and suddenly he returned to me "hey I am doing laundry, hurry up and remove your clothes" i said it in motherly way but....

my son yet again stared at me with same spicy look.....

okaa-san

I

I

only for today....
While saying it to myself
....

Only for today
.....

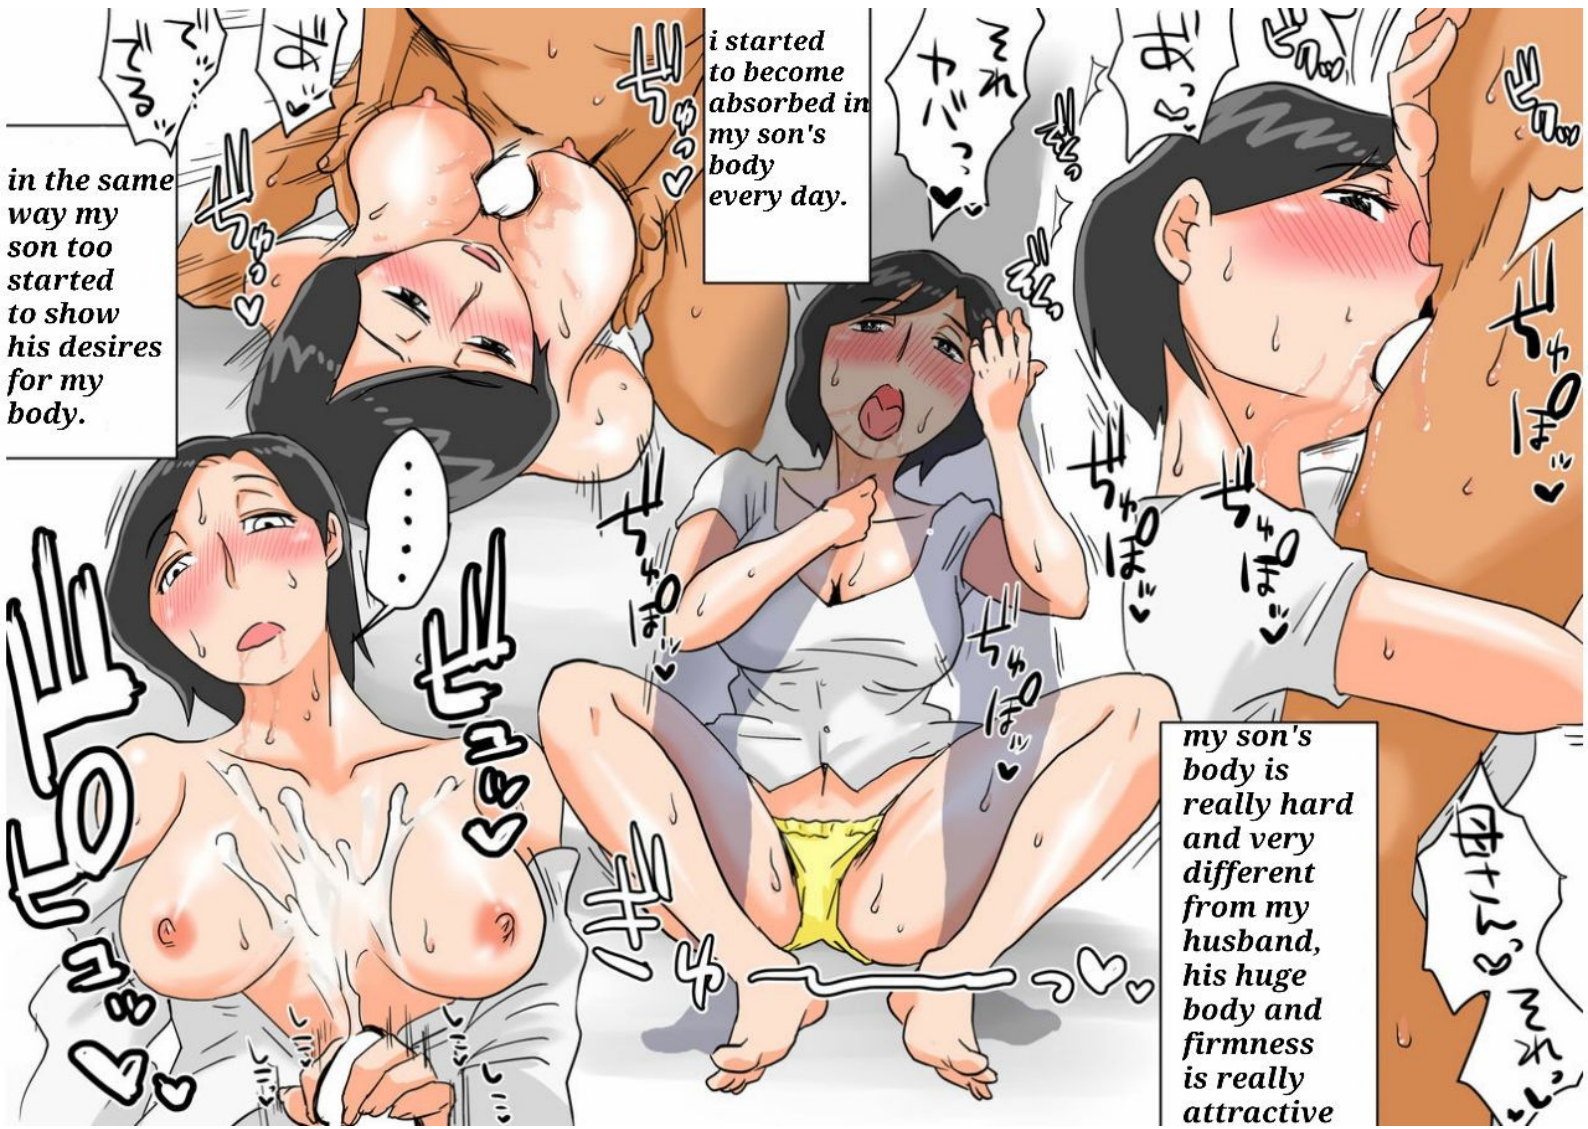

Every day he came inside his mother's mouth.

my son saw through my excuses, and demanded me to do it every day.

[only for today] only with the mouth, is the same excuse i gave him every time.

i continued sucking my son's thing ...next day too.... even on the next to next day too.

in the same way my son too started to show his desires for my body.

i started to become absorbed in my son's body every day.

my son's body is really hard and very different from my husband, his huge body and firmness is really attractive

we mutually devour each other in silence while barely maintaining mother and child relationship.

performing the same act repeatedly every day, things started to escalate. Up until yesterday the pleasure of satisfaction was gone.

*i knew it
.....
i surely
Knew
it earlier....
what comes
after this....*

ahh i want to put it in

sex.

i want to have sex with mom..

those lewd words were soaked inside me and finally made me run out of my patience

i want to have sex with with mom...

Every day, as if putting up a hint, every day... ..

my dick inside okaa-san's pussy

ahh... i wanna do it

stop it! only that we can't ...!

gradually my son will begin to say such things

Because am doing it with my hand.... ok?

母さんっ... セックスしたい

i urged him to cum inside his mother

you are wearing condom so you can cum as you like....

It's okay...

i gently whispered it to my son...

i said it but condom is of only few mili meters..... and my son has ejaculated in great amount which could have been risky without it wrapping around his dick.

only for today

ahh
ahh

okaa
san
sex

okaa
sanh
okaa
sanhh

only for today..
alrighhh..

hahh

and while
telling
myself
those
excuses
i withstand
the intense
hip shake
of my son.

and even-
tually
on that day
3 times.....
i had sex
with my son
