

気楽にやるか?

ぷんちゃん

I was wandering around town on my day off, without any real goal in mind,

when I spotted a certain girl.

so I like to gaze at her from the back of the bus.

she's usually on the bus I take home from work,

That girl with the headphones on...

and I'm just satisfied staring at her from behind.

I'm sure she's never noticed me or anything,

...hm?

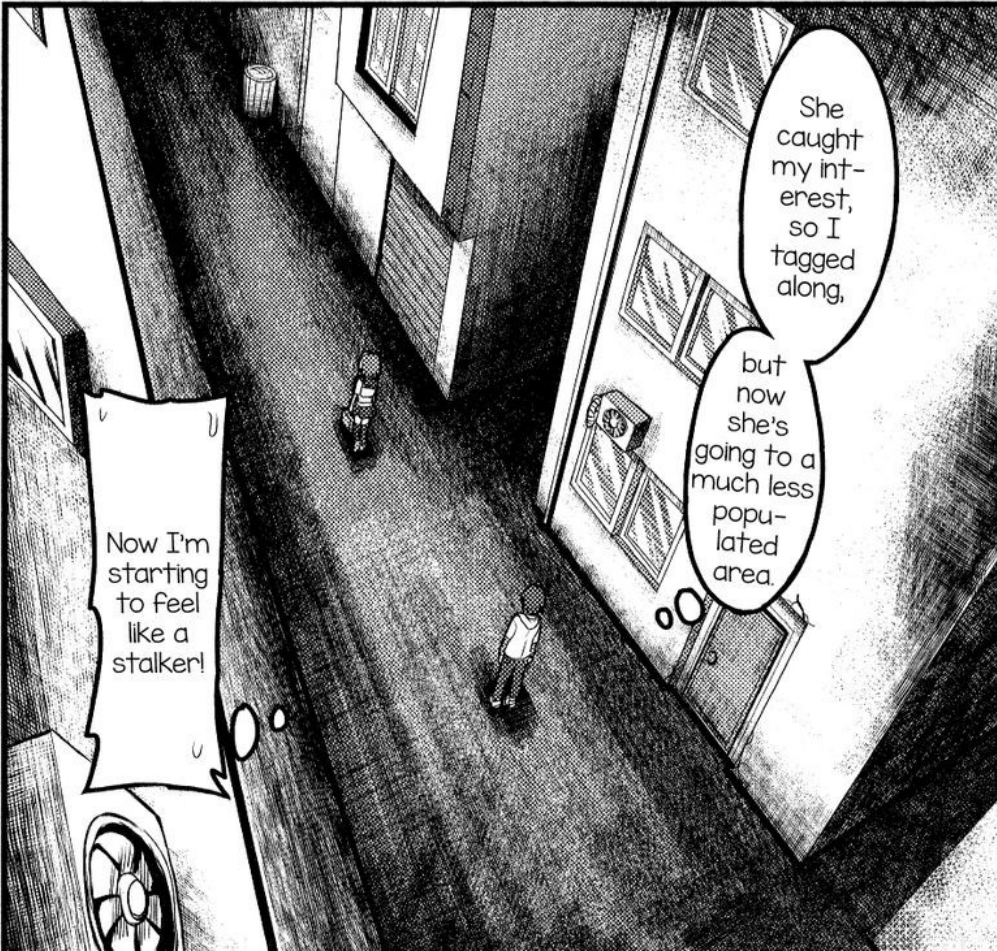

ホッ、ホッ

...

...I'LL JUST GO HOME.

She caught my interest, so I tagged along,

but now she's going to a much less populated area.

Now I'm starting to feel like a stalker!
