

I'll tie my shirt up like this and move my skirt down so my belly is stands out

先ゆつ

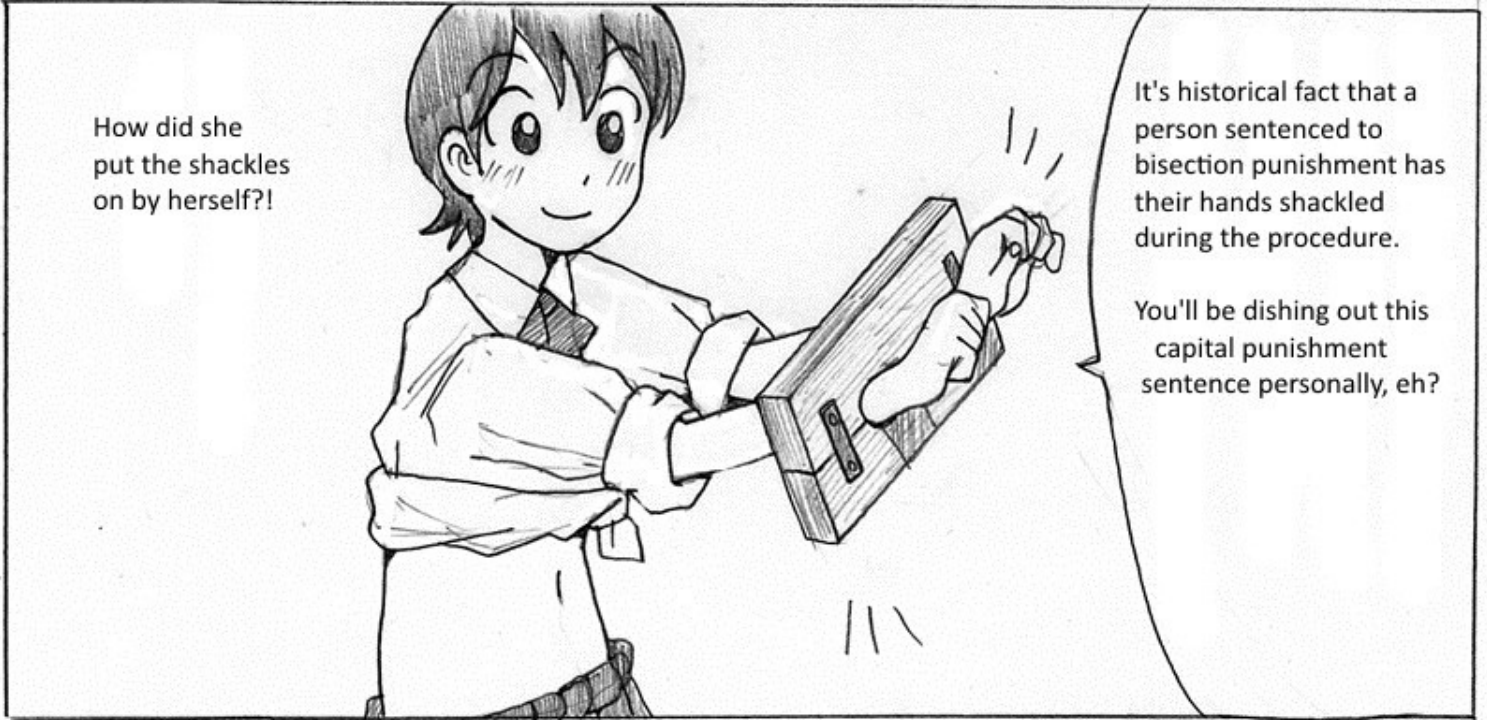

wow, she's eager..

alright, everything's ready, lets hurry up and get started!

beneath the bisection rack

we laid out a waterproof sheet

How did she put the shackles on by herself?!

It's historical fact that a person sentenced to bisection punishment has their hands shackled during the procedure.

You'll be dishing out this capital punishment sentence personally, eh?

Since this will be a big hit, the video will probably fetch a high price.

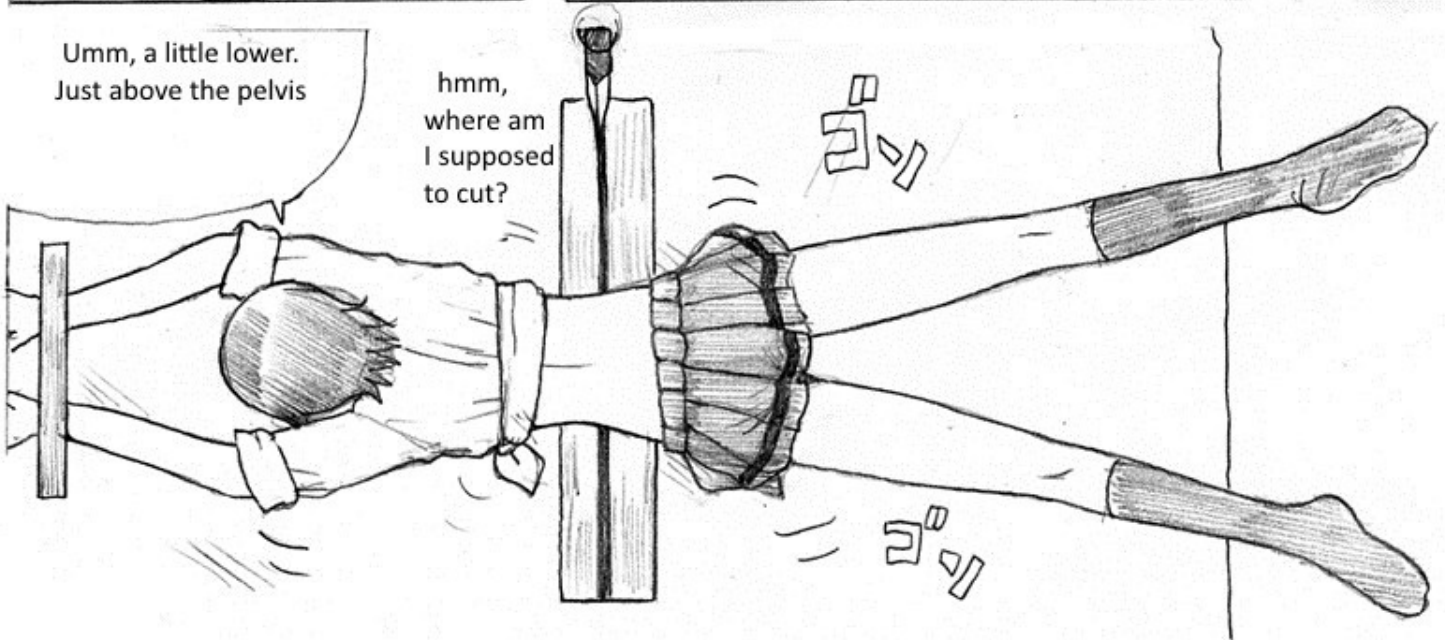

In preparation for my role, I have we have a video camera to record your personal experience

well then, we're just about ready to begin

Umm, a little lower. Just above the pelvis

hmm, where am I supposed to cut?

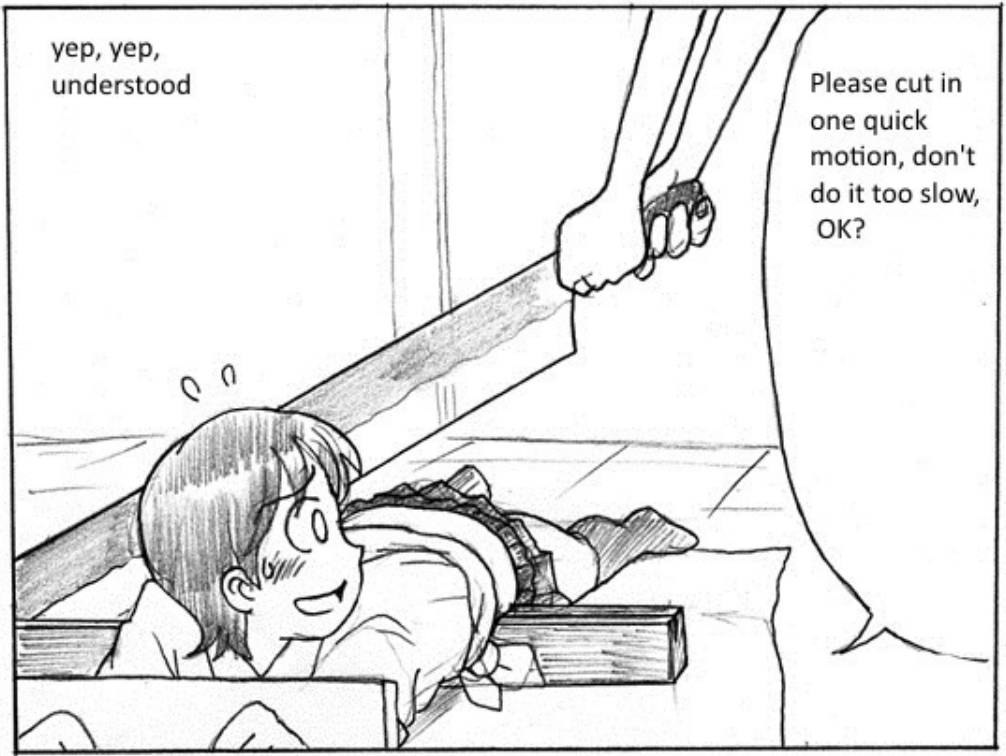

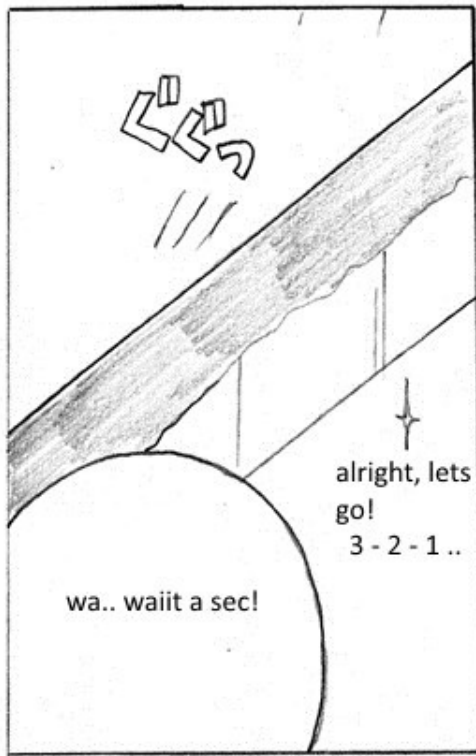

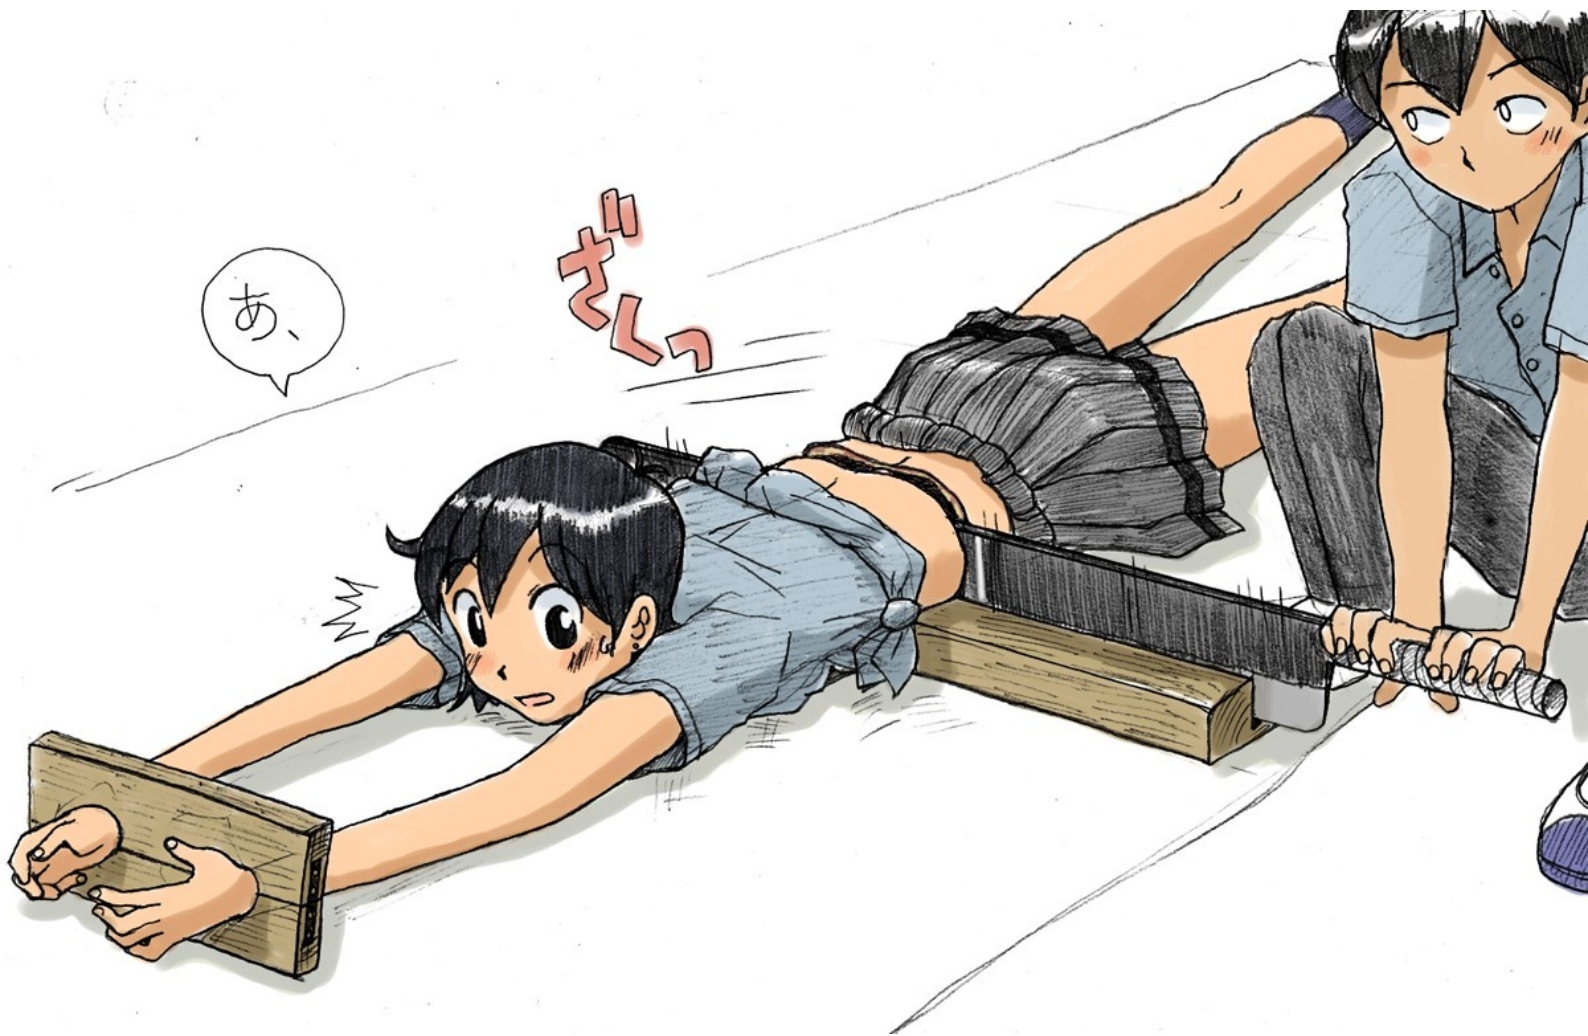

.. but this corner of wood pressing against my stomach is starting to hurt

Once I cut, you have less than 15 minutes to be revived and restored to normal. If you ask me not to, you'll really die and I'll notify everyone afterward.

Understood?

The cut pieces are good eh?

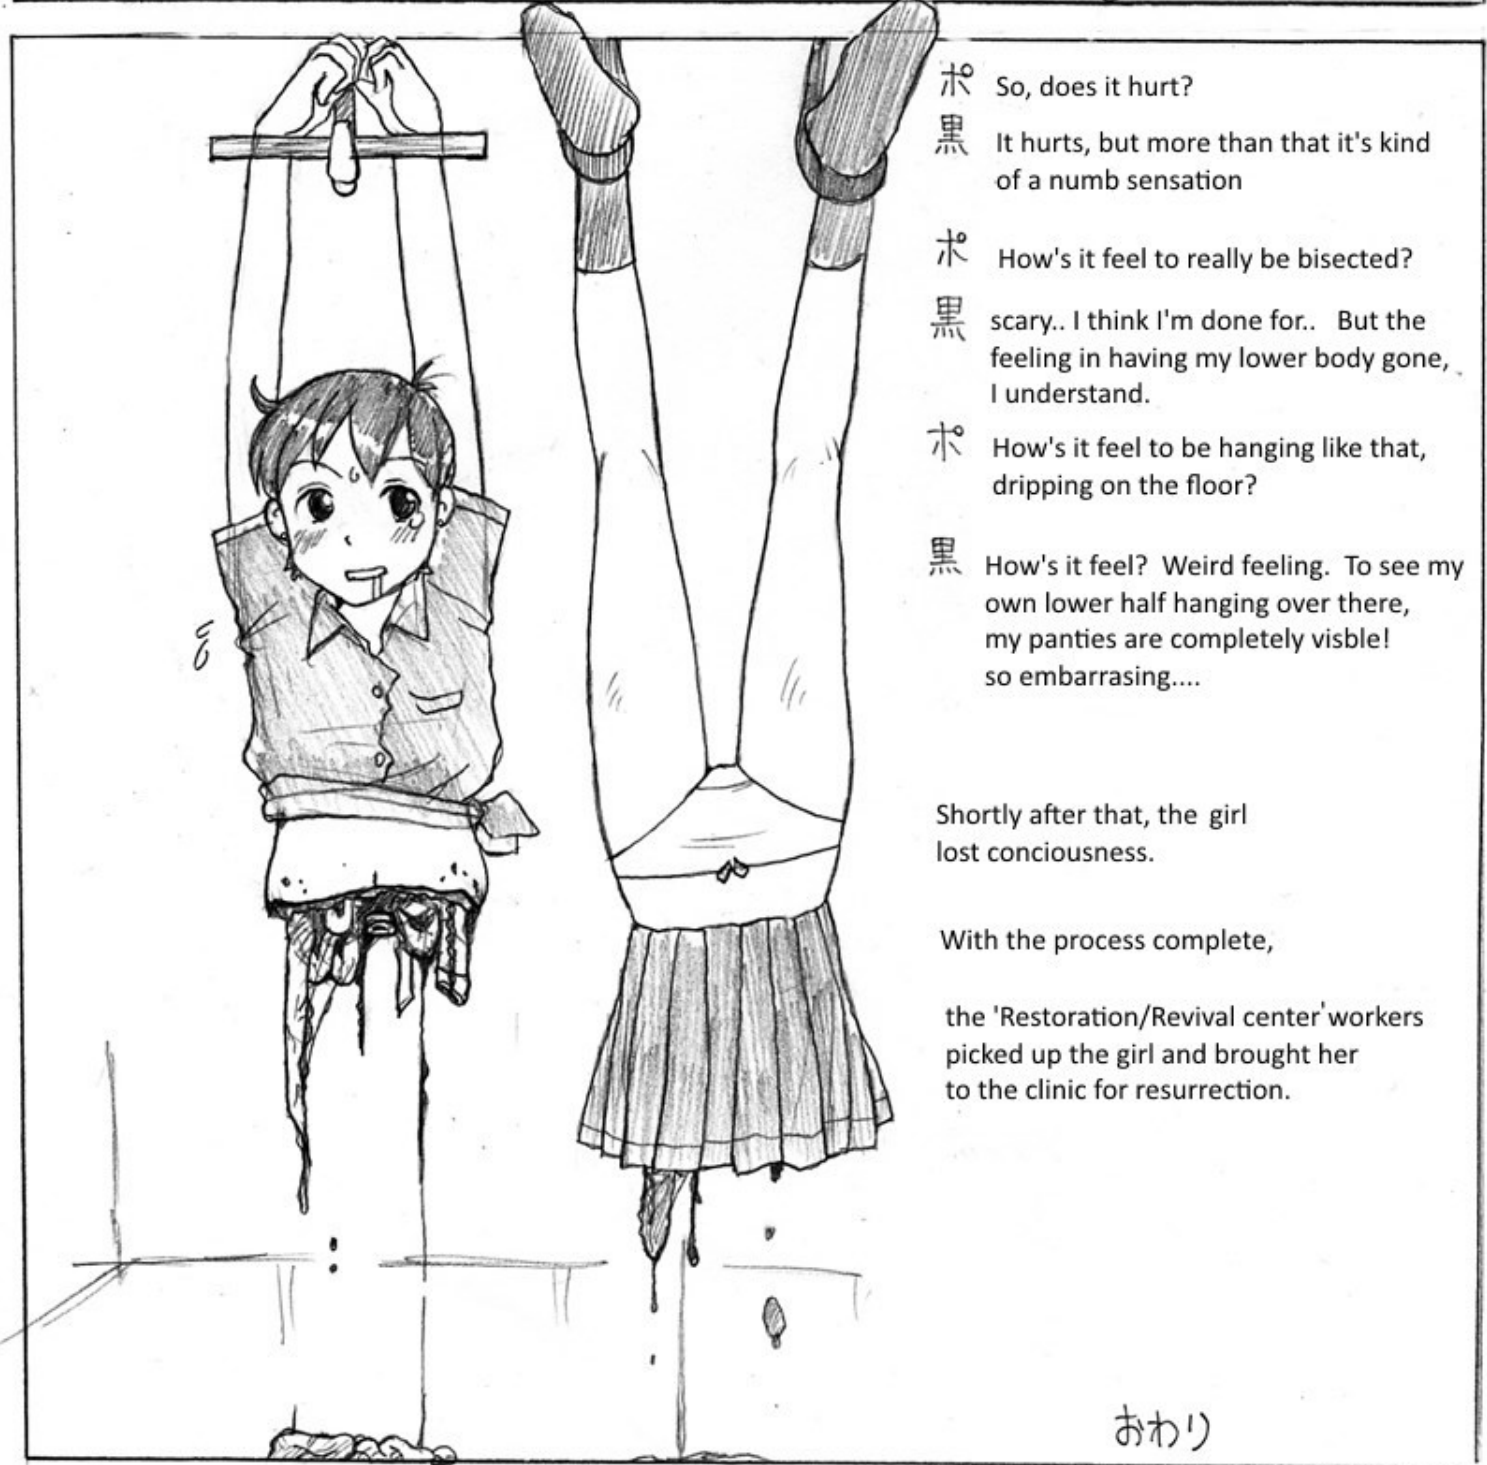

The girl was quickly cut, and she was picked up and hung from the ceiling.

We're able to get hear her true thoughts and feelings for the record before she departs

After being bisected,  
the girl seemed to have  
become very lightweight

ポ 黒 So, does it hurt?

黒 It hurts, but more than that it's kind of a numb sensation

ポ How's it feel to really be bisected?

黒 scary.. I think I'm done for.. But the feeling in having my lower body gone, I understand.

ポ How's it feel to be hanging like that, dripping on the floor?

黒 How's it feel? Weird feeling. To see my own lower half hanging over there, my panties are completely visble! so embarrassing....

Shortly after that, the girl lost conciousness.

With the process complete,

the 'Restoration/Revival center' workers picked up the girl and brought her to the clinic for resurrection.
