Michiru will do his best!

Has his movie appearance also been decided? I heard it would be a difficult role, but as he is now, I'm sure he'll be fine!

After surviving in the jungle, the charm in his acting has really come out!

You were really immersed in the role.

Michiru-kun, that was a great performance!

Yes!
Thank you very much.

My heart was seriously racing!

I'll take your glasses.

I am very sorry to have worried all of you!

It seemed that my going missing had become a big topic here.

With this attitude, We'll earn back the costs for your search party soon enough! I'll get it all back, and some change!

Michiru! The next recording is on live TV so make sure to get changed quickly!

After that is a magazine interview. Don't forget to promote the movie.

Yes

Half a year ago, I returned to Japan...

When I returned, the media harassed me with a barrage of questions.

Anything for your fans?

Michiru-kun, how did you get lost?

Where were you?

Was the jungle scary?

What did you eat?

Were the people of the Nudist Tribe beautiful?

Because if people came to know about that paradise, I had a feeling it would lead to its destruction...

I survived on my own.

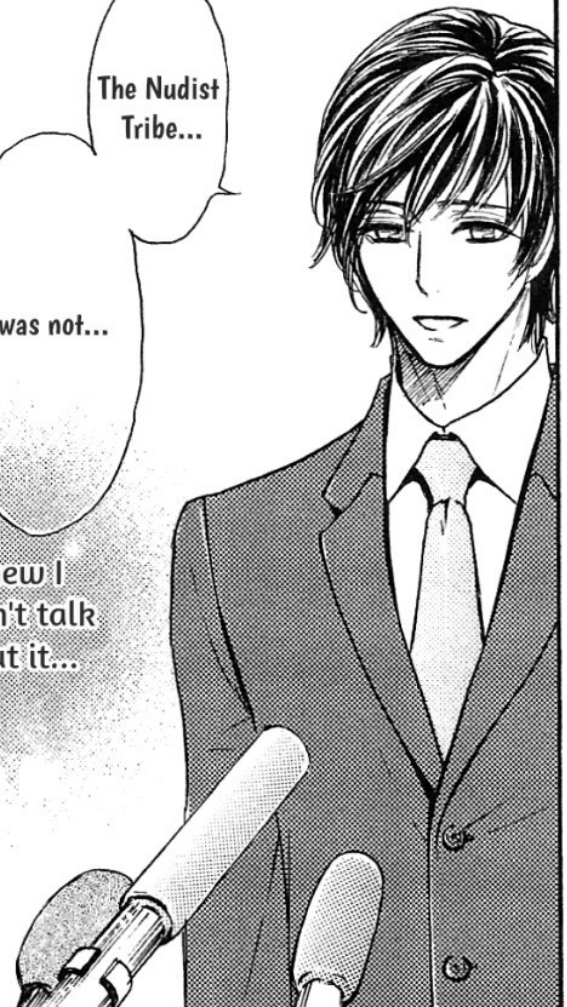

Oooo!!

The Nudist Tribe...

was not...

I knew I mustn't talk about it...

You survived naked...

It was a big laugh to my sister.

That's so hilarious!

My stomach hurts!

As long as you weren't hurt. I think you'd even eat weeds if your life depended on it!

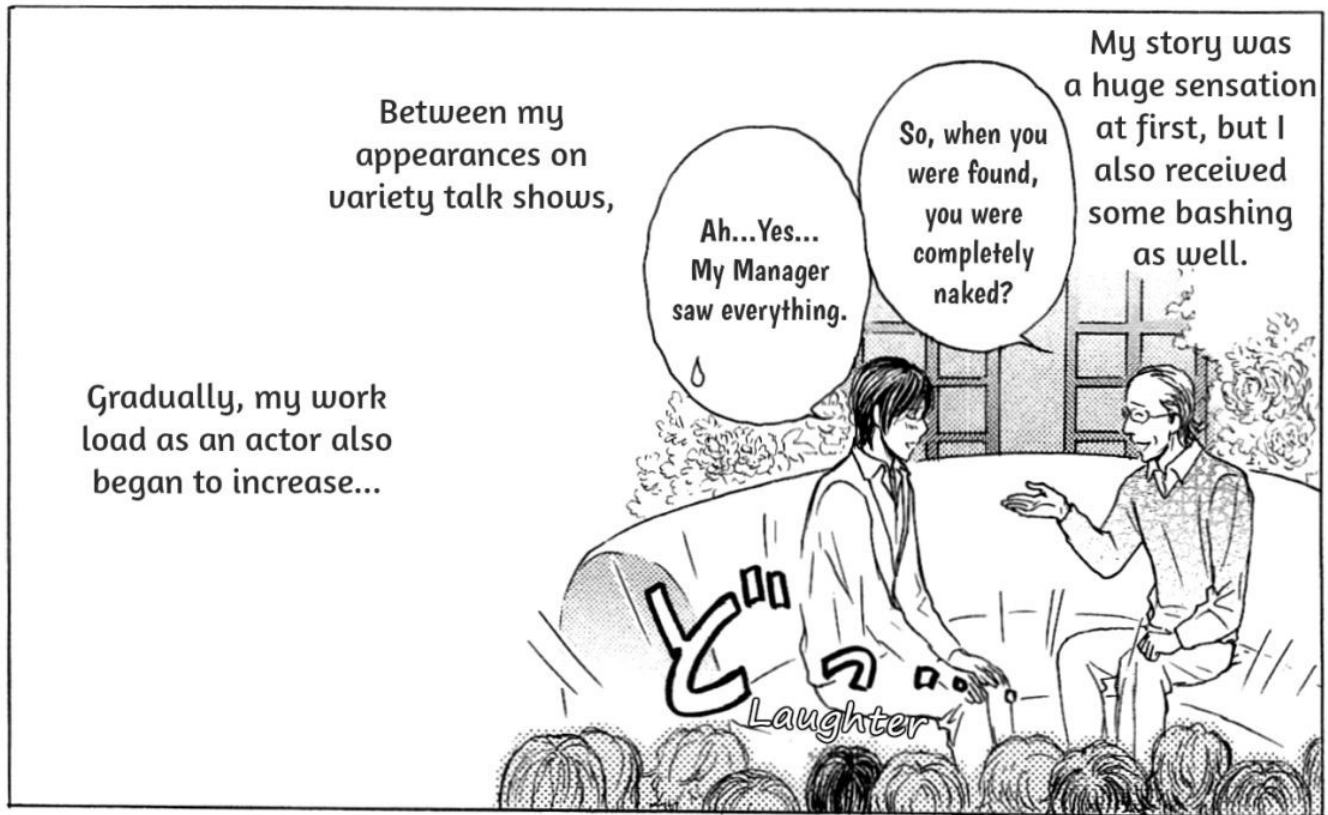

You've been tough for a long time. No matter what you eat, you don't get a stomach ache.

I thought my parents would have been worried, but unexpectedly they weren't.

Ha Ha Ha

It's fine! It's fine!

I'm sorry...

Between my appearances on variety talk shows,

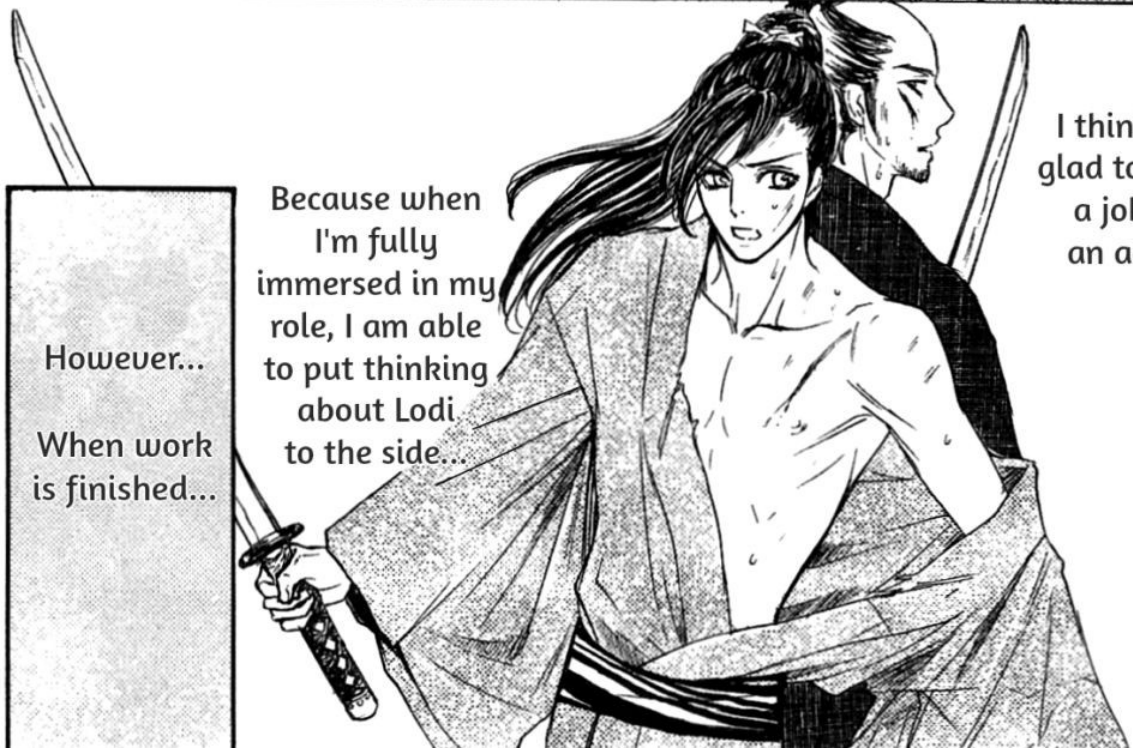

Gradually, my work load as an actor also began to increase...

Ah...Yes... My Manager saw everything.

So, when you were found, you were completely naked?

My story was a huge sensation at first, but I also received some bashing as well.

Laughter

However...

When work is finished...

Because when I'm fully immersed in my role, I am able to put thinking about Lodi to the side...

I think I'm glad to have a job as an actor.

Your new address will be decided after we meet and talk with your parents.

See ya!

The other day, you said that some fan girls came here, right?

Move?

Good work today! I'll be here to pick you up at 7am tomorrow.

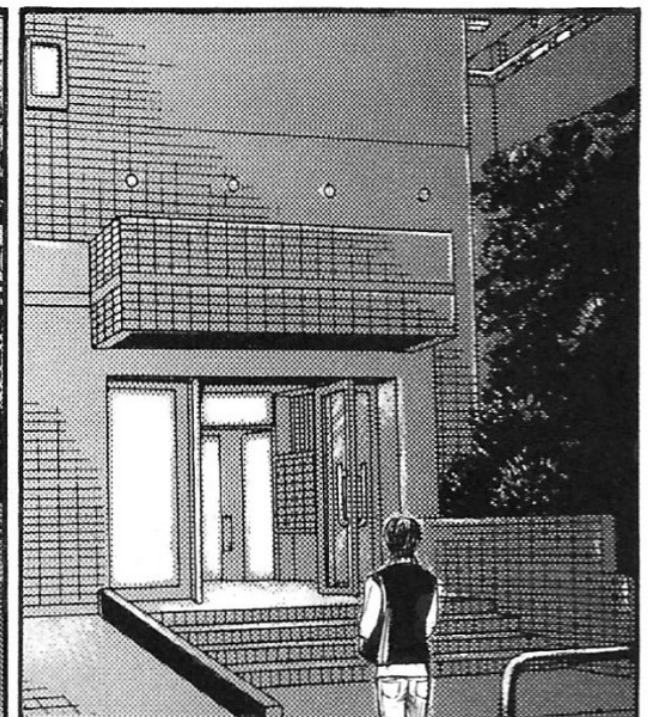

So you should move to a place with better security.

It's dangerous...

Besides that, you should think about moving in the near future.

See you later.

Until then, if there is any trouble, just call me.

Those kinds of feelings are surging...

Loneliness and regret...

When I'm alone...

MICHIRU ...

clothes...

Lodi told me
that we
could stay in
Japan, but

We
returned
to our
paradise.

Tell everyone that...Even if you wet it properly, if you don't get used to it, you will get hurt.

And now, after being back in the Nudist Village for a few days

I'm expected to do something like this!!

This lotion was made by Lodi using flower nectar and herbs. We can also teach you how to make it.

We were in the middle of having anal sex when we were seen by him.

So embarrassing

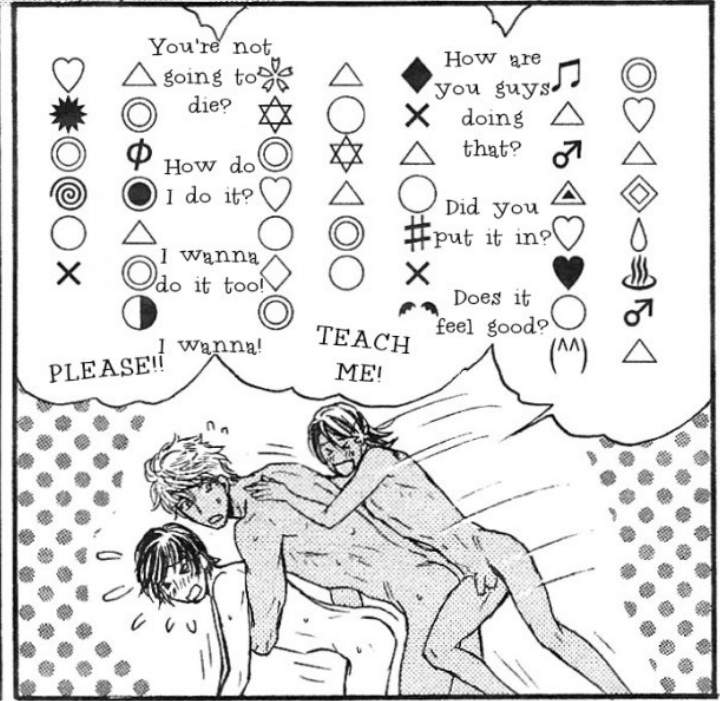

A few hours ago...

How did it come to this...

Just like that, the news spread to every male couple in the village and...

It's turned into an open course on anal sex!!

You're not going to die? How do I do it? I wanna do it too! How are you guys doing that? Did you put it in? Does it feel good?

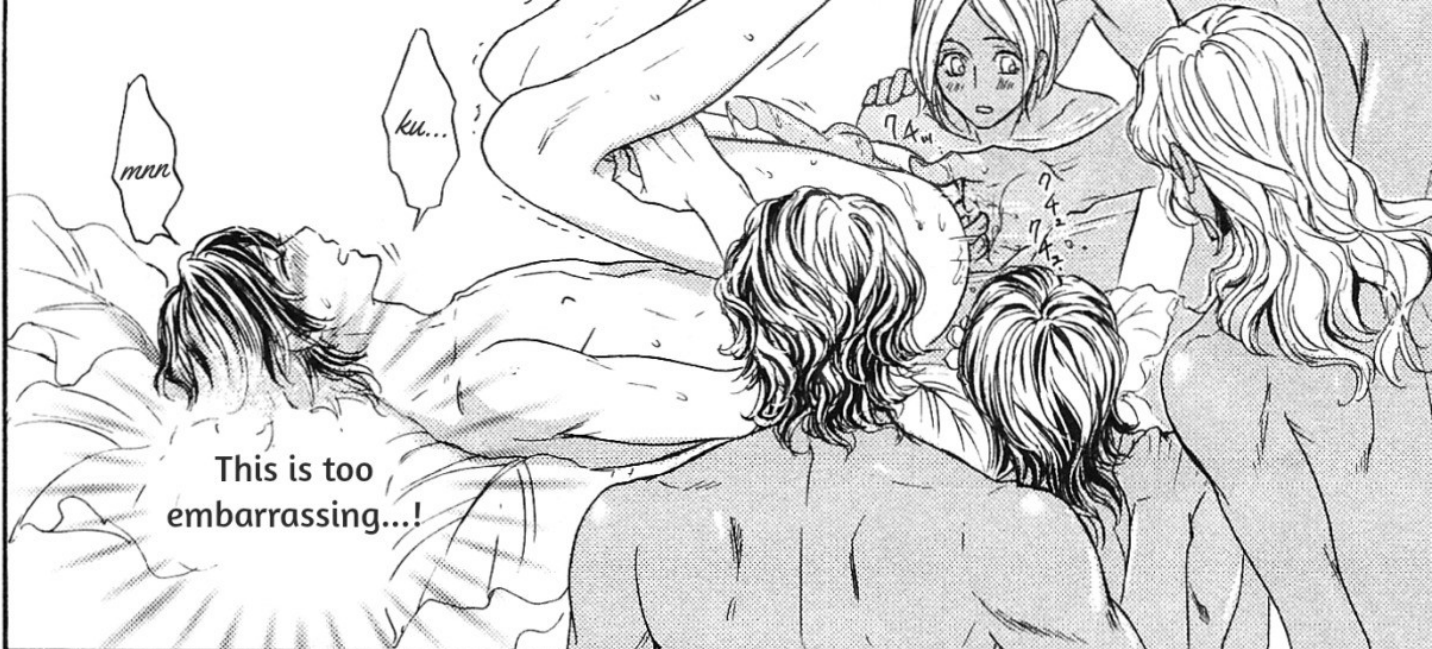

PLEASE!! TEACH ME!

mnn ...

I know I have to get used to it... but...

The people here watch and are watched and think nothing of it...

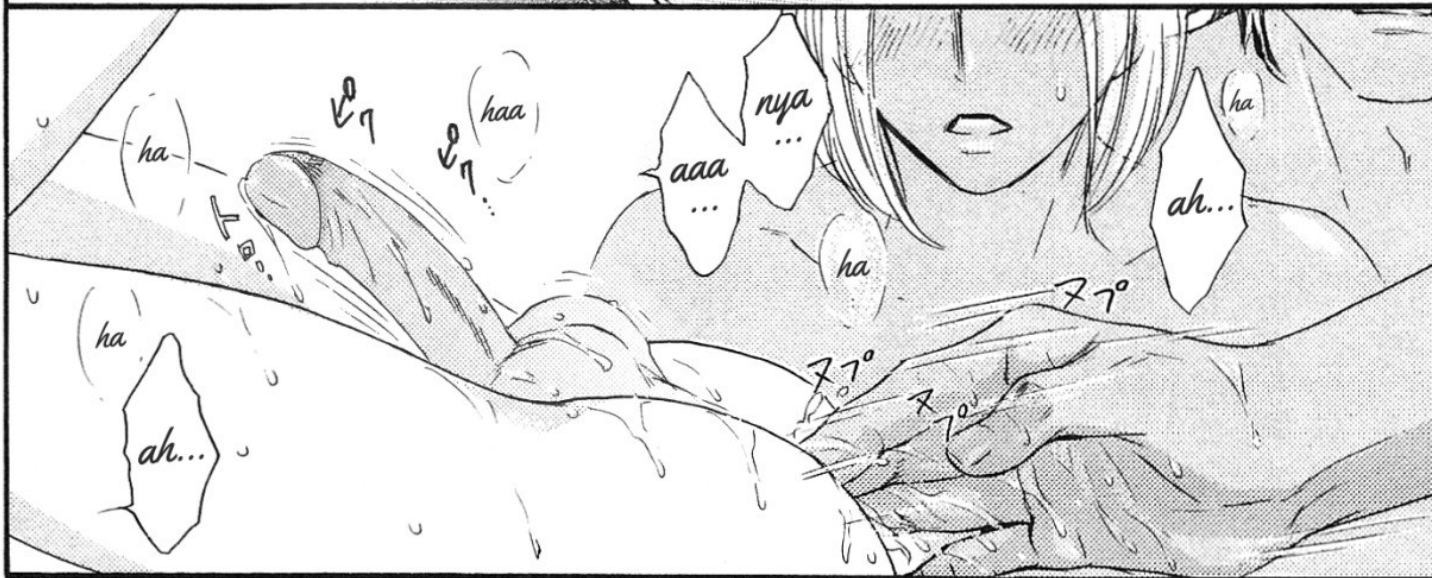

This is too embarrassing...!

I'm embarrassed of that place...
...altogether!

Everyone is looking so closely...

cumming...!!

There...

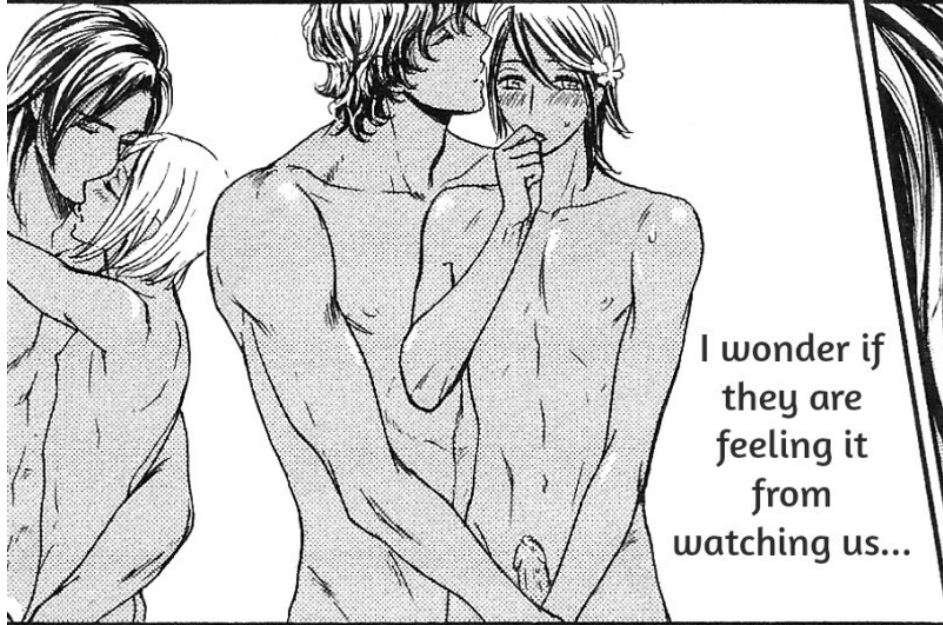

no good...!

hya...

nyaa...

Even though everyone is watching...

it actually feels pretty good

Chapter 4.5

Morning in the Nudist village starts with the cries of various animals who live in the jungle.

Good morning

Good morning Michiru
♥

muu...

muu...

haa...

ah...

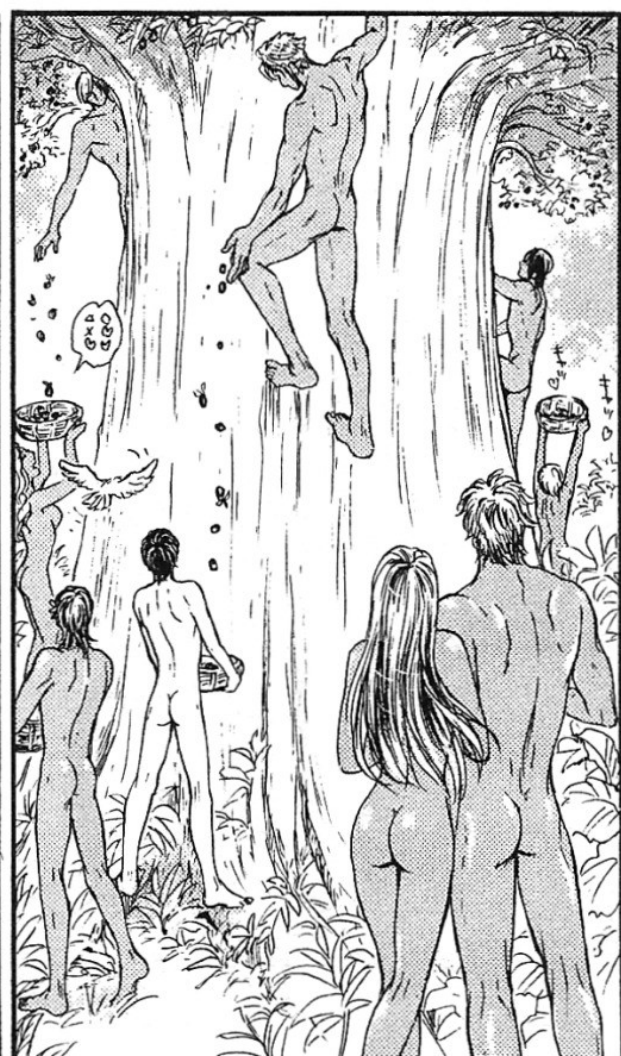

Alright... We'll just head out to the fruit trees...

It's normal for the people here to just come right in, even in the middle of sex.

What are they called?

It's hard...

nn...

"Happiness".
Take a bite and eat it along with the seed.

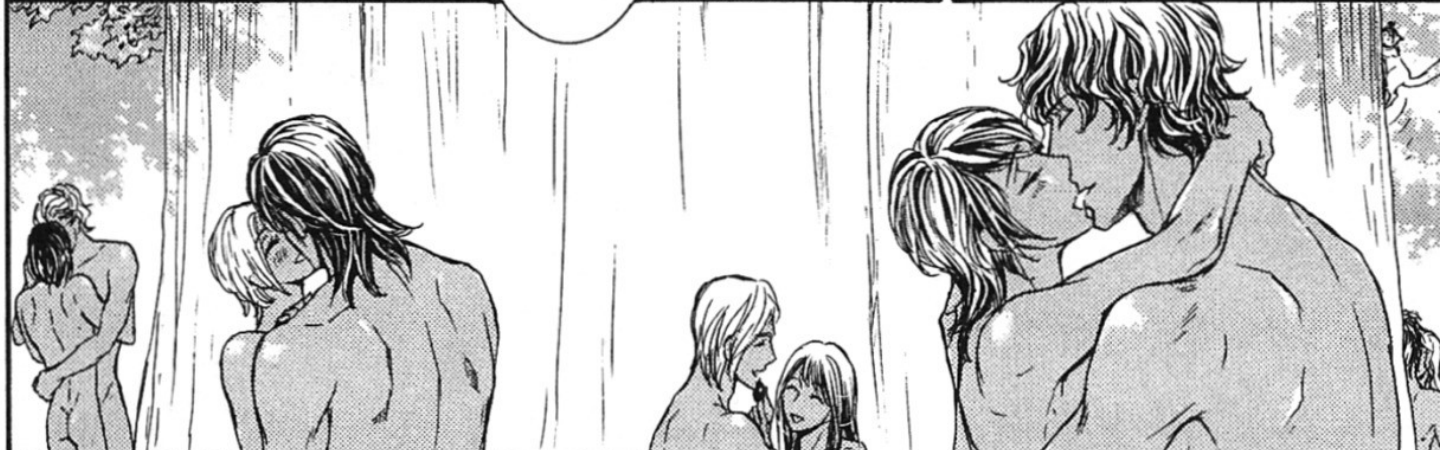

Since couples chew them and feed them to each other,

It has the nick-name "lover's fruit"

It's sweet!

Tastes like vanilla!

Lover's fruit!

Me too...
I want to eat more...

There were even some couples who started doing it, but

no one even takes notice to such ordinary things here.

As many as you want.

The first time I ate the "Lover's fruit", it was a sweetly melting, happy flavor.

"We'll wait until you finish. So this time let's go fishing!"
