

In erotic manga of Gay magazine, you don't always find sex or kiss. When I firstly planned for the story, an army ready to confront a battle the coming day, I used the scene from [Loincloth of Old Japanese Army] of Sir Yashichi from the edition department. Will this be a big failure? I felt so after finished the work. Fortunately, the response from readers are positive. [Been wept over it] is the top praise for it, such opinion was from a present army man, who gave Jiraiya manga the best comment. The composer should always feel for his readers, and work to make his emotion reach them.

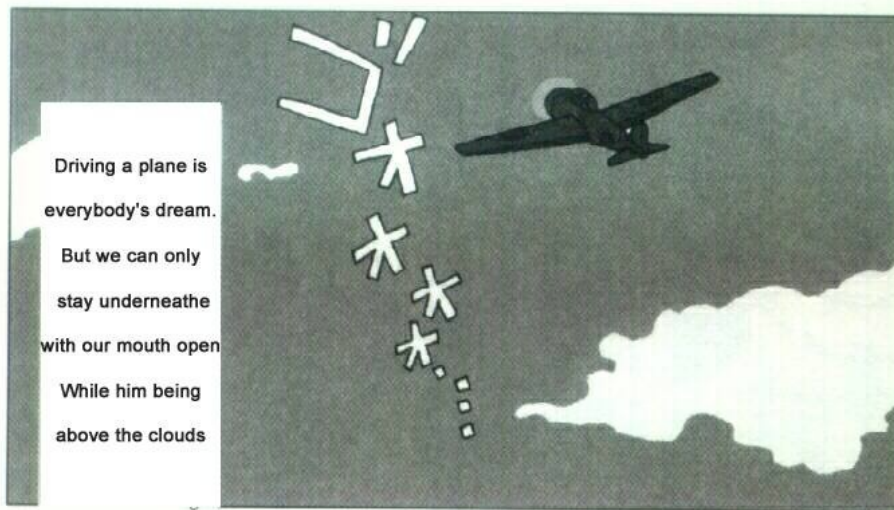

Aspiration for the elder, man love with the understanding of death, such an ending is what I like most, and also, what I truly felt and experience from inside.

A Promise

*In year 1944, a short summer
with me and lieutenant Hiraoka*

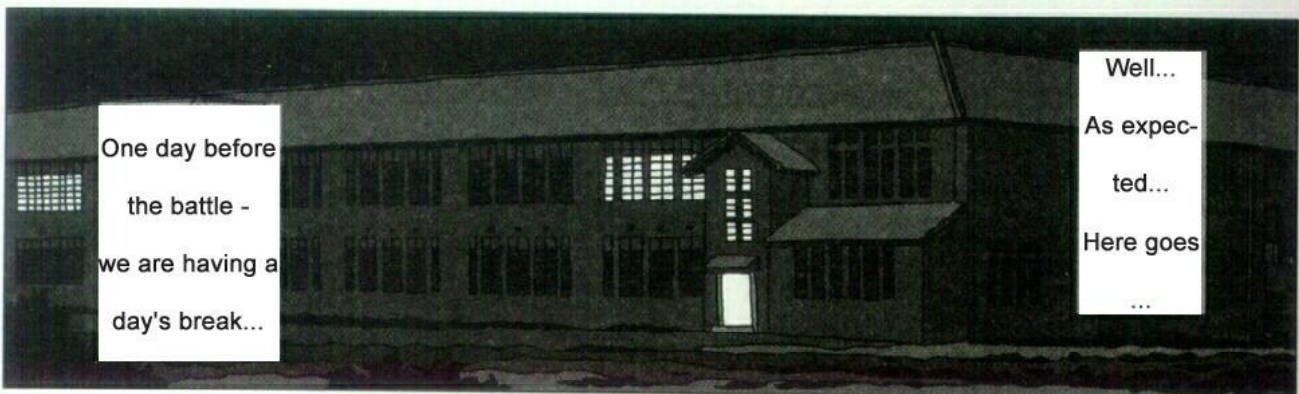

Driving a plane is
everybody's dream.

But we can only
stay underneath
with our mouth open

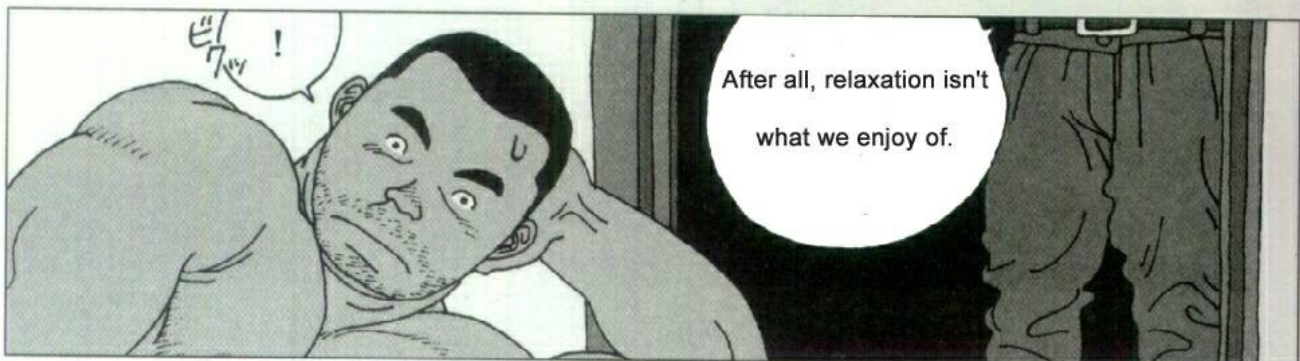

While him being
above the clouds

The striking king
Lieutenant Hiraoka
Masters the marvellous
skill of driving his plane
up and down vertically
which makes the US army
frightened

One day before
the battle -
we are having a
day's break...

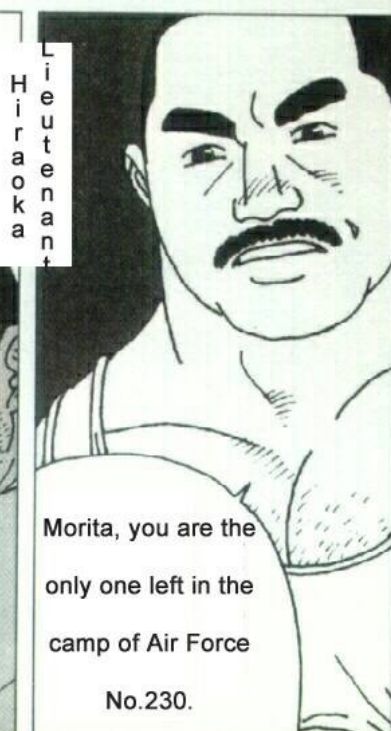

Well...
As expected...
Here goes
...

After all, relaxation isn't
what we enjoy of.

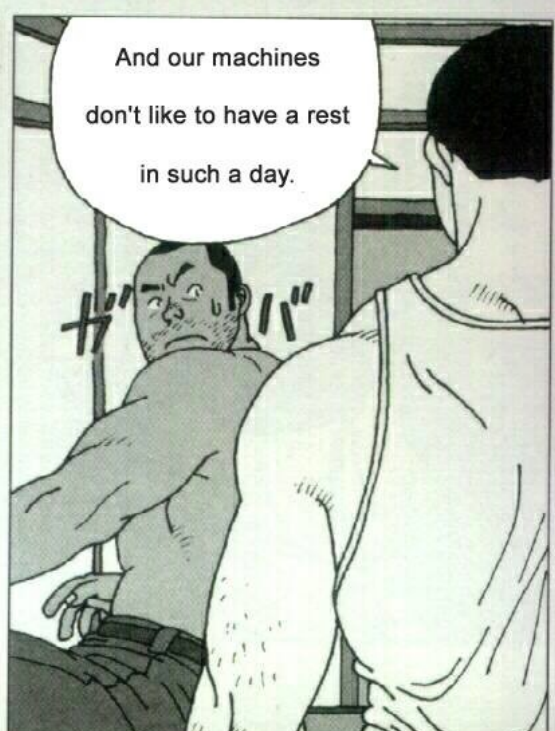

I... I am...that...

Lieutenant
Hiraoka

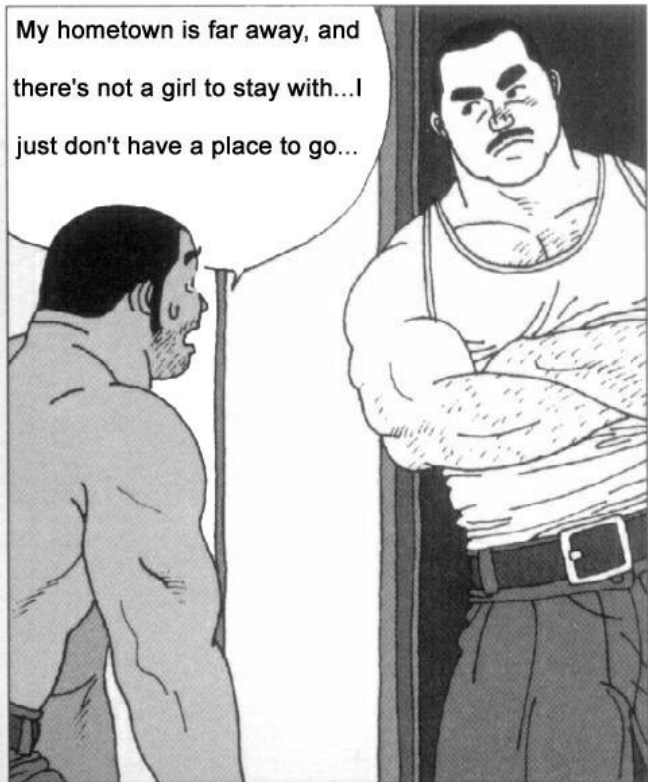

Morita, you are the
only one left in the
camp of Air Force
No.230.

And our machines
don't like to have a rest
in such a day.

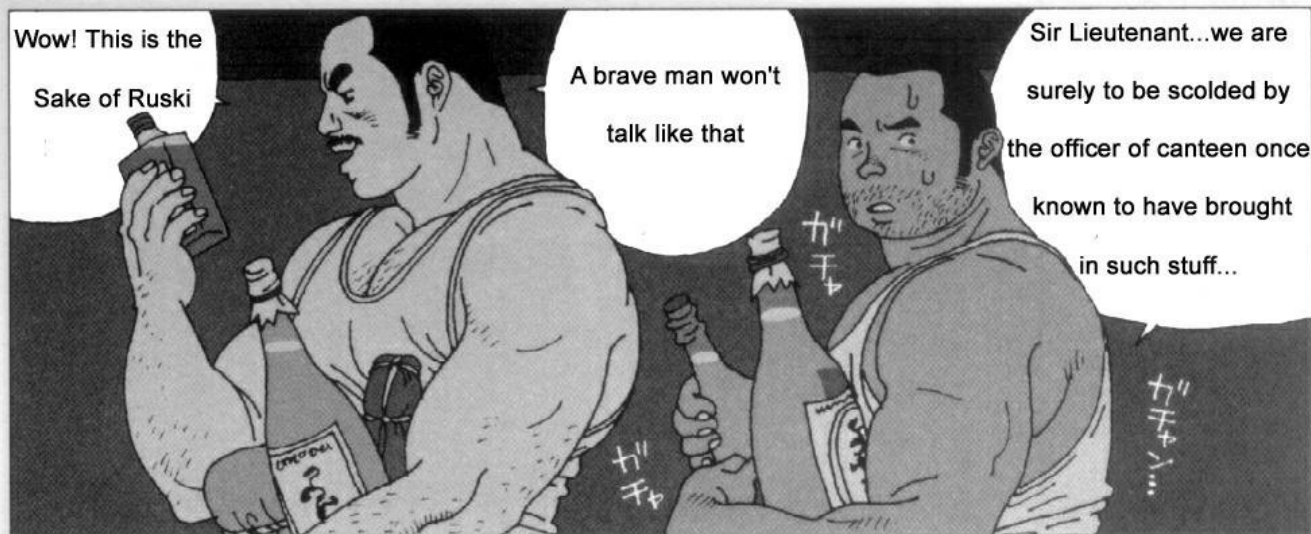

HAHAHAHA
Here I have the same
reason like yours.

My hometown is far away, and
there's not a girl to stay with...I
just don't have a place to go...

Hum?!

Wow! This is the
Sake of Ruski

A brave man won't
talk like that

Sir Lieutenant...we are
surely to be scolded by
the officer of canteen once
known to have brought
in such stuff...

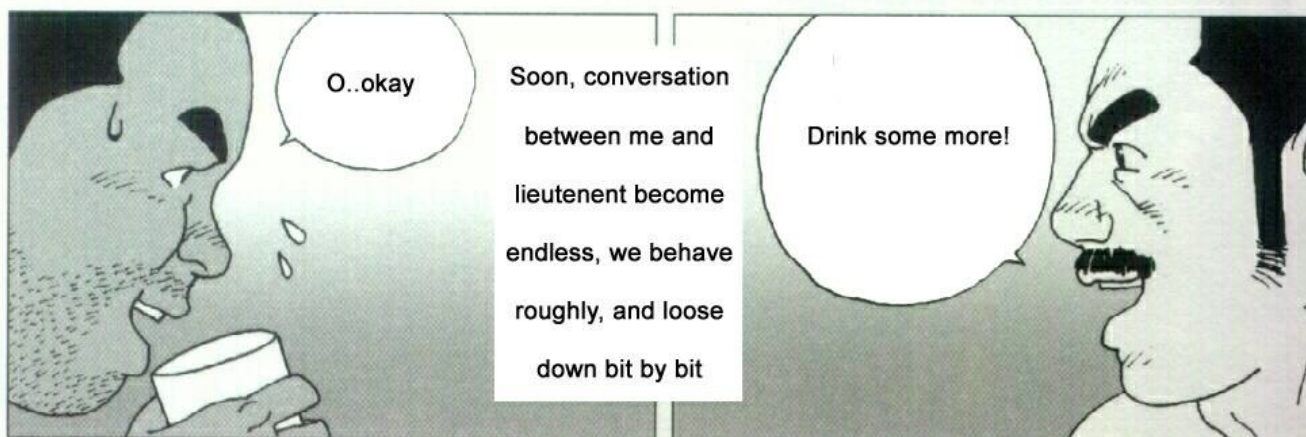

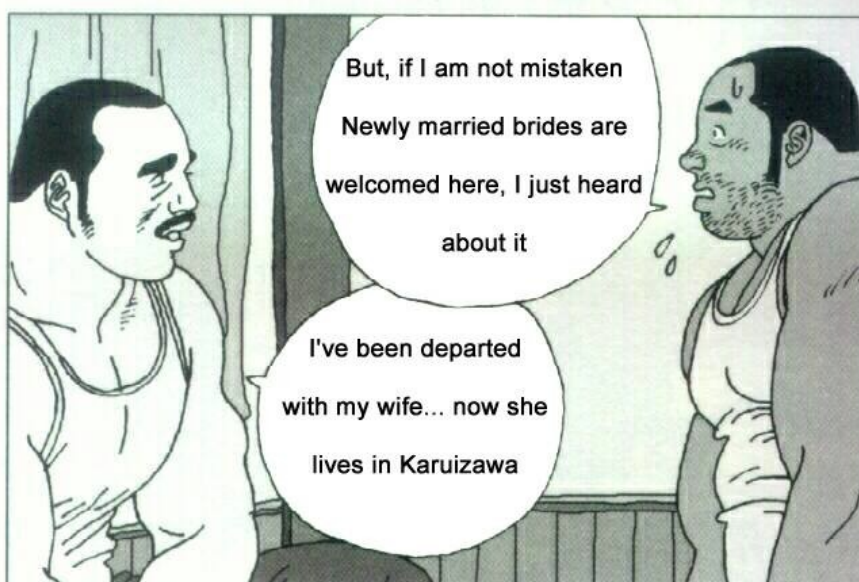

Lietenant,
saying that you
are about the
same as me...

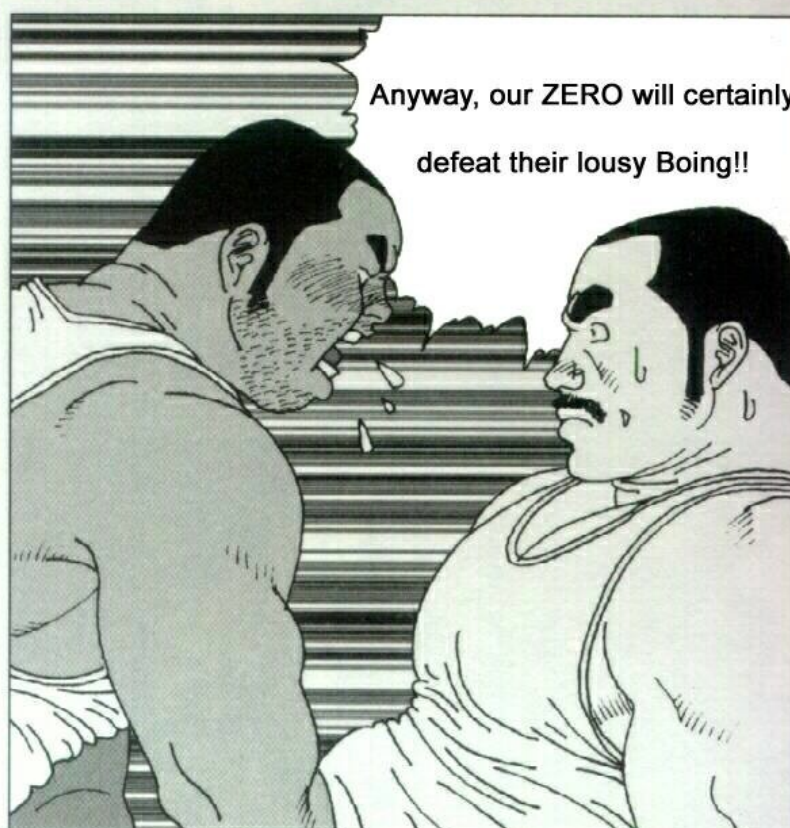

... well ...

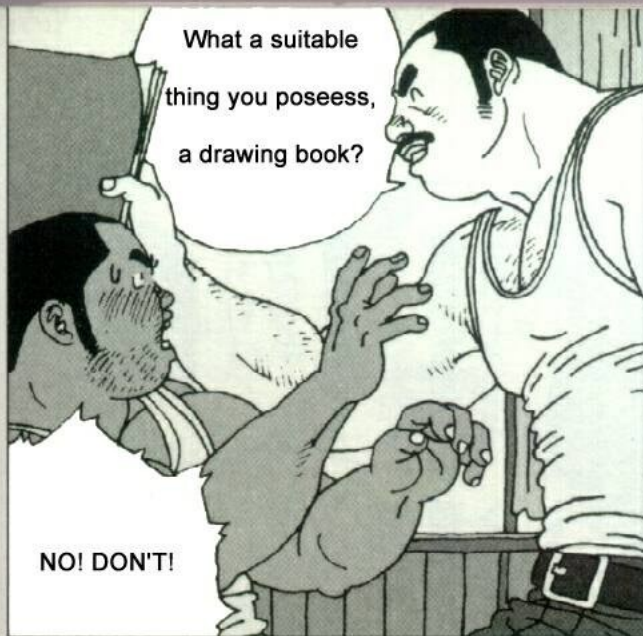

Uhm...cool

... further more... I was a little bit overdrunk

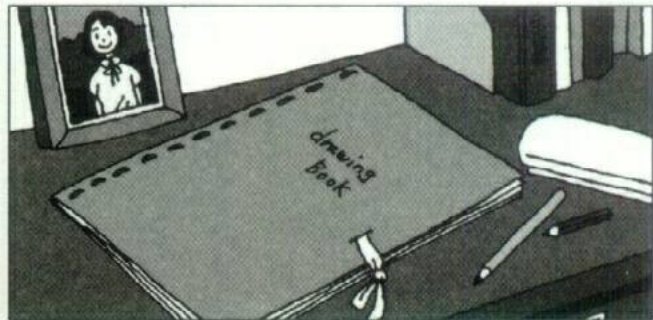

What a suitable
thing you possess,
a drawing book?

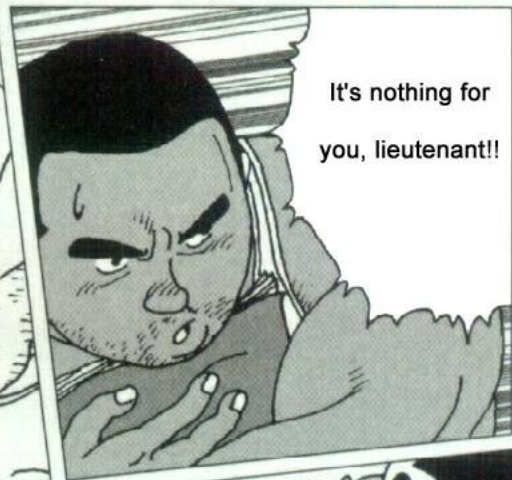

NO! DON'T!

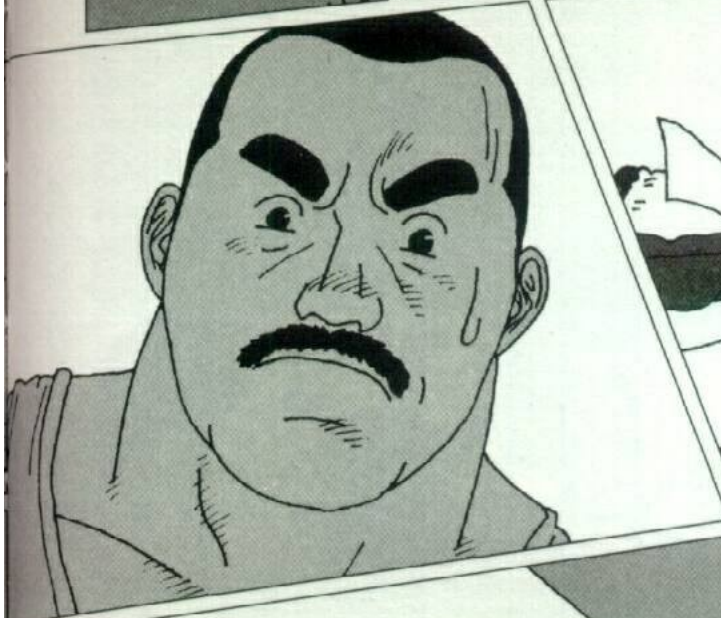

Blind belief
makes no sense

Come on,
just let me have
a look!

It's nothing for
you, lieutenant!!

S...sorry... ..

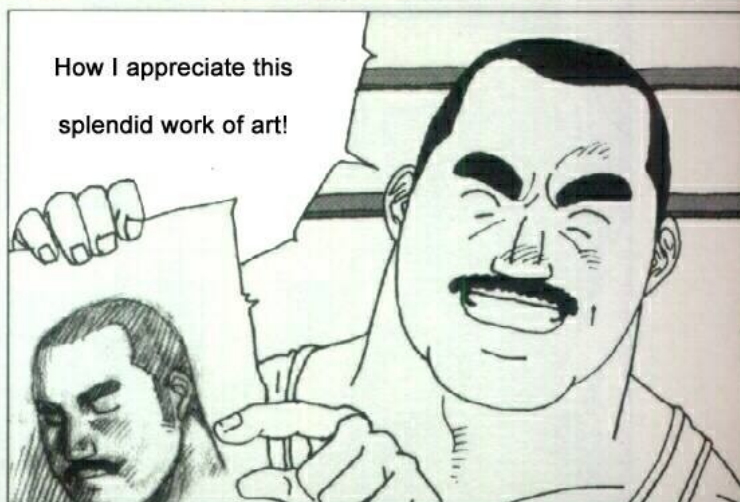

In fact...
it's been long
that I fell in
love

with
Lieutenant
Hiraoka

HAHAHAHAHA
Skillful! Ain't you very
professional?

How I appreciate this
splendid work of art!

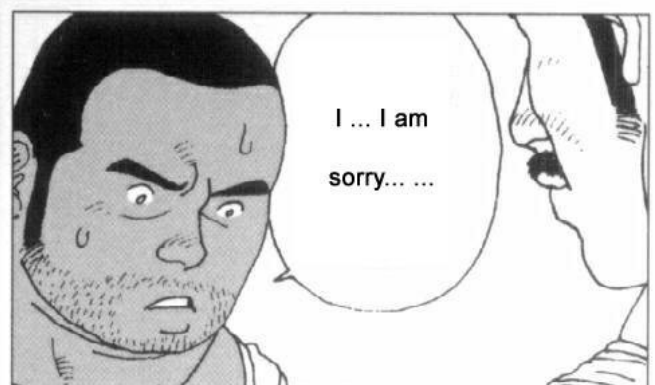

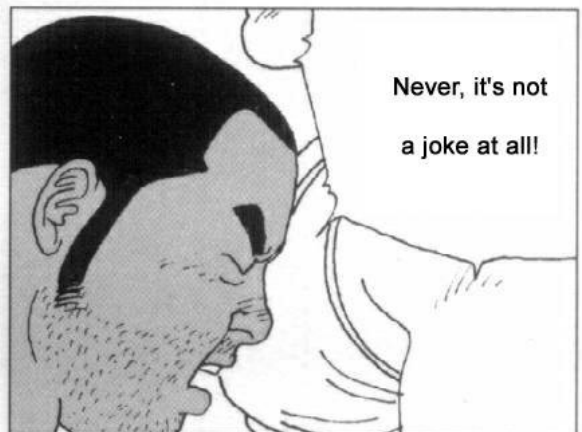

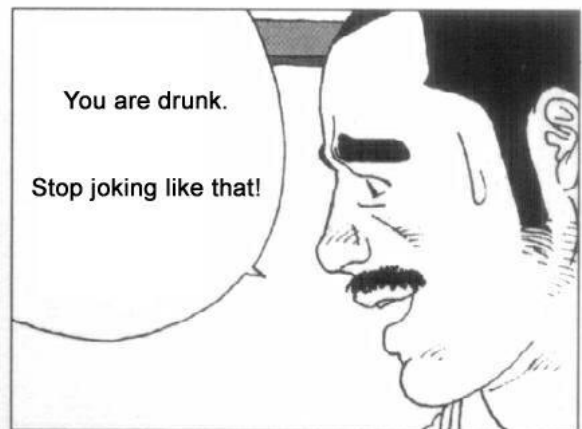

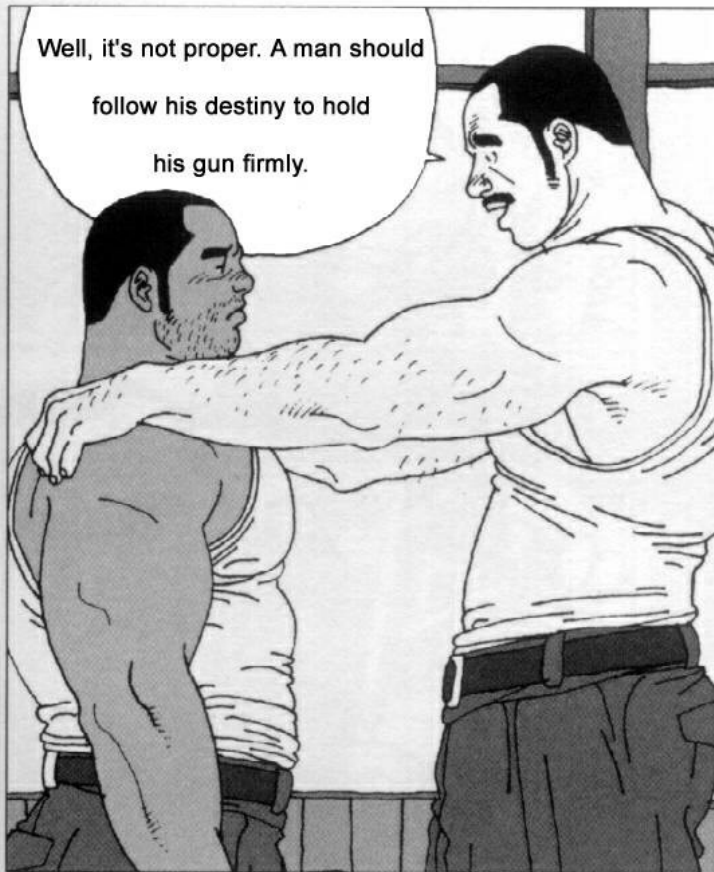

Morita is no doubt
talented!!

.....

In fact...
I am...

Lieute-
nant...
I...

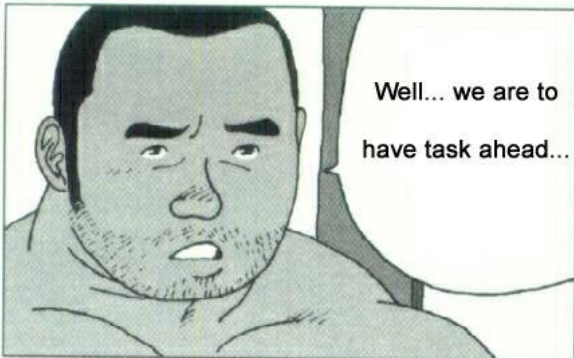

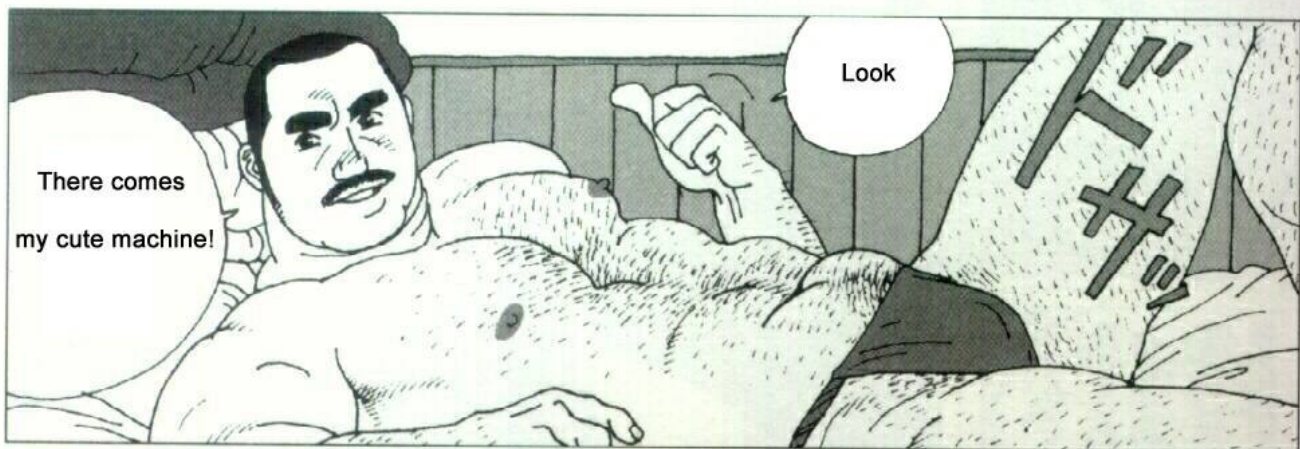

Why not? Just
won't return to
building Three.

Well, Lieutenant, you do
really sleep here?
Are you sure?

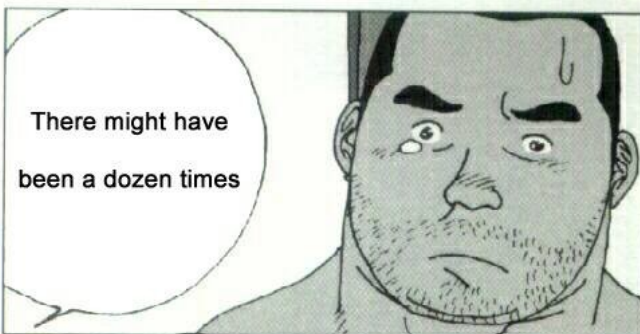

Well... we are to
have task ahead...

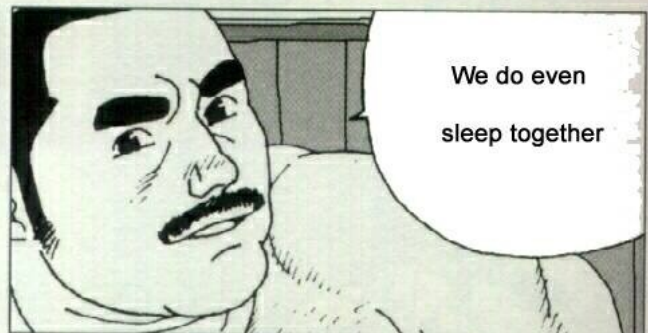

There comes
my cute machine!

Look

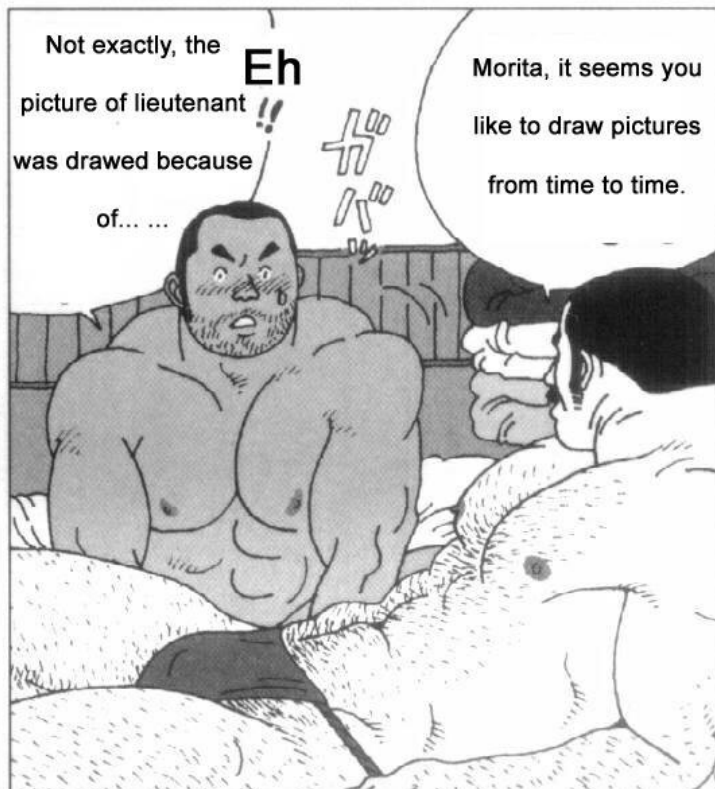

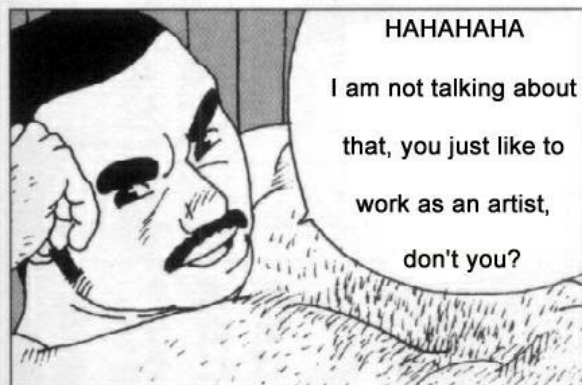

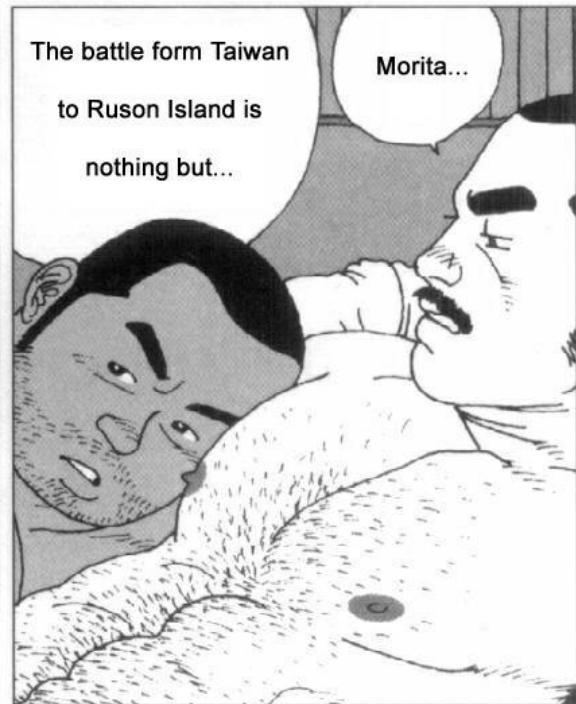

There might have
been a dozen times

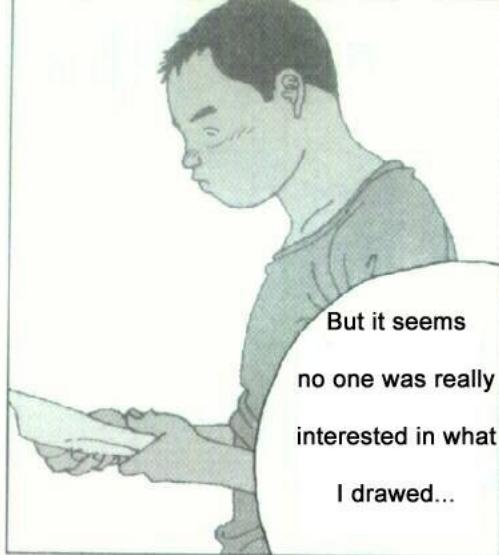

We do even
sleep together

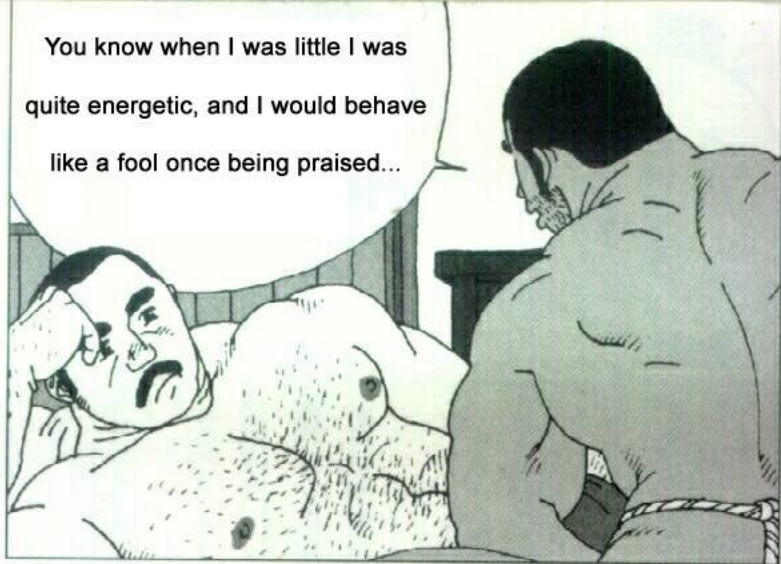

So anyway, just
take it easy!

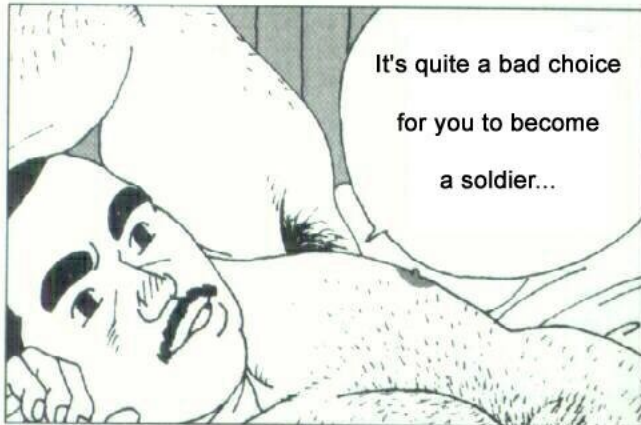

But it seems
no one was really
interested in what
I drew...

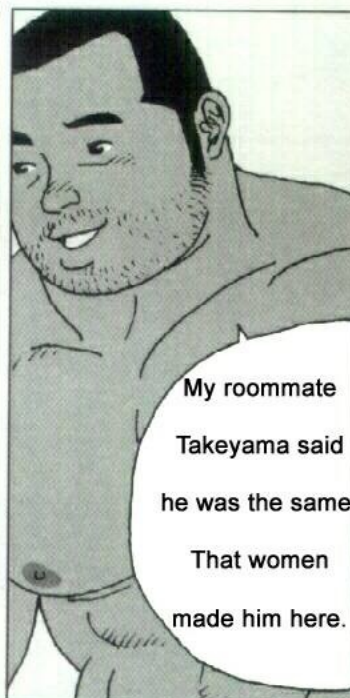

You know when I was little I was
quite energetic, and I would behave
like a fool once being praised...

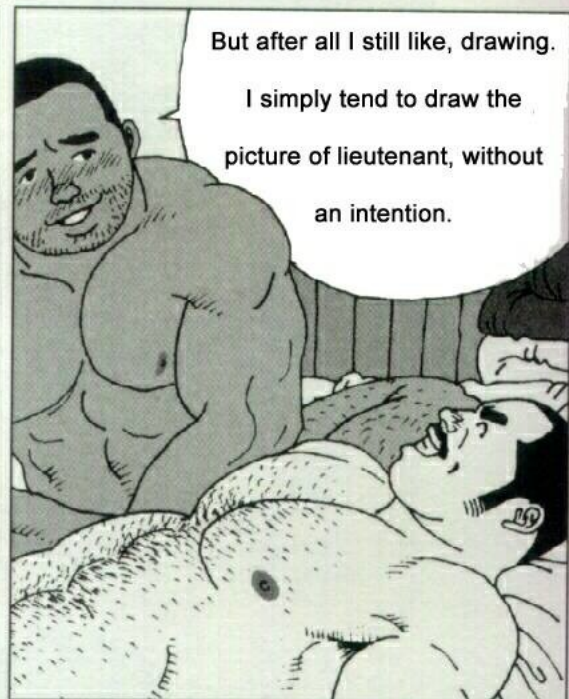

It's quite a bad choice
for you to become
a soldier...

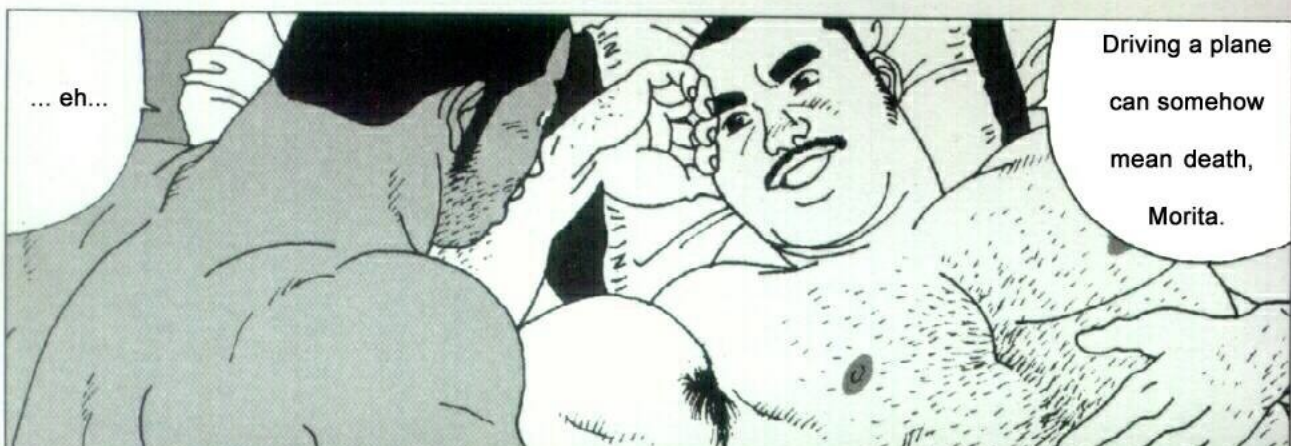

And afterward I joined
the army! Oh, how
foolish I am to talk
about these things.

My roommate
Takeyama said
he was the same
That women
made him here.

But after all I still like, drawing.
I simply tend to draw the
picture of lieutenant, without
an intention.

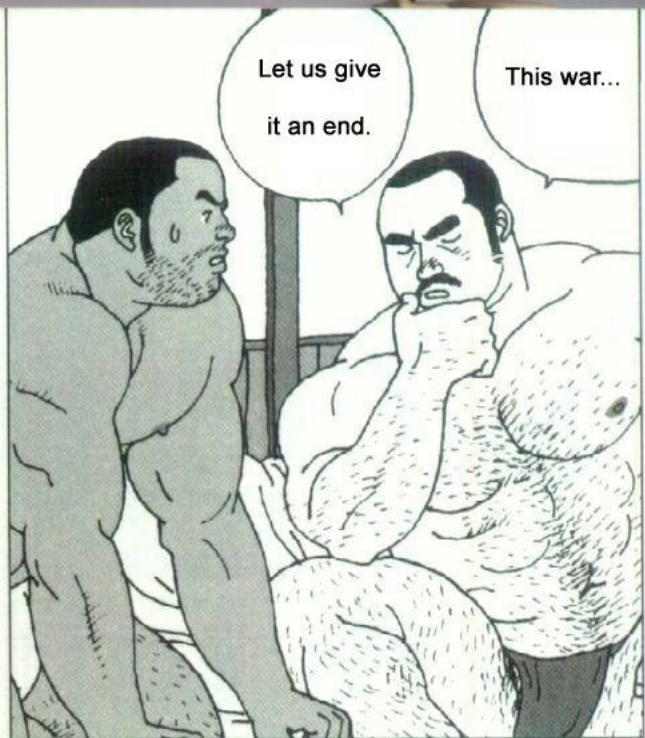

... eh...

Driving a plane
can somehow
mean death,
Morita.

Our Japan is to
be defeated, Morita.

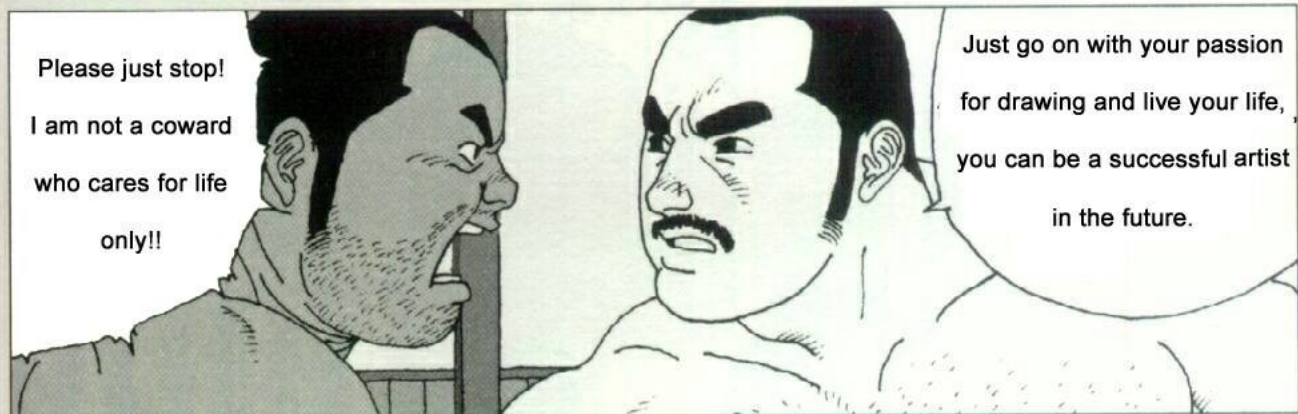

Let us give
it an end.

This war...

Sir Hiraoka, please stop
saying something like
that!!

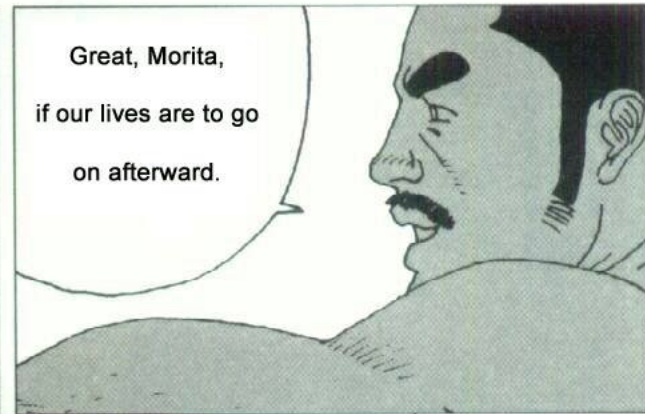

Please just stop!
I am not a coward
who cares for life
only!!

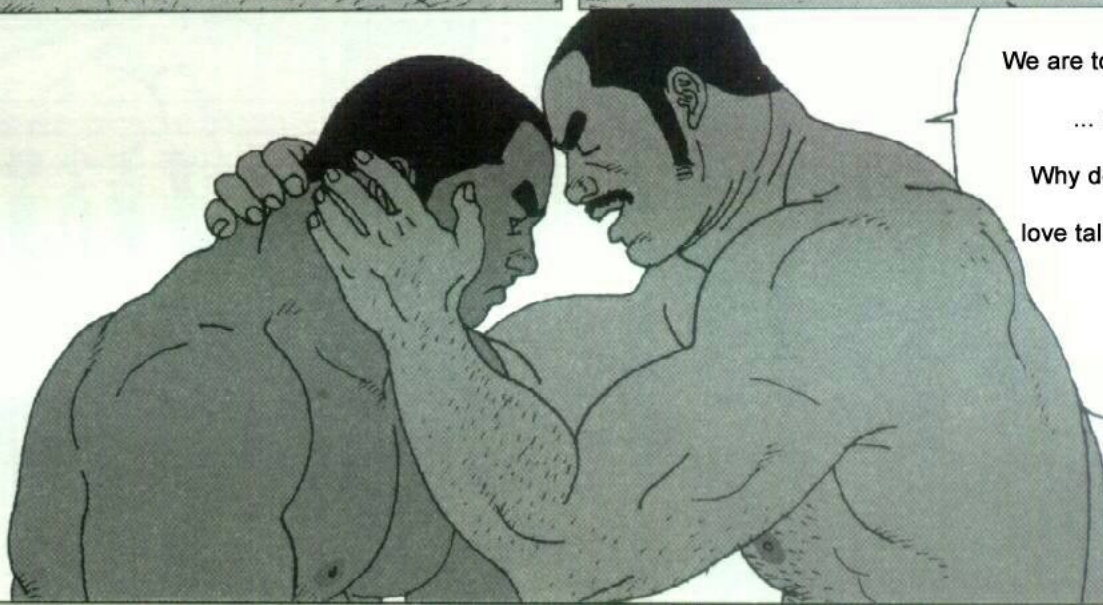

Just go on with your passion
for drawing and live your life,
you can be a successful artist
in the future.

Sure, we would
meet each other
again, together.

Great, Morita,
if our lives are to go
on afterward.

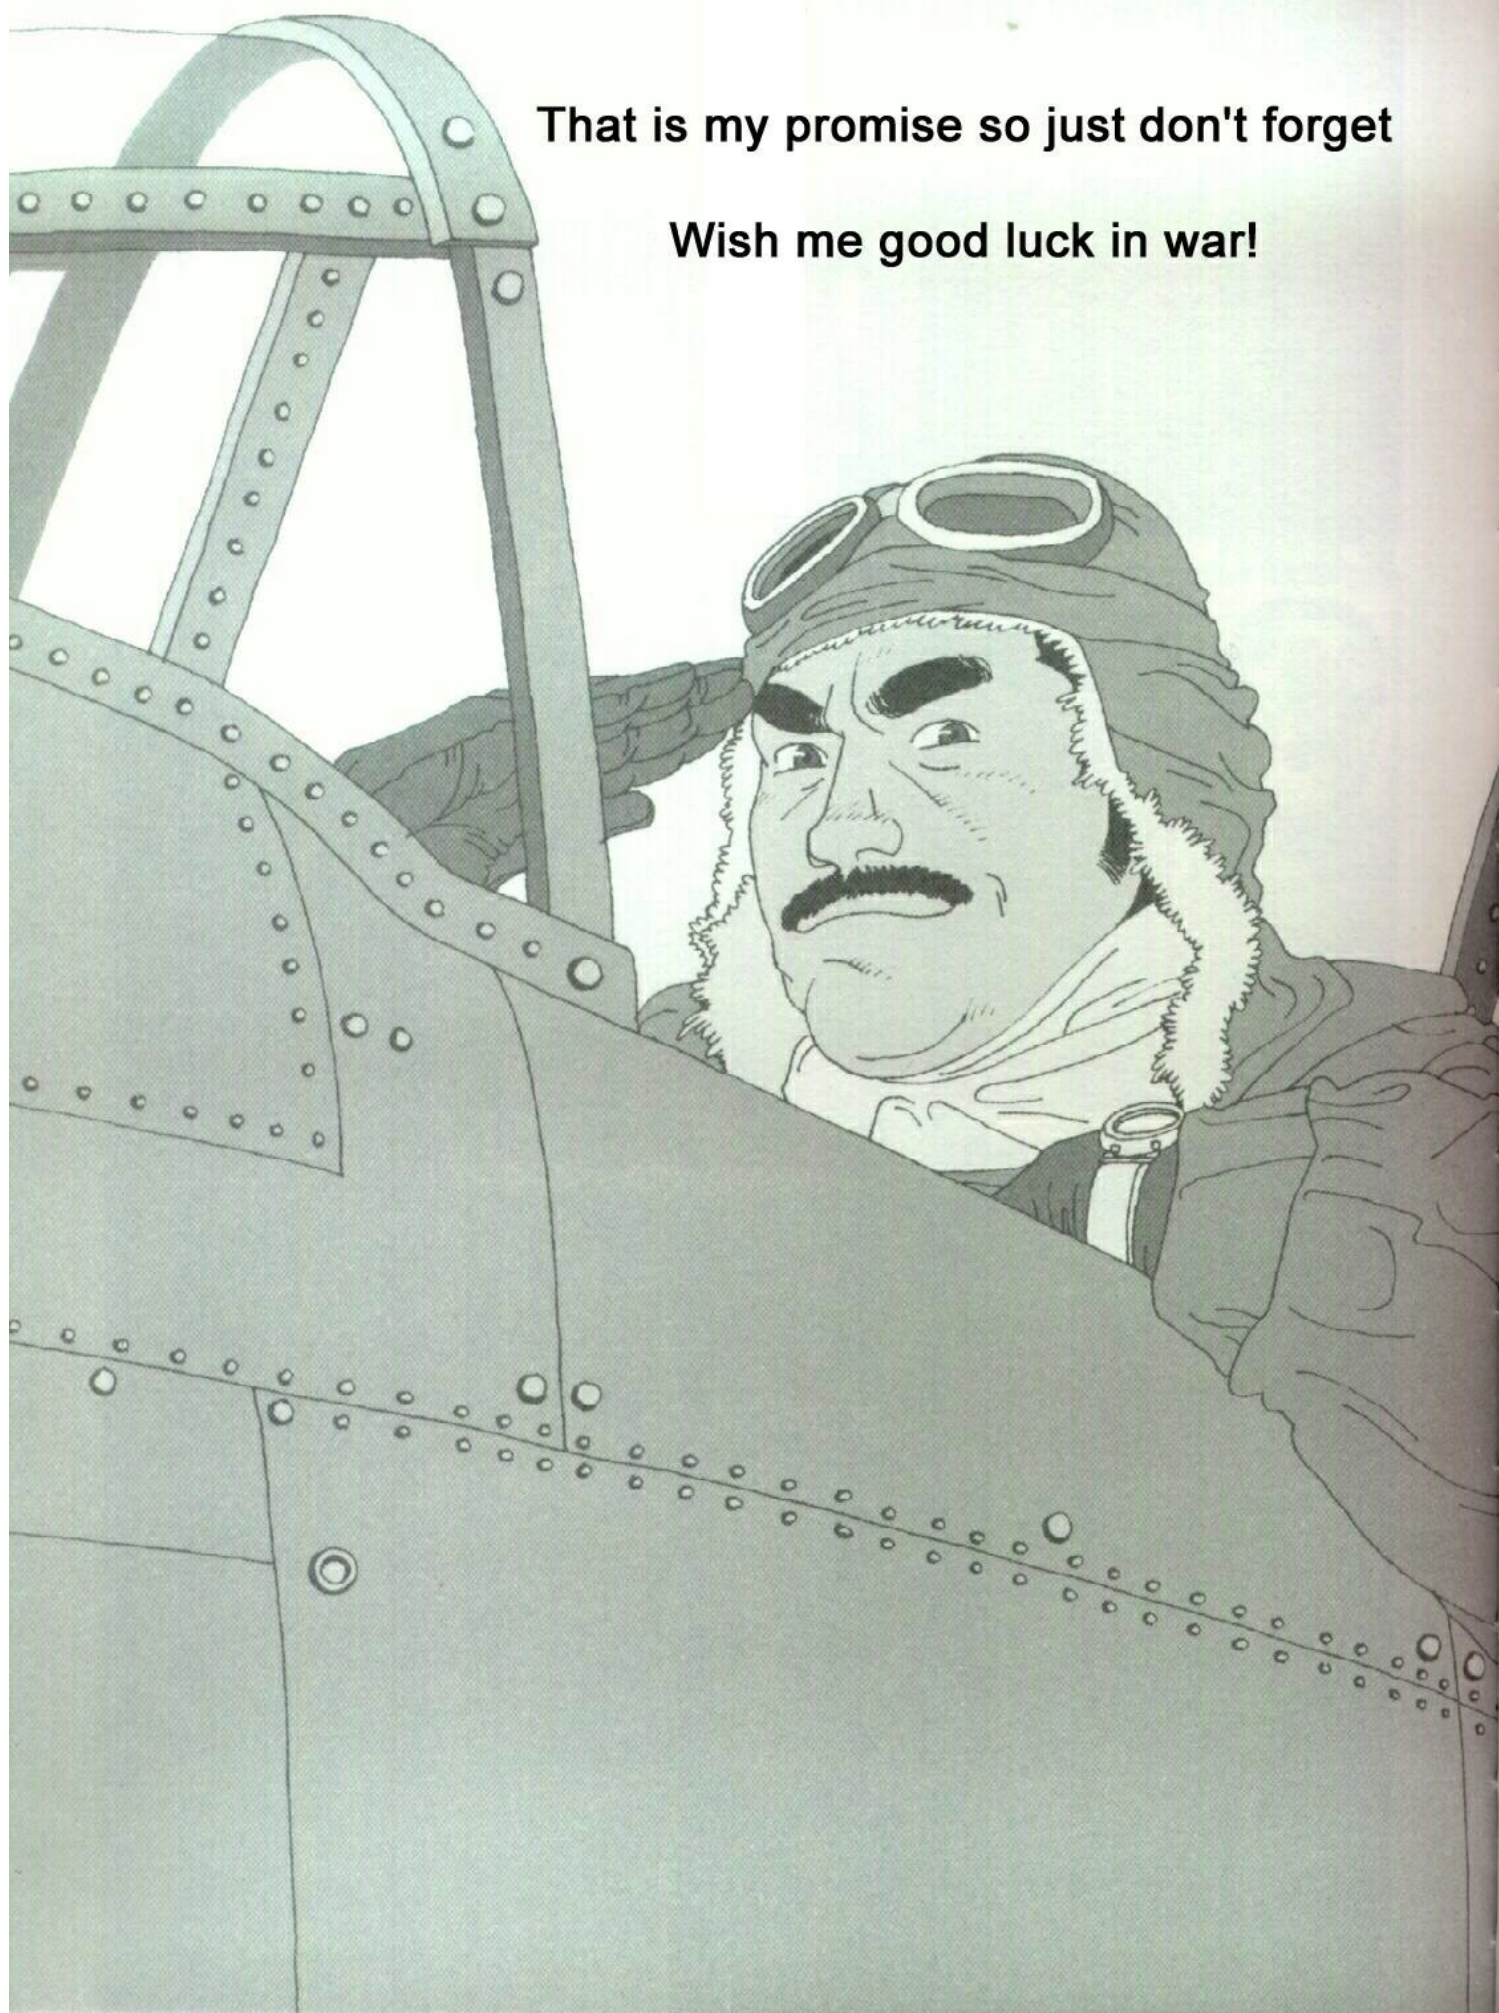

We are to meet once again.

... hahahaha ...

Why don't we save our
love talk until that night?

That is my promise so just don't forget

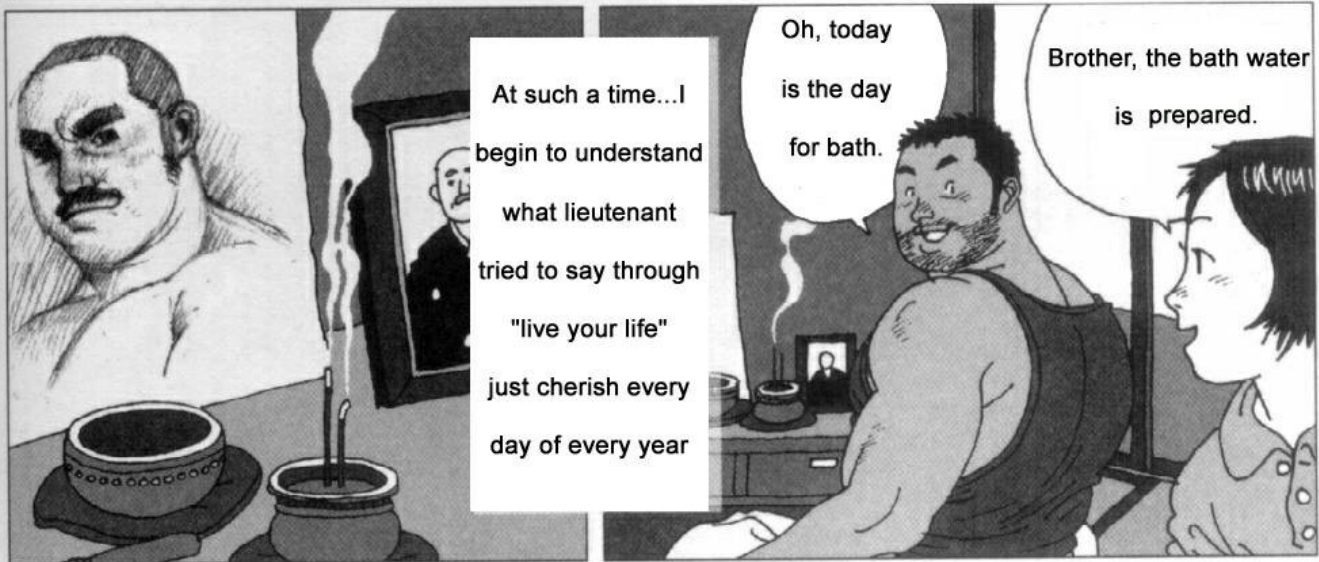

Wish me good luck in war!

I
was
at
last
survived

...

At such a time...I
begin to understand
what lieutenant
tried to say through
"live your life"
just cherish every
day of every year

Oh, today
is the day
for bath.

Brother, the bath water
is prepared.

Hurry up!
Dear Brother!

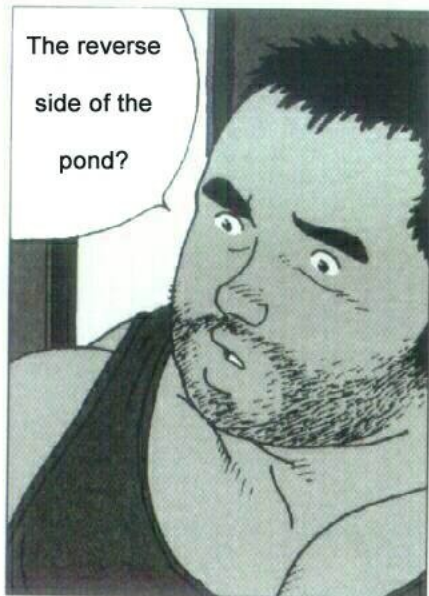

With the help
of this lie, my
life was able
to go on, so
thank you
a lot anyway.

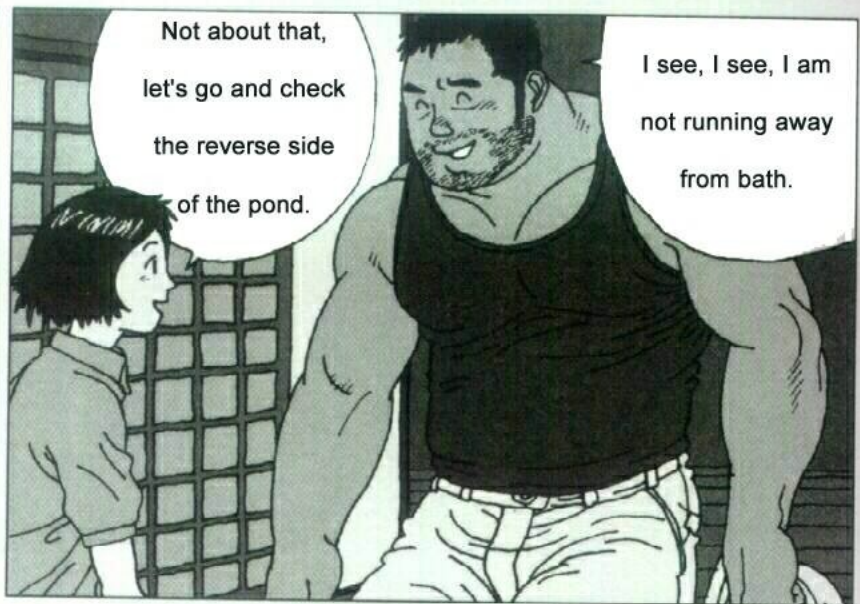

You
told
such
a
lie

The reverse side of the pond?

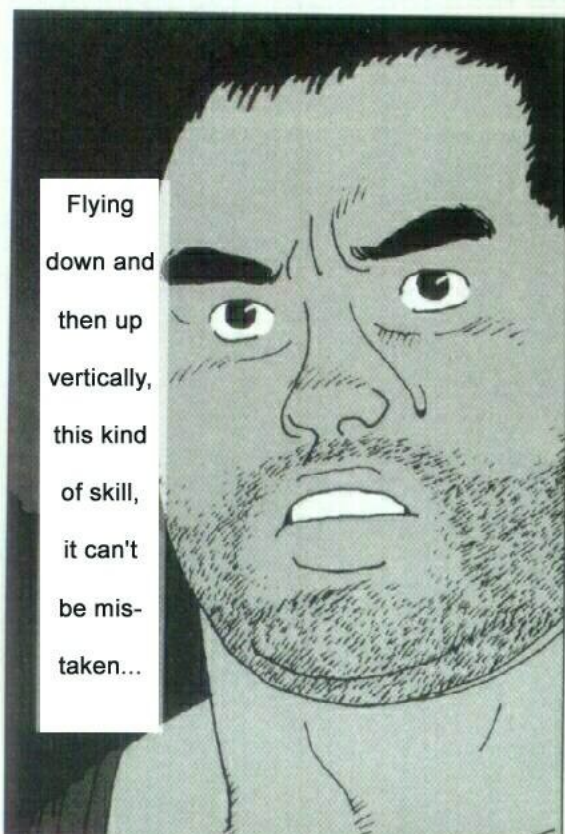

Not about that, let's go and check the reverse side of the pond.

I see, I see, I am not running away from bath.

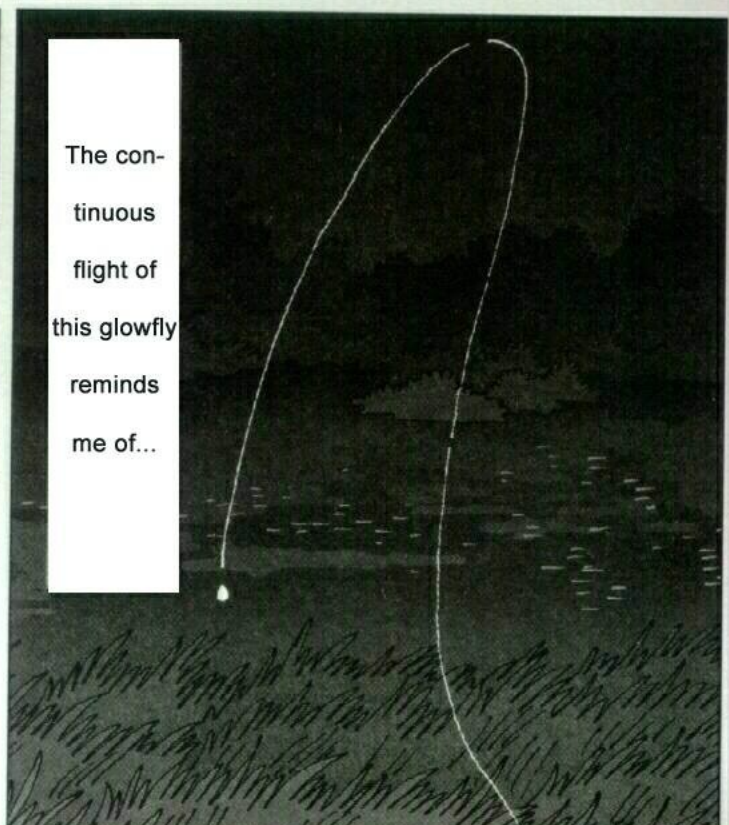

Look, over there!

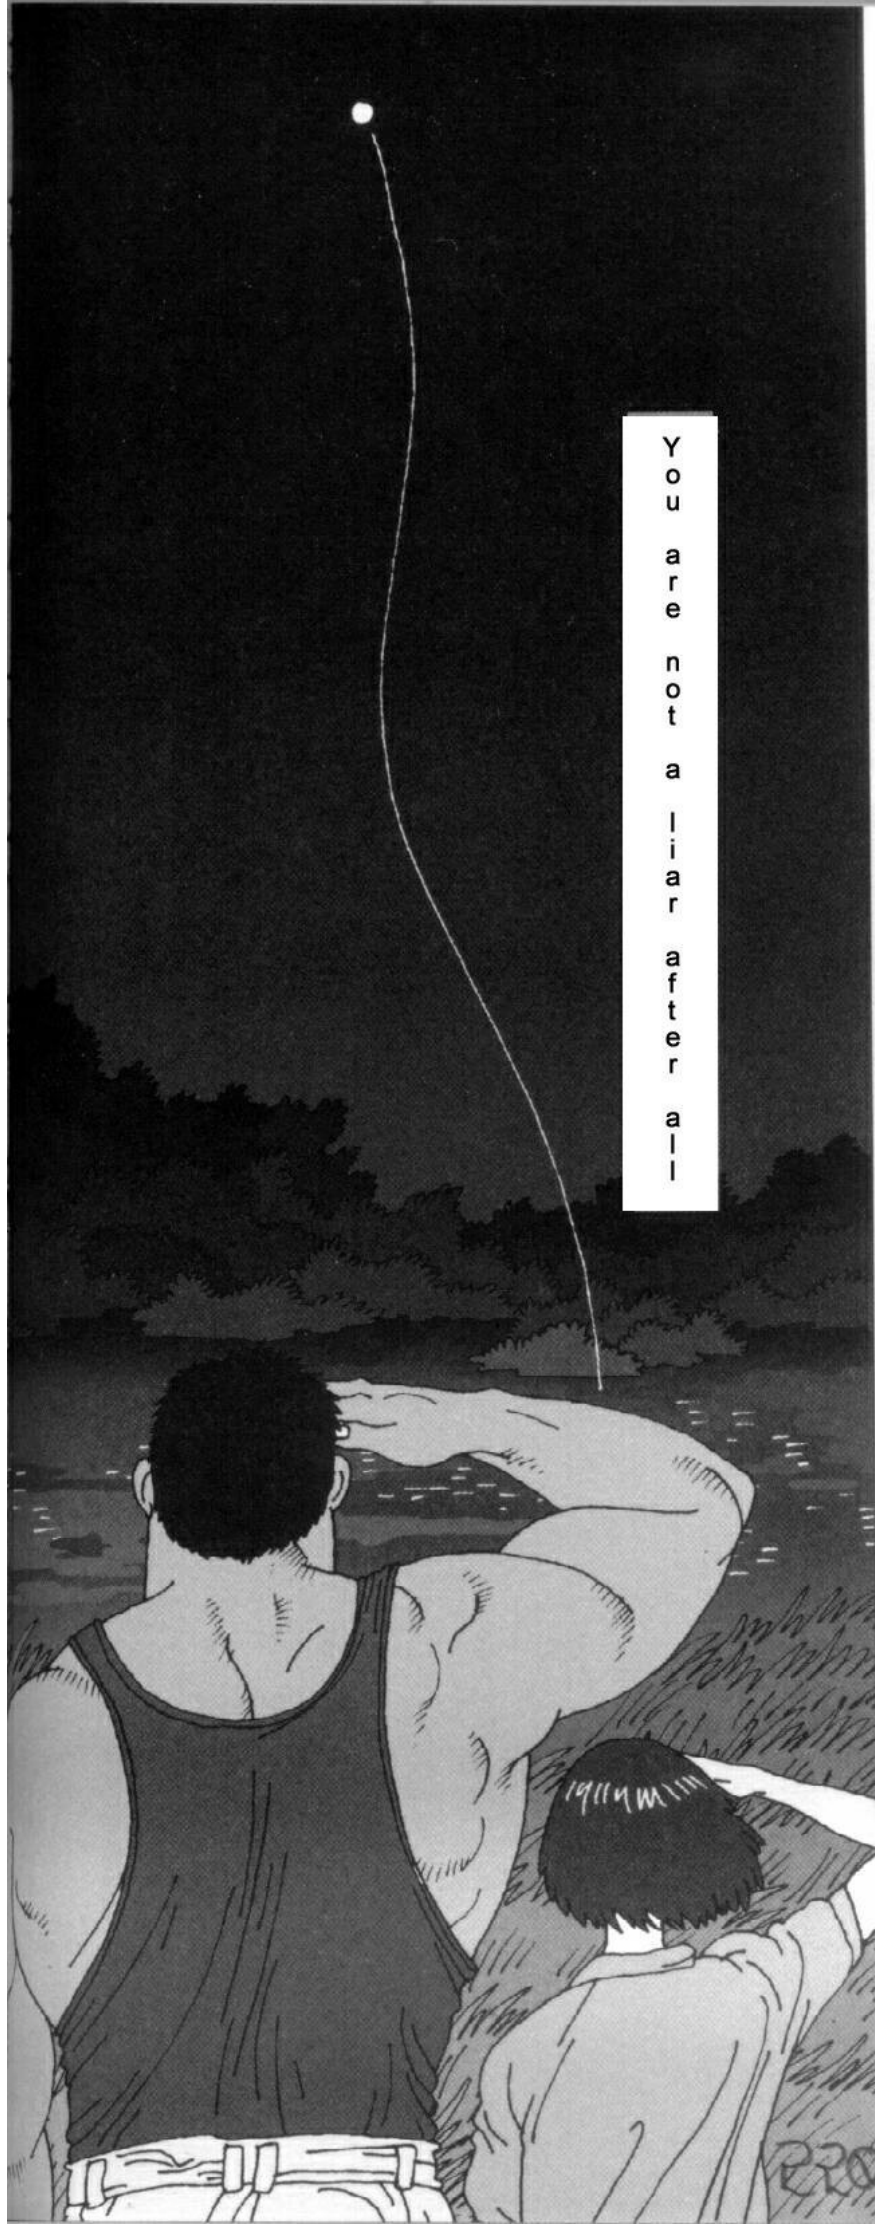

What is it? The River Sprite is showing off?

Flying down and then up vertically, this kind of skill, it can't be mistaken...

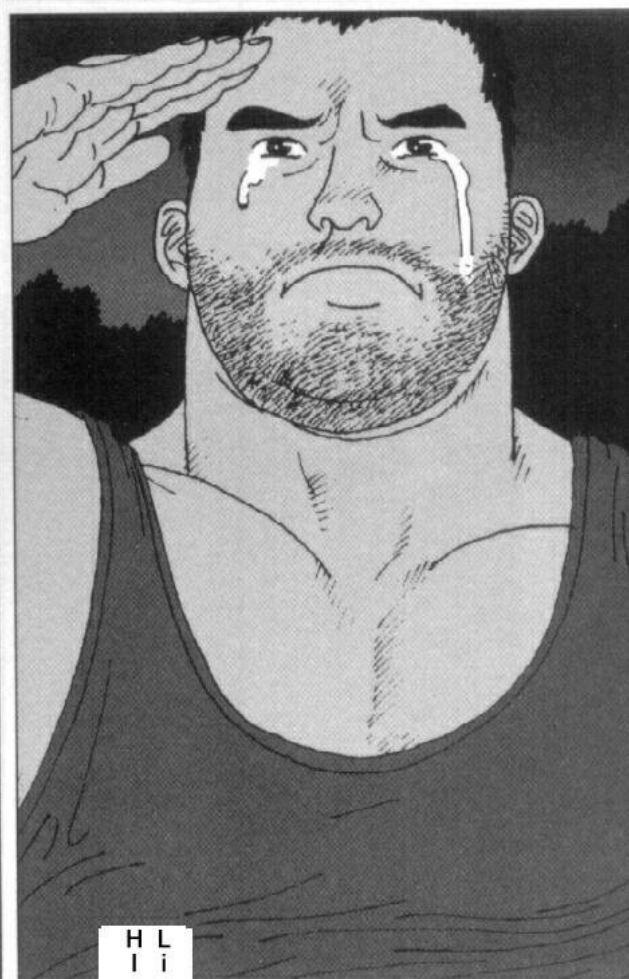

The continuous flight of this glowfly reminds me of...

Afterward Morita has
become an important people
of Japanese Painting.

Ah, I will meet
him in the
guest room

Sir, Mr Kakisaki
from
Ginza
is visiting
