in the furthest, and slightly most spacious stall,

in the bathroom next to the multi-purpose room,

At the far end of the hallway on the third floor of the old school building,

is a frighteningly deserted place on school grounds.

after school, when there are no students or teachers to be found, particularly on Thursdays when there are no club activities,

empty stall that

Hm?

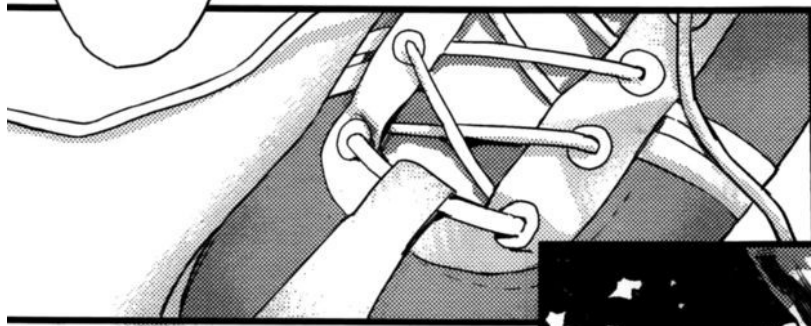

Shit, I'm gonna pop a stiffy!

G'warning!

It all started last spring.

I'm pretty sure she's one of the girls in my class...

はあ

はあ

If you're having trouble with something, don't be ashamed to tell me!

Cute as they are, I think you're a little young to wear shoes with shoelaces.

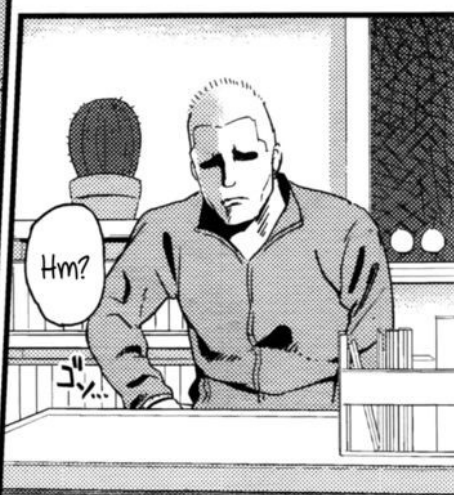

All done!

You should learn how to tie a knot before this happens again.

After that chance meeting, our pure and wholesome friendship began.

A side-benefit of being a teacher is that you have an excuse to meet with an elementary schooler.

Thanks to my profession, I've managed to avoid trouble many times.

Just taking the girl for a walk was enough to cause a scandal.

But unfortunately, this country of ours does not allow free love between adults and elementary schoolers.

I still live with my parents.

Lil bro Me Dad

There was a moment when I wanted to thank God for this fateful encounter, but then I thought...

Turns out, she was quite a precocious kid, so she wasn't too opposed to taking things to a sexual level. In fact, you could say she encouraged it.

She's too young to stay out late, so I can't take her very far.

I got no car.

So where in the hell can I take her so that I can give her slightly adult lessons?

Bitler!

...+0=

Well, we can only meet up like this once a week!

You've become an awfully spoiled girl, haven't you?

So we were left with no choice but to elope to this remote place.

After training rigorously for a year and three months, she's become a slutty brat that would make any adult blush!

Wow! It's hard as steel!

Yeah... I held off on cumming all week, so my balls are about to burst!

Sensei,
your cock
stinks so
bad!
♡

Well, today
was another
blistering day!
I was sweating
balls around
my balls!

I'm willing
to bet there
aren't many
grade schoolers
who can suck
an unwashed
dick with a
smile on
their face.

Nh!

my precum!

How
about you
clean up my
stinky dick
with your
mouth like
you always
do?

I bet no one suspects a thing.

Seems like I've got what it takes to be a teacher after all!

Hah

is using the same pretty hand she leafs through books in her spare time with,

That a quiet and reserved girl like you

That's true.

Ooh!

Nice! You've gotten really good at this!

I'm not like all the other kids!

After all, I'm Sensei's lover!

In this season, as the setting sun shines through the window, it gets unbearably hot.

We could open up the window to get some air, but then there's a chance one of the staff might come close it.

However, there is a drawback for this clandestine meeting-room.

If we don't take the proper measures, we're likely to have a heatstroke.

I think a little break is in order. Is orange juice okay?

So for a little while, my dates with this elementary schooler become a no shirt, no pants, no nothing affair.

Down the hatch~!

Yeah!

One day, I want to make her gulp down the real thing.

Rehydrating is very important. Plus quasi-watersports are hot as hell.

There is one other drawback...

Uh

Sensei, not so rough...

Aah! Yes!! I love this smooth pussy that feels like it has no bumps!! I can't get enough of this subtle stimulation....!!

Even if there's no one around, having loud sex is out of the question.

Sound!

You came so much... ♡

We've actually been whispering this whole time.

Turn your back to me and bend over.
