Aferwords

It's already been over 10 years since the first time I drew Eliza,
but I wouldn't have expected to make a doujin like this.
I'm sorry,, to have made such content... (sweat)
The drunk Eliza, the evil drunk Eliza, and her younger brother Eliot
are unofficial creations made by me, so please do not misunderstand.
Also, the environment that became a modern city in the middle is just a fantasy...
Was this project generally accepted!? I received the consent from Yunzo,
the original author. Thank you a lot!
