Are you done yet?

All you do is slack off on weekends, and at home you wear jeans full of holes...

I was still dealing with my heart-break back then...

■ Afterword ■

A friend working in a chemicals company told me "There's these two girls who...", so I tried drawing it. (Heavily revised, of course)

I thought about making Arai wear her Labcoat with nothing underneath, but it made her look like an exhibitionist, so I gave up.

I hope you enjoyed it.

Arai

Went to grad school

Came from another company

A lot older than Morishi

Why her lab coat is so loose? So she won't be exposed to chemicals if there's a spill... in theory.

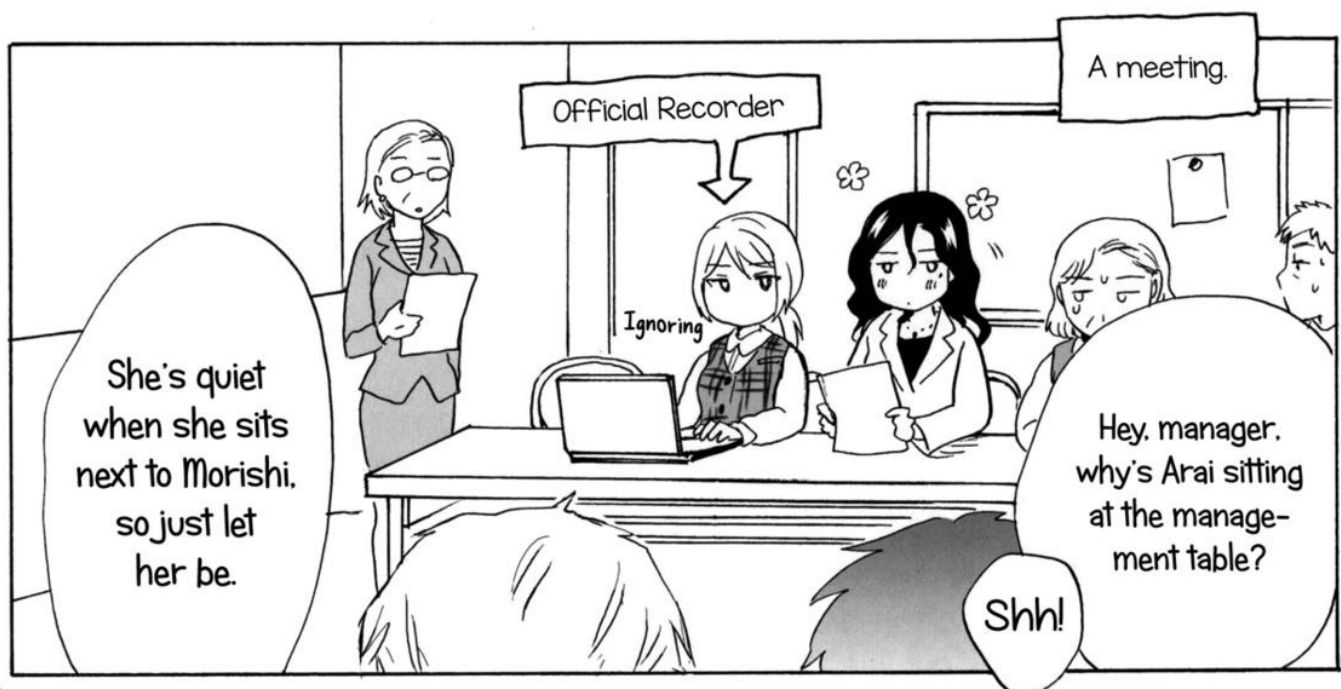

Wearing of accessories is forbidden while working.

Safety Equipment

The toe of her shoes is steel-plated.

They're heavy and cold in winter.

She's quiet when she sits next to Morishi, so just let her be.

Official Recorder

Ignoring

A meeting.

Hey, manager, why's Arai sitting at the management table?

Shh!
