

...line, please transfer here.

Please head to the front in an orderly manner if you are getting off.

Yeah...

By yourself today?

Oh, Fumi. Morning...

Good morning, Maiko!

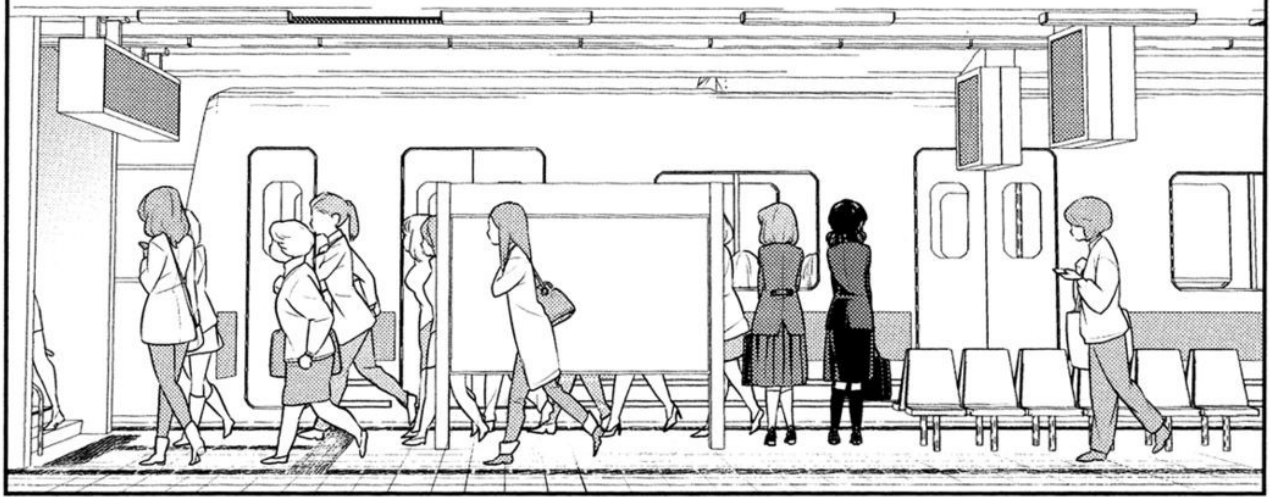

Risa's not here yet...

Is My Hobby Weird?

Chapter Six COMAKU

But if she's sick in bed or riding on the train, I'm sure it would be hard for her to reply...

In these situations...

I can text her something like, "How are you?"

Risa... Is she taking a day off?

.....

Please be careful.

I'll text her "I went ahead of you!"

Okay.

If she's not on this one,

The door is opening.

Is she really taking a day off?

.....!

I don't see her...

Risa...

That can't be true...

You were just calling out to people with nice butts and got lucky, right!?

Th-

No!

Every butt is different!!

Butts express a person's personality, lifestyle, nature, hobbies, ideas...

Your
butt is
the way
it looks
because
of you,
Risa!

The
butt of
the person
I love...
I'd never
mistake it
for anyone
else's!

...I don't
get it.

Why
couldn't
you kiss
me then?

.....

"Kisses are supposed to be special, so I don't think I can..."

Remember what you said!

Huh? Wh-What do you mean?

What...

It's the opposite!

That meant

you didn't want to kiss me, right?

So that's how you felt...

That's why I said that...

I thought I shouldn't wish for something as important as a kiss...

I was mistaken.

...Sorry.

because I wasn't important to you...

I thought you couldn't kiss me

I wanted to know if our feelings

So I disguised myself

That for you, I was just a girl with a butt you like...

were mutual or not...

to test you...

If it's about butts, it didn't have to be me...

Huh?

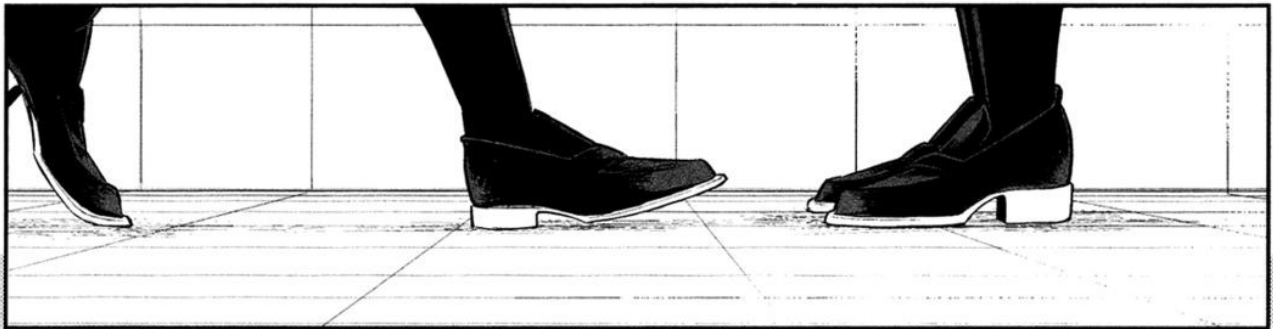

D-Doesn't that mean...

who feels that way, Maiko.

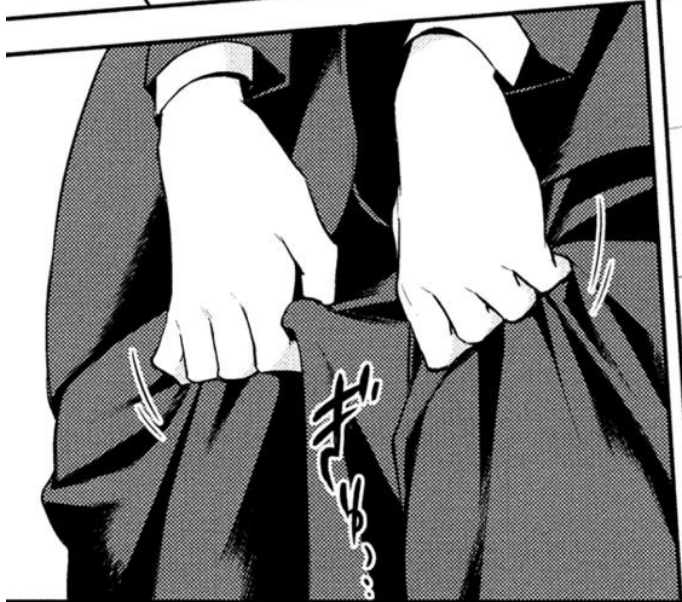

You're not the only one

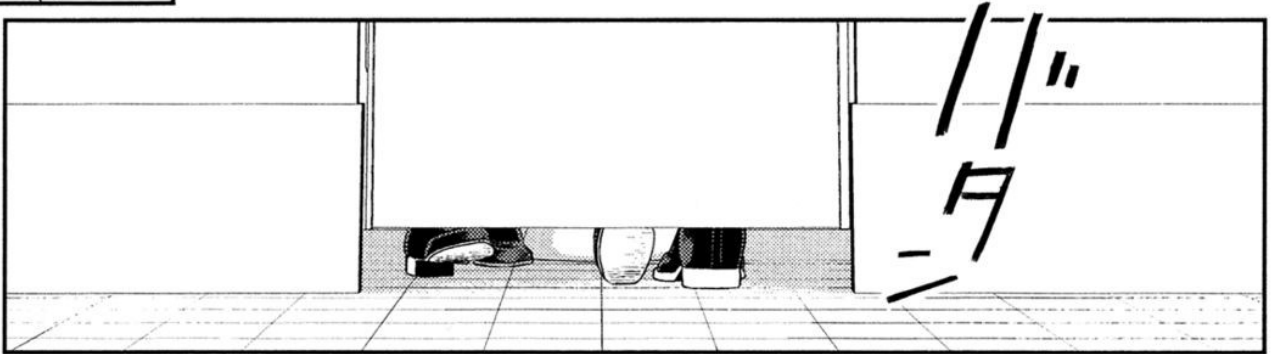

Maiko!
I love
you!

I love
you!

I...
I do
too...

Hm?
What
is it?

Oh,
I have to
apologize for
one more
thing.

.....

I better
apologize
to Fumi
as well...

I thought
you would
stop us if
you liked
Sorry... me.

I was
trying to
test you.

I don't
really think
of kisses
as just
greetings...

My kiss
with Fumi
was my
first time.

So don't
worry
about it!

I really
enjoyed
seeing
that...

But that's
what I like
about you.

Huh?

I'm not
sure whether
you're trying
to be positive
about it
or not.

Huh!?
