# Plan to turn the neighborhood boy into a trap

By Ponsuke

Onii-chan, you moron!!

Huh?

This is Hikaru, age 12. He lives in the neighborhood.

You... haven't done it with me at all lately!

One time I saw him playing by himself, so I went and talked with him, and that's when we became friends.

Don't tell me you got a girlfriend!

So that's why...

A year back, we were having a bit of a racy talk and I ended up teaching him how to jerk off, but then I got horny and made a move on him. He didn't push me off and now we're in a sexual relationship...

Huh...? Why are you mad?

I've just been really busy lately. Sorry...

Hikaru must be at that age, because lately, he's just been a bundle of horniness.

For making you wait so long...

Onii-chan...

I'll never get used to how cute your dick is!!

Ab

I'm gonna make you feel like heaven, okay...?

Onii-chan...
