☆ **Commentaries on the work** ☆
and characters

In this publication (Koiiro Fragment) this is the newest work of them.

I tried to make a "spontaneous, clean, slut onee-chan" type.

Amako-san is someone who talks obscenely non-stop with a polite attitude and speech, and I'm pleased to how sexy she got!

Onee-chans with perverted bodies are the best! The plot started from "Request to spending one night at the Fish dealer house" but unfortunately in the end I couldn't finish it so I had to cut it out.

I wanted to try and draw more various situations of Amako's (sexy) activities. The [Amako Ticket] is a convenient item and thanks to it the plot practically writes itself.
