Nice
to meet
you.

I am a sexadroid
that was dispatched
from the Department
of Ejaculation
Management.

Your genes
were found to be
inferior by our
department,

and I hereby
declare that
you have been
stripped of your
rights towards
reproduction.

I can confirm
by sight that
it will take 1.2
seconds for your
sex organ to
become erect.

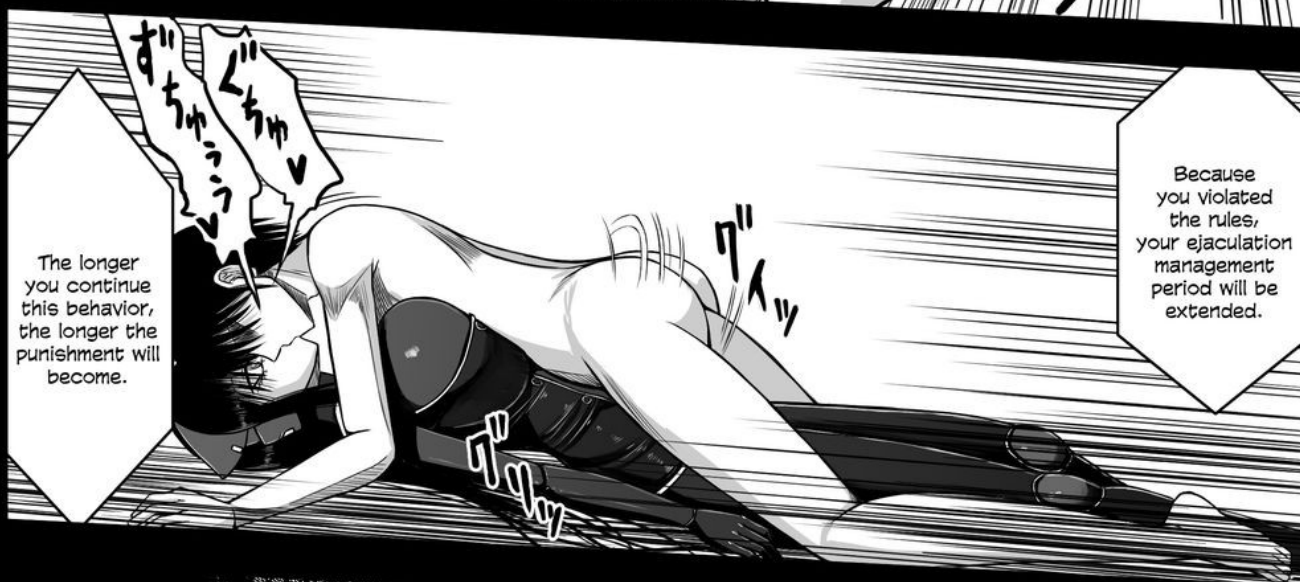

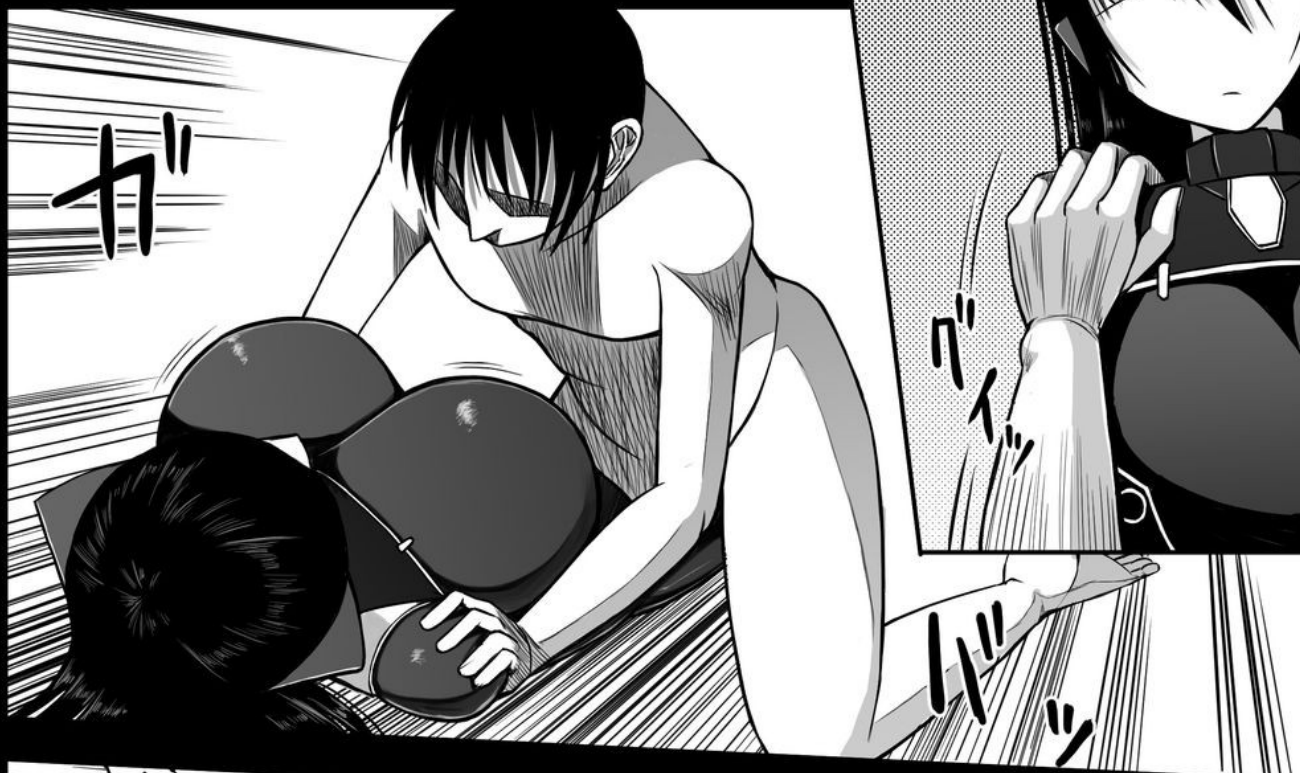

Your level of
inferiority as
a citizen is
remarkable.

We will now
begin your
ejaculation
management.

You will be put
under 14 days
of ejaculation
management,
while at the same
time you will be
forbidden to make
contact with my
body.

Your ejaculation
functions have
been locked.

Please behave
reasonably as a
citizen.

The longer you continue this behavior, the longer the punishment will become.

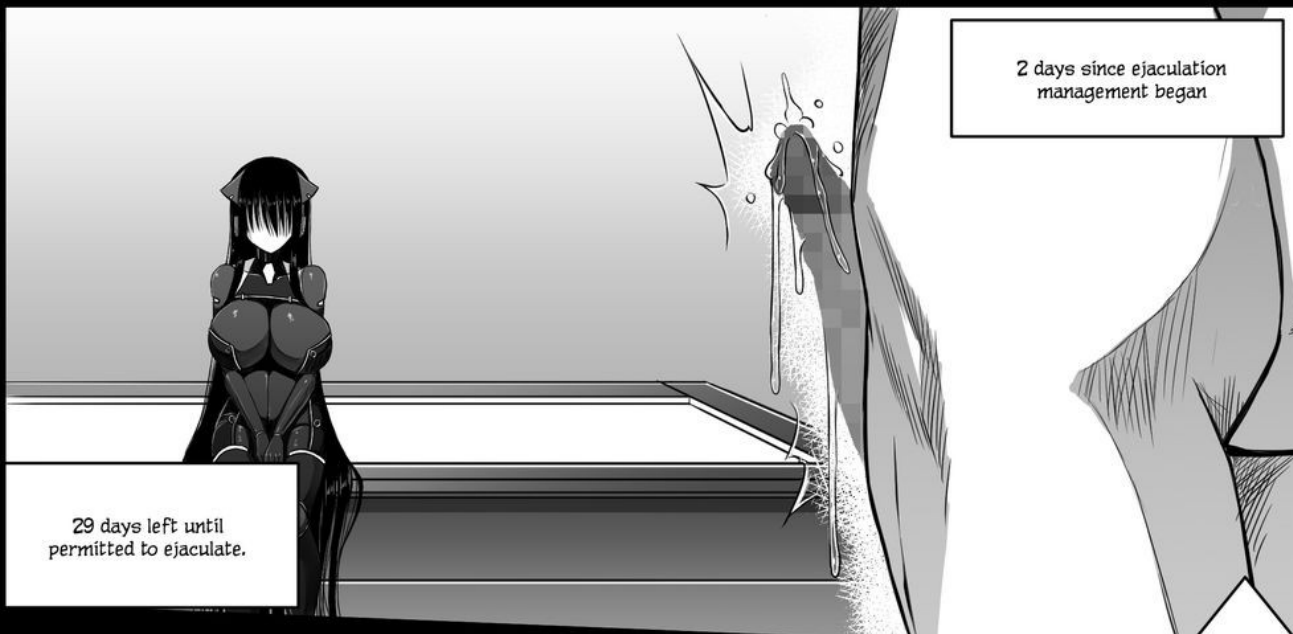

Because you violated the rules, your ejaculation management period will be extended.

Your ejaculation ban has been extended to 30 days.

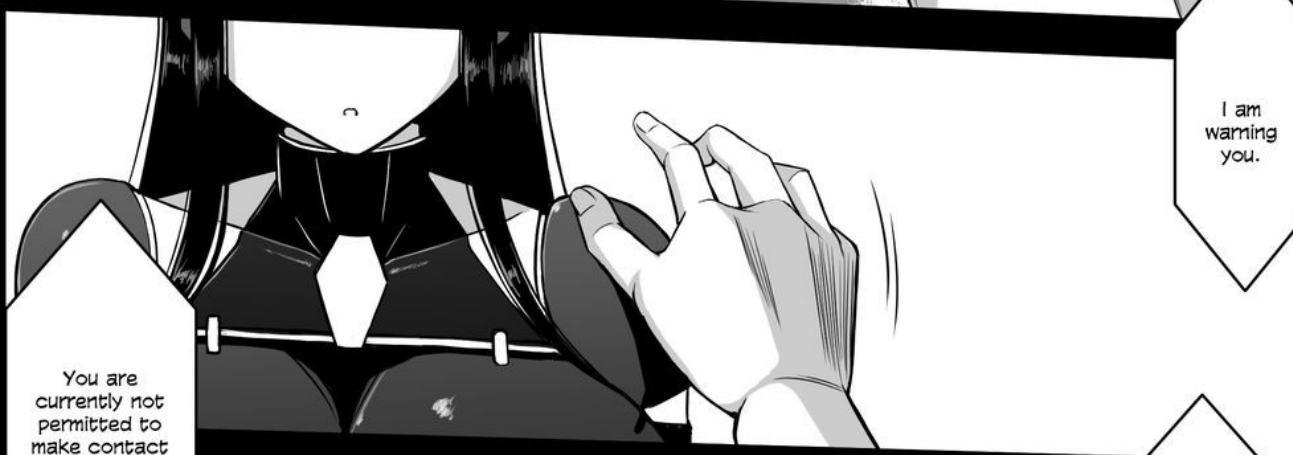

Please understand this.

It is impossible for you to ejaculate.

2 days since ejaculation
management began

29 days left until
permitted to ejaculate.

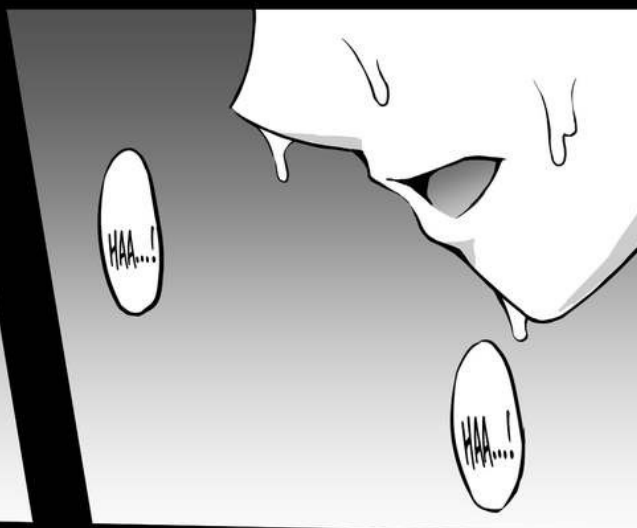

I am
warning
you.

You are
currently not
permitted to
make contact
with my body.

Violation of the
rules is considered
a behavior that is
inappropriate as a
citizen, and a severe
punishment will be
handed out.

I advise that you
move away to a
safe distance
immediately.

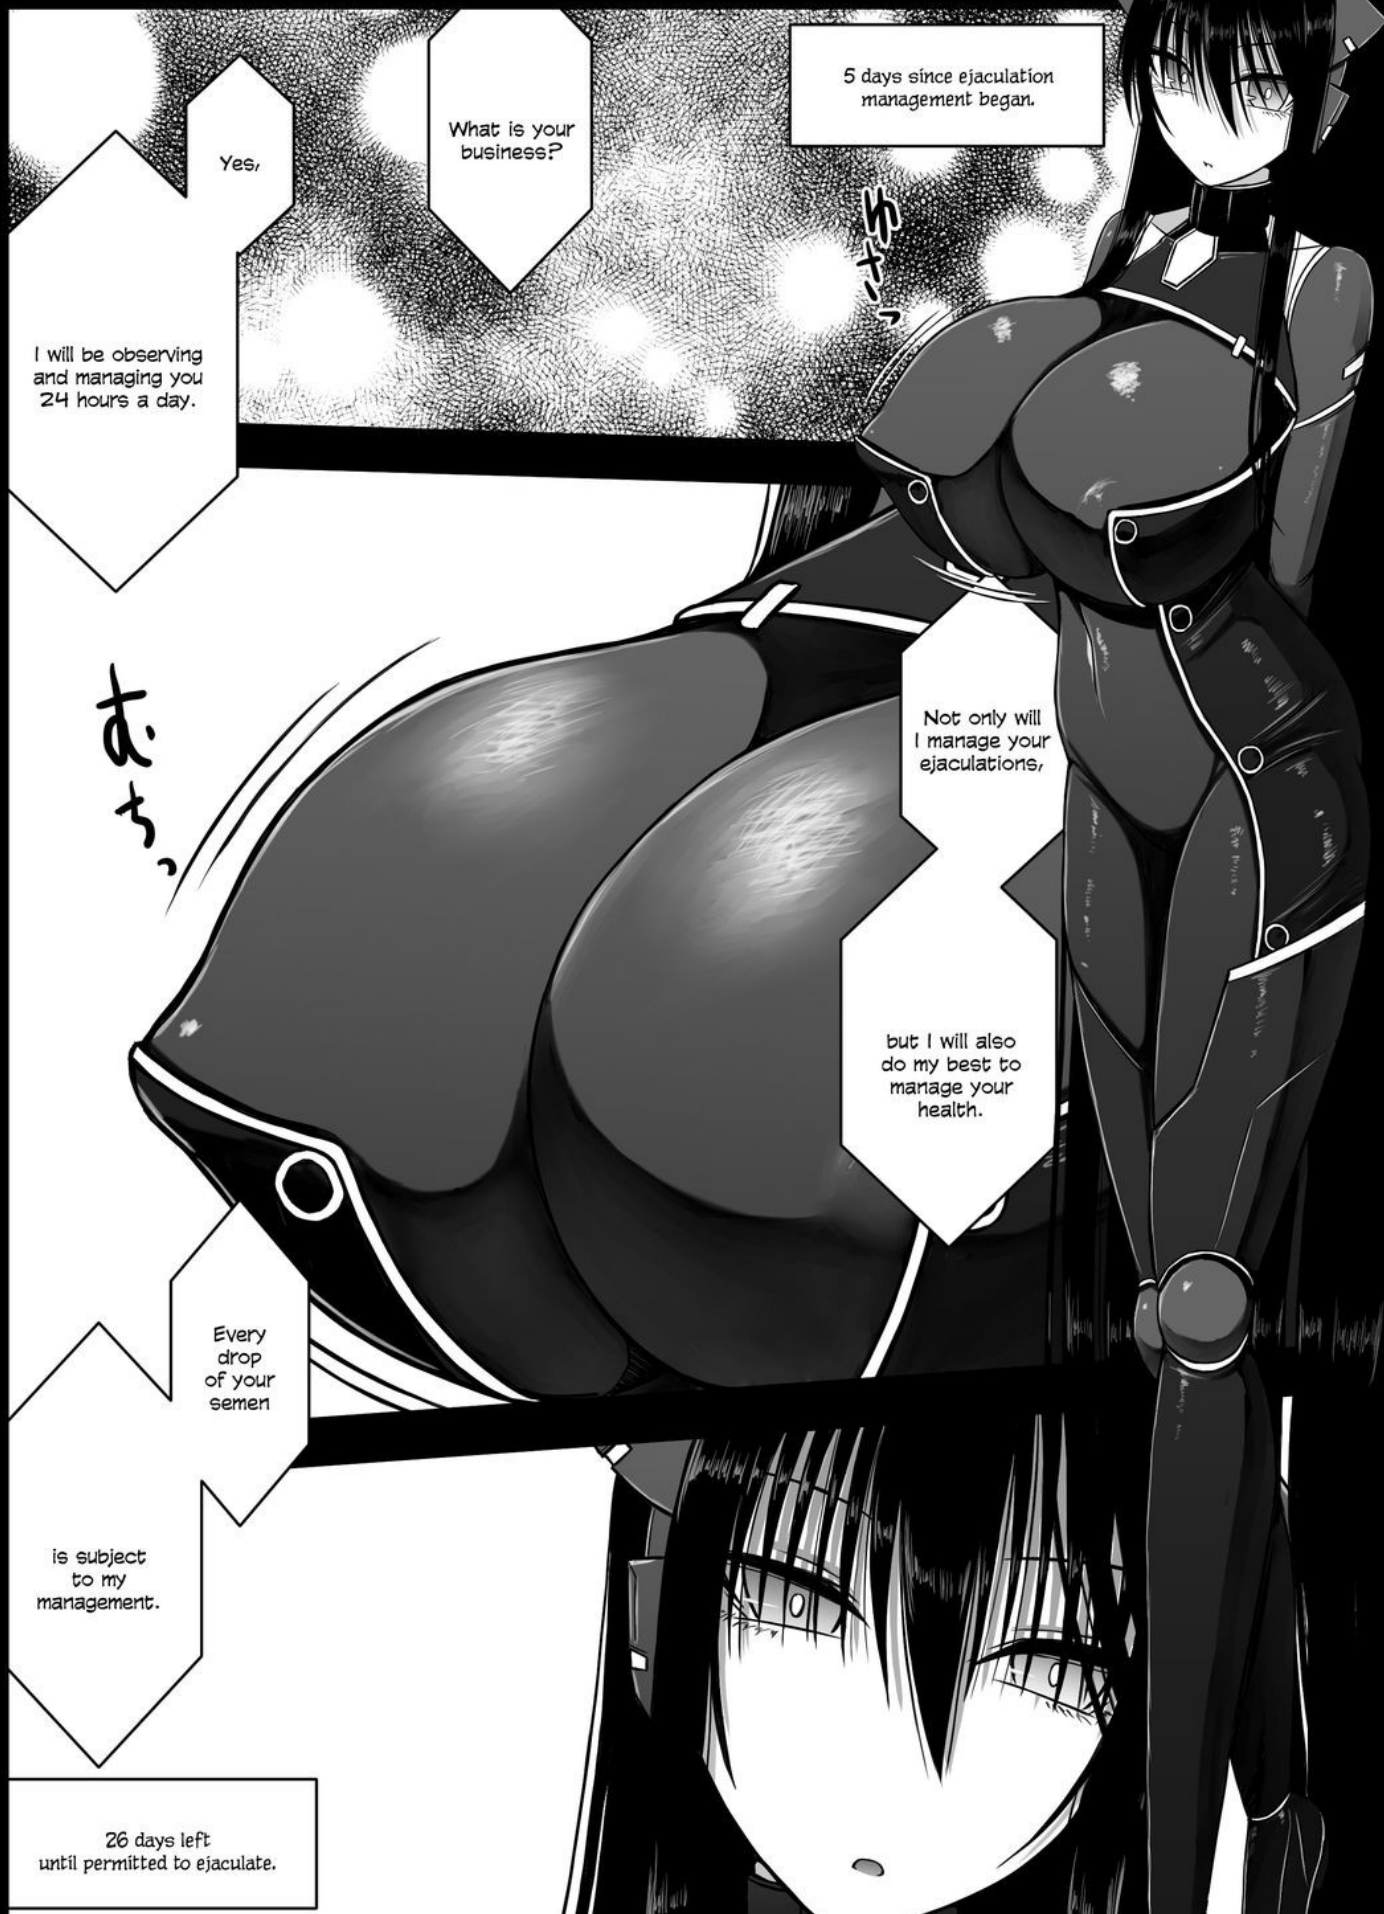

If you make
contact with
me from that
position,

you will
be handed a
severe punishment,
even if it is by
accident.

Please be aware
that this period
will never be
shortened.

Every time you
violate the rules,
your ejaculation
ban will be
extended.

5 days since ejaculation management began.

What is your business?

Yes,

I will be observing and managing you 24 hours a day.

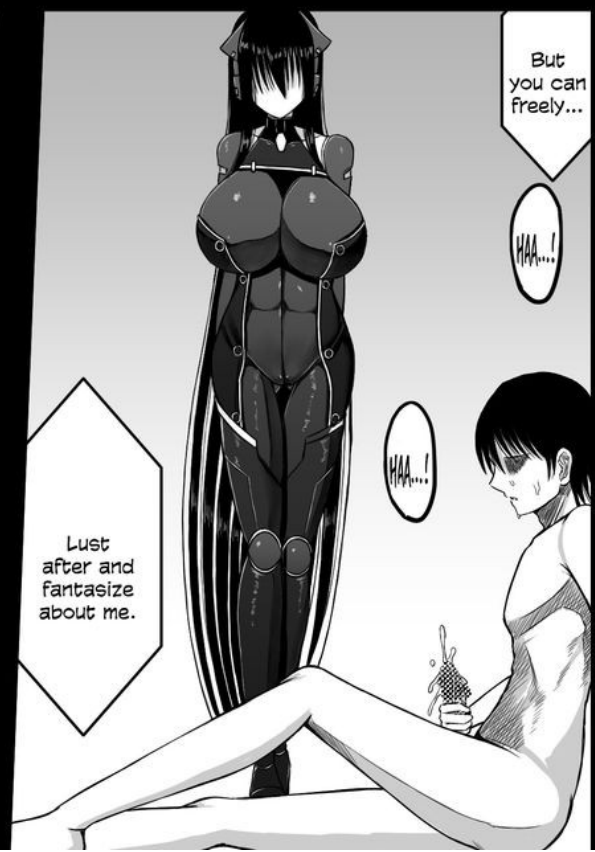

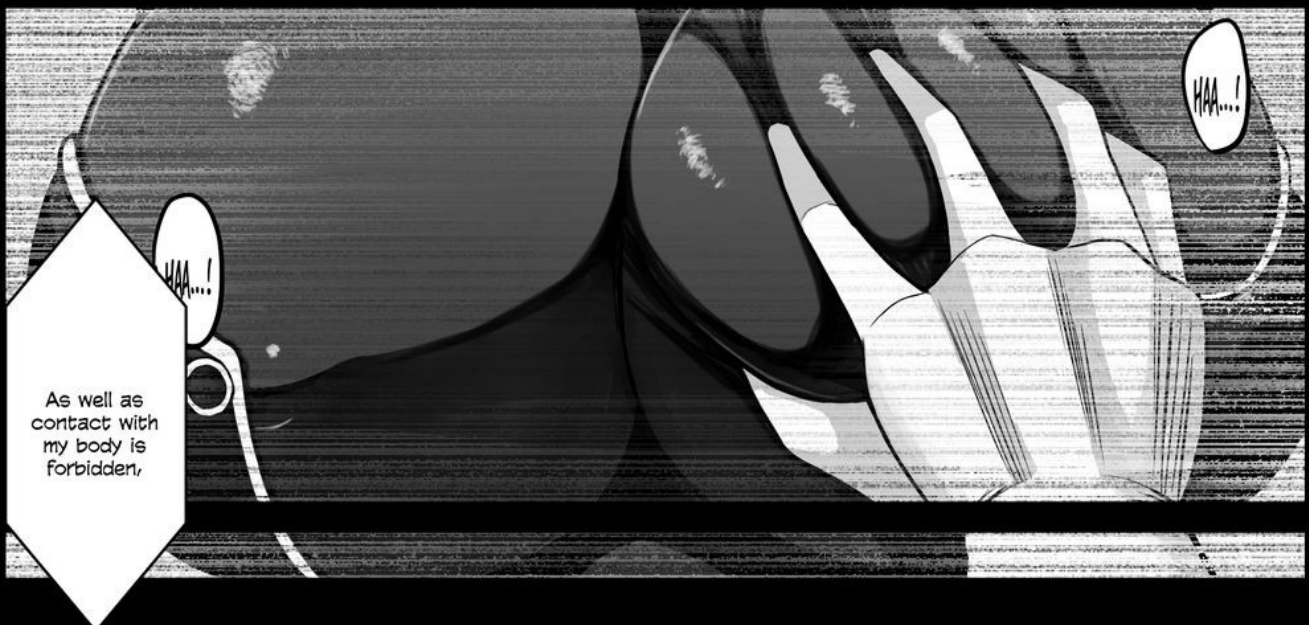

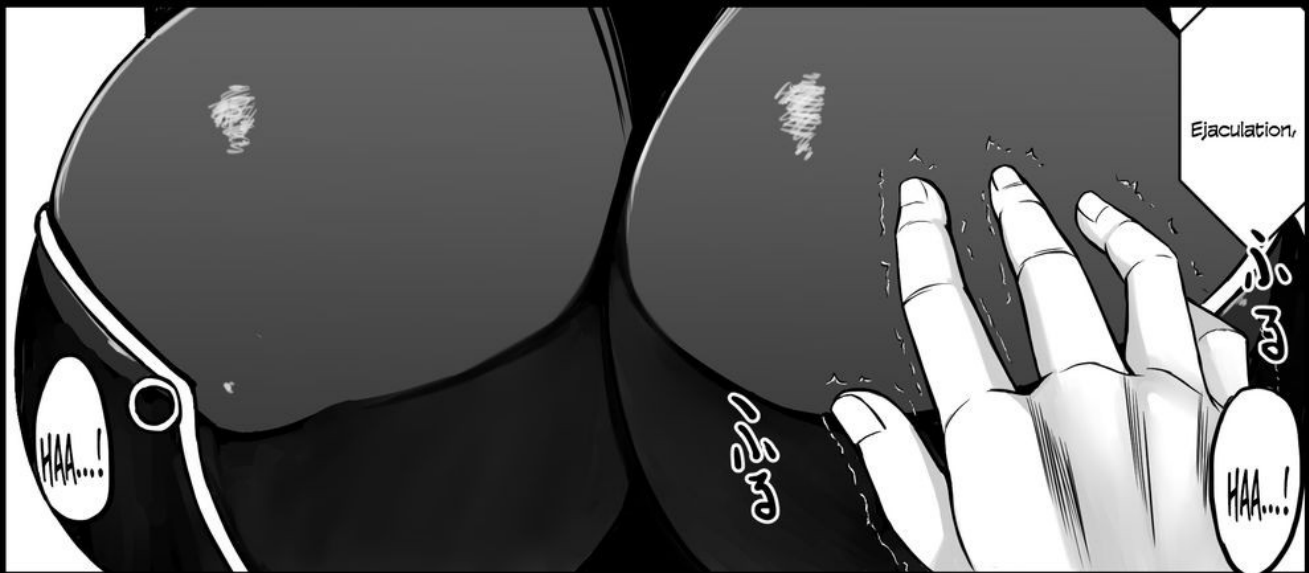

Not only will I manage your ejaculations,

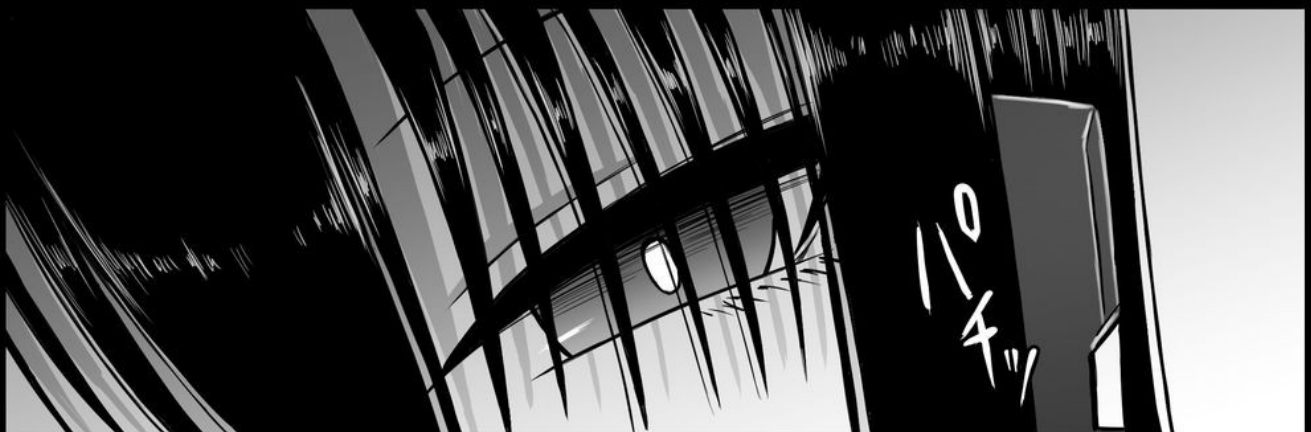

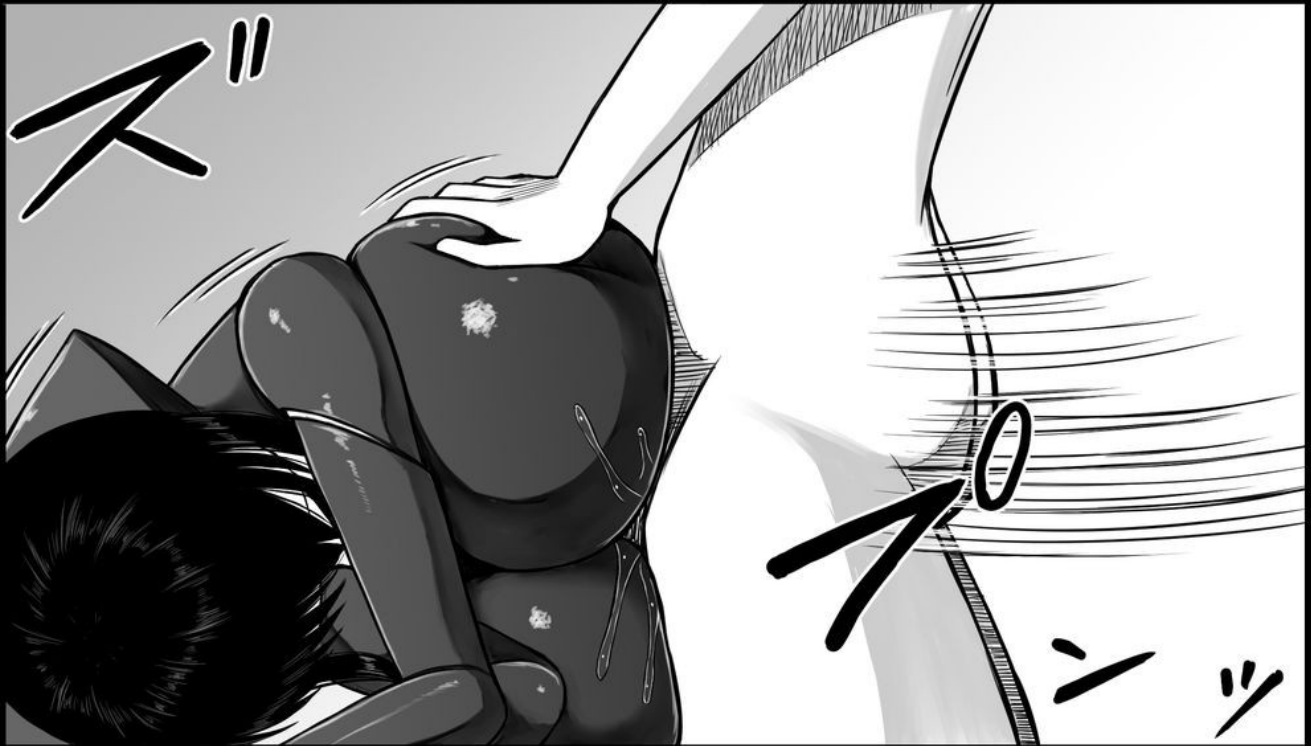

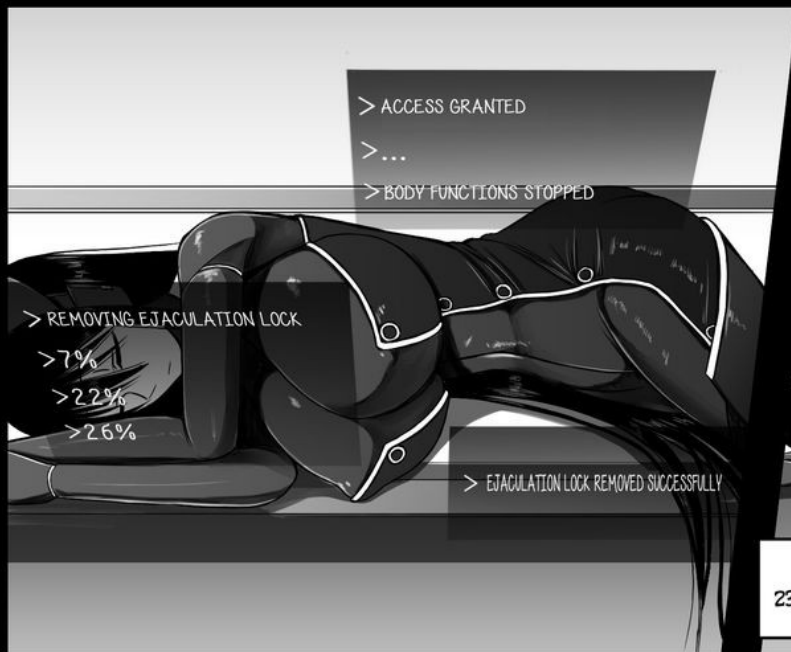

but I will also do my best to manage your health.

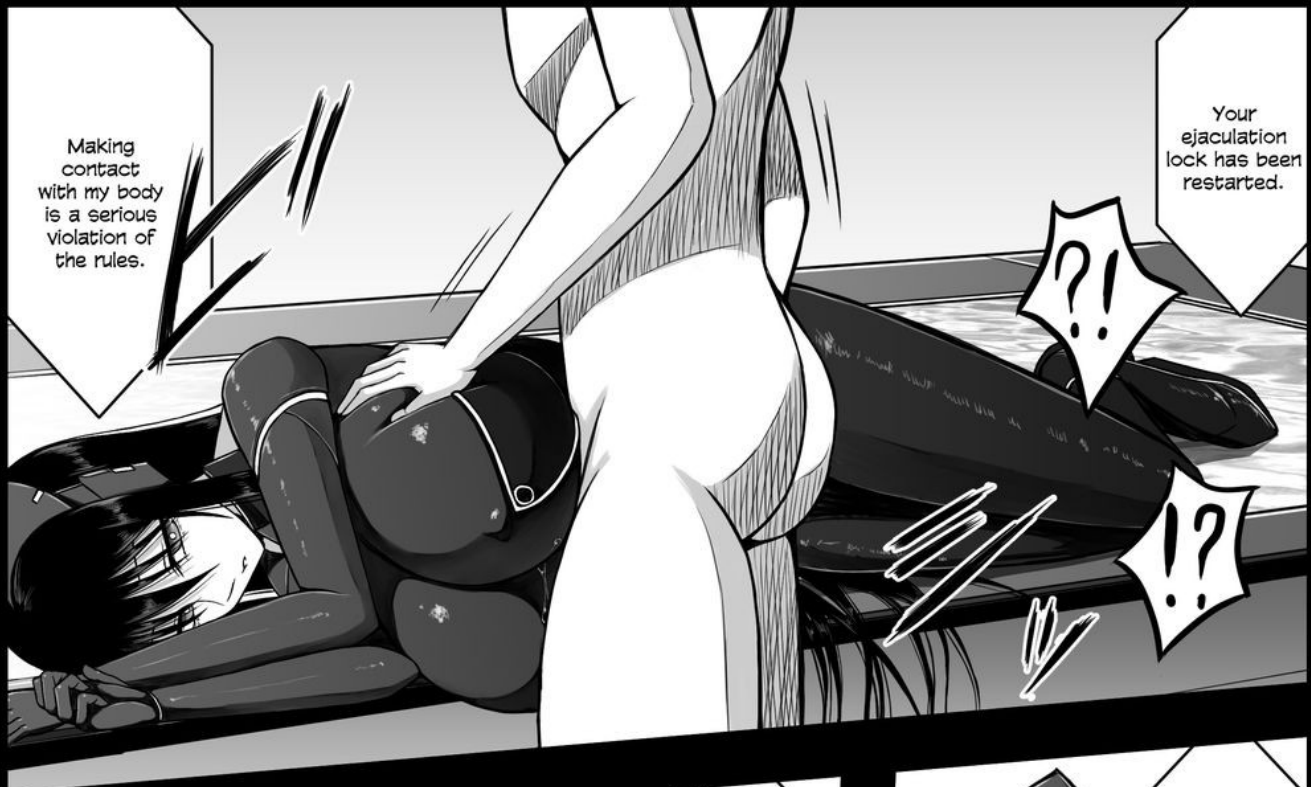

Every drop of your semen

is subject to my management.

26 days left until permitted to ejaculate.

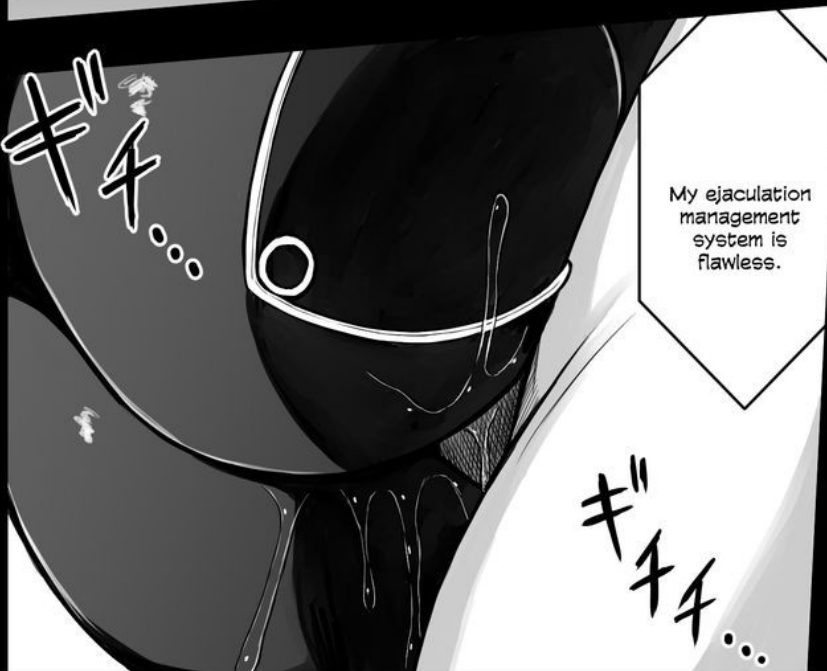

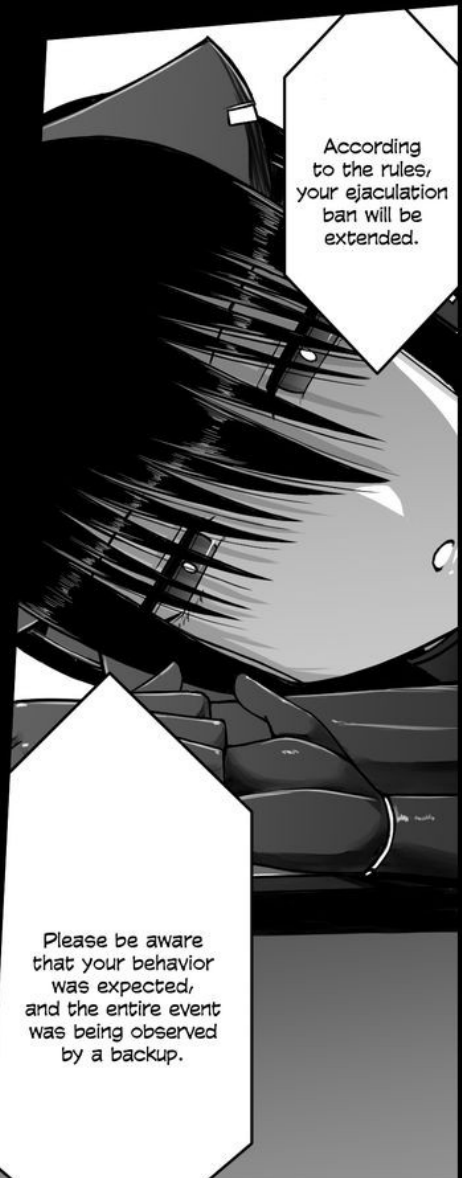

Making contact with my body is a serious violation of the rules.

Your ejaculation lock has been restarted.

My ejaculation management system is flawless.

According to the rules, your ejaculation ban will be extended.

Please cease your activity and physical contact immediately.

Please be aware that your behavior was expected, and the entire event was being observed by a backup.

14 days since ejaculation
management began.

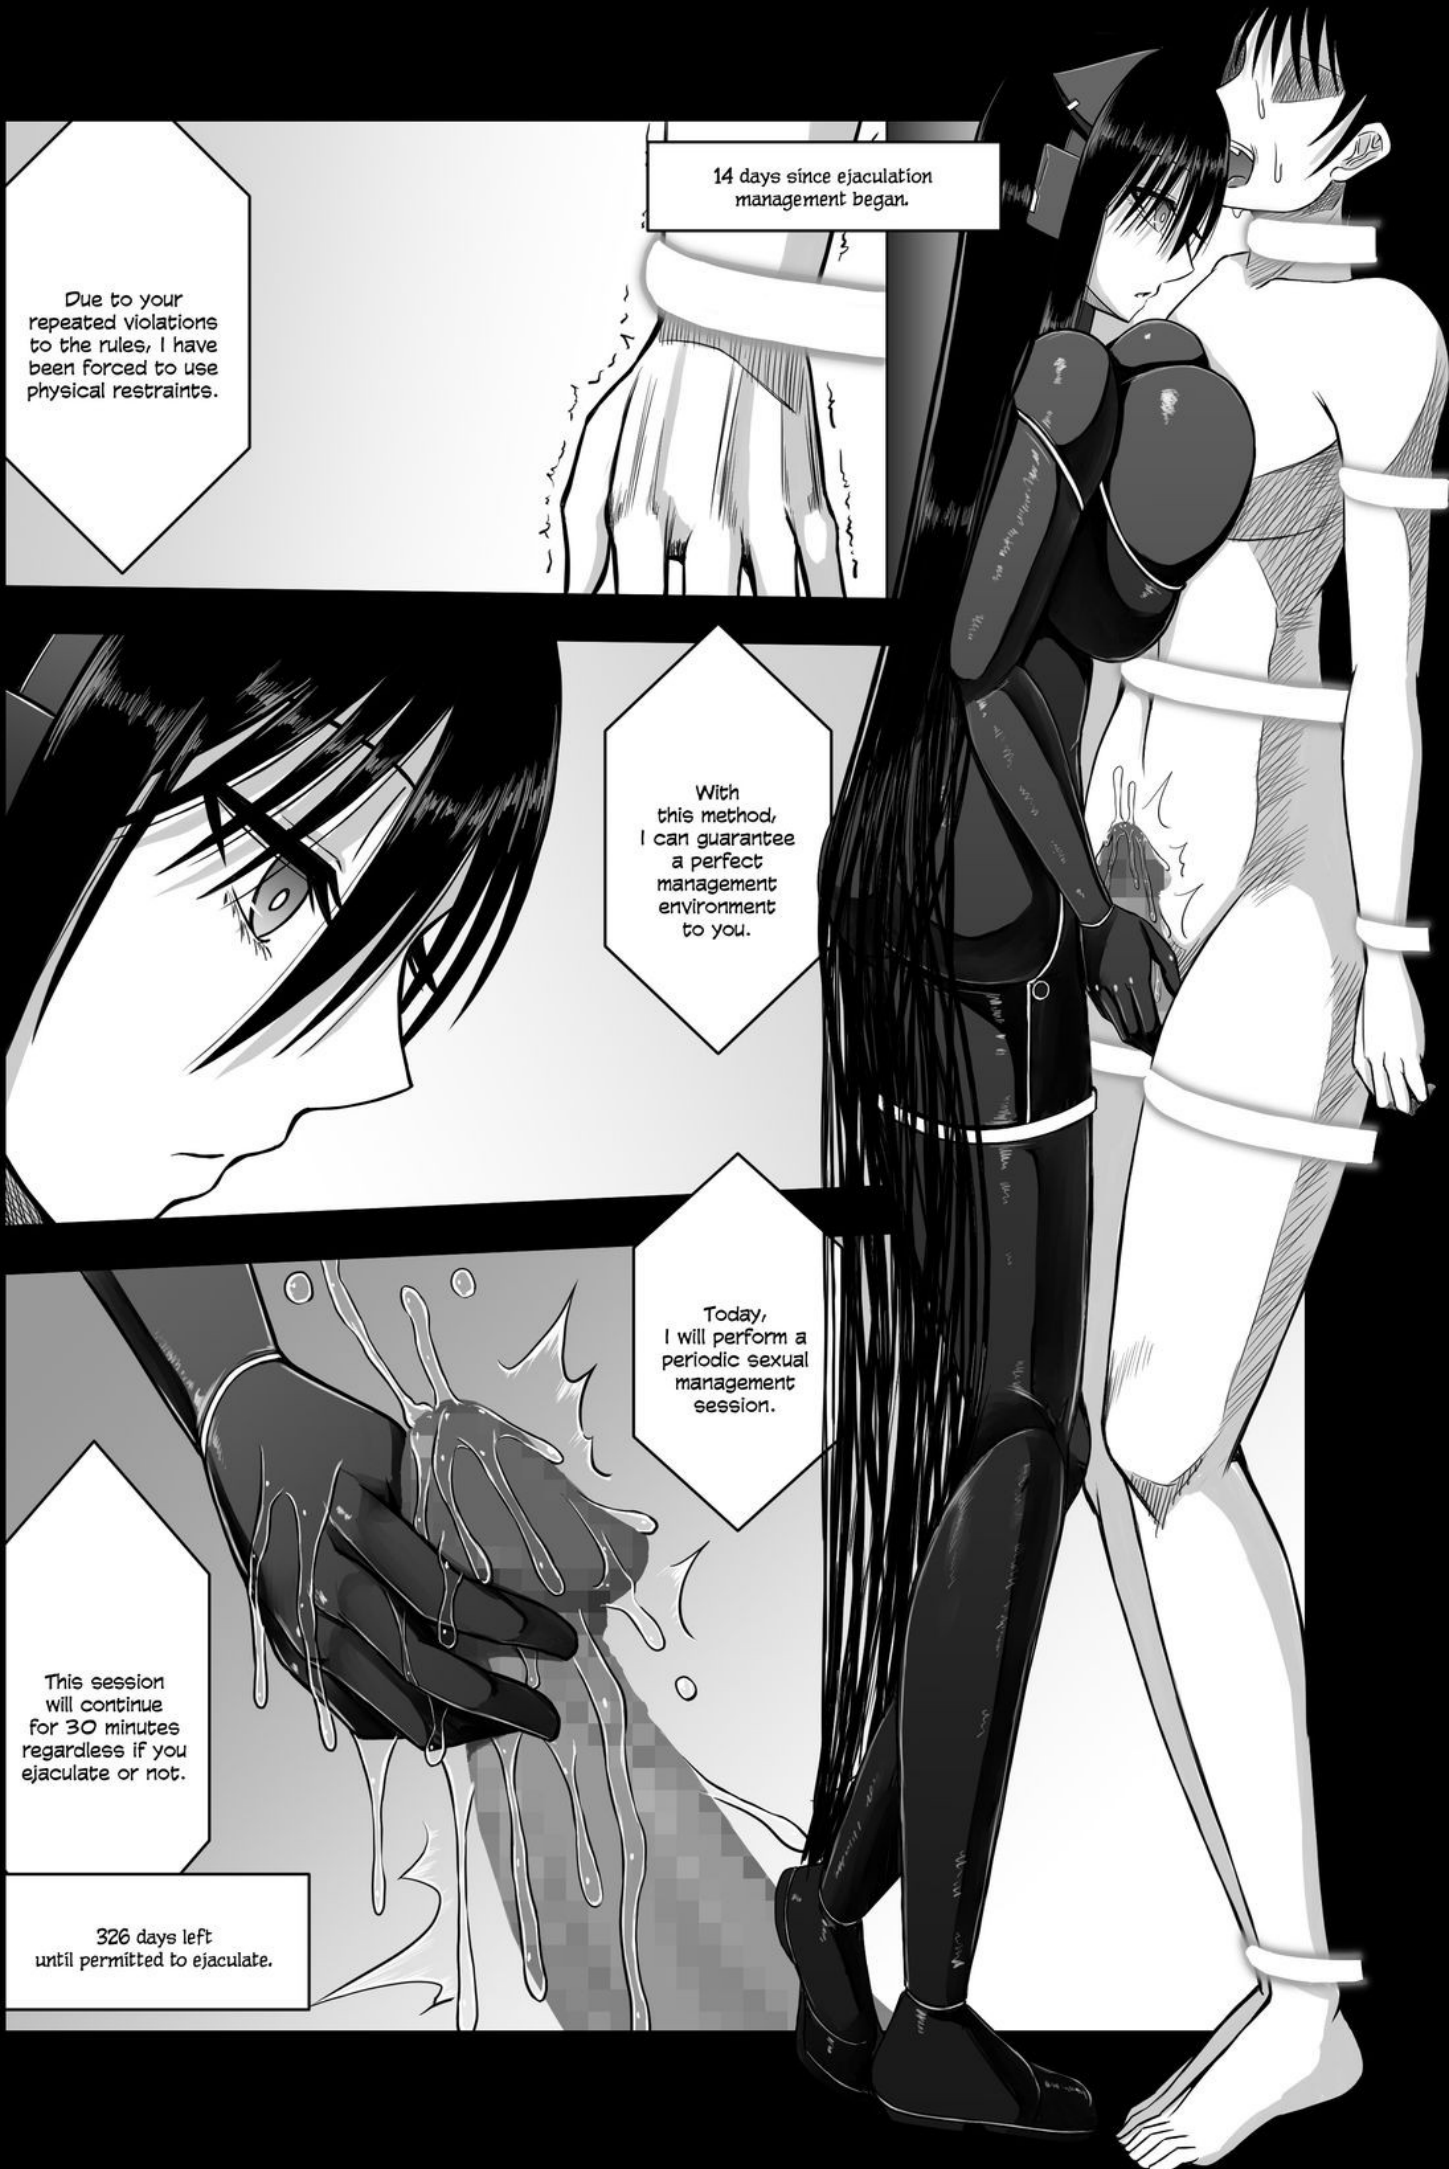

Due to your
repeated violations
to the rules, I have
been forced to use
physical restraints.

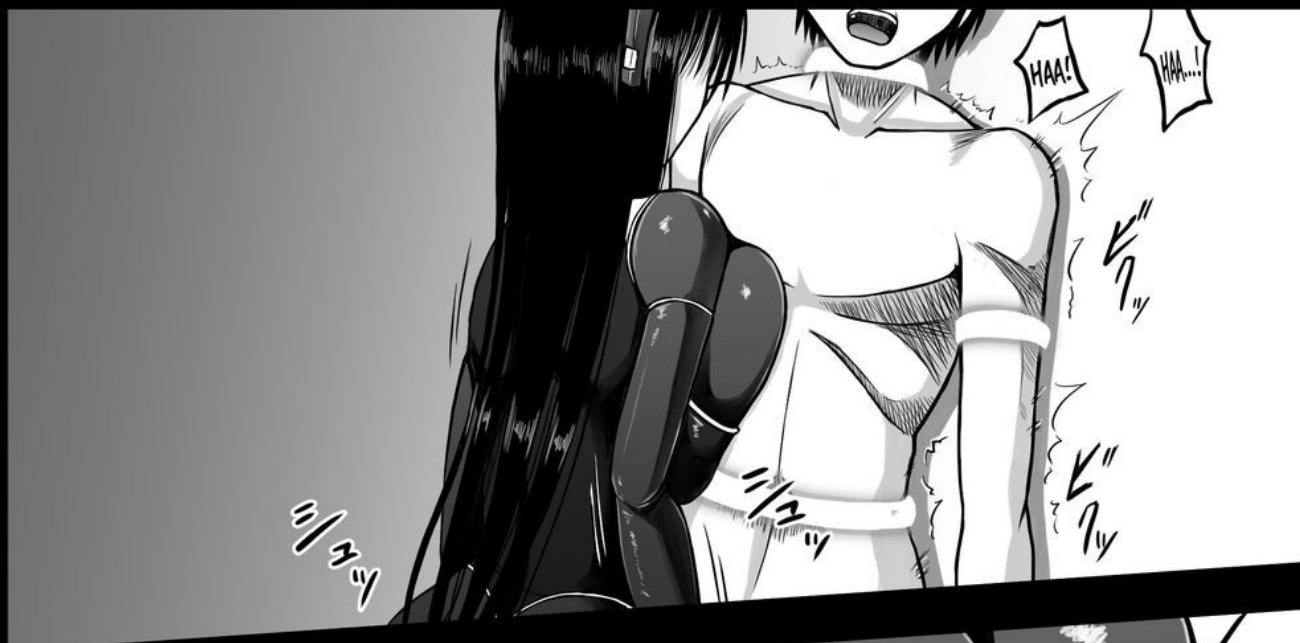

With
this method,
I can guarantee
a perfect
management
environment
to you.

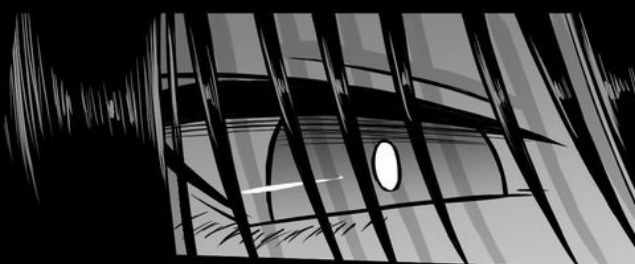

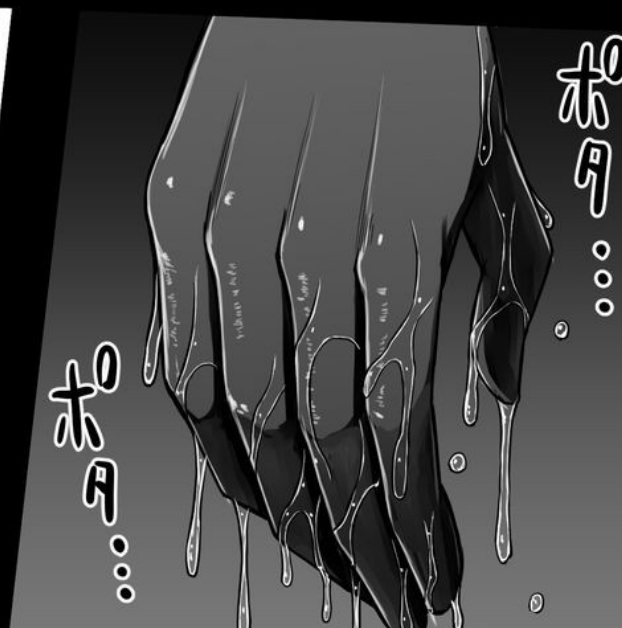

Today,
I will perform a
periodic sexual
management
session.

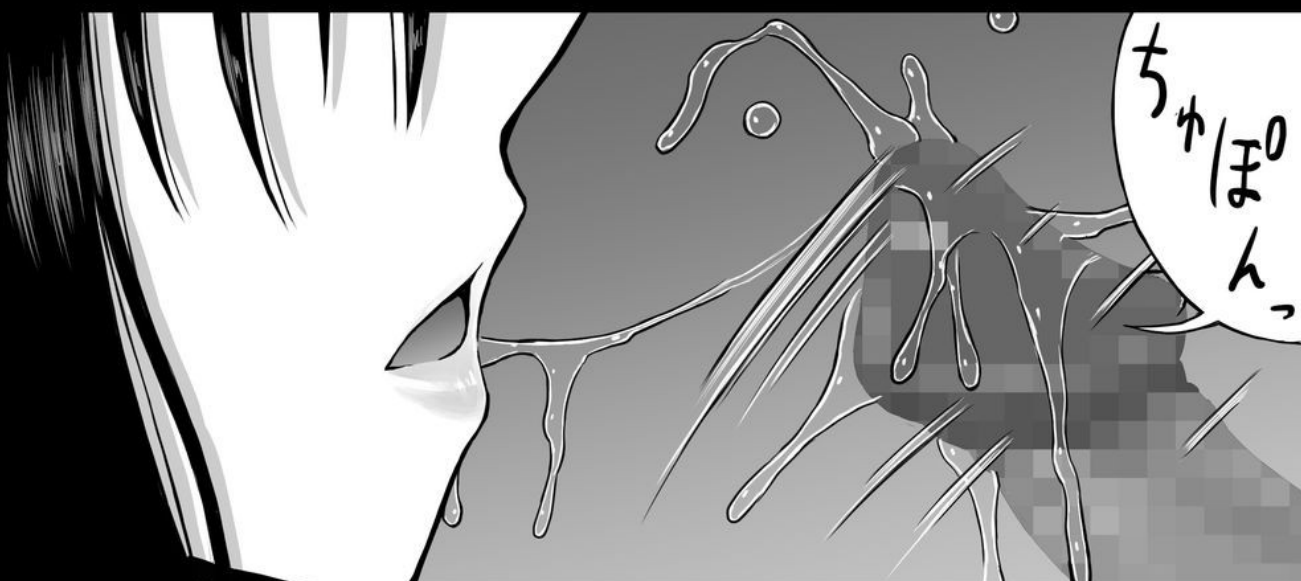

This session
will continue
for 30 minutes
regardless if you
ejaculate or not.

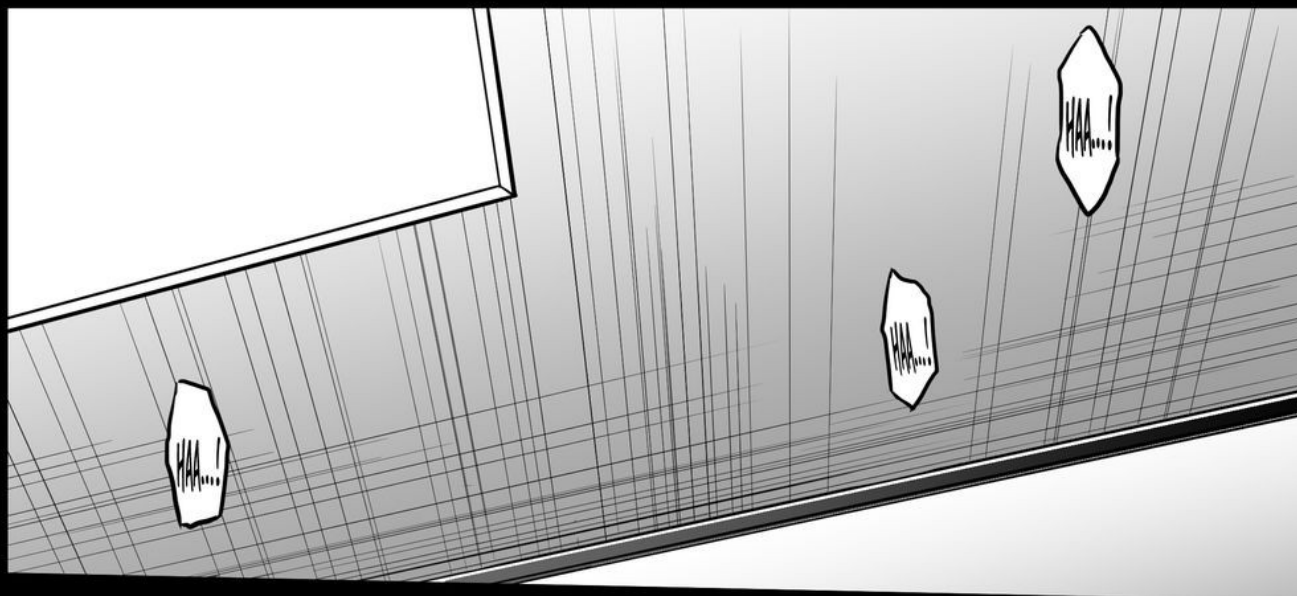

326 days left
until permitted to ejaculate.

Please do
not be
concerned.

There is no
concern about
loss of muscle mass,
because you are
receiving periodic
electrical
stimulation.

My
ejaculation
management
is flawless.

Ejaculation management is absolute.

There is no chance that the period will be shortened.
