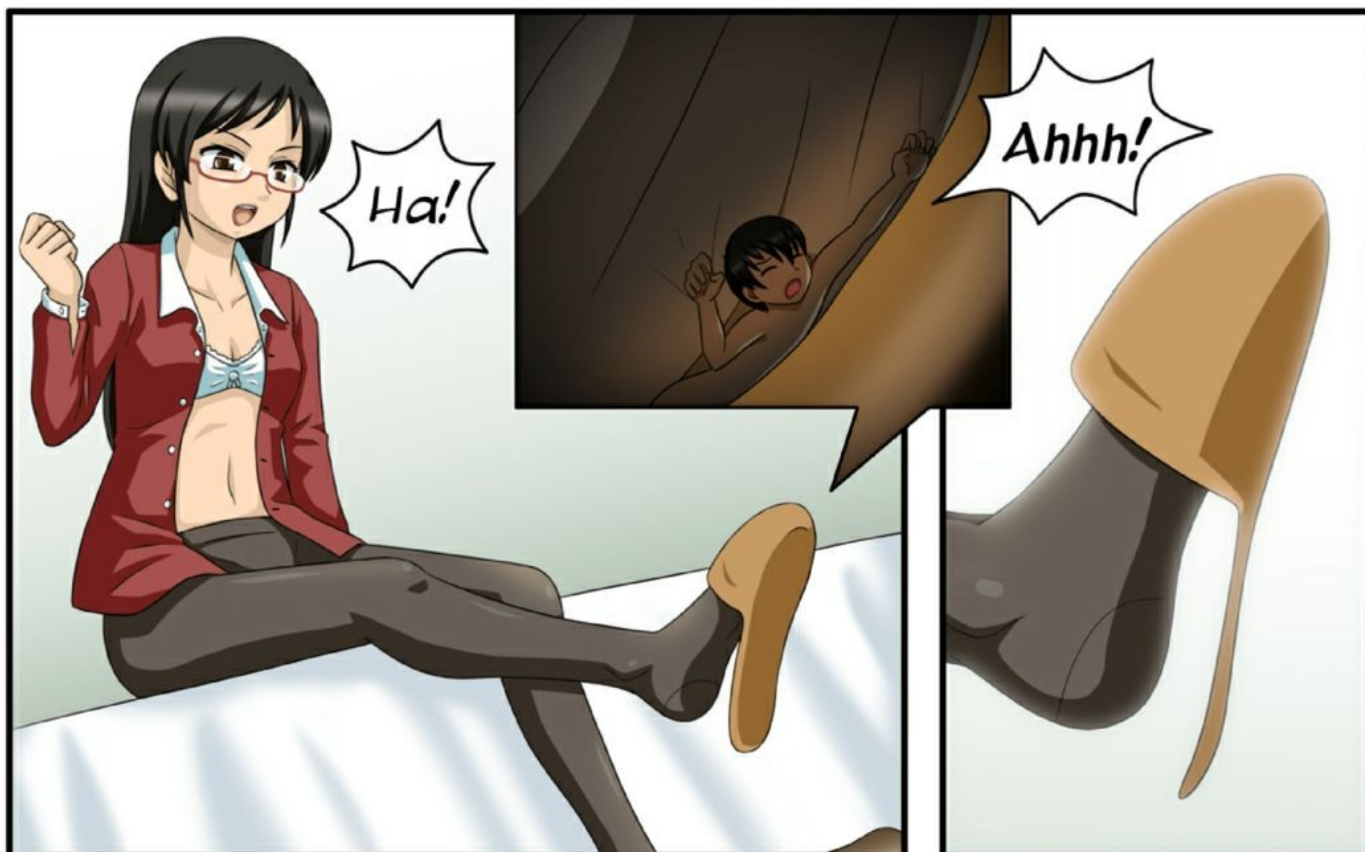

My toes are in front of you; not far away. Beneath them is the ONLY place you will be safe from my full weight.

I'm sure you feel the pressure building already! Reaching my toes will not be easy. And if you try to retreat, I will immediately crush you.

Your Fate now lies in your own hands.

Let the game begin!

No
time...

Her toes
are up
there...

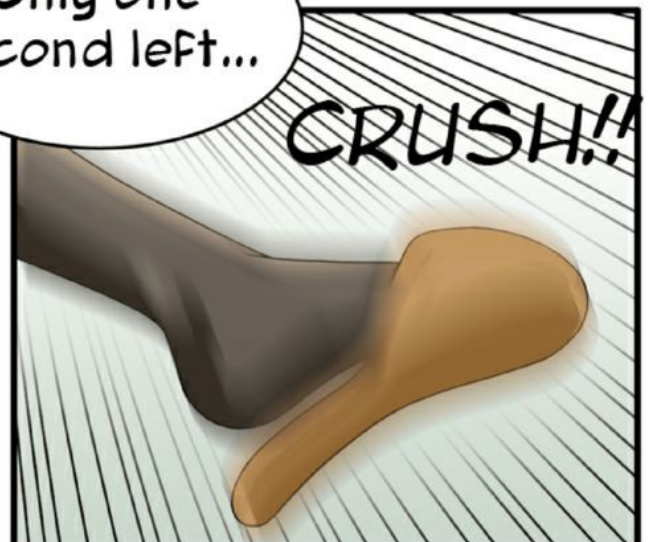

I have to
get under
them...

Before her
foot steps
down...

Only one
second left...

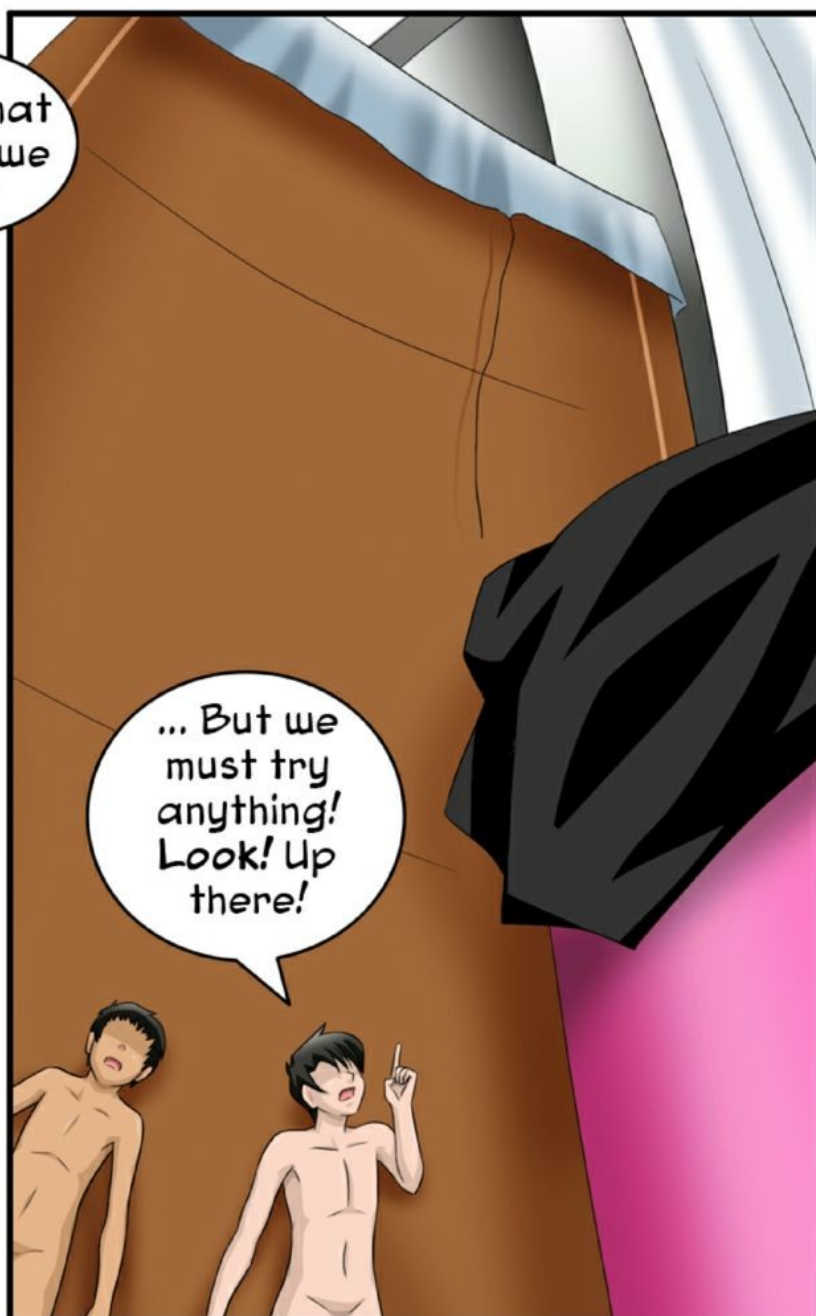

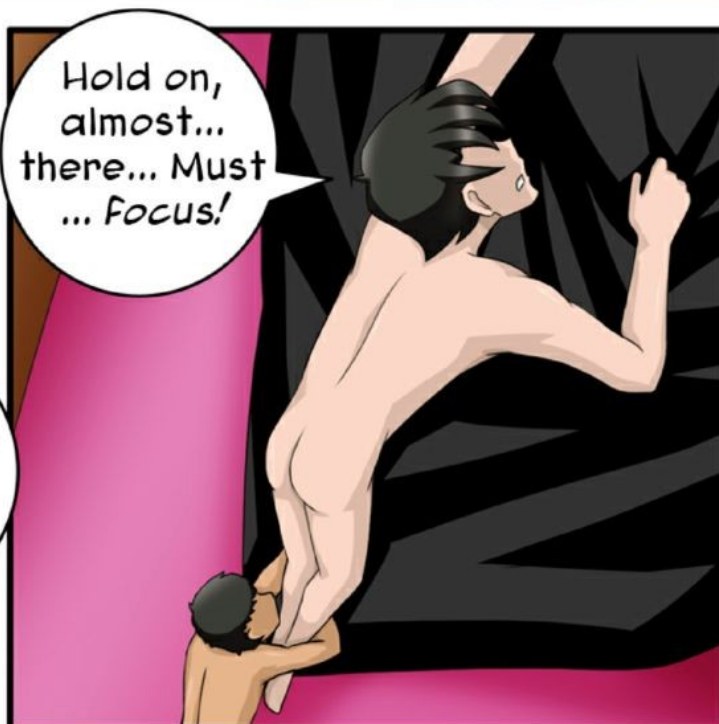

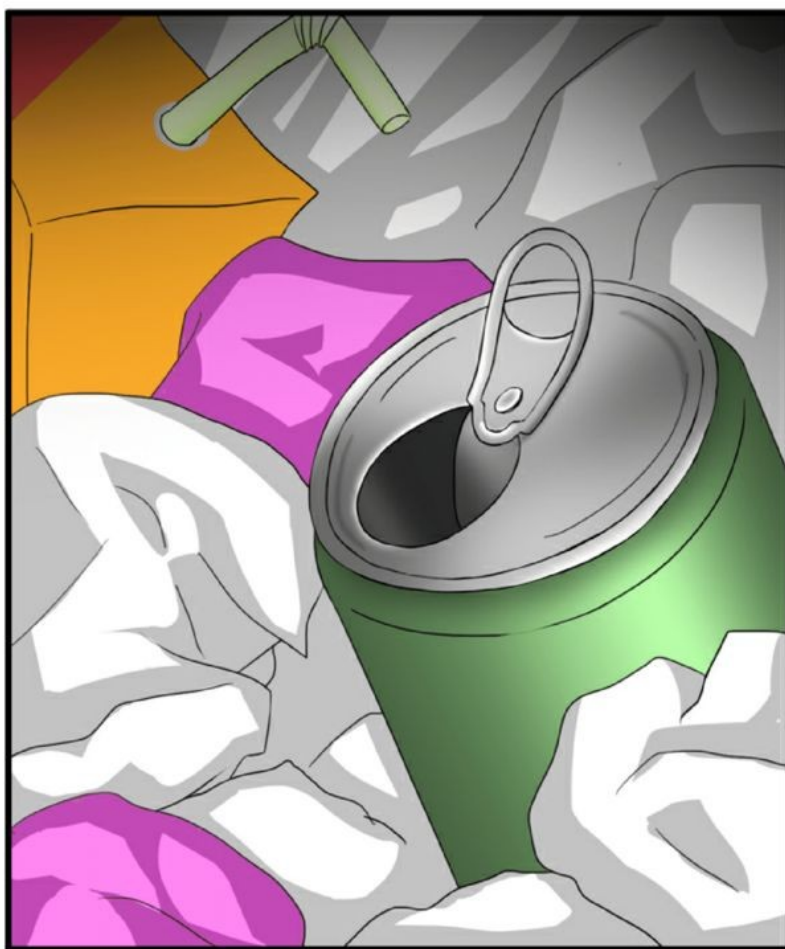

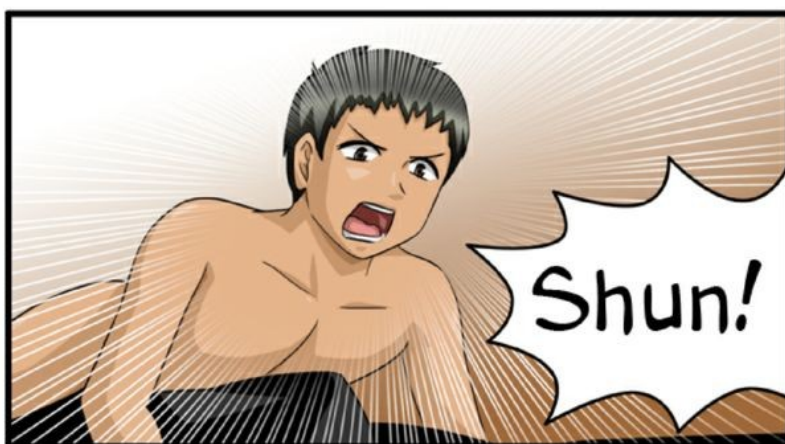

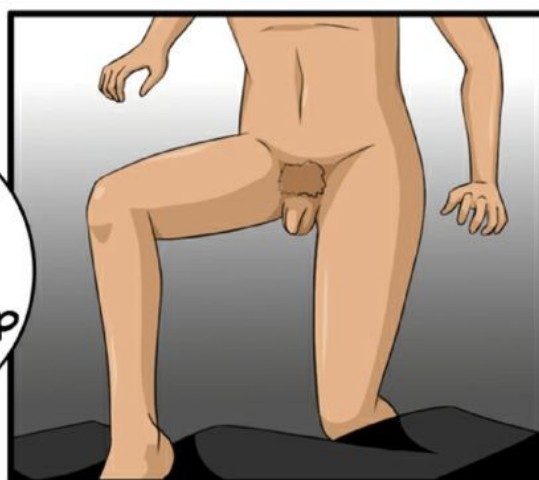

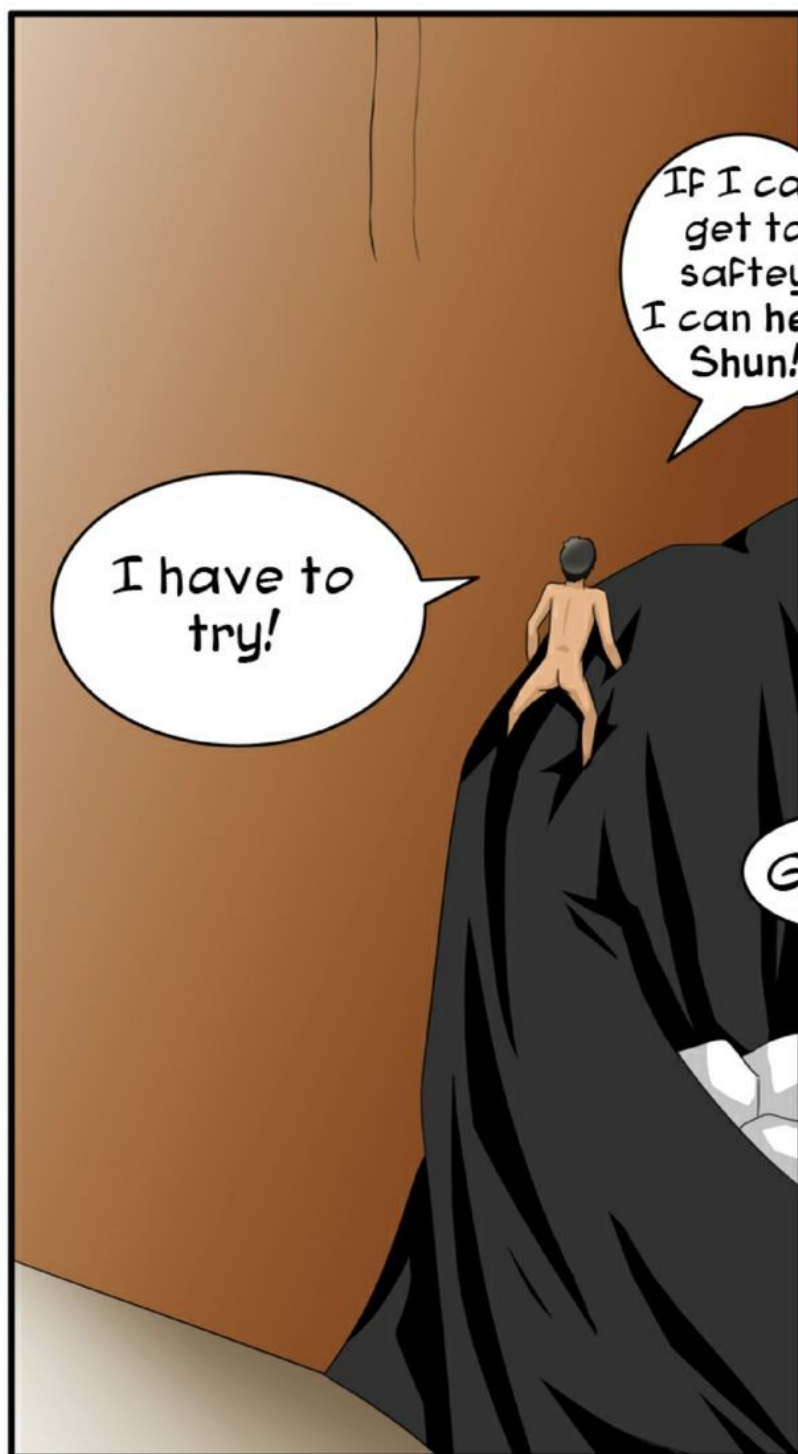

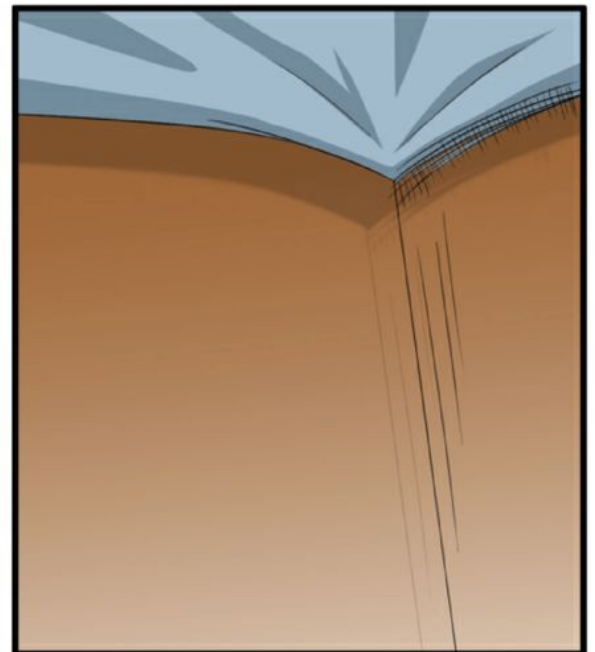

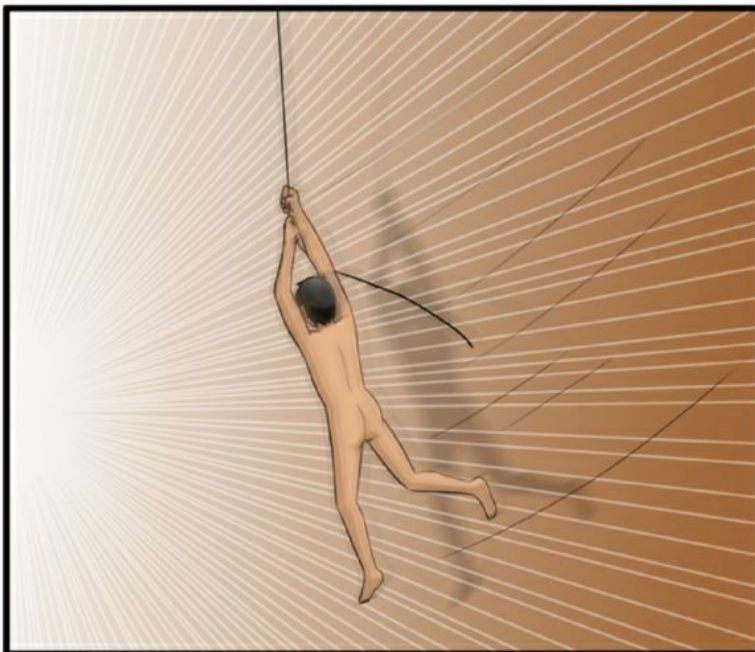

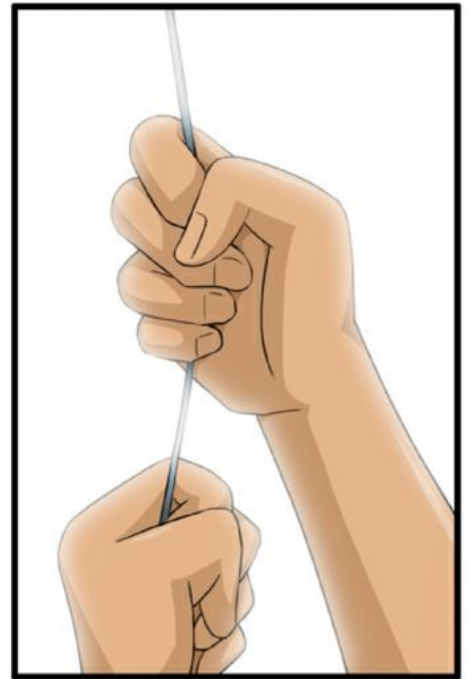

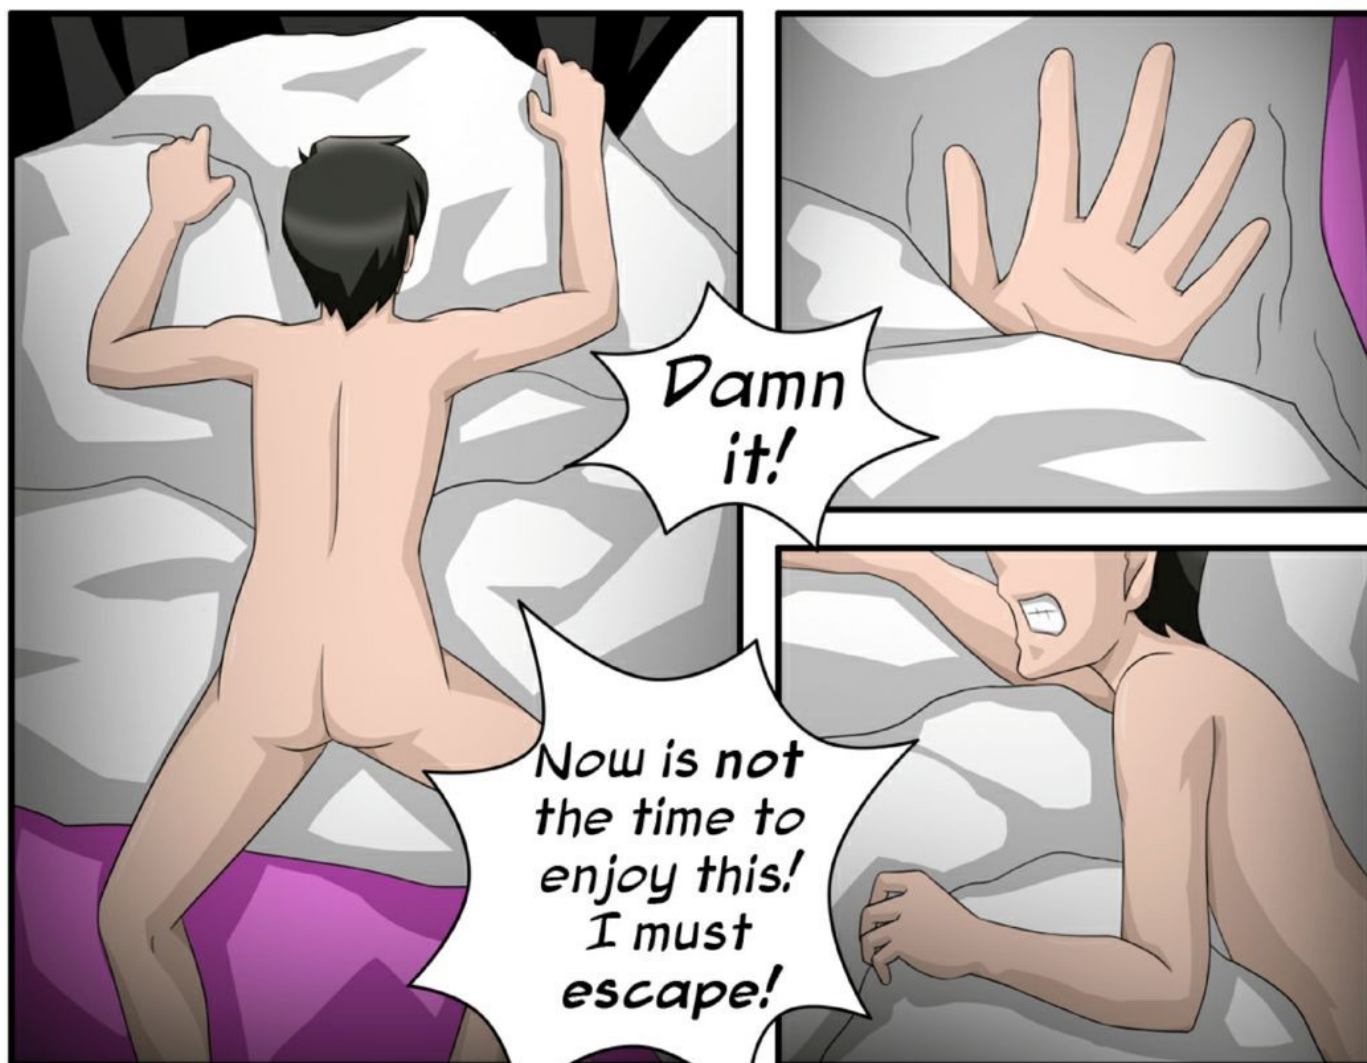

That Fool...

Great!
Shun is
still alive!
I must climb
faster to
save him...

It really
hurts...
but I
mustn't
give up!

...She's
BEHIND
you!
