Afterword

Hello, nice to meet you.

Thanks for buying this comic you have in your hands.

I usually write stories of young couples being lovey dovey, so I didn't think much about the details for this one but, they are university students/ young adult workers.

The heroine is supposed to be one or two years older.

Since I lose motivation easily, I tried making all the pages as fast as possible.

I planned to do 17 pages when I started, but when I finished they somehow ended up being 23...

I like a young couple flirting and wanting to do it more after doing it once, so I wanted to include both of those things, but the number of pages caused me annoyance.

Recently, thanks to being picked up by Akane Shinsha, I started drawing for commercial ero manga.

Since my skills are those of a super noob, I'm extremely grateful.

In June, in Comic Koh's vol.2 will have my first work.

If it picks up your interest and you read it, that would make me happy.

Speaking of which, if you happen to read this comic and give me your impressions, that would make me even happier.

This year I also have a work planned with comic Lo and another one with Comic Koh vol.3 at the end of the year, please wish me luck with both of them.

Best regards.
