

So slow!
What the heck were you doing?!

Didn't I tell you that my stomach is too cold for me to be able to sleep?!

I am aware...

Hime-sama is still quite young, so, if she doesn't go to bed quickly...

おきん

おきん

Are you trying to make a fool of me?!

Someone who's a rabbit like me won't warm up with cow's milk!

So, I brought hot milk...

No, um, it's not like that...

Without question, for rabbits the best thing to warm them up is another rabbit's milk!

For what purpose did I call for you, who's of the same rabbit species as me?

Haa...

Hurry up and give me some milk ♡

And so

Are you saying onee-sama is a liar?!

Pardon me, but you shouldn't buy into that information your sister gave to you...

I heard from onee-sama that at night, drinking with a place called the "lower mouth" warms you up a lot!

W-why are you lifting up your pajamas ...!!

ぼーん

あた

You're hiding it in over here!!

I heard from her where milk comes out of from boys!!

お

あーの

Milking cows is my strong point ♡

If I milk you like a cow, will more come out?

Hey, it's not coming out yet?

Kuh... h-hime-sama, touching it is...

フヒ

ヒ

い

あ

Y-yes...

Next is with your "lower mouth", okay?

Buehhh

I-it doesn't taste good...

It's bitter... and it tastes weird...

Aah ah

Hime-sama, I'll fill up your "lower mouth" for you...

Nnh...

Aaah Aaah

H-hurry up... your milk...

I don't make milk yet?!

What are you doing?

I'm loosening your pussy up and making it wet...so that you can drink plenty of milk...

Hime-sama's "lower mouth" is still small and inexperienced, so

Please wait a bit more...

Ha... hahi... I understand ♡ ♡

This is a really important preparation so that the milk will spread inside of you

My body's all hot... my head's shtarting to buzz ♡ ♡

I shtill haven't drinken your milk... but.. ♡

Even though it's her first time... she's cumming with such a tiny body... Hime-sama's too cute....!!

U...wahh! Hime-sama's insides are tightening up around me like they're trying to drink my milk...

I'm going to become shtrangeee ♡ ♡ ♡ Shtahp ♡ Shtahhp! ♡

S-shtahp! If you shoot your milk into me ♡

I'm already at my limit...! I'm going to shoot out my milk, hime-sama!

hyah
aah

shtahp!
dooon't!

More...
more...
I wahnt
more...
♡
milk...
♡

Hime-
sama...!!

...kuh!
How was it,
hime-sama...
my milk's
taste...

Cer-
tainly
♡

But

Um...

...to bed already

Starting tomorrow, can you give me your milk every day...?

It seems that without your milk, I won't be able to sleep...
♡

E-every-day?!
Er--

W-with pleasure!!
I'll make preparations for it!!

I'll be in your care
♡??

Hello and nice to meet you, I'm Mutou.
Thank you for picking this up! If you enjoyed it,
I'm very happy~.

*This is a remake of a manga I published two years ago.
If you had this book before, I'm very sorry
that it's not a new release!

This story is a favorite of mine, so I've always wanted
to republish it! じめまして、どーも武藤です。
Since the art was...like that, I was personally
satisfied that I was able to redraw it completely.
I upped the eroticism as well...probably.

(That's just my opinion...)

※この漫画は2年前に発行したもののリメイクです。
以前のものをお持ちの方には

In the past, I'd say to myself: っす!
"At least draw a few more backgrounds!"

and stuff, so I wanted to stuff a bunch of
various ones in this manuscript. な状態だったので
今回まるっと描き直しリニューアルできて

This was my first original straight 18-and-over ず。あくまで当社比...
manga, I think (my memory is hazy...), 背景描けよ!」とか
From that time on, I thought to myself: た。

"I really like dense lolis." 里々18禁漫画だったと
A story where a dense loli takes advantage of
an adult is a nice one, isn't it? ねーと思ったり。

Girls with animal ears especially have a sort of、う構図は
air-headed feeling to them.

Intelligence and animals are a bit disparate...?

If I get the change to draw a continuation, I want to draw it.

This is already a bit long. And so, I'll increase のキャラが
my original characters with reckless abandon...!

That being said, if next time I am able to
draw air-headed, small, squishy lolies as well、りっこを
I'll be quite happy if you read it somewhere again 見て
Well, then っす。はー

TL Notes

The girl is addressed as 姫様 (ひめさま), which would loosely be translated as princess. However, she also calls herself hime - so I left her name as hime-sama. Hope that's okay!
