

The
Shaking
Fishing
Flag

In fact, my original plan is to set the serials in such a trilogy order:

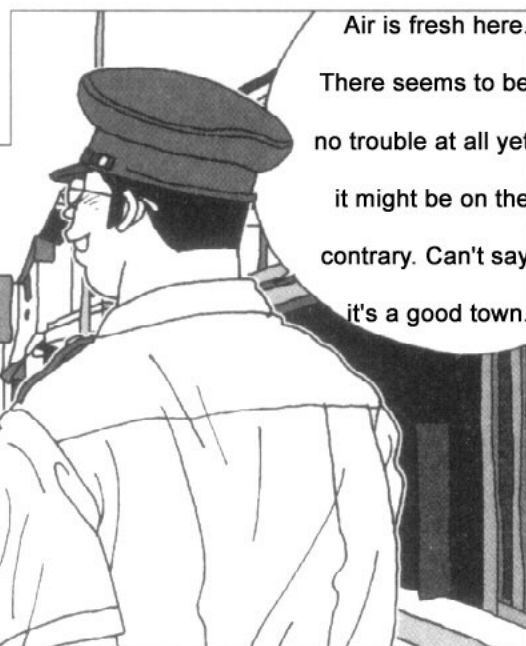

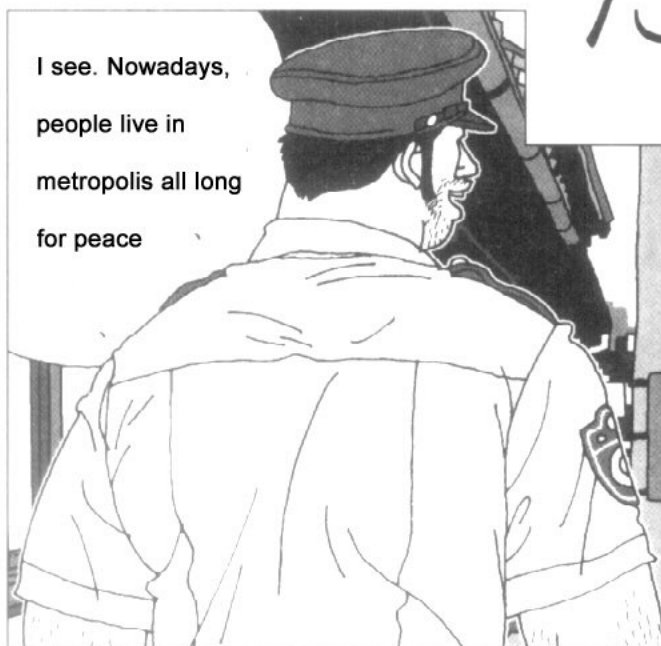

1. Festival ceremony - Japanese culture; 2. Sports Club; 3. Cosplay, but actually Five Guys In One Room (Gonin Beya) ruined this order at the very beginning. This Policeman, the protagonist of this story in the trilogy, is right the presentation for Cosplay (Uniform).

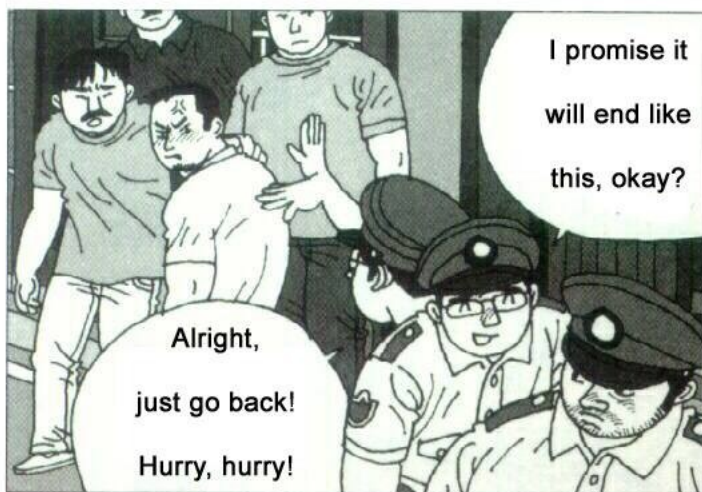

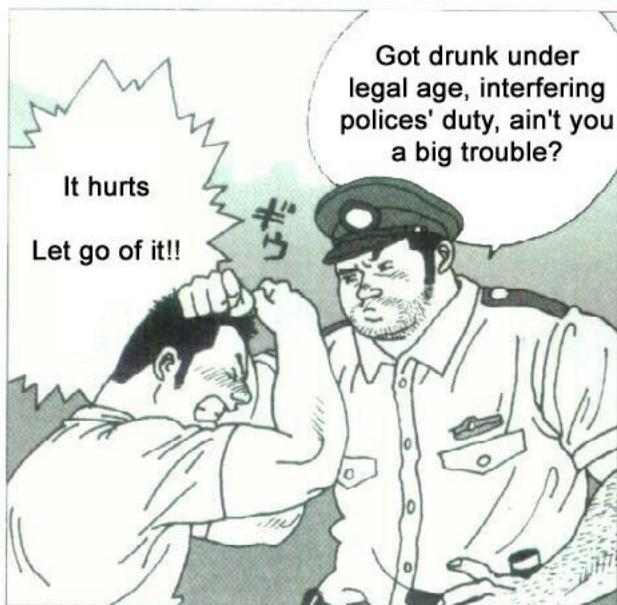

Considering that there is few erotic scene in the last two stories, in a word, the sexuality, the burning desire, the climax of the last minute, I planned to emphasize them but, at last they don't show too much in this single edition, but I did to make it as much as what I've planned.

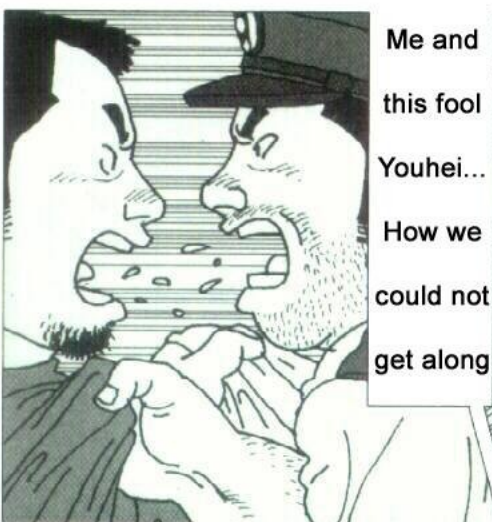

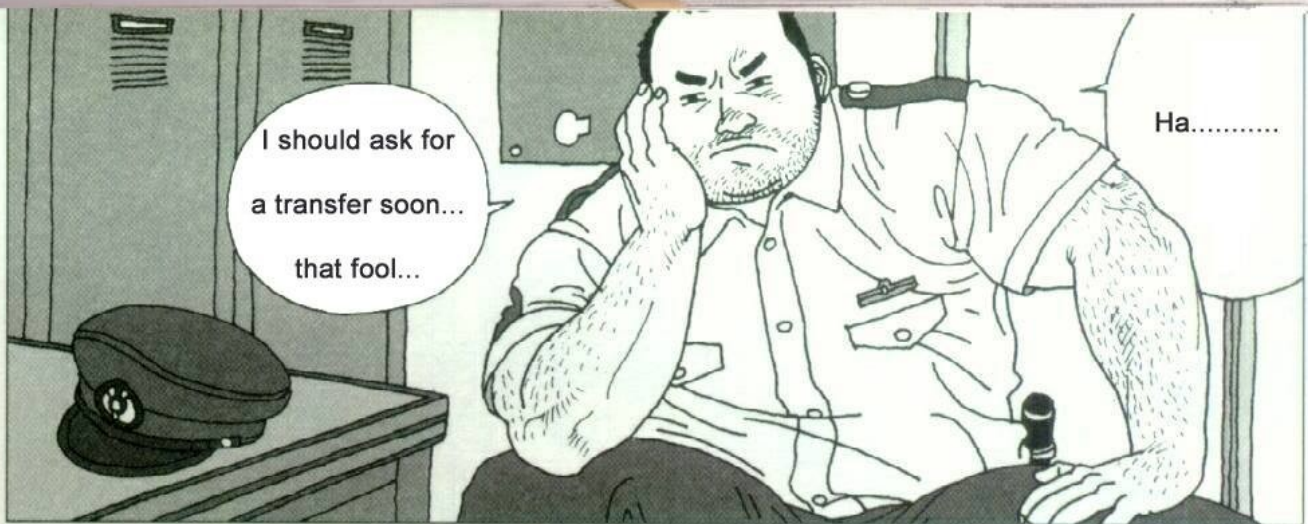

大漁旗ゆれた。

(*With a such hairy body, you are nothing but a beast!)

I should ask for
a transfer soon...
that fool...

Ha.....

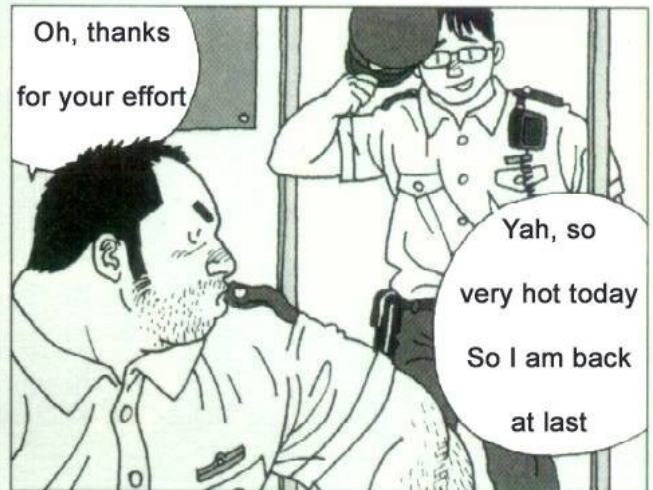

The quarrel
of those
men?

Yes,
please

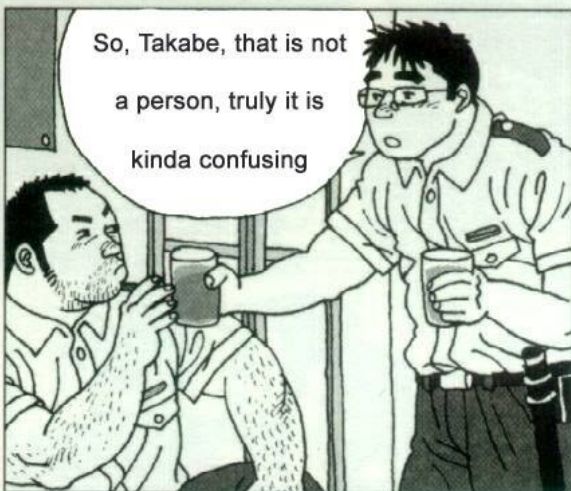

Wanna
some barley
tea?

You should learn
why they started
the quarrel

Oh, thanks
for your effort

Yah, so
very hot today
So I am back
at last

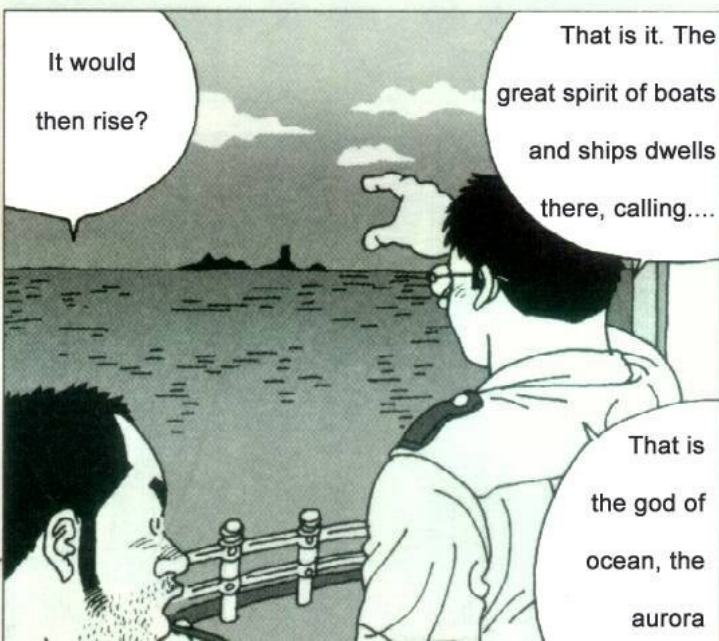

So, Takabe, that is not
a person, truly it is
kinda confusing

Nakashima?
So?

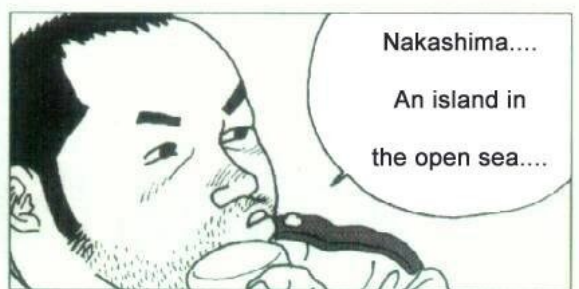

They were arguing
who would be the
first to ride under the
aurora of Nakashima
(*Nakashima is a local
island)

It would
then rise?

That is it. The
great spirit of boats
and ships dwells
there, calling....

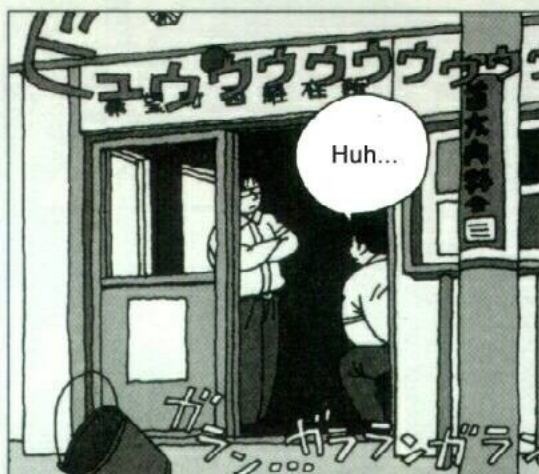

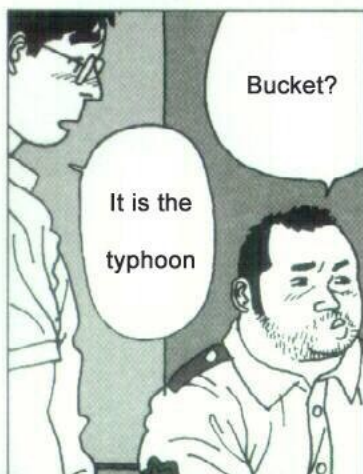

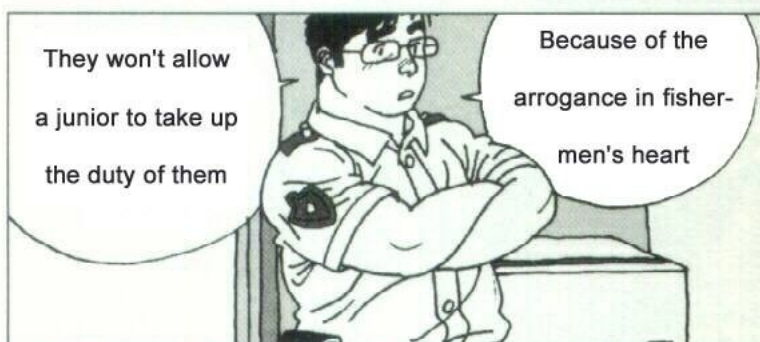

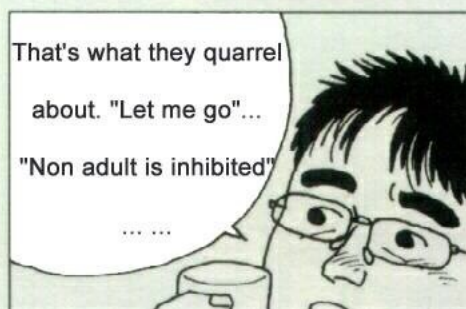

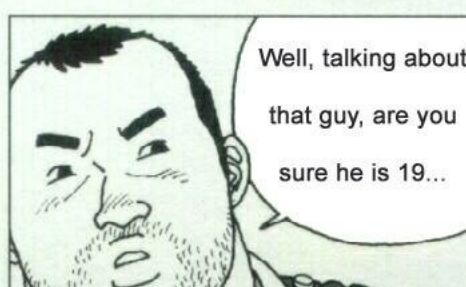

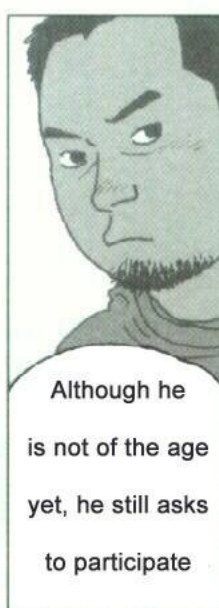

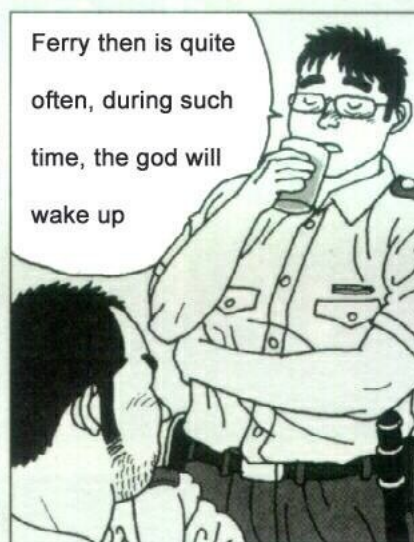

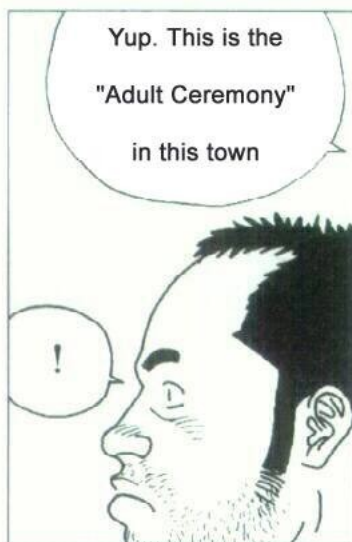

That is
the god of
ocean, the
aurora

Nakashima....
An island in
the open sea....

Yup, it is right the
middle one of those
three islands

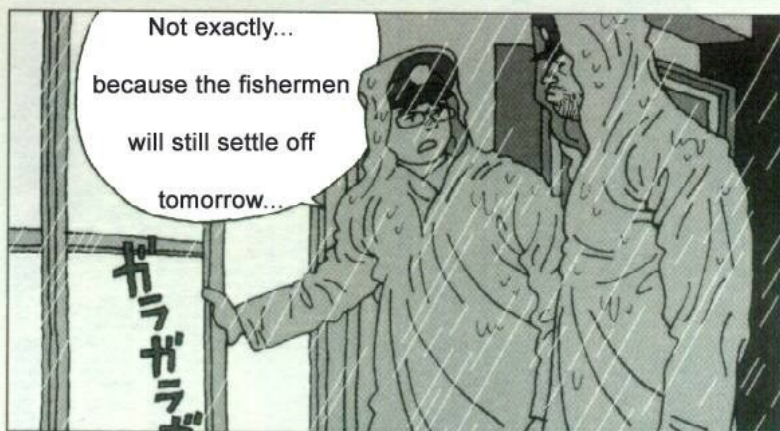

Weather forecast
hasn't informed this....

Sure, we
have to contact
the fishing
association

It is impossible
to settle any sail
tomorrow

Not exactly...
because the fishermen
will still settle off
tomorrow...

Then, wouldn't
the delay lasts for
two or three days?

Ehh!!

How come!?

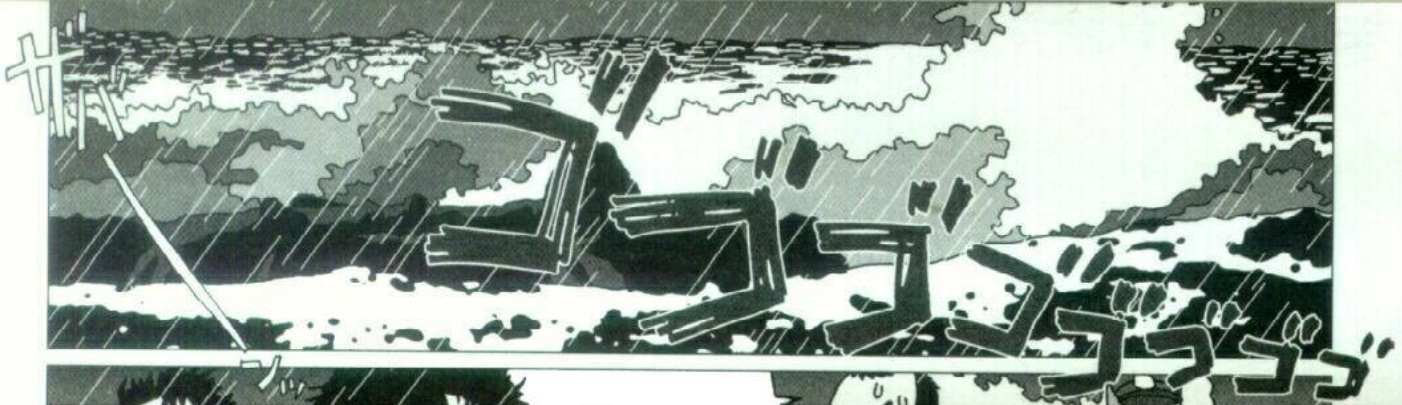

Hello,
this is the
police

Okay, okay,
just let
them be

Gone to Nakashima
in the storm ...

Youhei has...

Listen!
Come back!!

C'mon listen!
Come back at once!

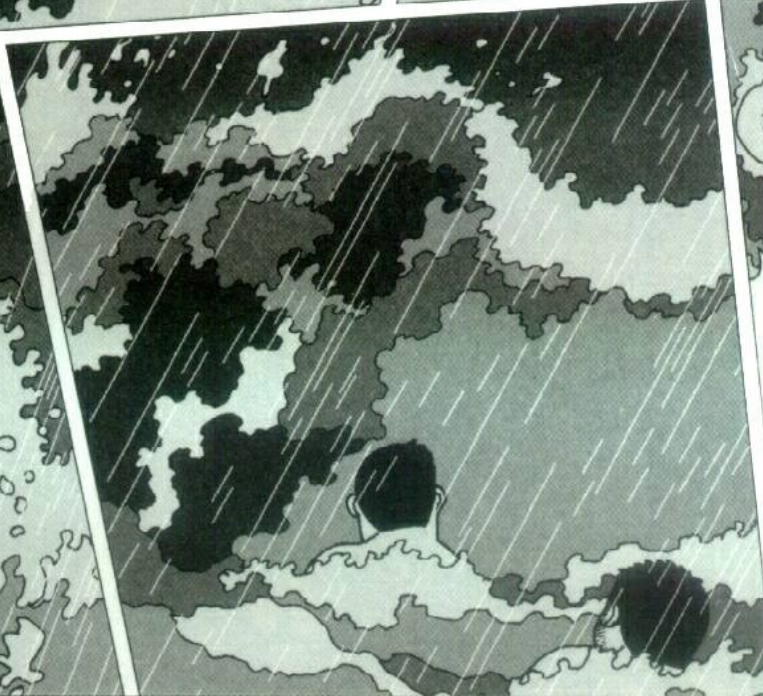

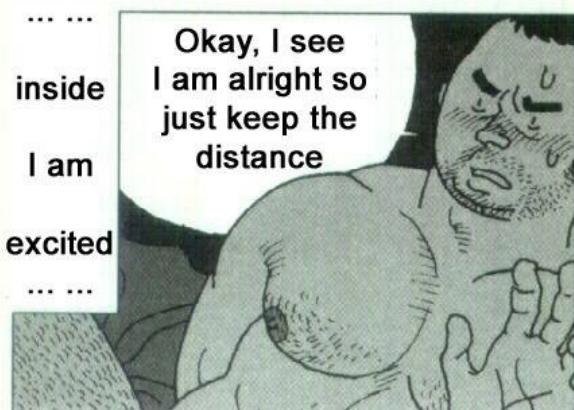

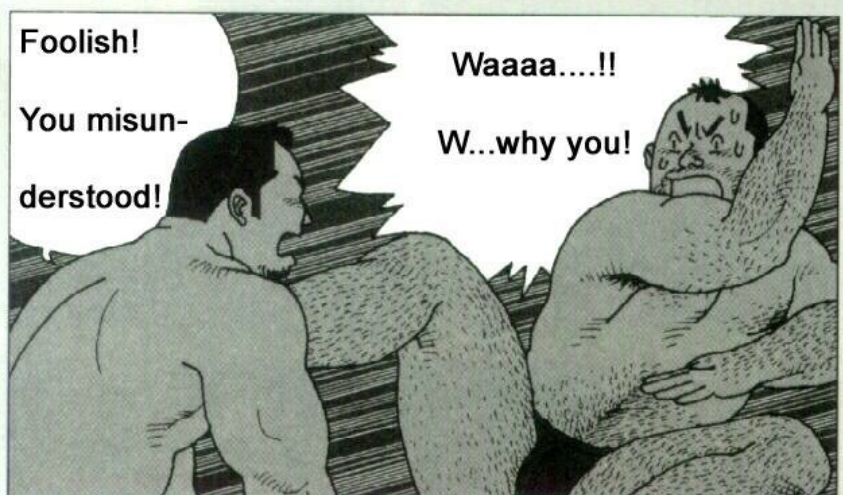

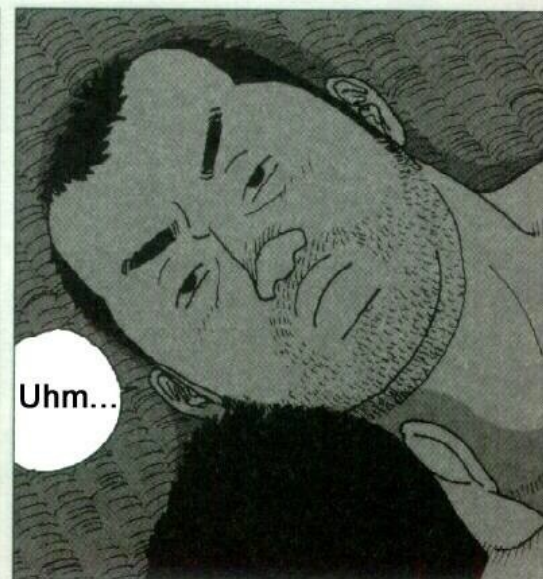

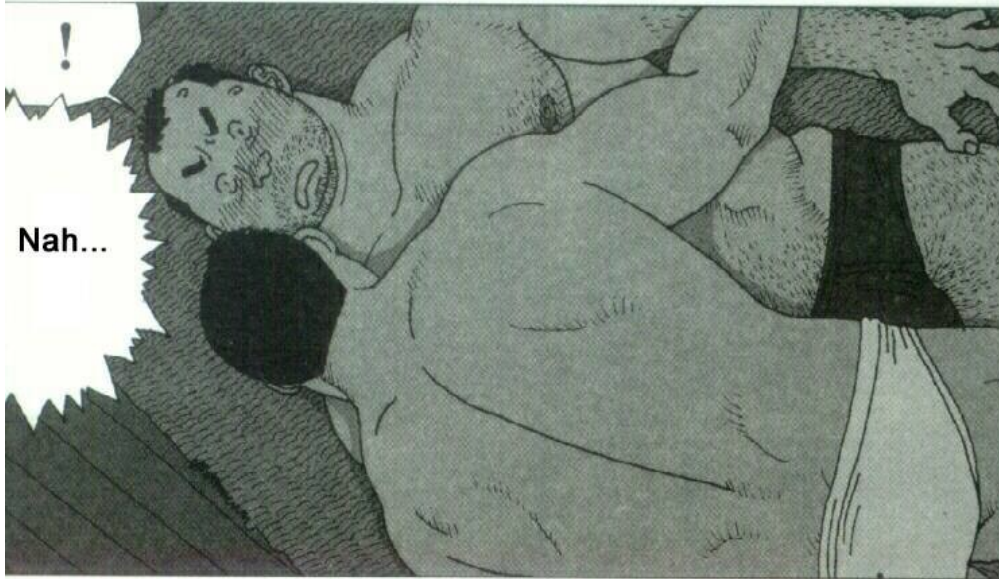

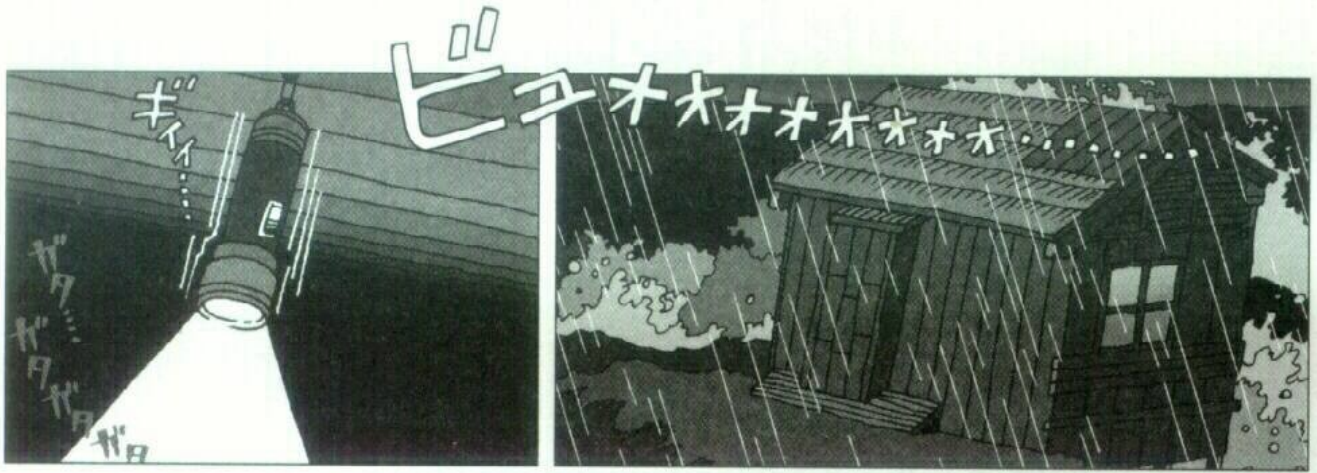

It is the spirit
of the ocean
started the
storm

It's impossible to set
a sail tomorrow!!

Can't be!
Once started, I
have to last till
the very end

I dragged you toward
here, you couldn't swim
after lost your mind

Here is...
Nakashima...

Hum?

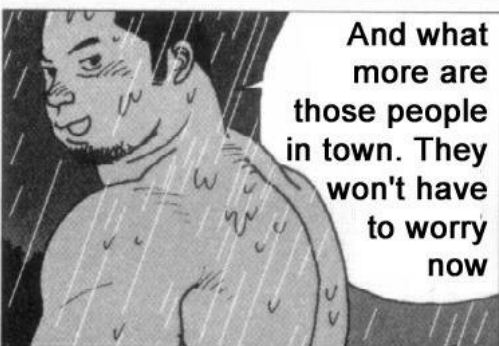

Don't you
think it wrong
to lend out
such a hand?

That's how
it is... ..

So that's what
I've seen...

And what
more are
those people
in town. They
won't have
to worry
now

With blood
spilling out of
the head...
That we
arrived this
island, we
might have
been blessed
by the aurora
... ..

In the
darkness
I can see
Youhei's
figure, in
the flash
of light-
ning I saw
...

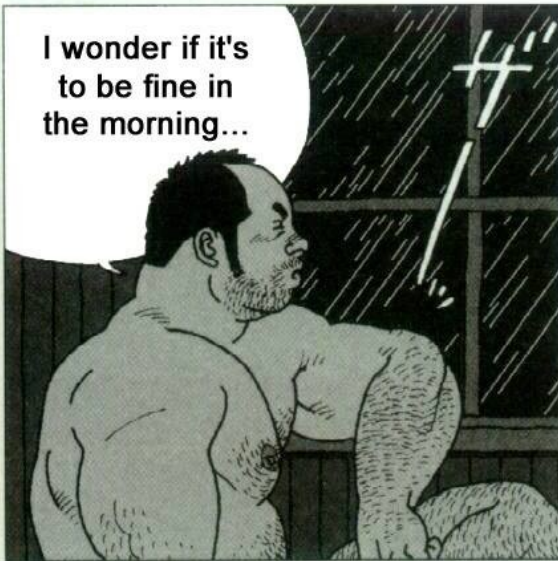

What are
you staring
at? Let's get
back inside
the hut

his strong
body
moulded
by
the rough
ocean

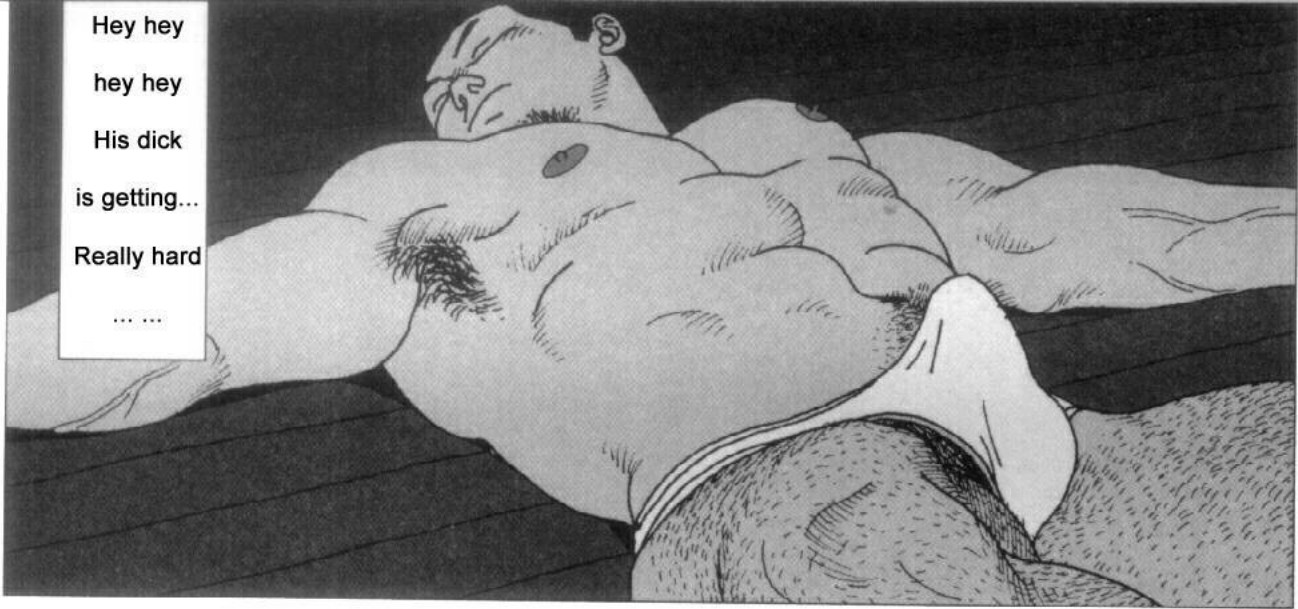

Hey, hey, isn't
the weather
getting worse?

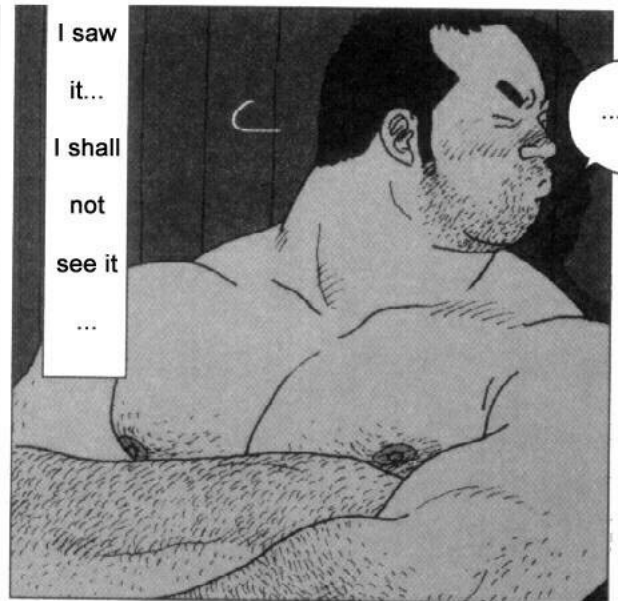

Hey hey
hey hey
His dick
is getting...
Really hard
... ..

I saw it
the rising
vigor...

I saw
it...
I shall
not
see it
...

... ..

Goo

Goo

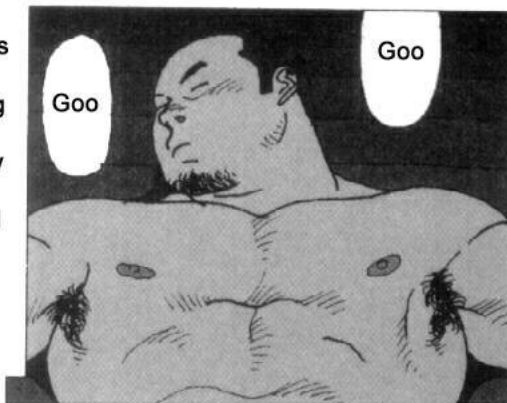

Goo

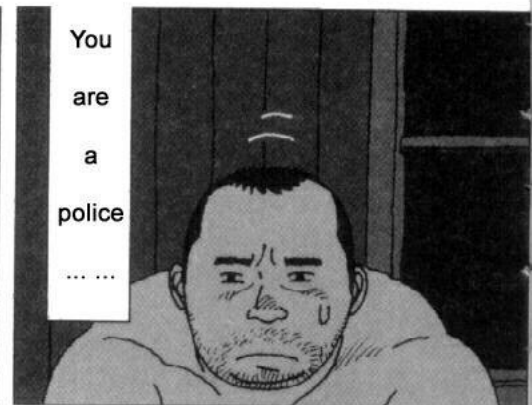

Isn't what's
happening
lately very
tricky and
strange?

Goo

Goo

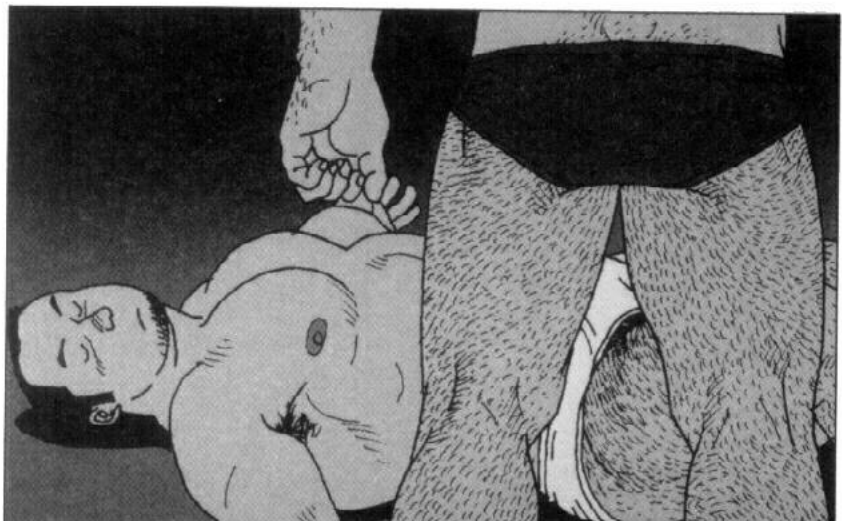

You
are
a
police
... ..

So...

Don't
wake
up!

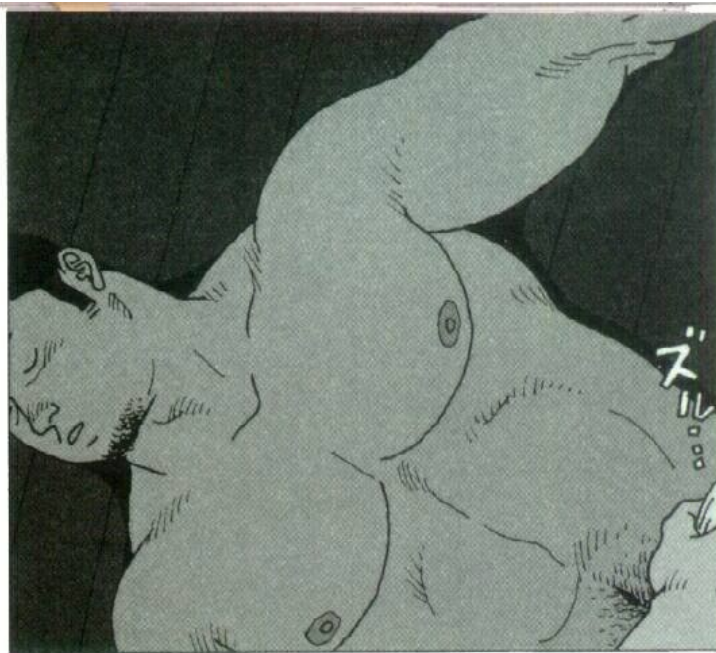

Lord
Here
I go

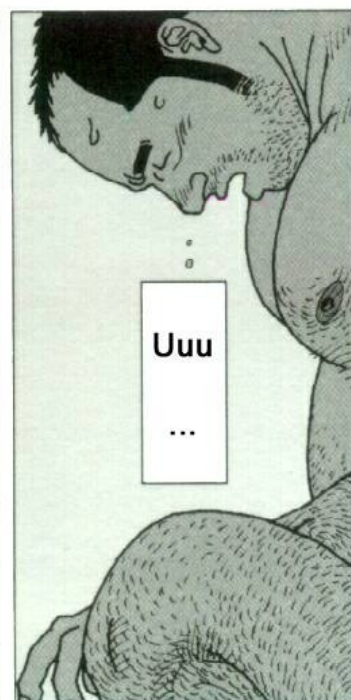

Great

...

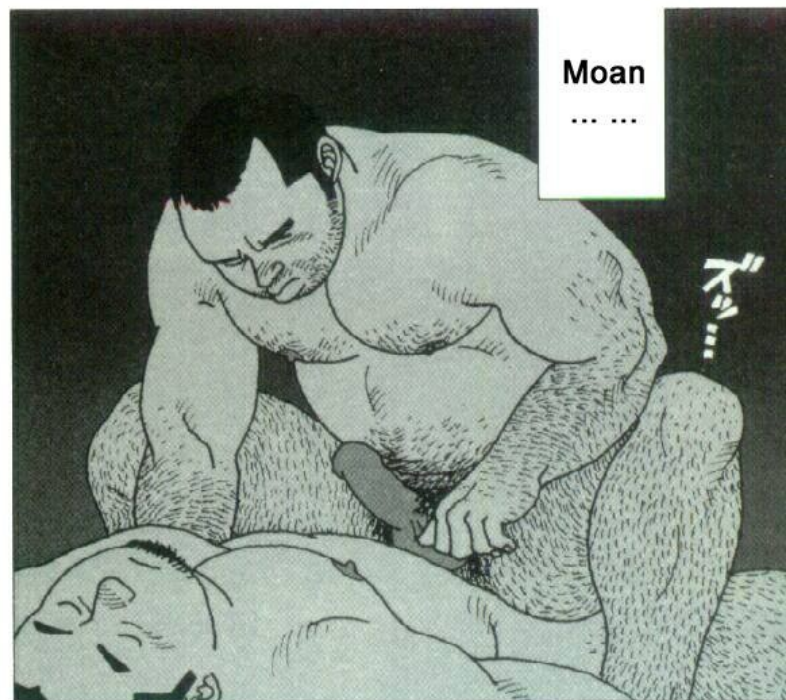

Nya!

Uuu

...

Moan

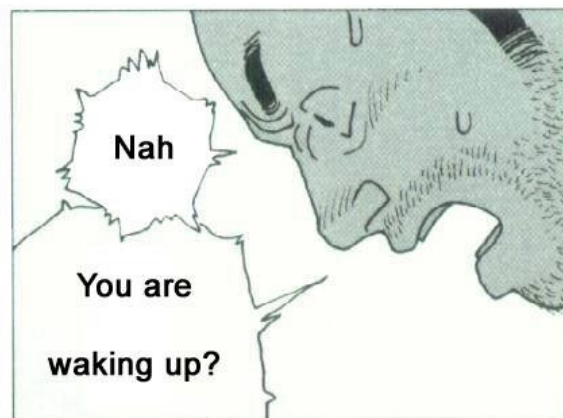

...

Aa!!

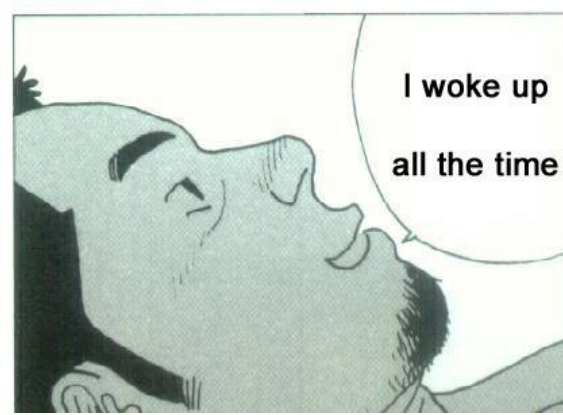

Uu
...

But now let's
see, who should
be the one to
submit

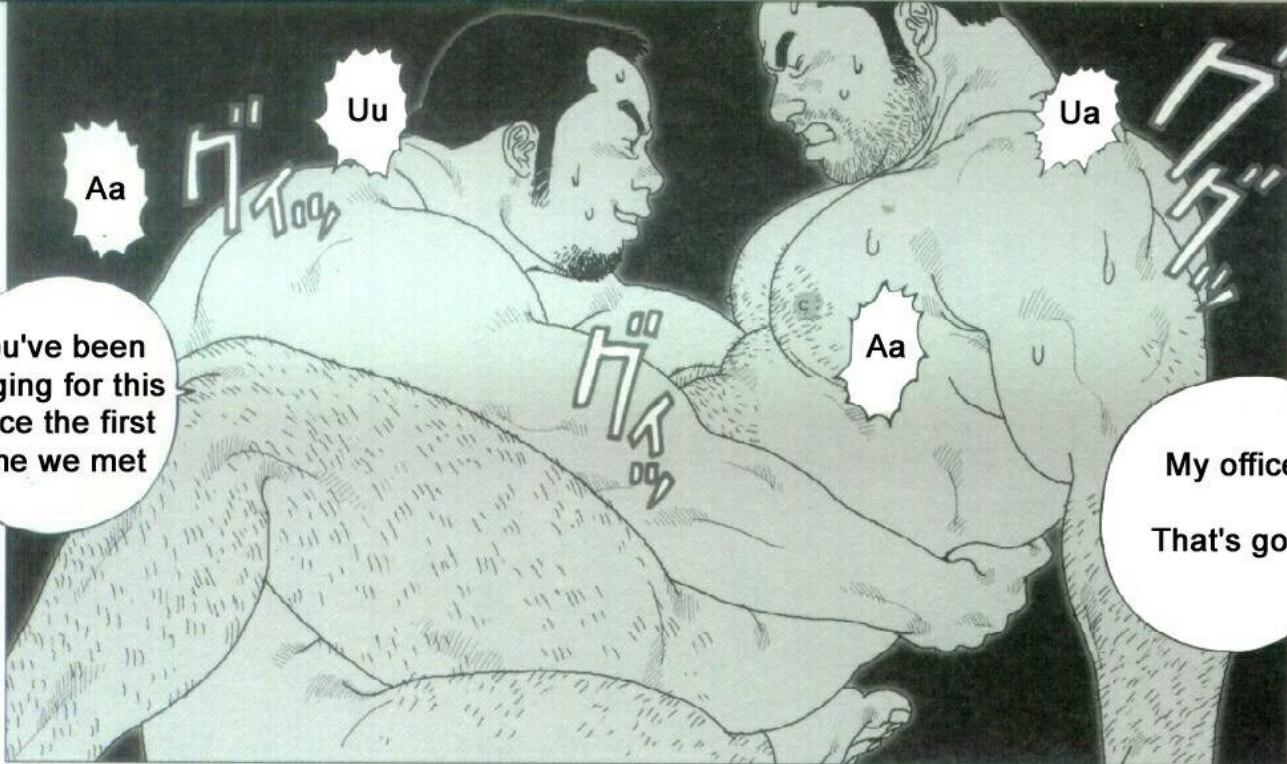

Nah

You are
waking up?

I woke up
all the time

You've been
longing for this
since the first
time we met

My officer
That's good

Heh heh
... ..
I am a
first rate
fisherman

Ha

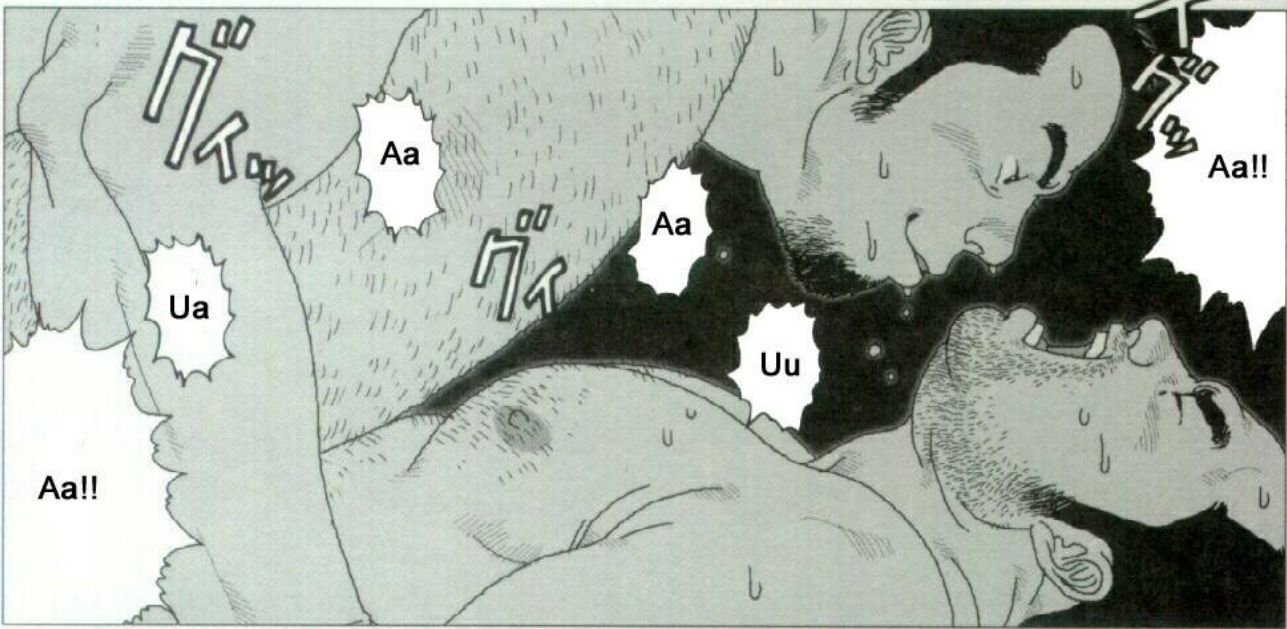

Ha

...lured
me...

Ha

Ha So...
You...
Plotted it
...

Aa!!

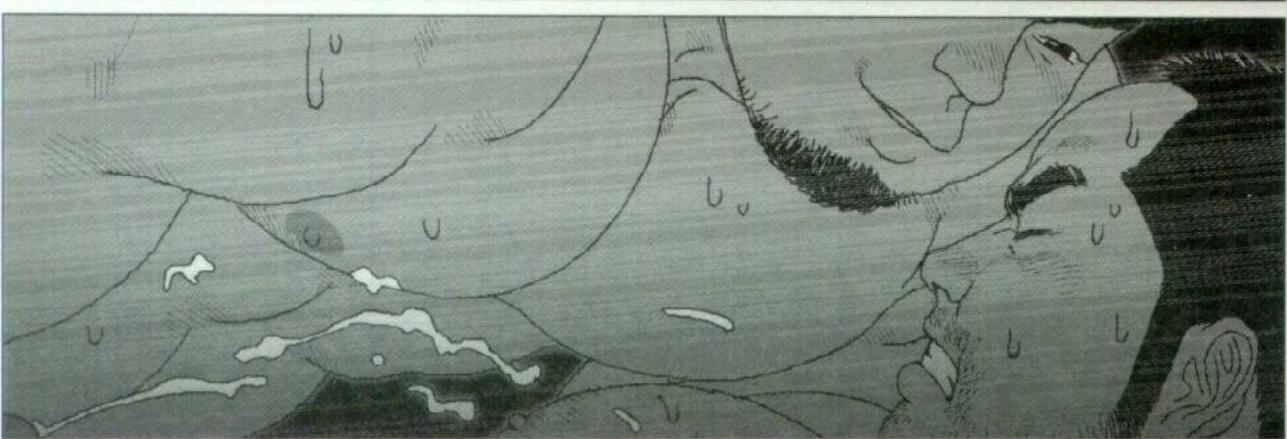

Ua

Aa

Aa

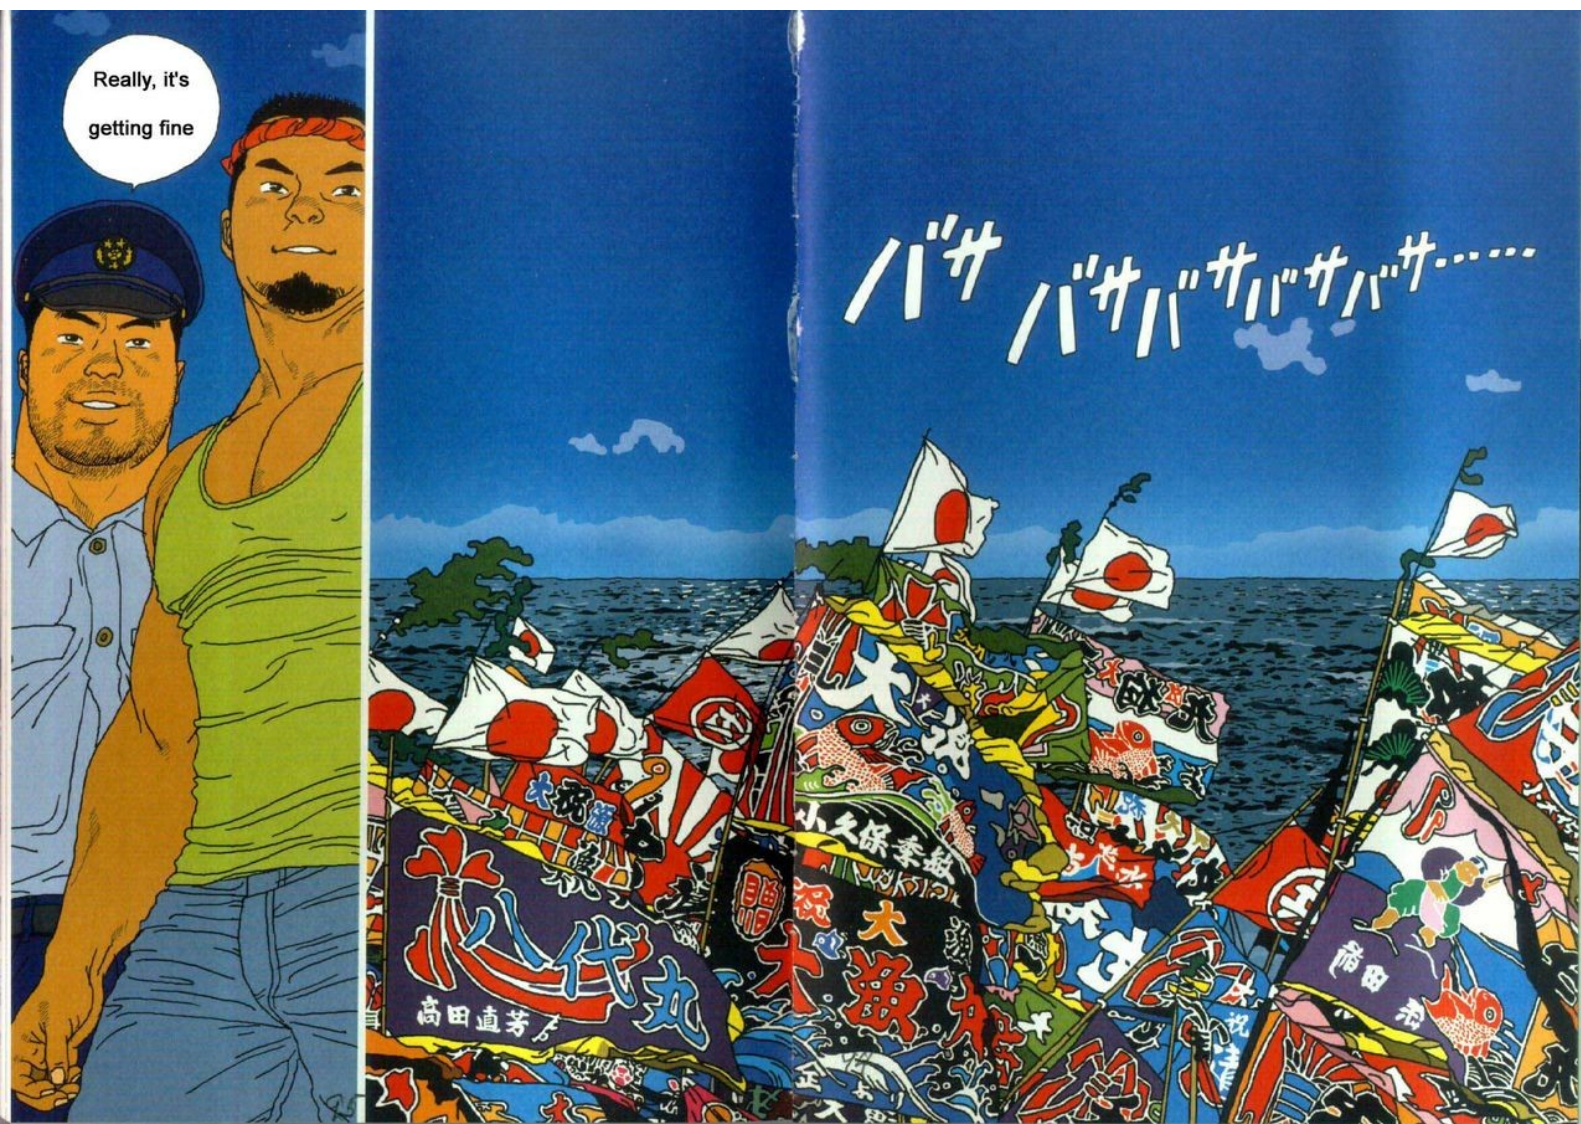

Uu

Aa!!

Really, it's
getting fine

バ"サ バ"サバ"サバ"サバ"サ.....

Youhei has finally become a master who sails under the bless of ocean spirit and accomplished his duty; Takabe now has become a police officer. Under the blue sky of this year, the great fishing flag is shaking in excitement
