Someone wanted to replace “ure-ure” with “snoo-snoo”, but I felt that was being too liberal with the setting. But this is, by all means, death by snoo-snoo Japan-Style. I am so looking forward to this.

Man, Akatsuki Myuuto has really outdone himself this time. A hand full of girls in a harem just isn't enough, now we get an ENTIRE ISLAND of sex crazed girls! :P Really interested to see how this one turns out.

The winner of this year's silly hat contest goes to... Irikoa, the girl with two band-aid boxes and panties on her head! Give her a round of applause!
