YEAH.

UWAH, YOU'RE SOAKING WET ALL OVER.

IF YUU-KUN'S A RELIEF ...
HOUSE WASN'T NEARBY, I WOULD'VE BEEN AT A LOSS.

I SHOULD'VE JUST WENT STRAIGHT HOME EARLIER...

AND TELL HER THAT I HAD TO TAKE REFUGE AT YUU-KUN'S HOUSE.

JEEZ, I GUESS I'LL HAVE TO WAIT IT OUT UNTIL MOM GETS BACK.

DON'T WORRY ABOUT THAT FOR NOW...

I THINK I DROPPED MY KEYS SOMEWHERE, WHEN I WAS RUNNING,

Attention:

We have implemented a blog comment hosting service ([Disqus](#)) for the website reader that we are using ([FoOISlide](#)).

sample page:

<http://triplesevenscans.com/reader/series/step-up/>

If anyone who have knowledge on both Discus and FoOISlide can help us resolve these issues:

Disqus:

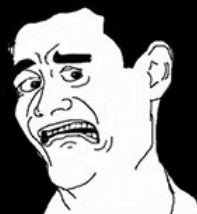

- discuss comment box takes too much width.
- discuss comment box is loading on each and every pages under <http://triplesevenscans.com/reader/> if possible we only want it to load in certain pages such as: <http://triplesevenscans.com/reader/series/step-up/> & <http://triplesevenscans.com/reader/read/step-up/en/0/0/>
- discuss comment box is placed below the footer text, if possible we want comment box to be above the footer text.

Foolslide:

- adjust the thumbnail picture size of the series to make it bigger. like in this page: <http://triplesevenscans.com/reader/series/step-up/> (it's too small we would like it slightly bigger).
- if anyone can make a foolside theme, it's also a big help.

I am not very skilled at web developing(javascript, HTML, CSS) so need some help in this area so if anyone... =(

here is my contact if anyone is willing to help:
