

Maybe she's a customer from the mainland? I think she's drunk...

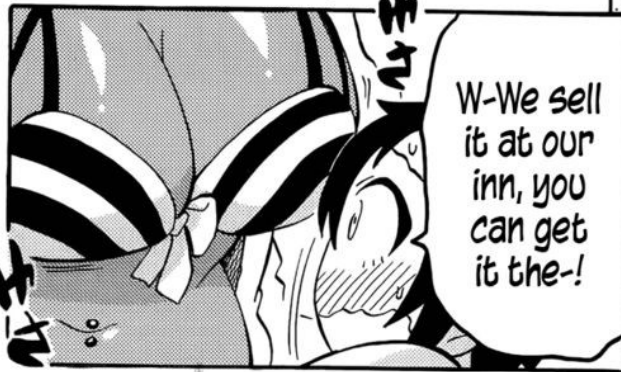

I don't remember seeing a customer like that at our inn.

Well, whatever. IF we don't hurry up and catch some clams, MOM'll get mad at us!

W-We sell it at our inn, you can get it the-!

Hey, you kids from this island?

I kinda ran out of booze, know where I can buy some more?

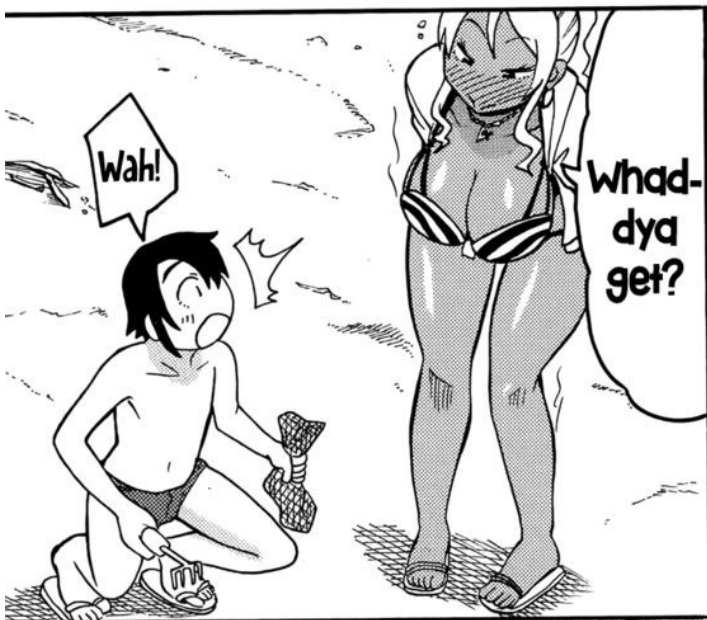

Miss, there's a vending machine by the harbour, please help yourself, we're busy!!

Don't say any more!

I don't like adults from the mainland! You never know what they'll do!

Nii-chan, why...?

Here, let me help!

You won't catch any clams digging like that!

You gotta dig under the scattered airholes in the sand...
