

PRISONER 143 HAS CLEANED UP HALF OF THE SNOW PILED UP ON THE YARD. LATELY IT SNOWS EVERY DAY, AND 143 IS LOCKED UP OUTSIDE BEFORE HE GETS TO FINISH WITH THE SNOW.

HOWEVER, AFTER THE NIGHT THE SNOW PILES UP AGAIN.

FOR MEALS HE EATS ONLY A SLUDGE OF SEMEN MIXED WITH VITAMINS. WITHOUT WARMING HIS BODY, HIS ARMS AND LEGS GROW COLD, AND BECOME NUMB. THE GUARD DOESN'T GIVE HIM EVEN A BIT OF MEAT OR STARCH TO PREVENT HIM FROM GAINING MUSCLE. HE GETS SKINNIER AND SKINNIER, USING HIS THIN ARMS FOR THE HEAVY PHYSICAL LABOR, FORCING HIMSELF TO ENDURE IT.

WITH THE WATER COMING FROM THE "ICE ROBE" ALSO NOT STOPPING, HE HAS BEEN FORBIDDEN TO TOUCH ANY CLOTH, NOT BEING GIVEN A CHANCE TO DRY HIS SKIN.

EVERY TIME HYPOTHERMIA OCCURS, IT PARALYZES HIS MUSCLES. THE PRISON GUARD WARMS HIS BODY SENDING WARM WATER THROUGH THE PIPES. AFTER HE REGAINS CONSCIOUSNESS, THE CYCLE OF "TEN MINUTES OF COLD WATER, 3 MINUTES OF HOT WATER" IS RESTARTED. THIS PATTERN CONTINUES TO BE REPEATED IN THE YARD. EVEN WHEN RESTING OR SLEEPING, HE ISN'T GIVEN PERMISSION TO GET INDOORS THROUGH THE WINTER.

*Punishment~*

Reason: "work is slow".
