THE END

■ Afterword ■

Hello and good day, how are you doing?
I'm always grateful, Tsuttsu here.

This is my third original book.
"Suku Nyou!".
How was it?
It doesn't fit the season at all, so
(I came up with the story at summer last year)
please forgive me (Sweating.)

Middle schooler's pee + School swimsuit
filter = School Pee (Suku Nyou)!

The story of "Pee Fundraiser" is like a dream,
but "Suku Nyou" is something I would like
to try out once as well.

I wasn't able to draw "Urinating in a pool"
this time, but it's something I would like
to try drawing one day.

In this book a new girl slowly entered
the stage alongside Aya-chan and Rin-chan
(Will she perhaps become a main character
one day...?).

There are still plenty of stories I want to draw,
(My next original book will be out in Comitia III)
so please look forward to them~!

The next event is Winter Comiket!
I think it'll be more enthusiastic than usual,
so make sure you don't miss it.

Now then, I guess I'll end it here.
Thank you very much!

Tsuttsu
