Oh, oh, oh-? Yamada, your girlfriend's pretty popular around here-

Oh, yes, I looked it over.

I found some parts that might need some retouching, mind taking another look at them?

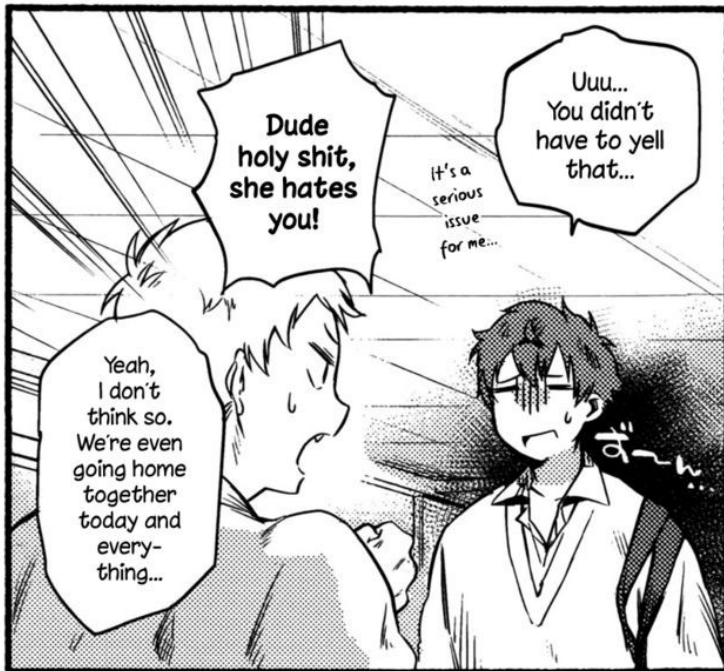

I'm like 100% sure he's doing that just because he wants to talk to Senpai.

And man, look at how he's only staring at her chest. I'm amazed she can still keep a smile on her face-

Thank you so much..!

Dude holy shit, she hates you!

Uuu... You didn't have to yell that...

It's a serious issue for me...

Yeah, I don't think so. We're even going home together today and everything...

When the mood gets like that she just shoots you dooowwn?!

I've been reading my sister's shoujo manga.

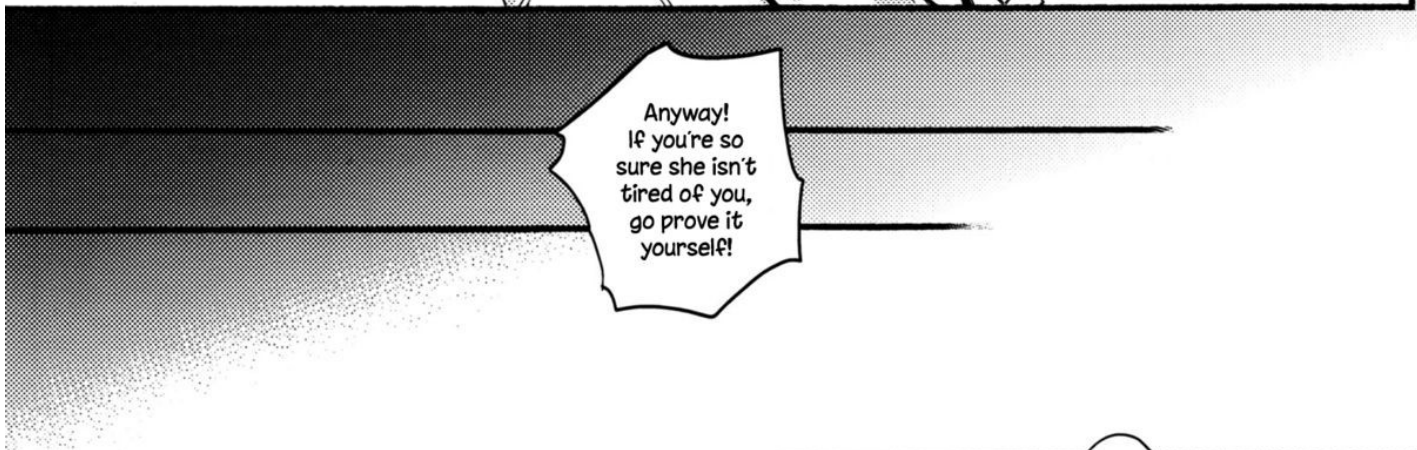

Can I get a source on that?

Listen closely, my boy. Women are weak against assertive men.

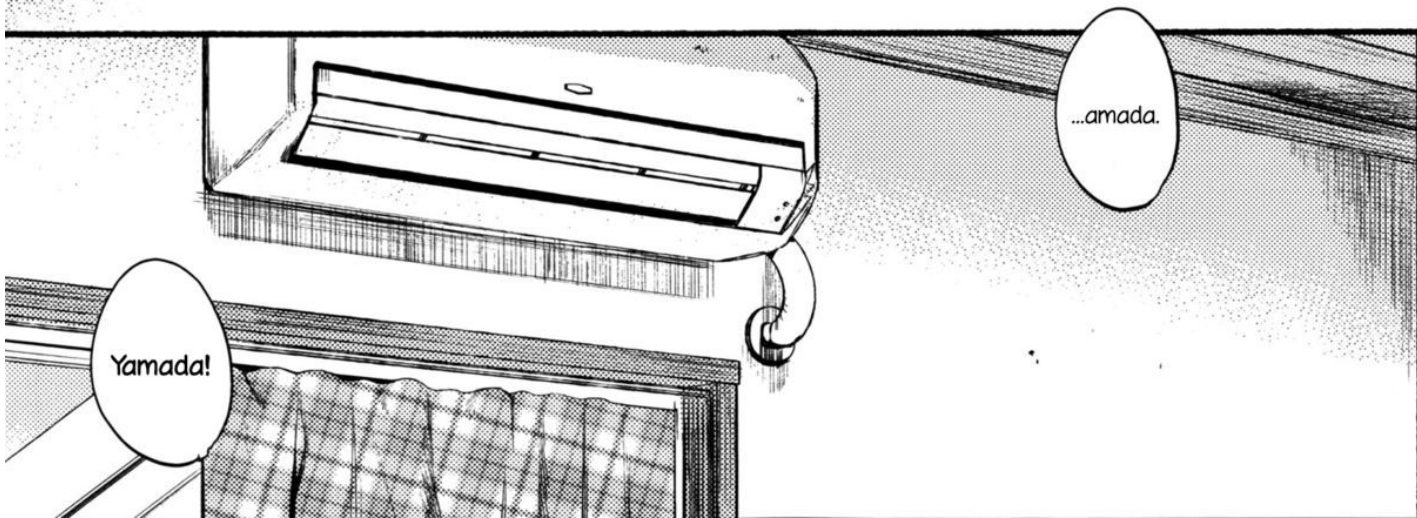

C-Can I really trust that info..?

WHISPER

Anyway! If you're so sure she isn't tired of you, go prove it yourself!

Yamada!

Are you feeling under the weather?

You're so deep in thought... What's wrong?

THERE'S NO WAY SHE HATES ME, I'M JUST OVERTHINKING THINGS... I MEAN, SHE'S STILL SO NICE...

And her thighs are touching mine!

I mean, Yuri-senpai, every time I try to touch you, you just get mad...

That you must have gotten tired of me...

Earlier today, my friend told me...

Um, and, well... My body... might look weird...

THAT'S IT..?

Because being touched by the one I love is just too embarrassing...

I've wanted to do this for so long...

Uu...

And my patience has reached its limit!

I don't want to do this after all!

This is just too much! !

Hya...

I've waited long enough!

わお!!
