
キーンコーンカーンコーン。。。
Okay, that's enough for today~
Try to keep the condoms you all got hidden from the guys, okay~
OKA——AY
That was pretty gross...
Hey, Moe~
Eh-

You can have the one I got~ ♡
You know, I still have the one I was given...
Come on~ Just take it~ I don't have a boyfriend or anything, but you can use it with Sugimoto-senpai~
What's with that...

Oh, right, you've just recently become a couple~ It's still too early for you two, isn't it~
Listen here...
Oh, but Sugimoto-senpai seems pretty awkward so I can't imagine him doing anything to you~
.....

I'm just worried about you, Moe~
'Cause I want things to go well between you two~
Koto-chan...

Are we doing it again today?
She has night shift.
Hn...
You don't want to?
Is your mom not home today?

Raise your butt a little.
It's not that I don't want to, but...
And he's already taking off my skirt...

AH
I can never tell Koto-chan about this...
WE'VE BEEN HAVING SEX EVER SINCE WE STARTED GOING OUT...

The floor's hard, right? Sit on the bed.
Ah, here's a cushion.
Aahh~ How sexy~ Can you lift your butt just a little more?
This is so embar-ras-sing...
Your thighs are so smooth~
That tickles...
Senpai, you're kinda different when you're all alone with me, aren't you...
Huh? I am?
I mean, Koto-chan called you "awk-ward".

Ooh... Yeah, you're pretty much then only girl I can talk to normally, Moe.
His breath tickles...
And when I'm alone with you, I get really aroused for some reason...
You've started enjoying it lately, too, haven't you?
Ah-
That's dirty~
But you like this, don't you? Should I lick you directly?
Uu...

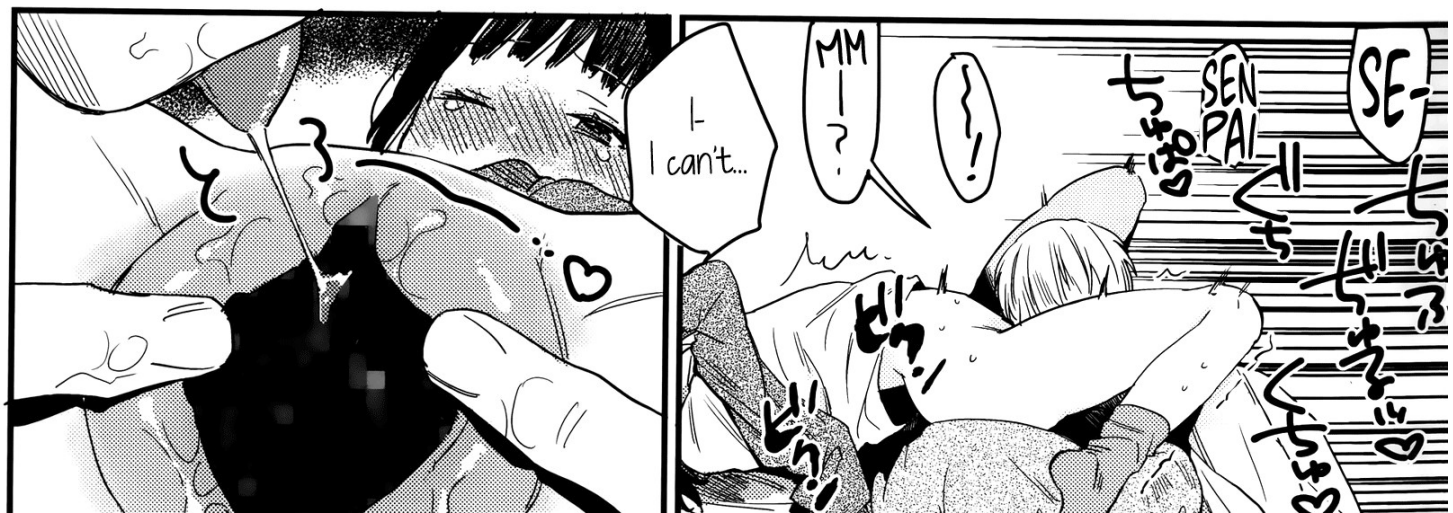

You don't have to ask about that stuff...
But you get so cutely embarrassed about everything so I can't help but ask.
Come on, tell me where it feels good.

ちゅ…
