I FINALLY FOUND FIXED EMPLOYMENT.

IN THIS DAY AND AGE WHERE EMPLOYMENT IS HARD TO COME BY,

NOW, I'VE RENTED A PLACE NEAR MY NEW WORKPLACE! HELLO, SPARKLING OFFICE JOB LIFE!

EVEN AFTER I GRADUATED COLLEGE, I COULDN'T DECIDE ON THE CAREER I WANTED SO I RETURNED TO LIVING UNDER MY PARENT'S ROOF IN SHAME.

You haven't decided yet?! You're supposed to leave the nest while your parents are still alive

I'm really sorry. I need to live here, sorry.

My own castle!

Works part-time jobs

THAT'S BECAUSE IT WAS A REAL REACTION!

NICE SATOU! THAT WAS A REALISTIC IMPRESSION OF THE AVERAGE MALE'S REACTION!

HOLD ON! YOU'RE NOT REALLY PUTTING THAT IN MY A...ASS... RIGHT?! EEH?!

TO PROVE IF THIS IS TRUE OR NOT! WE WILL DEMONSTRATE ITS USAGE ON SATOU.

THUMBS UP

WELCOME TO H SALES DEPARTMENT DIVISION 2!

ONCE AGAIN,

SALES DEPARTMENT DIVISION 2

★ ★ ★

This time, to those who've picked up "H Sales Department Division 2", thank you very much!

I really wanted to draw characters in suits, that's how the idea for this story came about. To think that I grew so attached to these characters and now they're being published.

There is a lot more content I want to draw, but due to lack of time and resources...I could only draw Satou-kun joining H Sales Department - Division 2. If I get another chance, I hope I can deliver a continuation.

I mentioned a Sales Department - Division 1. They also sell adult goods and I think this'll include cosplay items. I think it was also fun creating the details of the attachment style dildo. It's fun creating an original toy and include it in a manga.

This was meant to be a cheap and easy to sell one-shot gag manga I made for fun. (lol) So I hope you guys enjoyed it.

# TRANSLATOR NOTES

## The Importance of Business Cards

In Japan, your business card is an extension of yourself. If someone gives you their business card, it's an honor and you need to take care of it or else you disrespect the other person. (Very different culture than in the West where a business card is just another piece of paper with contact info.)

There are strict rules you follow when it comes to taking and caring for these cards like:

- 1) Take it with both hands.
  - 2) Do not write on them.
  - 3) Do not put them in your back pocket.
- (And MORE that I don't want to write lol.)

It's weird to Westerners how sacred this tiny piece of paper is, but that's just how it is in Japan.

## Doesn't That Pinch?

So...that's not a spring (I saw comments about this in the raw.) It's a bellow shape. Imagine an accordion style tube. It's not a metal coil, but a plastic tube. (Google bellow tube and

If the tube doesn't contract/stretch (like an accordion) then it's just there to be a static tube with ridges for the sensation because it'd be bumpy. It shouldn't really pinch since the ridges aren't that far from the center tube structure if it did stretch and compress.

Hopefully you understand what I mean. haha. Just wanted to clarify.

**Please keep credits page intact on all my releases!!**  
**Do not tweet about my release or spread it around. I don't want Panda#4 to find them and not want to make doujins anymore.**

It's been a while since my last release for many reasons. My life got busy and I lost some interest working on this project in the middle. I just got tired of redrawing all the dicks nicely and actually had a time where I thought about deleting all my redraws and releasing it censored but here we are...full-view uncensored penises.

Honestly you guys, give props to scanlation groups that actually redraw very well. It's a pain in the ass. I didn't want the dicks to look weird so I redrew a lot of them multiple times. I made sure to include all the details I could tell the original artist drew it. So when ya'll fapping, please fap to the dicks and cute assholes. I drew them. Keep me in your heart lol. (I only didn't draw one of the dicks...bc Panda didn't draw it..the tiny XL dick panel.)

Just as a warning, some small text, if you look at the raws, I didn't translate. I couldn't even read them that well because the image sizes are small. I translated as much as I could though.
