

Something about a supplementary swimming lesson that I missed.

Although school's out, Marukawa-Sensei told me to come to the pool.

Not sure why we need to have it during school break, though.

Oh, yeah.

Huh?

It's only me, Sensei?

If you remember, the only absentee at the clothed swimming lesson was you, Nagi.

*着衣水泳という授業は確かに重要だと思うが、妙な性癖を芽生えさせる可能性が…？

Yep!

Understand?

In that situation, it's fundamental to float in place and wait for help.

When you swim with your clothes on, they absorb water, which makes you heavier, making it harder to swim, and draining your stamina faster.

Listen up.

Splash

Wohoo!

Don't jump in!

Boing

Oh...
Keep them on as you normally would.

'Kay!

Good, then enter the pool carefully.

...What about my glasses?

Kyaha!♡
Chilly~!

Splish

!?

...Right, I did.
Good on you, I guess.

?

Huh?
You told me to come in my regular clothes.

Drip
Drip

Huh?
Where are my glasses ...?

Nagi...
Why aren't you wearing a swimsuit under your clothes?

Put your back to the floor and unless you can find something to help you float, stretch out your arms and legs.

Alright, start floating.

Ah! Here they are!

Mush

You need to relax more.

Splish

Splash

With me holding you up, you can learn what it feels like to float.

How about now?

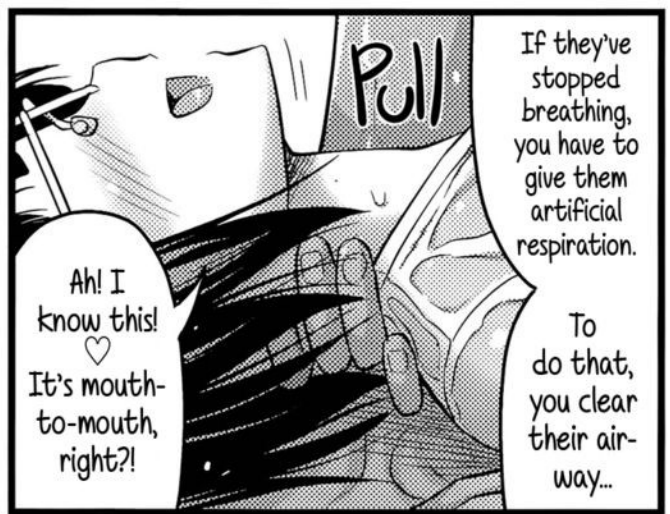

Stroke
Stroke

Stroke
Stroke

Nnh...!

Nh...!

Rub Rub

Okay.

Squish Squish

This is a matter of life or death, got it?

So bear with it.

You see, you're a kid, so if I pushed down with all my strength I could potentially crush your ribs.

Sensei, this isn't at all like I thought.

Squish Squish

Squish Squish

Squish Squish

So I have to massage you gently, like this.

Hmm~

I see!
Hya!

Squeeze

twitch

That's a stimulus to make your heart beat again.

It's sort of like an electric shock.

Splash

Fua!

I can't stop twitching!

To warm them up, it's necessary to massage a place with lots of blood vessels.

The space between the legs is the ideal spot to massage.

You keep going like this and once their breath and pulse return, their wet clothes will have lowered their body temperature, so they have to be warmed up.

I think... I'm feeling warm enough already, though.

My crotch feels tingly...

If you rub this place like this, their blood will start flowing and their body will warm itself.

Fuua!♡
Sensei!

That
place
feelsh
amashing!

So it's
important to
stimulate the
source point of
that twitching
like so!

That
twitching
warms the
body even
more!

Squeeze

Kuitch

Yeah!♡
I like it
there too!

This one
seems to
work for
you too,
Nagi.

But this
point varies
a lot from
person to
person, so
you have to
be careful.

Yeh!♡
Yesh!

There
are lots of
these twitch
points.

You'd
do well
to learn
them.

Sensei...
I really like
it when you
play with
my boobs!
♡

...Oh,
who
cares.
♡

I dunno
why, but
this feels
incredible!
♡

Alright,
I'll do it
a little
more.

Shiver
Shiver

You're so
hopeless,
Nagi.

I think
it... feels
even better
now than
when we
started!!
♡

Mash-

♡

The
massage
must be
working.

Ehehe! ♡

T-That's right. I'm surprised you figured that out.

If I hold you close like this, I can get even warmer... ♡

Huh?!

The milk is sloshing inside me! ♡

Wow! ♡

Nhya! ♡

Then let's go for another round!

Kh! Here it comes again!

Hyaa! ♡ ♡
