

...It's no use. It's gotten too dark.

The girls! Find them!

They've escaped into the forest!

Ha...

Ha...

We'll have to hunt those witches tomorrow!

Why does it have to be like this! ...We just love each other, but...

グス

Marie...

The church of our region regarded sodomy like it was an enemy.

Suspects would be given to the officials, and if they then judged them to be witches...

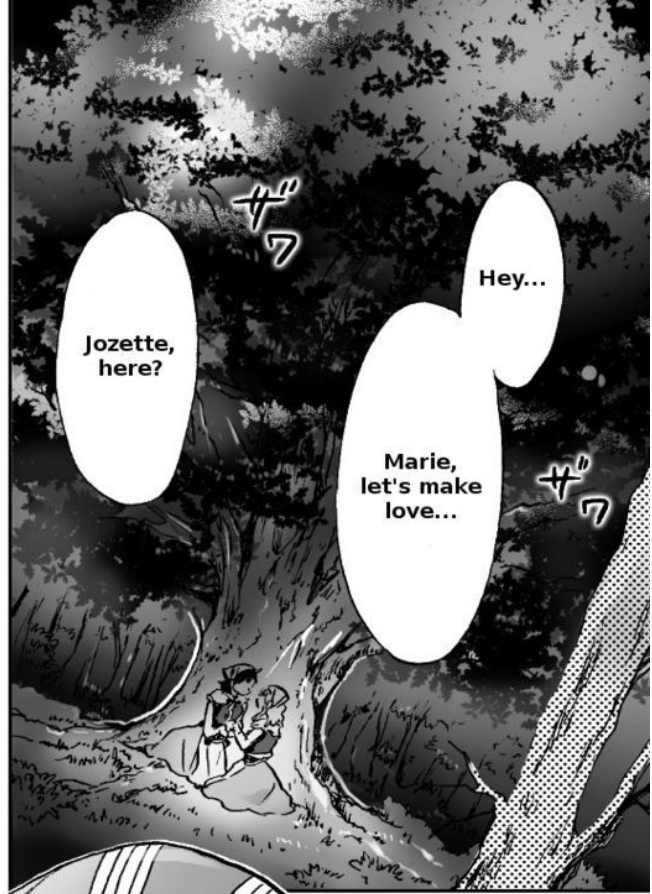

They might be burned at the stake.

ドリアードの花嫁達

So long as I'm with you, Marie, I'm not afraid.

Let's make so much love, and then, before the adults of the village can find us, let's die together.

Jozette, here?

Hey...

Marie, let's make love...

Yes!

As if in a dream, a strange fog began to encircle us...

Fufu...
Such beautiful girls you are.

We gripped our two bodies close together. We didn't notice, but...

That's... a spirit of the wood! A Dryad!

They usually never reveal themselves before humans, though!

What's wrong? Won't you keep going?

Heh

...Unless they plan to consume their spirit...!

Fufu...

Yes, they will do quite nicely.

These girls...

Their hearts are as beautiful as their bodies I see...

Jozette, no! You can't...

D... Don't you come any closer to Marie!

That's so sad...

I think I'd like to save you.

Why?

You two. You're on the run.

Eh?

If they catch us, they might kill us, so...

...Um.

The two of us, we're more than just friends; we're lovers. But the people of the village managed to find out...

Ah...

Really!?

They need the seed-bed of a human female's vagina.

But for these seeds to be able to grow...

Ya... ah!

St-Stop!

After awhile, I started to feel that I wanted children.

For many long years I've resided in this forest, but...

oh...oh

So~ Here are my seeds. I will plant them inside your two pure wombs.

Accept them into your bodies...

I'm so glad to have found females with whom I can entrust my children.

Ya... ahh!!

Oohh!

You will become my brides.

I feel something... deep inside my belly...!

...Nh.

Noo! It's going inside...

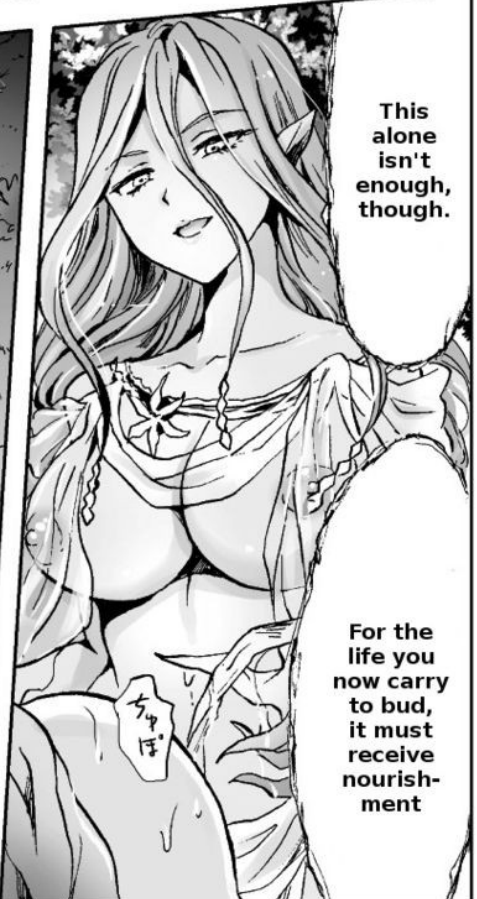

Do that, and via your female bonding, you will both make each other pregnant.

So... what you were doing earlier; resume.

Let your feminine essence overflow and water these seeds.

Pregnant...?

This alone isn't enough, though.

For the life you now carry to bud, it must receive nourishment

This is so sudden ...

W-Wait!!

I want to raise our two children ...!!

Meeting this dryad like this, it had to be fate!

Marie ...!

Please, please, release me...

Tom-boy, aren't you?

And what if you do remove my seed from your womb? What then?

No doubt your baby will be a cute one.

An expectant mother's health is very important, after all.

I brought you some nourishing sap to drink again today.

Right.

--After that, our bellies

Steadily started to swell.

After the children are born, we don't know that she might not decide to kill us...

What if Dryad is really a wicked spirit? What will we do?

Are things really okay like this?

I'll get us help so just wait for me...!

Whatever it takes, I just want to live together with Jozette!

Ha...
Hoo...

It's a little ways off, but maybe I can find a kind lady living in the village who could help us.

The adults from the village who'd been chasing us!?

Oh no...

Nn!

Ever since we got pregnant with the spirit's children, she had been giving us her sap...
My body was no longer that of a human's...

Marie?

Don't just suddenly disappear on me like that~

...and so

Not that I was worried or anything ...

Eh...?

Why...?

At that moment

I finally realized...

Just now...
the baby...

It moved...!

I had become a mother,
body and soul.

Without my even noticing,

Shall we go home?
Back into the forest.

so long as we have this love for one another,

I know we will be the happiest of mothers.

I don't generally tend to hold feelings for humans, and yet...

...It's odd.

Day by day, I find myself falling in love with you two more and more...

I may not be much of a human any more, but even so...
