Sensei...

...Hi.

Chiyo and I started dating when she was in the fifth grade.

You've gotten pretty used to this.

Well, we have done this tonnes of times already...

The first time we did it, we were both so nervous, not knowing if we should even go through with it.

A while after we started dating, starting with this unused classroom,

we eventually started meeting up secretly in a bunch of secluded places.

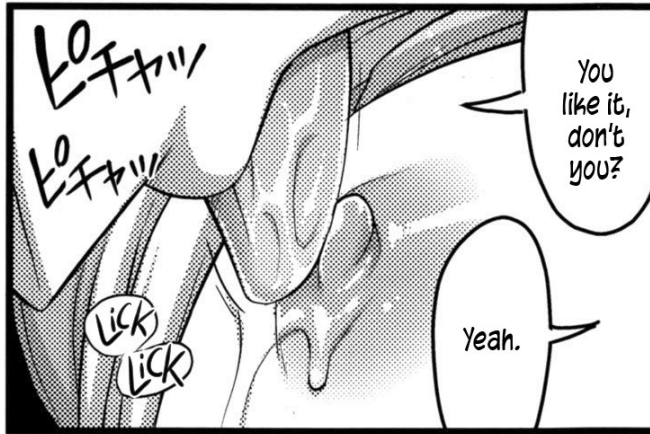

By now, we've had sex more times than I can remember.

I mean,
it was bad
enough that we
were teacher
and student,
but you were
going at it
with a grade
schooler...

グイッ♡

I still
remember
when I let
you see my
tits for the
first time.

You
wouldn't
stop asking
me: "Can I,
really?"
"Are you
sure?"

Any guy
would think
the same!

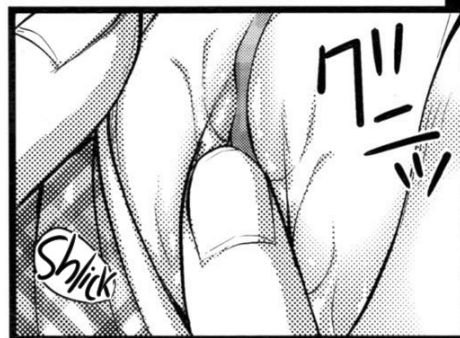

Perv.

Those
clothes are
so cute, it
feels like a
waste to
take them
off.

T-There's
enough of a
gap, so we
should be
fine.

Mh...

LO
Eh!!

...She's
speaking
so calmly in
such a lewd
pose...

Won't
it be too
awkward
with
clothes
on?

You're a
pervert to
the end,
Sensei.

It's
tightening
so hard
around my
finger.

Gee...!

Is it...?

This
place is
still tiny,
though.

This really
is the last
time I'll
see Chiyo...

Yeah...

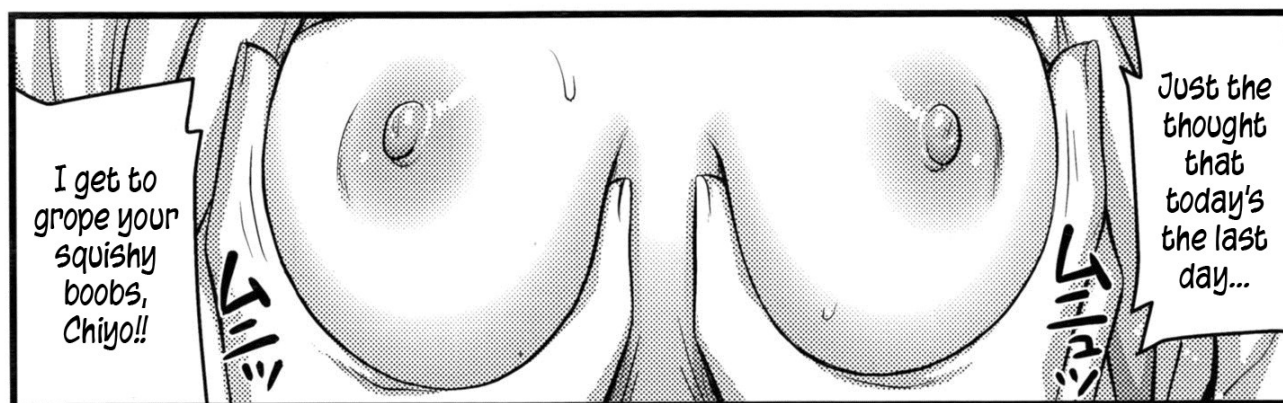

They had
their share of
tough times too,
but seeing
Chiyo always
made them go
away.

These past
two years
have been so
much fun...

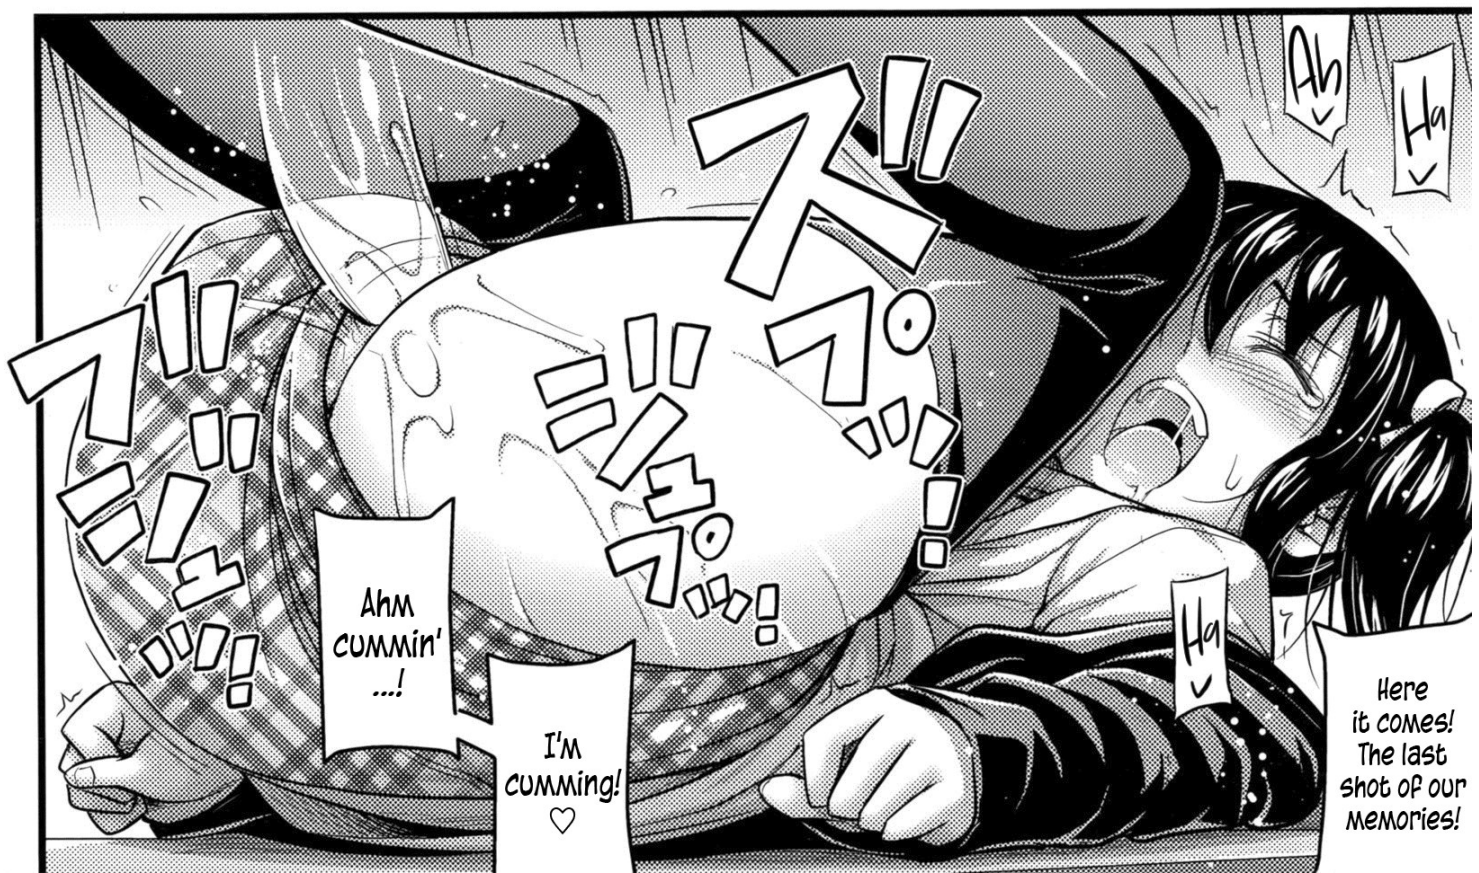

I'll never forget how soft your modest tits feel!!

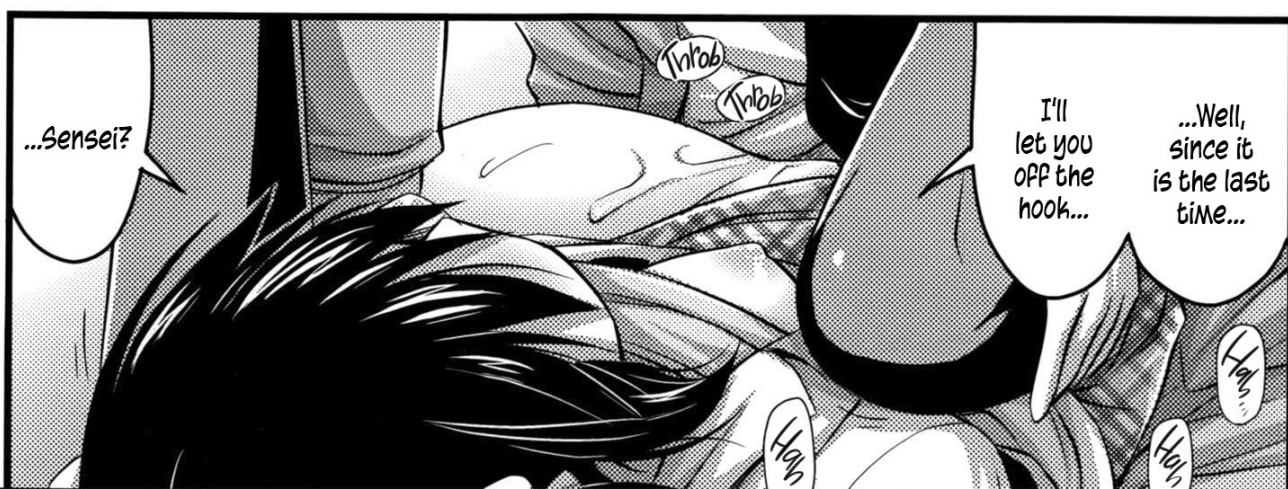

How
could you
dump so
much cum
inside me...
You're
awful!

I've never
seen you
like this...

G-Geez...!
You were
way too
rough...!

...Sensei?

I'll
let you
off the
hook...

...Well,
since it
is the last
time...

Hold on a little longer! The next one will really be the last time!!

No, not yet! The next one will be the last!

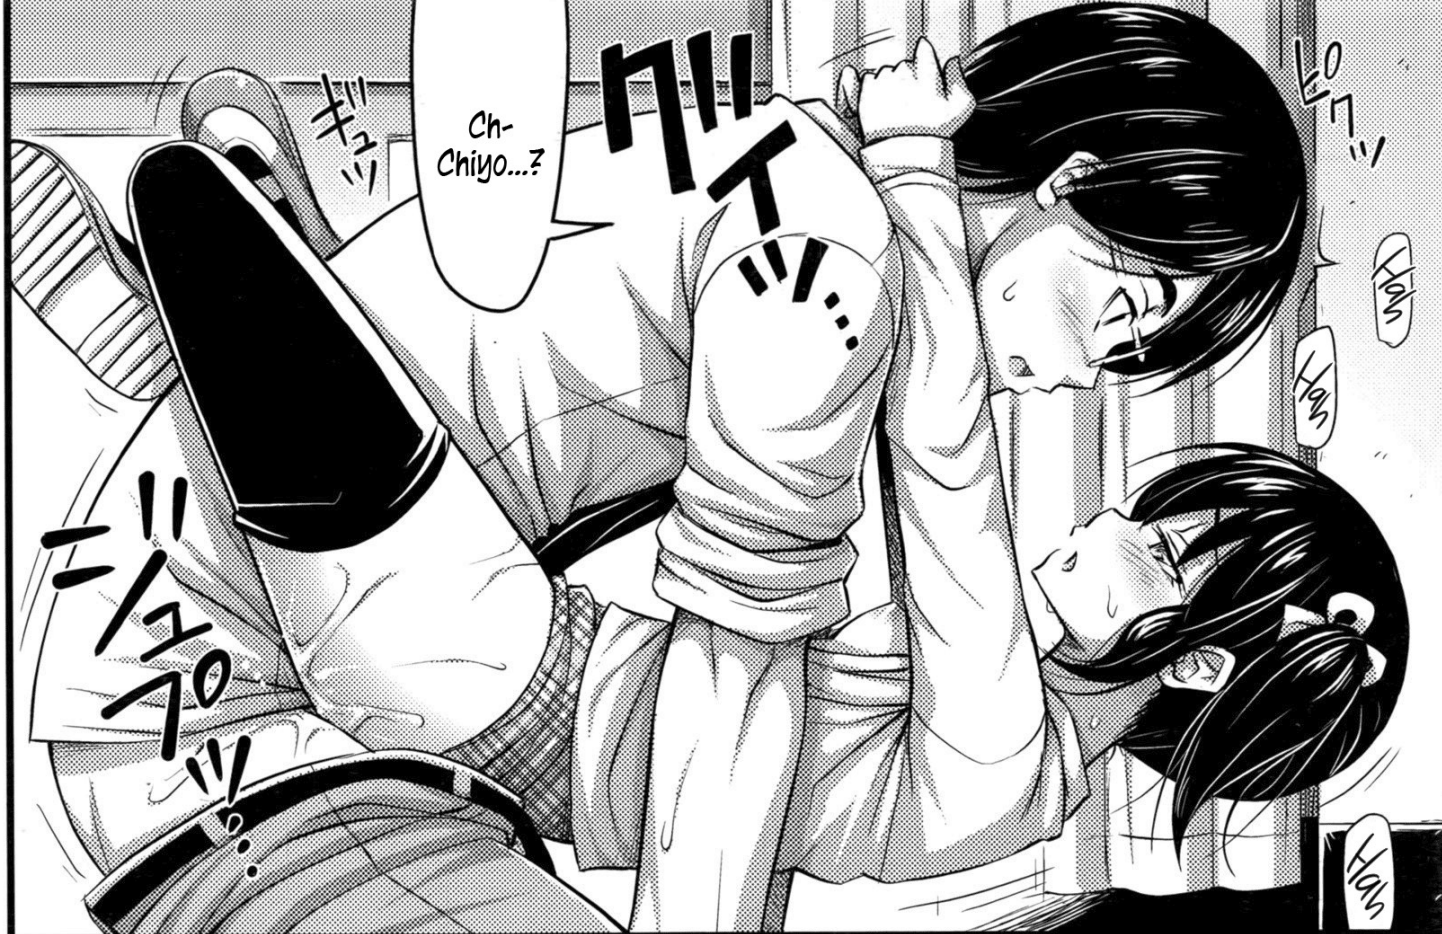

I simply devoured Chiyo's body while resenting that it was the last time I could.

I couldn't hold back my emotions.

If only we could stay in this moment forever...

...I can't believe it's really over.
