

# UNINVITED GUESTS FROM SPACE

by Kagemusha

It's only fun if there are tinies around ...

Probably they've already run out of minerals, that's why they're renting out their planet as a holiday spot.

It's hard to understand the finies! Why do they have to turn their only planet into such a wasteland?

Ja.

We'll be going back ourselves then! Don't go overboard!

Try to control yourself~  
♡

SFX: \*shuffle\* \*silently evacuating\*

Um...you two go on ahead, I've applied for another 2 days of leave.

Whatever it takes, I guess! Let's go! Vacation's over, if we're late we're going to get scolded again.

What?

Where do you want to go alone? Unless....

Who!  
What's  
this? All  
of your  
toy boats  
are  
tickling  
me!  
Those  
overboard  
better be  
careful, the  
waves are  
huge here!  
hehe~

AUGH!  
EeYAH!

WOAH!

She's  
coming!  
Everyone  
run!

Eh? What's  
going on?  
Why isn't  
the military  
and navy  
able to do  
anything?!

Trying to  
hit me  
with  
missiles?  
It's no  
use-

Those below  
better watch  
my  
step- Unless  
you want to  
be stepped  
on-

Get  
out of  
the  
way!

Wah!  
giant  
foot!

That's  
a tiny  
city  
isn't  
it?  
mweh  
ehe-

I've been  
playing  
around  
too long,  
better  
get on  
shore.

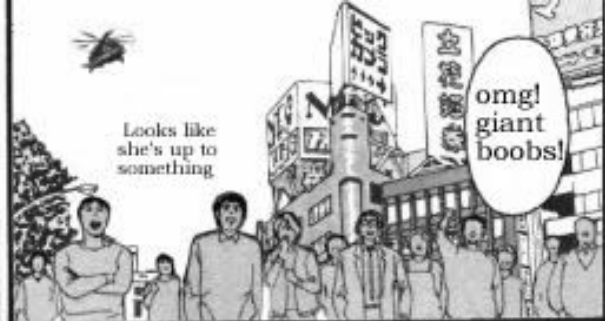

WOAH!

So cute!  
♥

let's play for a bit

Looks like she's up to something

omg! giant boobs!

Come on~! Fill me up front and back!  
♥

M-Miss... giantess, what are you doing here?

Because there's a lot of fun toys around  
♥

W-what do you mean?

Don't be so tense, leave everything up to me!  
There's so many of you~

Ah! don't get too close, else I'll stomp you all~

Please get me a tower crane, I'll be doing some special service today

Please, everyone get in like men! Get all the way inside me! Do whatever you want inside~! ♡

Oh YES~! This feels good! Please, more please!

拉开~

There are really people being shoved in, omg

else I'll flood this city!

What ever flows up, you all have to drink it all up.

Please take responsibility~ ♡

ah ♡

Her top is in the way, taking it off

ah ♡

Ah~! It's out!

Looks how excited you've got me

Well, time to let you see every thing

Eh? Why did every thing stop?

Is my navel that beautiful? or is it because the rest of you are too scared?

Wah! get back!

Guess I'll have to change positions then! Be careful down there!

Look! the bus from the beginning, I'm gentle enough not to break the windows.

This position is so embarrassing... but with only tiny people around, I'm fine

TADA~

Augh! how long have we been in there? What's this stuff?
