著者名：シャー

I apologize for this book being a photo-copied one.  
The idea for the next book has been decided, so  
hopefully I can do better.

Just in case you are wondering, the two guys in the cover  
(and up there) are my originals, Ryona Monster and Hara Panda.  
They get along very well.

I know, you don't need to remember that.  
OK see ya~~~
