B・カイマン

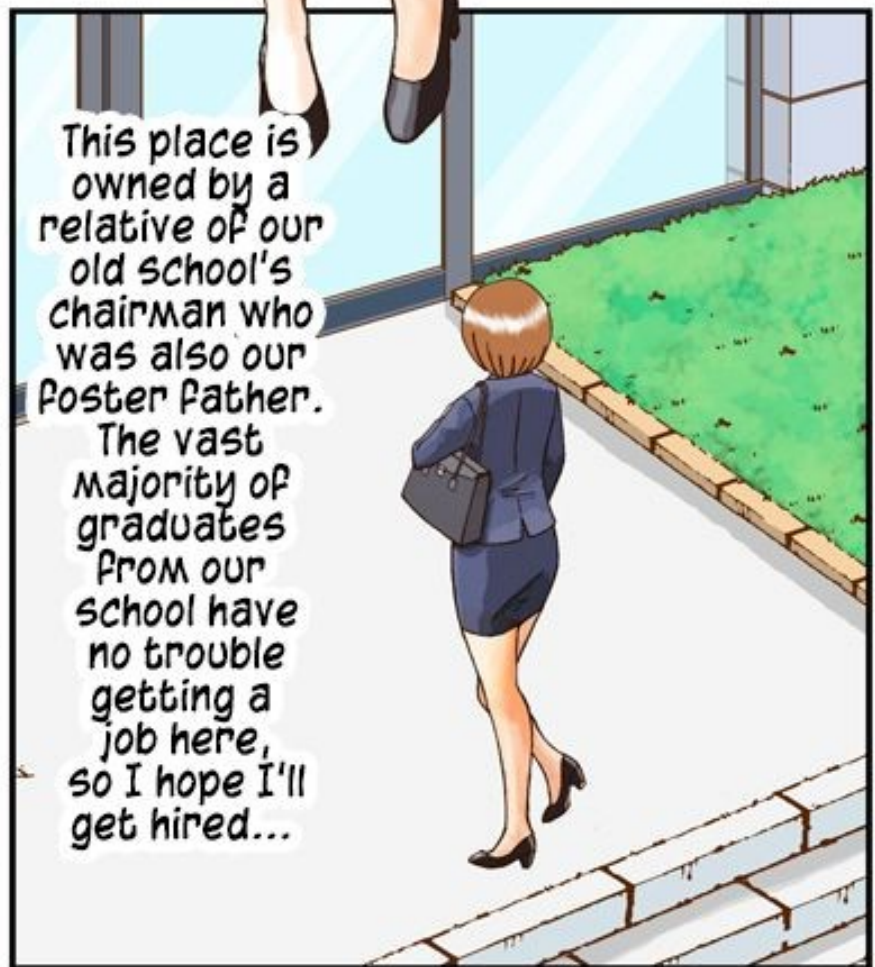

My parents died when I was young, so my brother and I were raised in a private school. I know he's been working here for the past three years.

My name is Rina Shirai. I'm heading to a job interview right now.

I think I also wouldn't have a hard time getting a spot in the company dormitory.

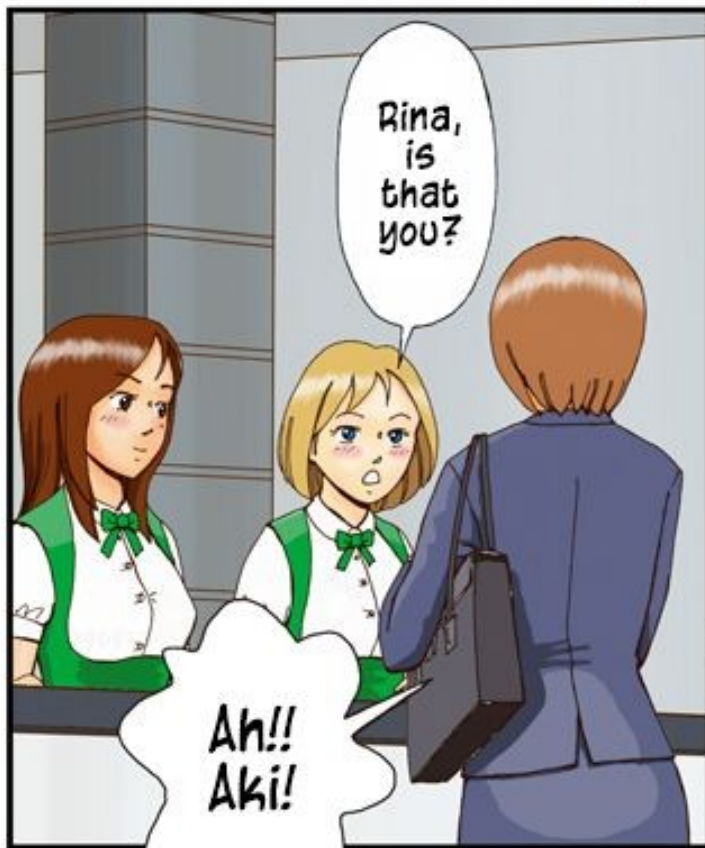

This place is owned by a relative of our old school's chairman who was also our Foster Father. The vast majority of graduates from our school have no trouble getting a job here, so I hope I'll get hired...

I'm just nervous because I haven't heard from my brother ever since he started working here.

He's probably enjoying the life of an economically independent man to its fullest, but still...

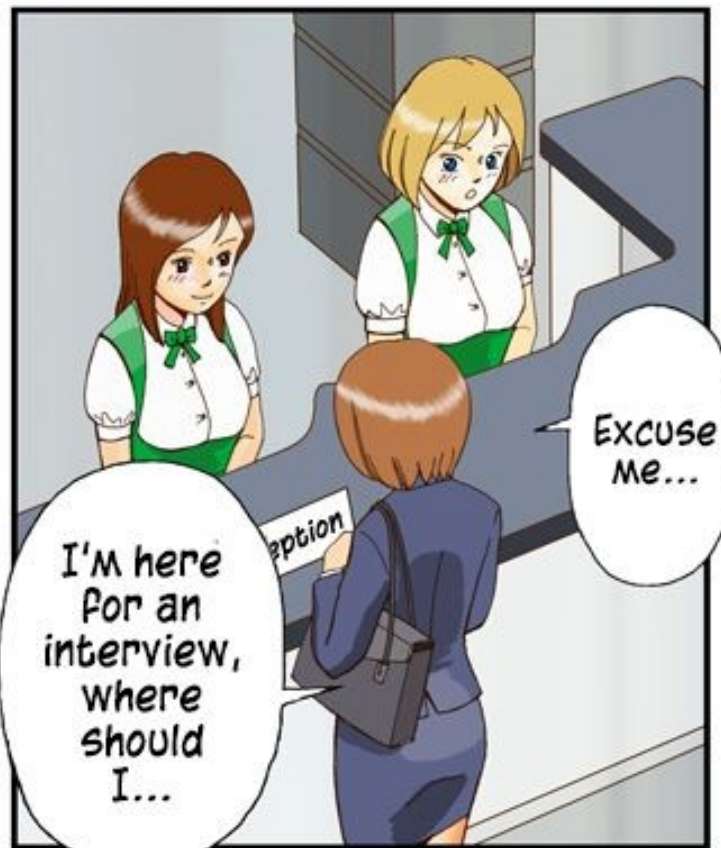

I feel a little guilty for taking such a shortcut, but I prefer to think I'm lucky to even get one at all in this horrible job crisis. Besides, the chairman said it was no big deal at all, so...

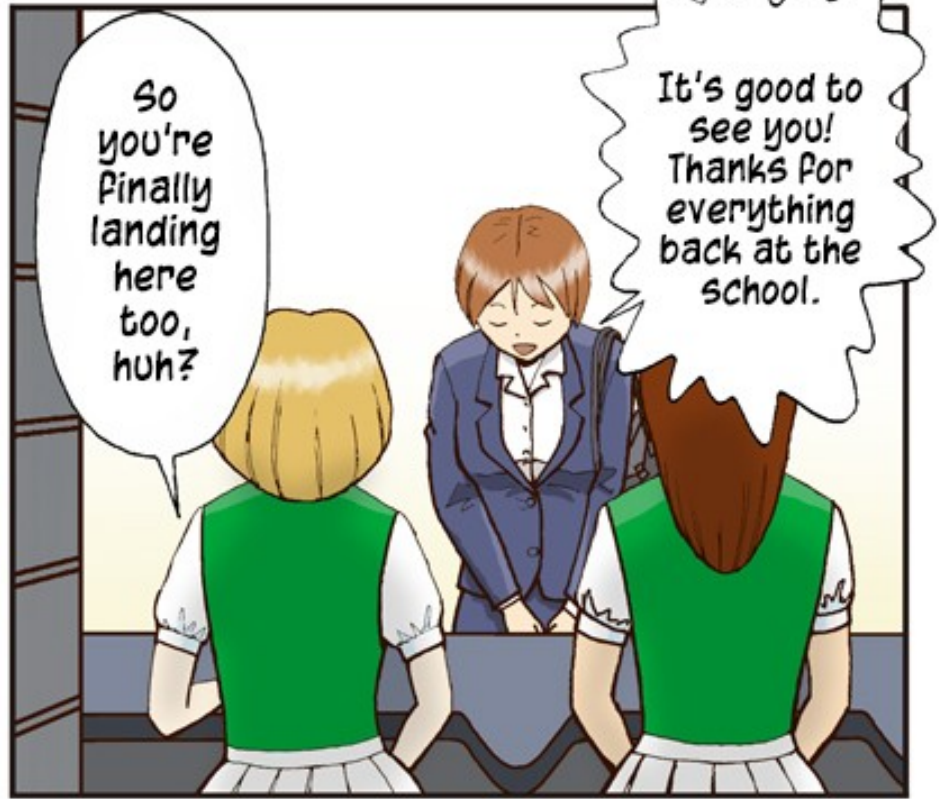

Rina, is that you?

Ah!! Aki!

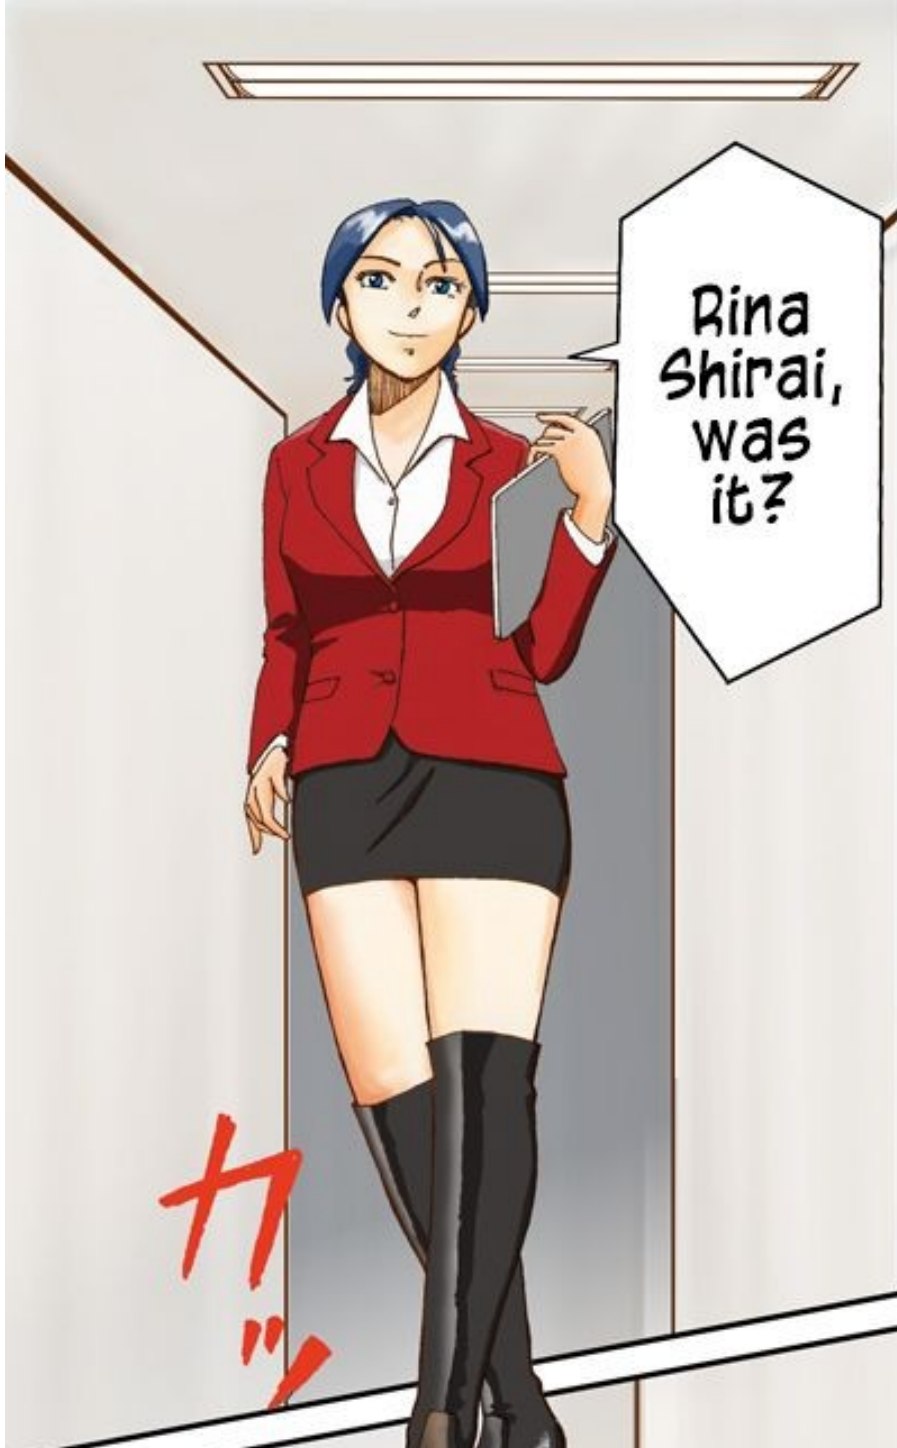

Excuse Me...

I'm here for an interview, where should I...

Yes, My name is Rina Shirai. Pleased to meet y-

This is the room. Please go in.

..she's scary!

It's so dark ...

Excuse me?

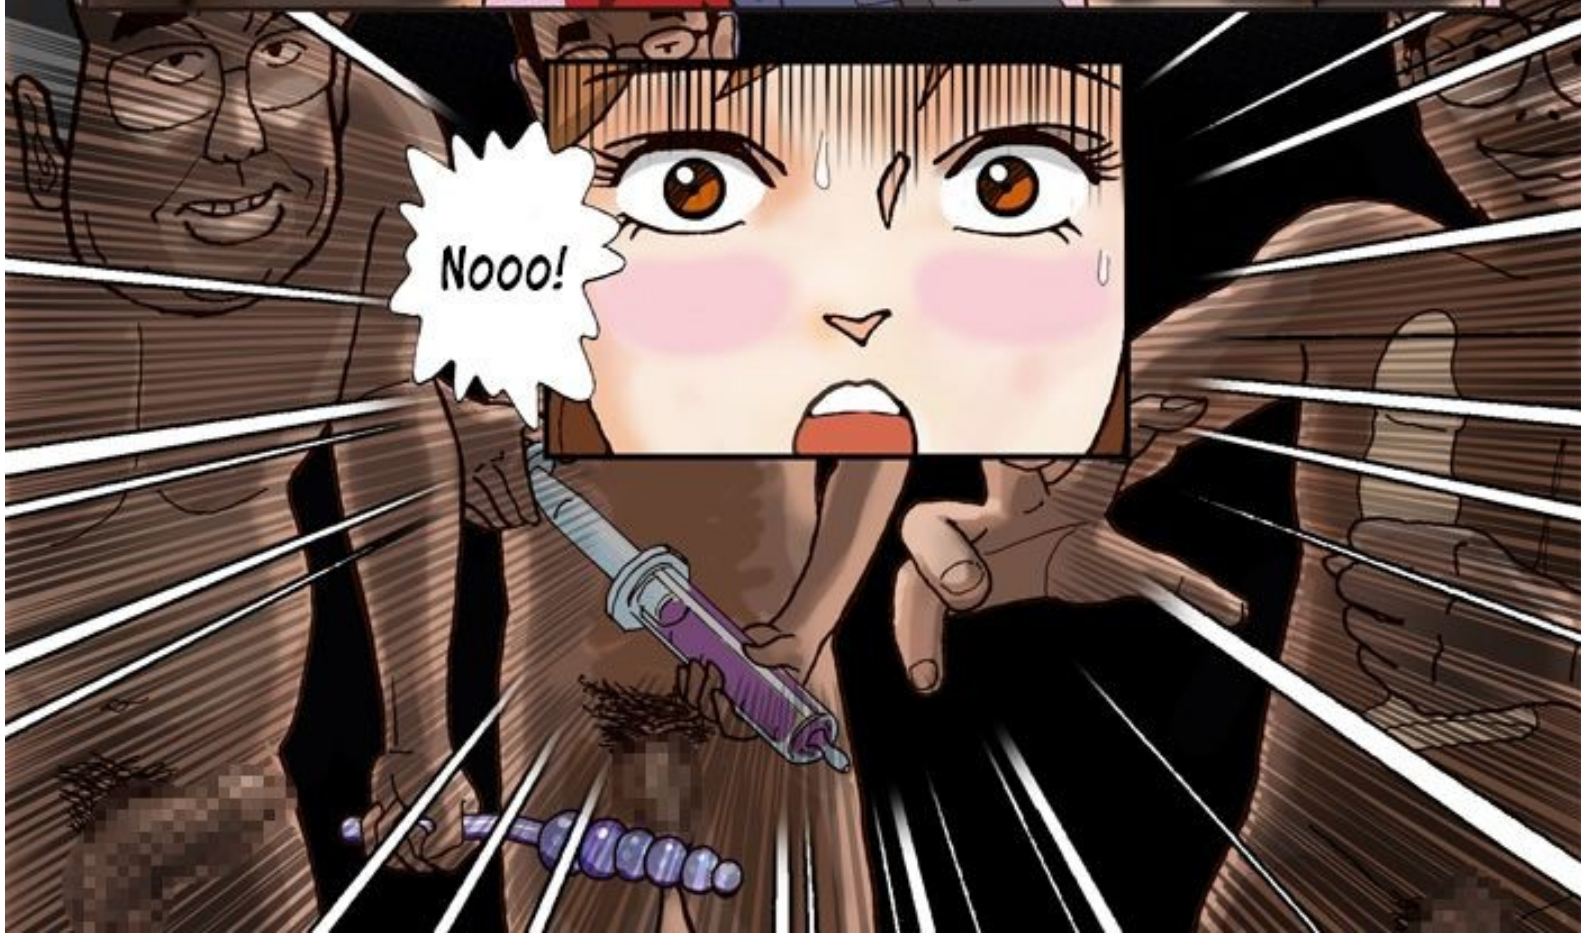

Come sit here.

Let's start with the employee crash course!

Grats, you aced the interview!

Nooo!

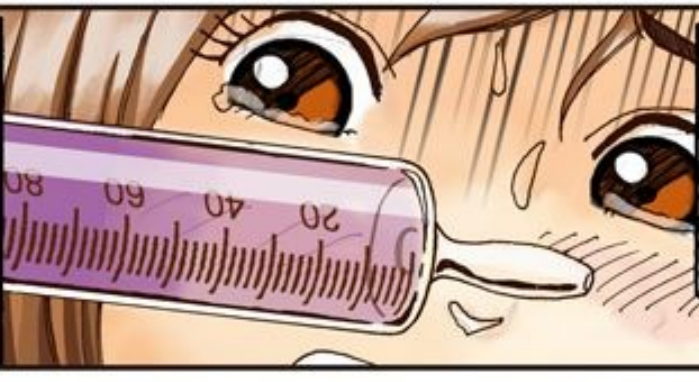

OFF with these fucking clothes. You'll never need them again!

Let's rip them off! Hyeh-ehe!

Hn! Aah!

But don't worry, you'll get lots of muscle relaxants and aphrodisiacs with this pink solution! It's one of our company's products...

Getting one up your ass right away might hurt...

Aah!!

Enough of the stuff and you'll cum hard even though it's your first time! Hehehe!

Hello!
This is

Human
Resources.

5 days
later

This is all you'll ever get to eat from now on, so you'd better start enjoying it!

This is ten people's worth. Drink it!

During the span of 72 hours, she drank the semen of about 216 different men. They made her swallow after ejaculating in her mouth, of course, but they also collected the semen from her ass and pussy in a glass and made her drink it.

Heh, he'll do it either way. Hehehe!

Noo!

Gulp it down with a smile or I'm gonna shove my fat cock up your asshole!

They woke her up with hot wax and needles whenever she painted, only to resume raping her even harder...

Hnn!!

Ah! It hurts!

That nightmare came back to her right after waking up.

Alright, just ten more enemas to go!

Please stop...! I'm gonna die!

I'm gonna remove the tube now. But don't you dare leak anything, ok? You're gonna need to clench your ass.

I'll show you around today. We need to find you a job!

Aah!

Hey! It's getting everywhere!!

Ah!! No, w-wait...

After being so aggressively enlarged for so long, Rina's asshole remained wide open no matter how hard she tried to squeeze it shut.

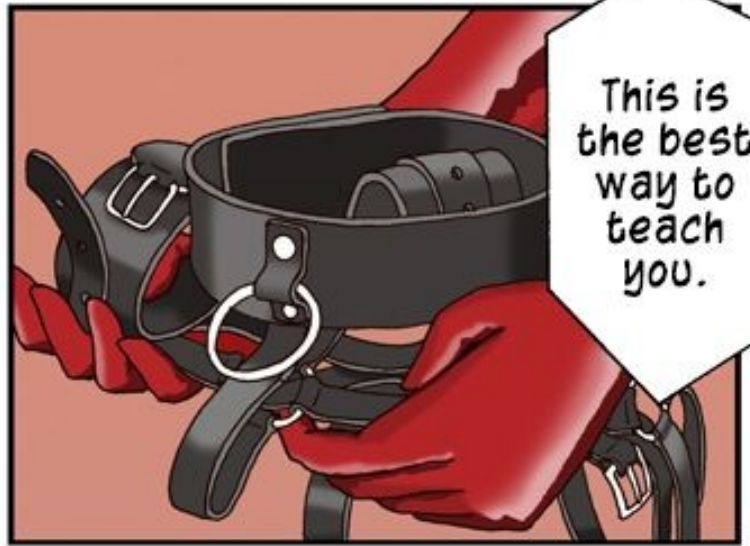

Aaahn!! I'm so sorry!

You're soiling the bed! Close that fucking asshole!!

Do you fear you'll leak it again? Huhu!

This is the best way to teach you.

Hn...

No more, please!

Now we're ready. Let's go!

Uuh...!

The nourishing enema I gave you is absorbed pretty quickly by your intestines, but one can never be too careful... Let's plug you up!

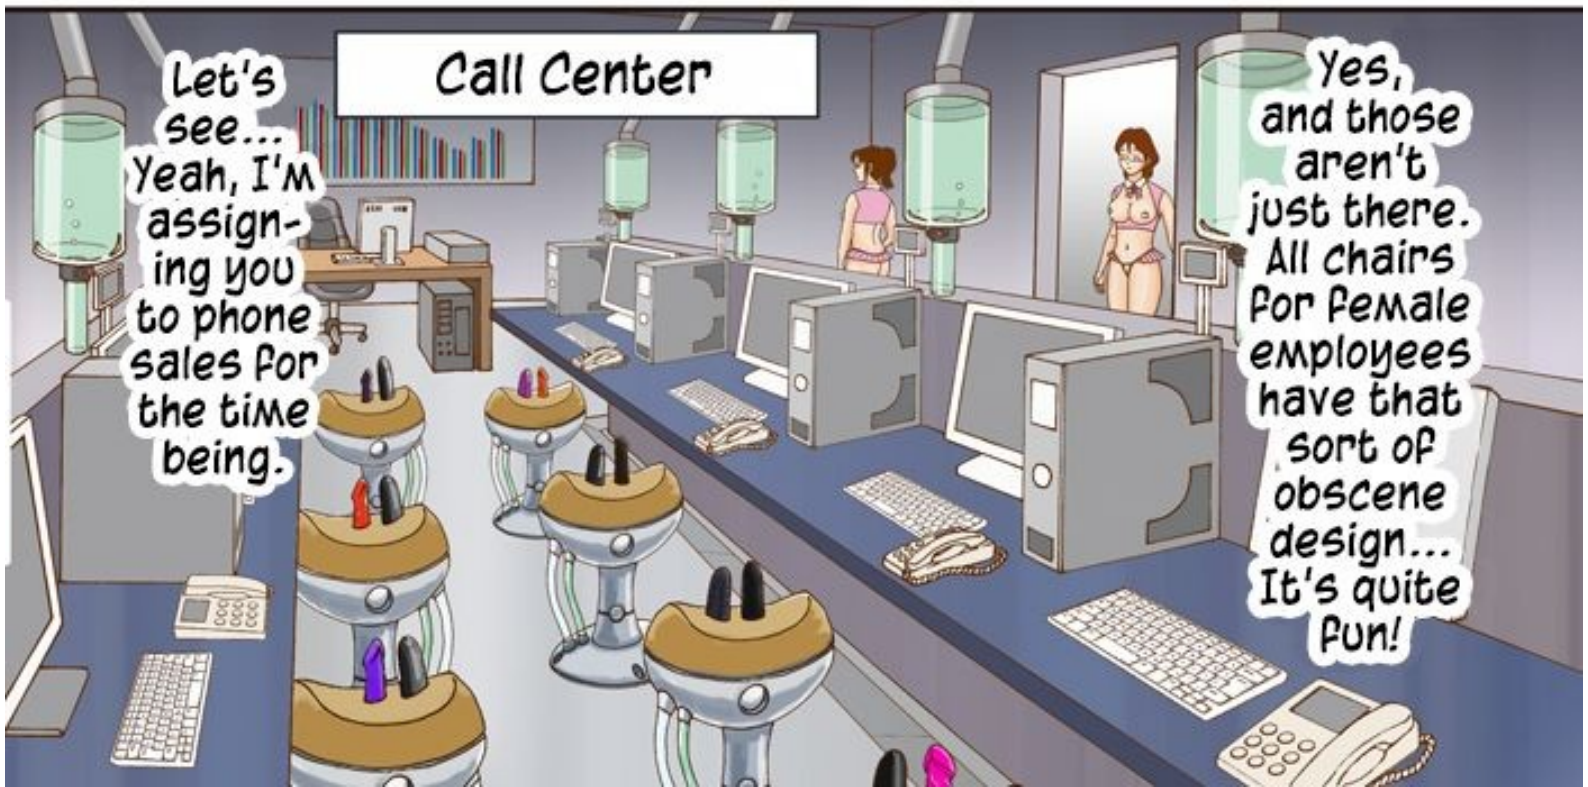

This shuttle takes most girls from the dormitory to the offices and back. Only the secretaries never ride it.

Underground entrance

Those seats ...

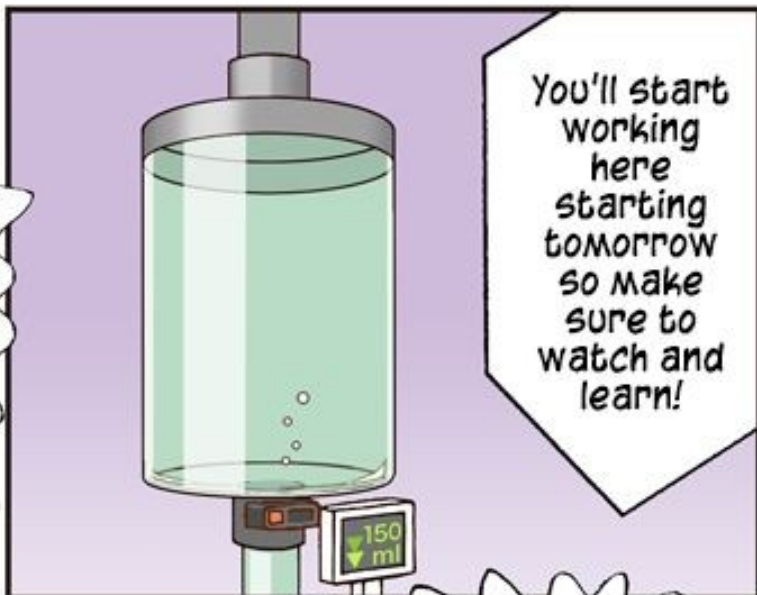

Call Center

Let's see... Yeah, I'm assigning you to phone sales for the time being.

Yes, and those aren't just there. All chairs for female employees have that sort of obscene design... It's quite fun!

I'm not gonna work in this hellish place!

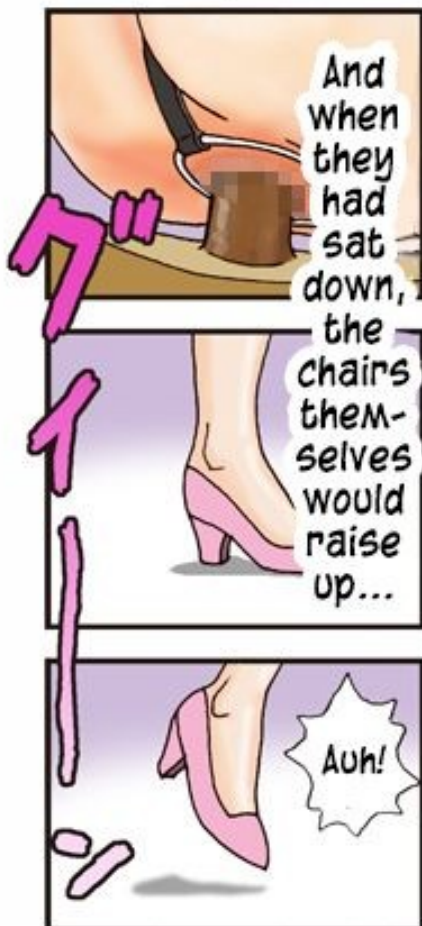

You'll start working here starting tomorrow so make sure to watch and learn!

It's time for you to fully realize the situation you're in!

Are you stupid or something? Do you think you're free to leave?! Have you really thought about all this?

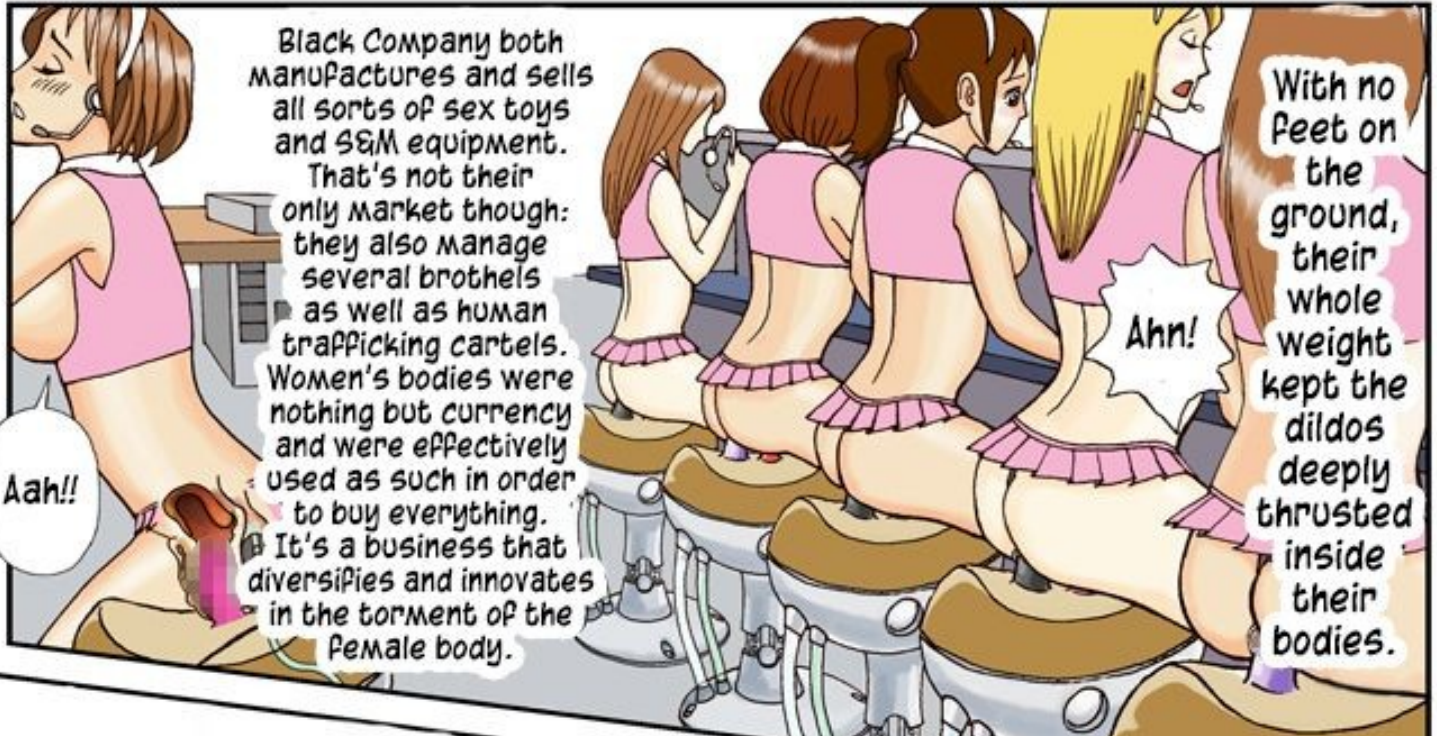

And when they had sat down, the chairs themselves would raise up...

Auh!

Rina was made to watch as all those women lowered themselves on those dildos... She couldn't help but despair thinking that she'd have to do that herself starting the next day.

Black Company both manufactures and sells all sorts of sex toys and S&M equipment. That's not their only market though: they also manage several brothels as well as human trafficking cartels. Women's bodies were nothing but currency and were effectively used as such in order to buy everything. It's a business that diversifies and innovates in the torment of the Female body.

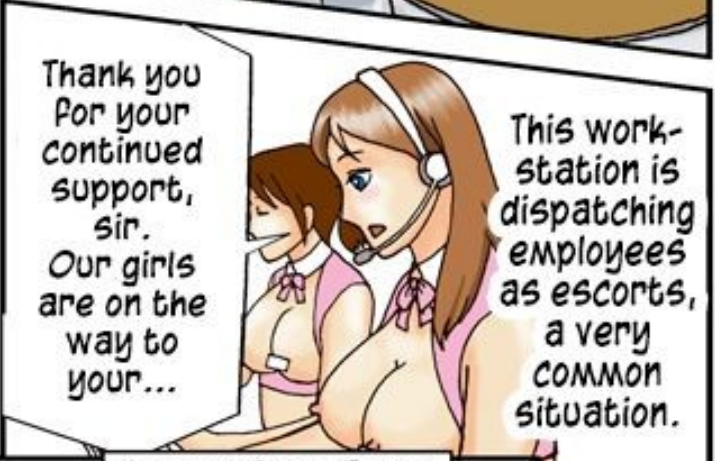

With no feet on the ground, their whole weight kept the dildos deeply thrust inside their bodies.

Whenever a girl fails to complete a contract, the enema tank next to her pumps some of its liquid up her ass.

Uuh ...

Toilet...
Quick...

The chairs immediately release them as soon as lunch break comes and they're free to go and relieve themselves.

Auuh!

The nozzle is equipped with a one-way valve, of course, so the girls can't empty their bellies even if they feel the urge to do so. If they keep failing contract after contract, they'll have inflated abdomens in no time and look like pregnant women.

Let's see where they're going!

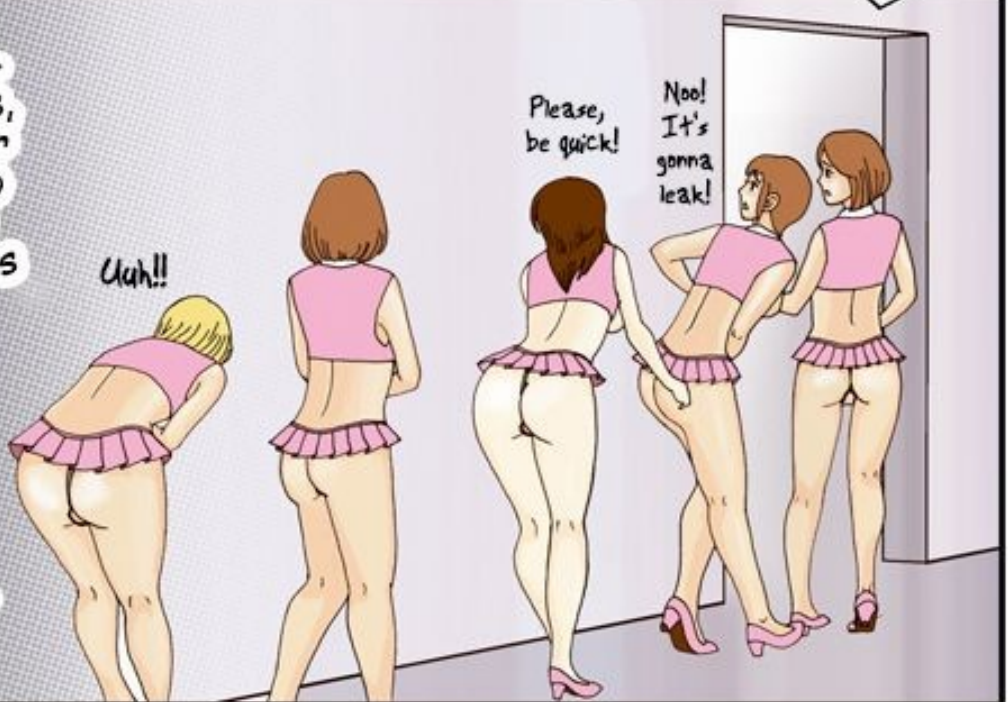

Let's just say that they're gonna have a bad time if they're late, both in the toilet and at lunch... Hehe!

See those girls rushing to the toilet? It's not just because they're scared of soiling themselves, you know.

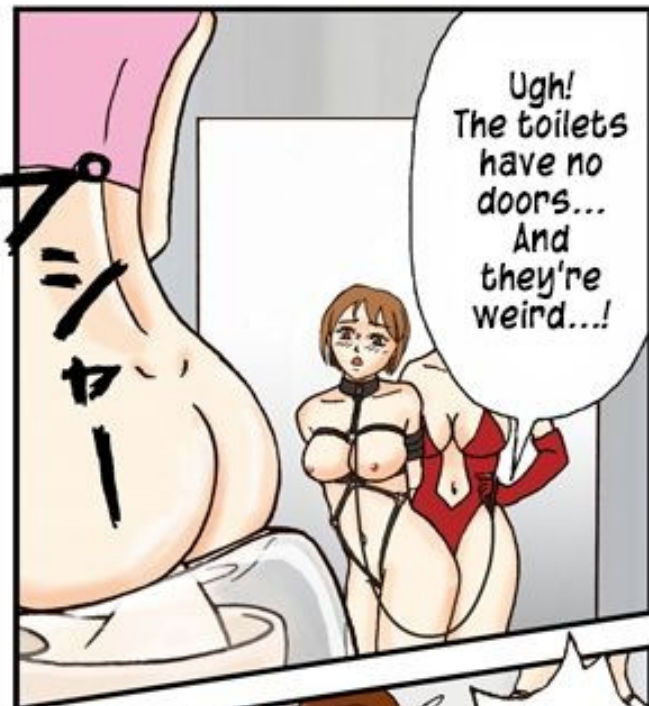

There's not nearly enough toilets to accommodate all the girls, so they have no other option than to line up for their turn while holding it in as best as they can.

Their sphincter is dilated throughout most of the day, so trying to clench it without any dildo inside is a rather difficult and uncomfortable ordeal for them.

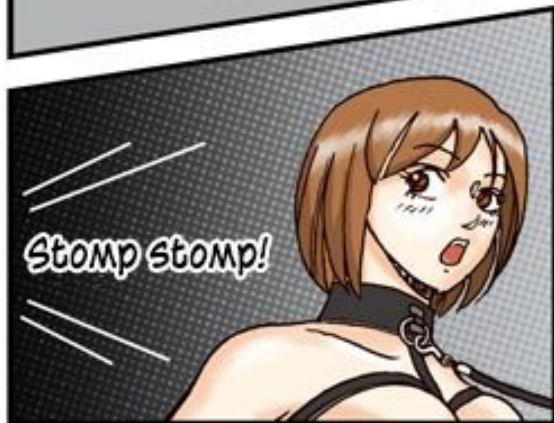

Huhuhu!
It's one of our products. It's quite popular on the black market!

Ugh!
The toilets have no doors...
And they're weird...!

Stomp stomp!

Ah!
No, I can't-!

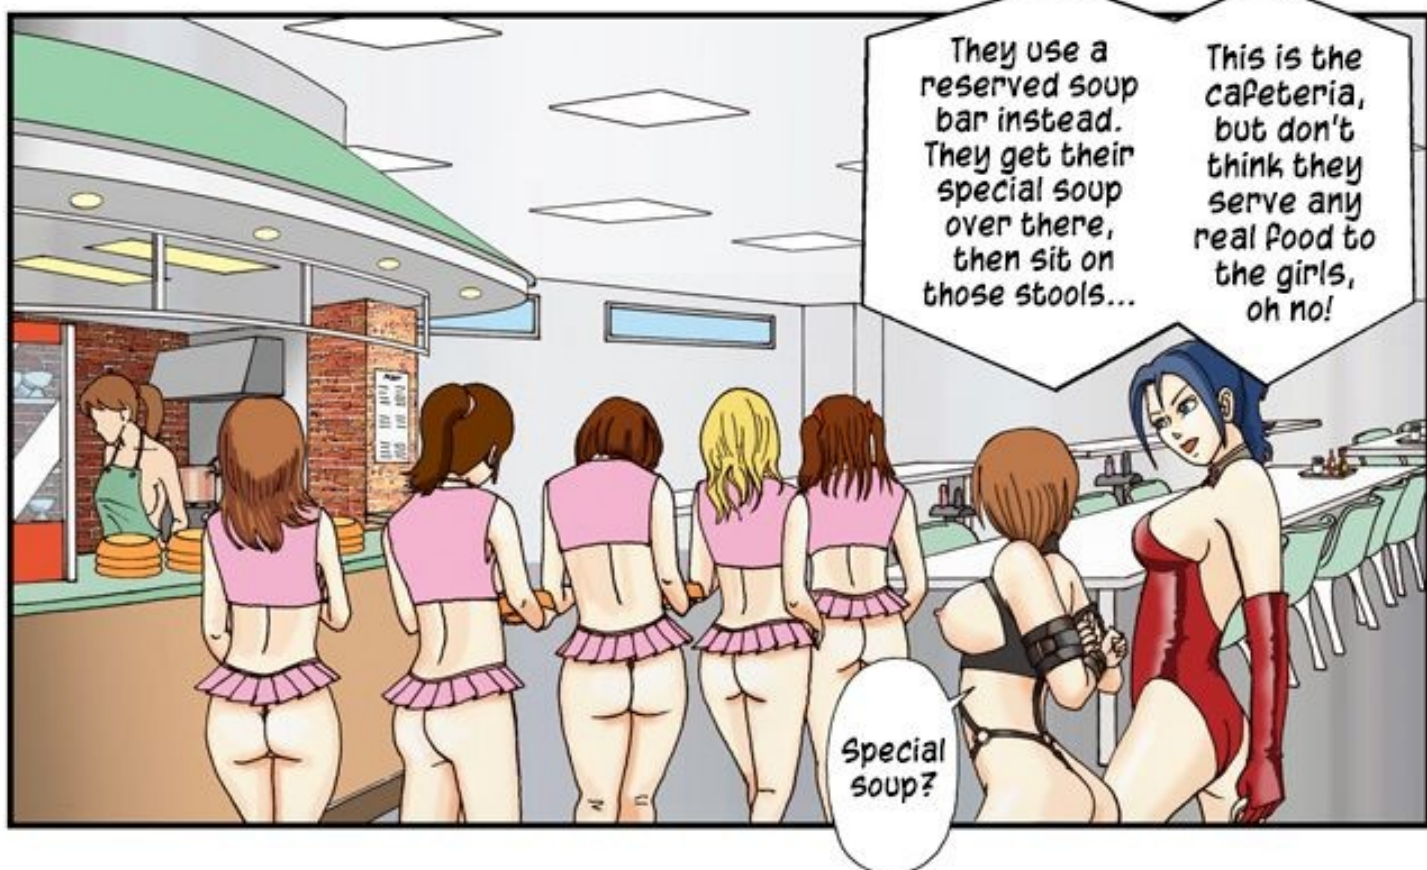

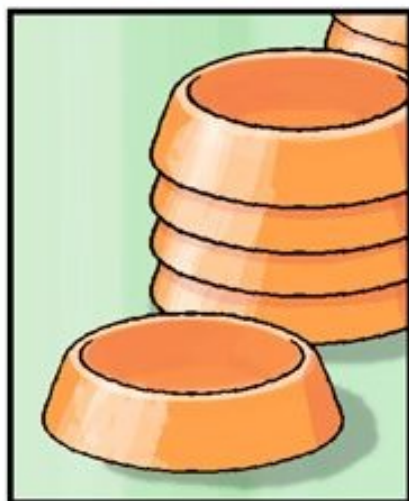

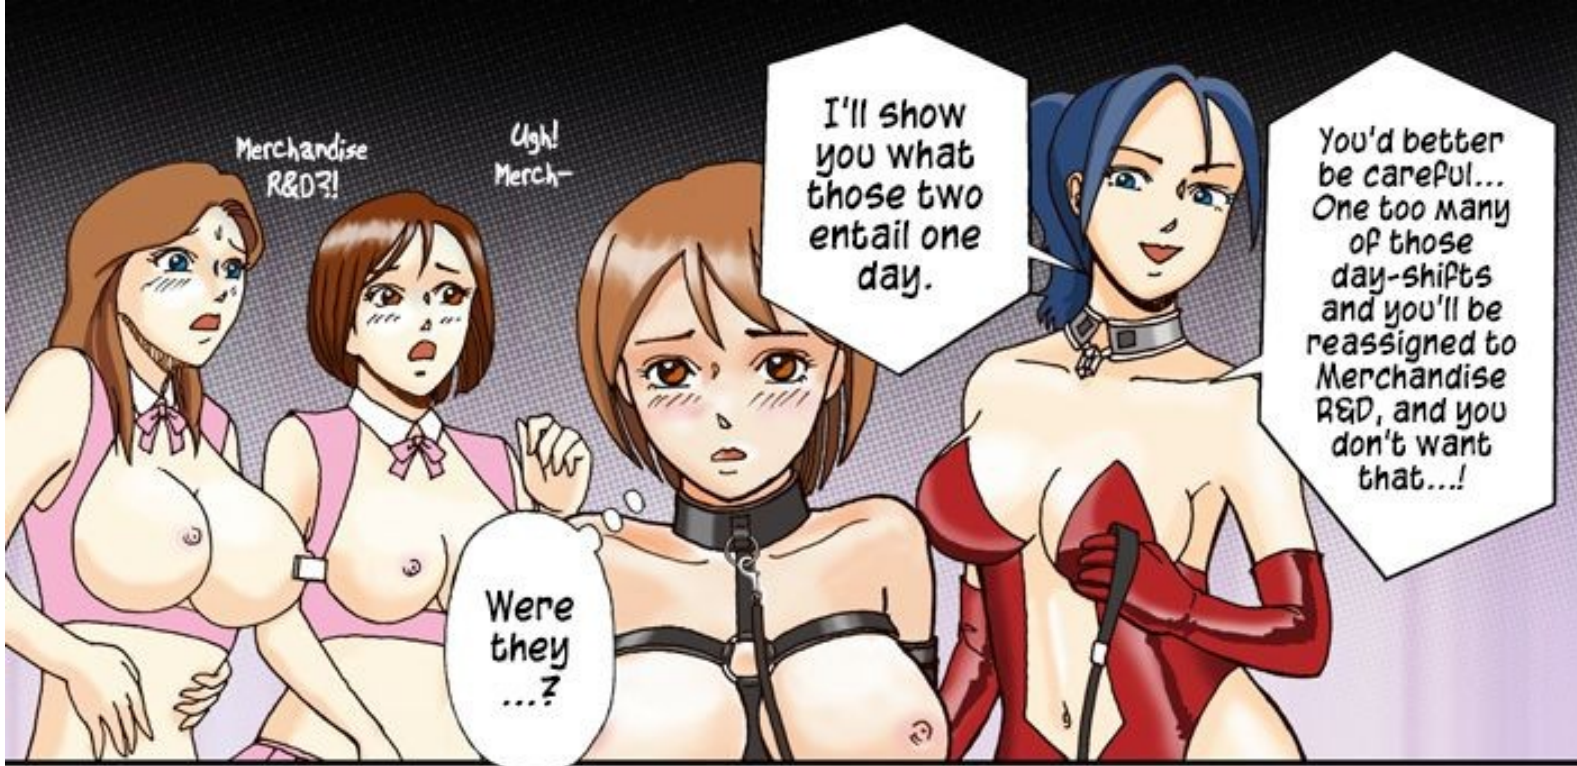

Come!

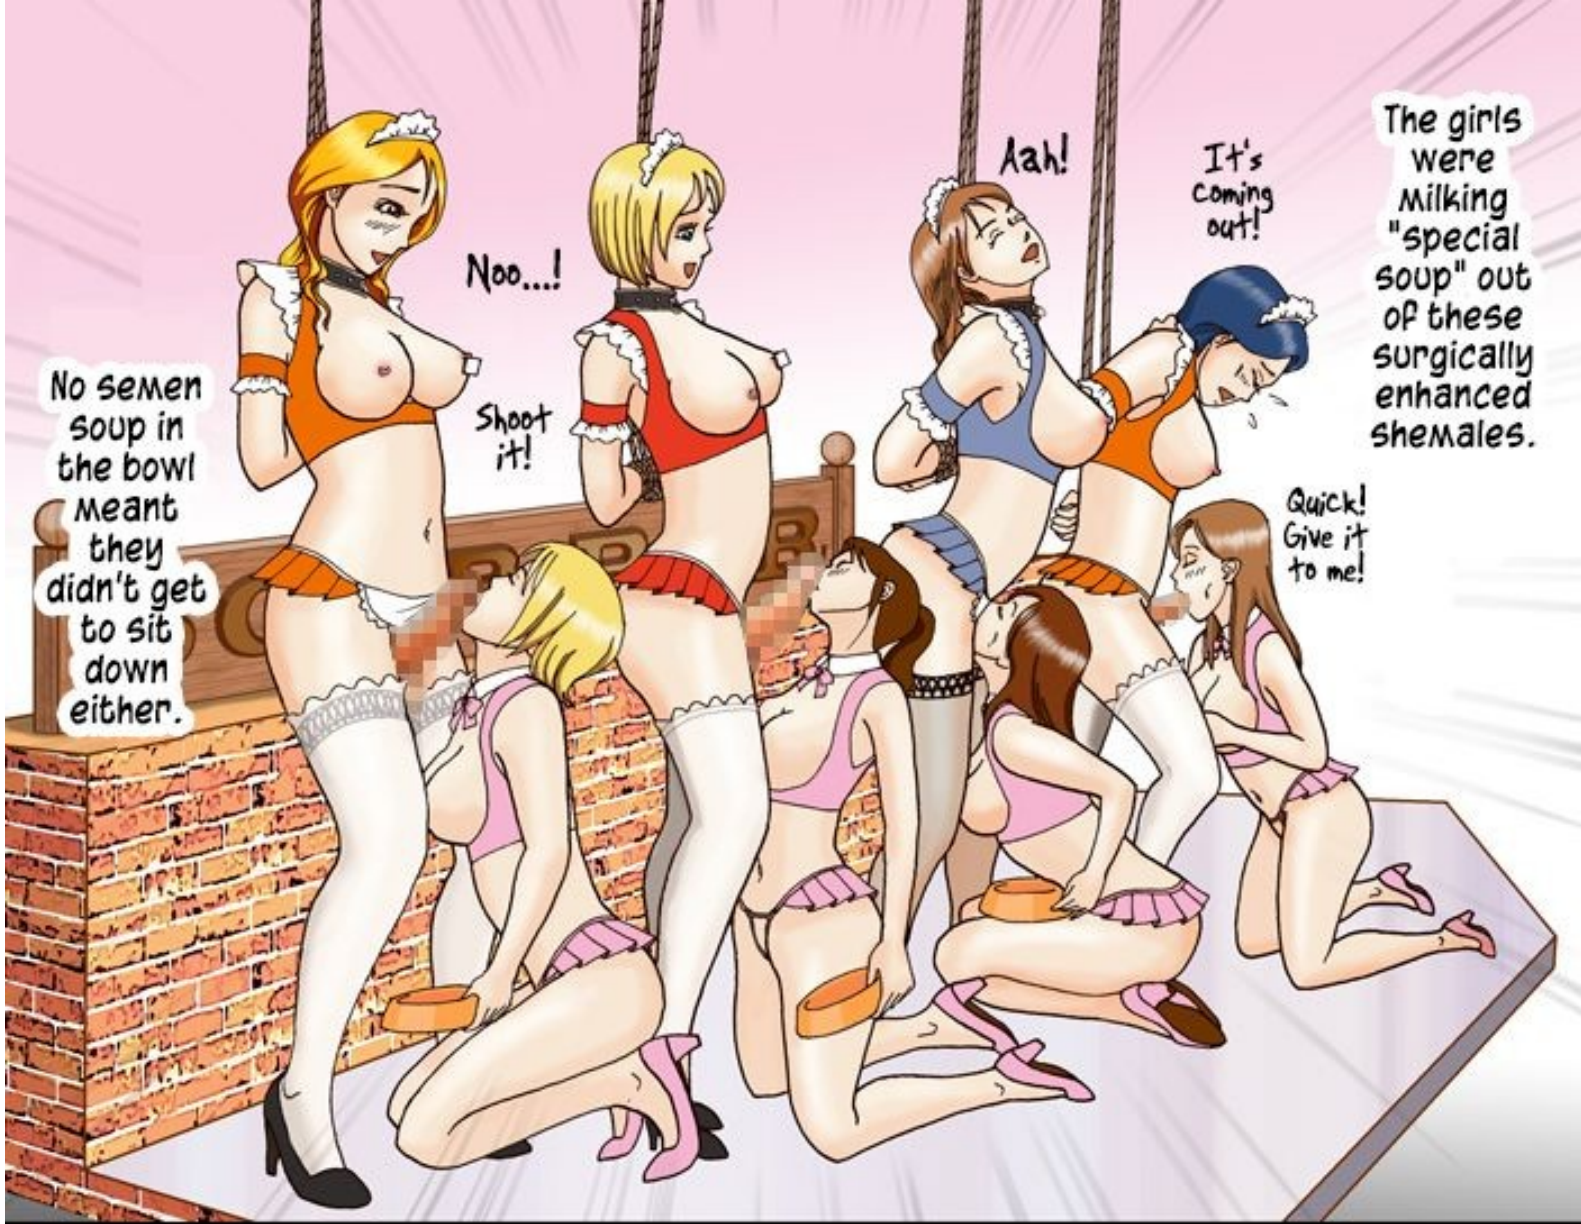

Nooo!
I'm so sorry!
Please, let me go!

My, poor girl. A day-shift training will act as negative reinforcement.

Loose holes need to be re-educated.

No semen soup in the bowl meant they didn't get to sit down either.

Noo...!

Shoot it!

Aah!

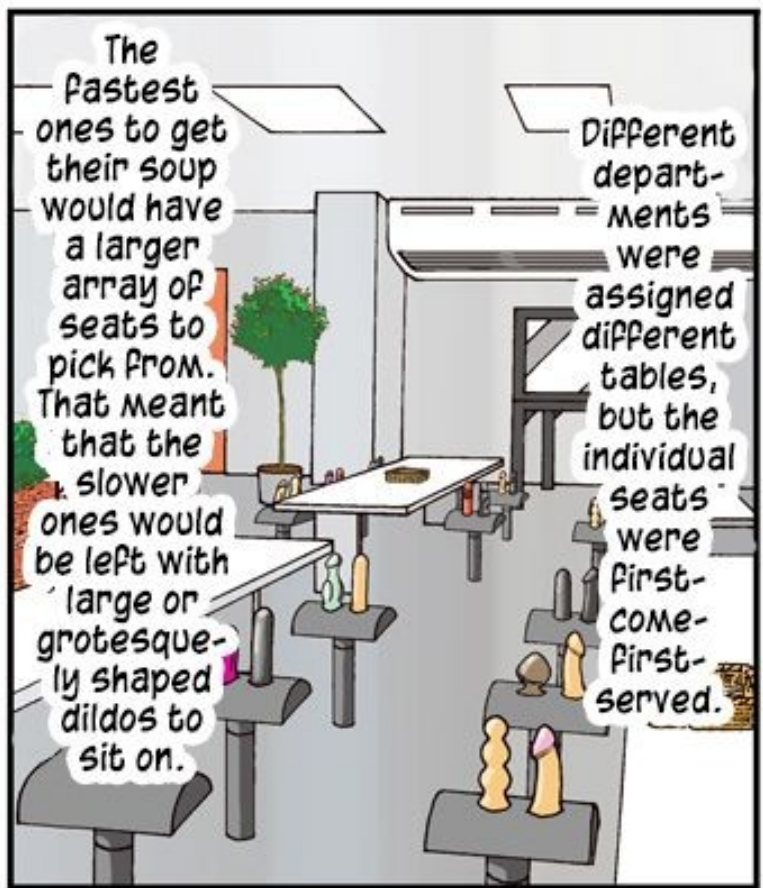

It's coming out!

The girls were milking "special soup" out of these surgically enhanced shemales.

Quick! Give it to me!

The shemales didn't simply receive a penis transplant. They were also enhanced so they could produce a large amount of semen soup and ejaculate several times in quick succession, making them nothing short of "semen pumps".

The fastest ones to get their soup would have a larger array of seats to pick from. That meant that the slower ones would be left with large or grotesquely shaped dildos to sit on.

Different departments were assigned different tables, but the individual seats were first-come-first-served.

That's the secretarial department.

Some of them were simply monstrous, with a girth of 10cm and at least 40cm long; you could even see some pop up from the other side of the table. What's more, the largest one seemed reserved for the anus rather than the pussy.

I can't believe a human being can even take that thing inside...

Rina was so shocked she couldn't avert her eyes from the freakishly huge dildos at the table next to her.

They're getting wet thinking of the day they'll be able to take it!

See? Those girls are glaring at that one...

This is insane... People look up to that?!

Each and every employee looks up to the secretaries who can fit those beasts inside them. They're our anal masochist elite!

I'm pretty sure your brother's in there. He was called Yukio Hirai, wasn't he? Huhu...!

But first things first. Check out the semen pumps.

No, that c-can't be...

Wha-eh?!

Ah, I'm coming!

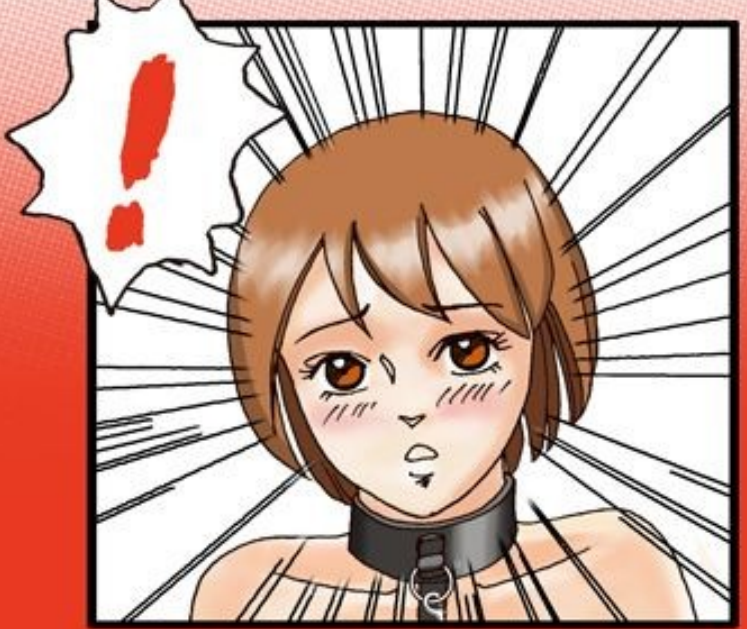

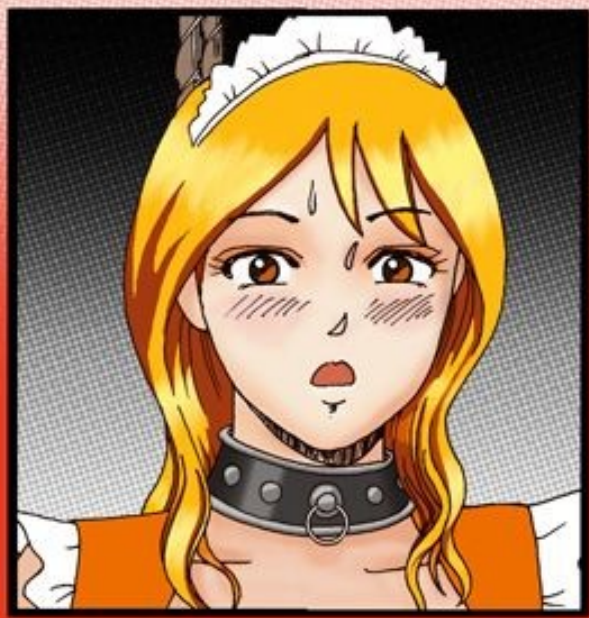

He's known as Yukie now that he's a semen pump though! Huhuhu!

Yukie!

Yukie Hirai

I've brought someone you might know!

Saeko, ma'am ...!

Not anymore!
Fuck off!

Now take a good look and see how much your brother has changed!!

He was born with that inclination, I'll let you know! We helped him be happy!!

Shut your mouth!

Auh!

Oh, come on...

Thanks!

Yay!

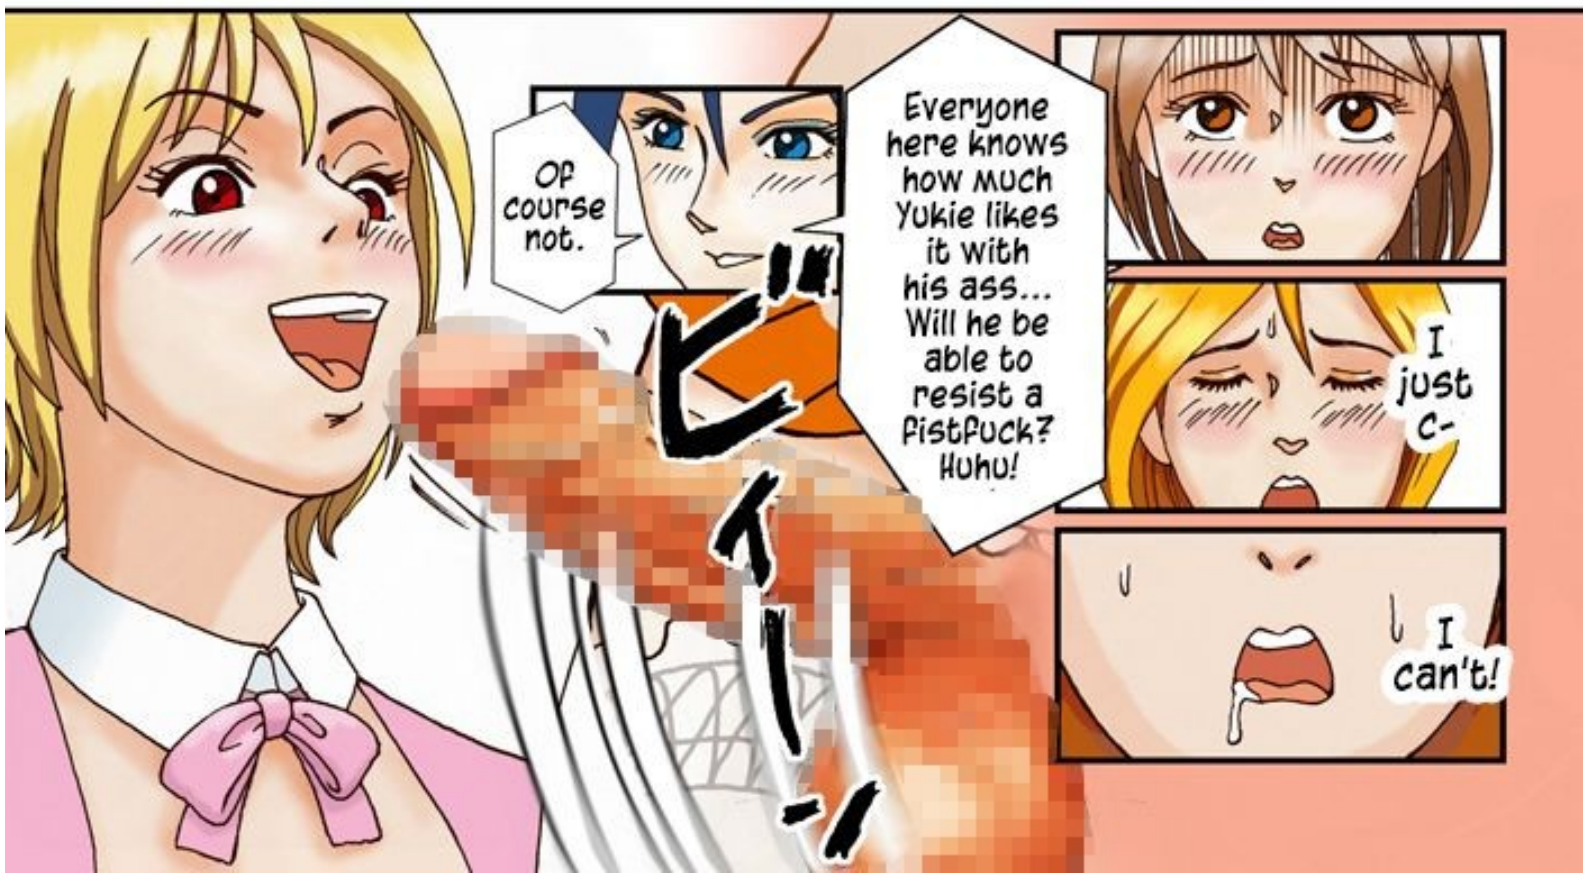

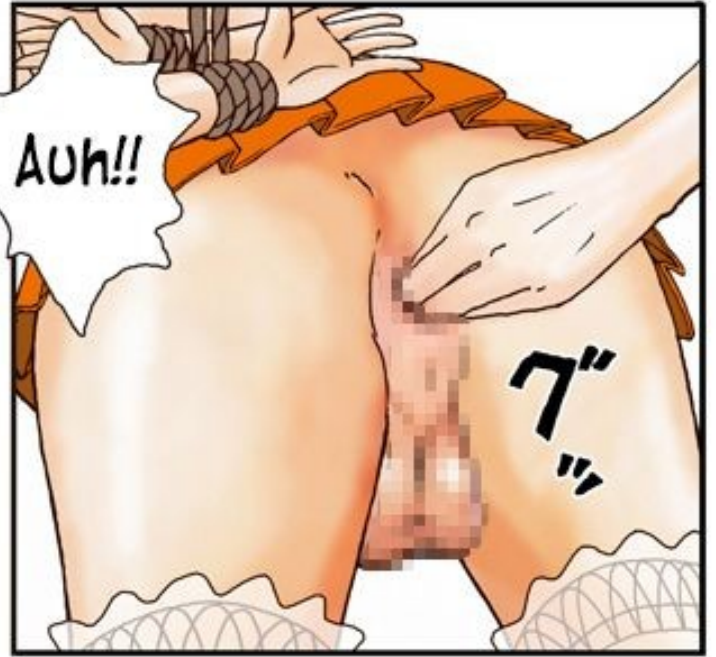

Yukie needs to cum, and fast, or that poor girl will have to sit on a dildo way too large for her... Huhu!

I can't be any later than this... I just can't! That's too long!

My butt is still in training... Can you cum now, please? Please?

The same destiny awaits you, Rina. You're going to become a filthy anal whore just like her... Don't worry, I'll train you well! Look forward to our time together... Huhuhu!

Your brother— or should we say, your sister?— has become a sleazy semen pump who loves getting her ass ravaged!

You get it, don't you?

Haa!
Haa!

Enema Tank

Injection tube

Evacuation tube

This tube removes evacuations whenever the valve is deactivated.

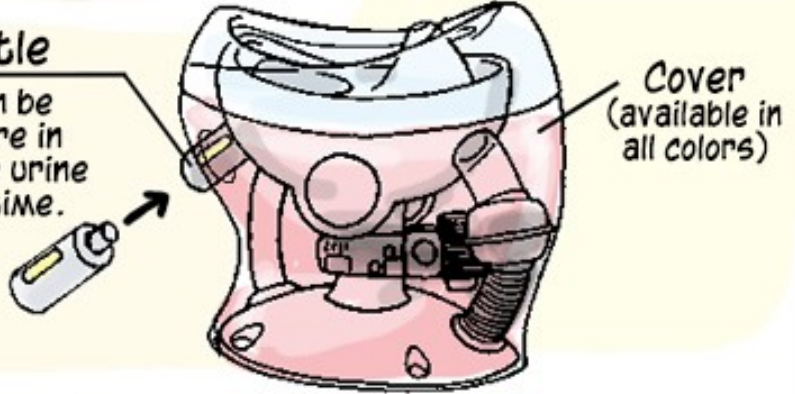

Extra enema bottle

The holes to the sides of the chairs are used for various bottles. These bottles can contain many liquids (like alcohol or carbonated drinks) to be injected together with the enema.

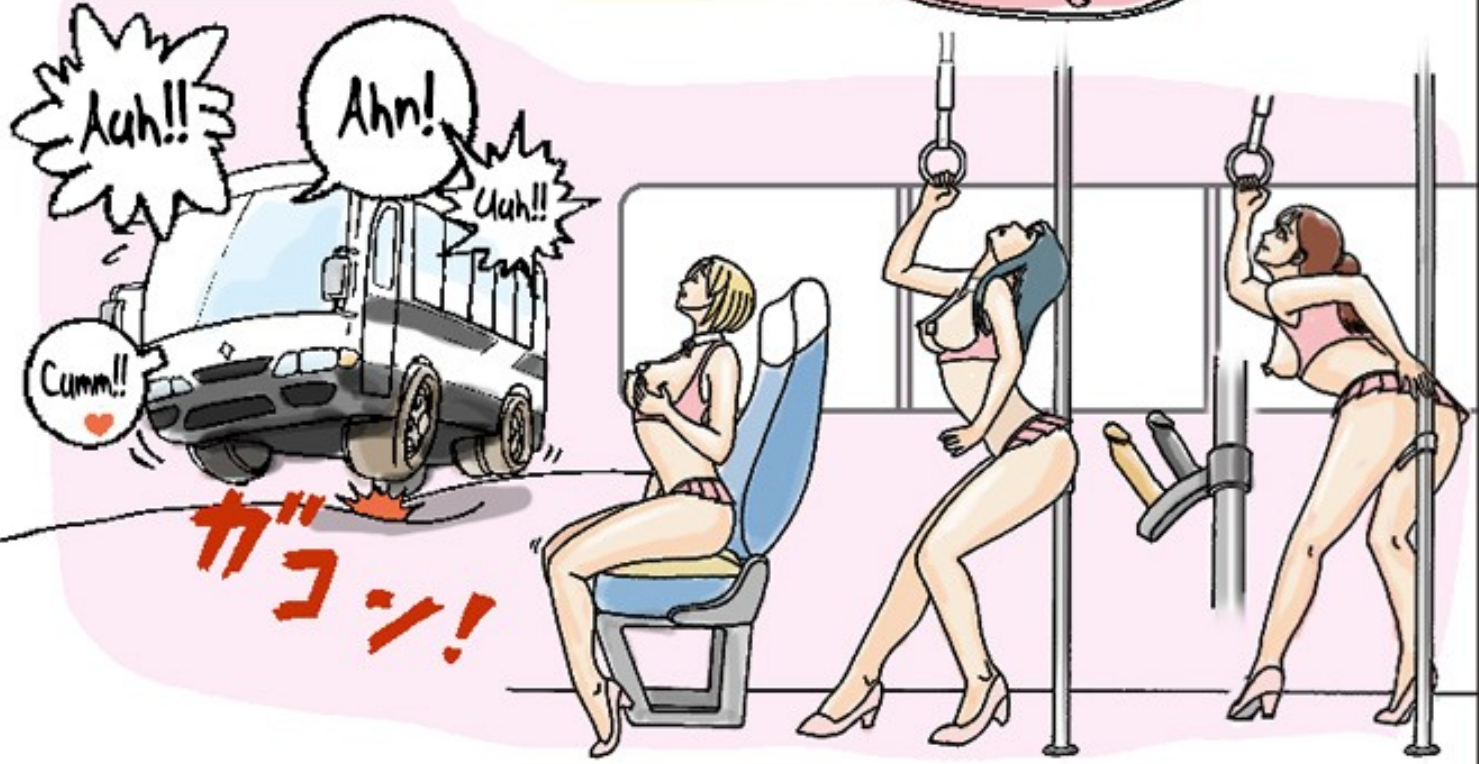

Training Toilet

Urine Bottle

A bottle can be inserted here in order to save urine for a later time.
