~LEARN THE BASICS~

Hello there!
I'm here to teach you
about orgasm control!

1. Catch a boy and strip him.

2. Make him so hard that he won't easily lose his erection.

3. Bring him to the edge of orgasm and stop, then do it again and again. Keep going until your boy starts claiming he's at his limit and he's going to break, then...

4. Kick it.

5. Cool it down.

6. Apply the chastity belt to his flaccid penis and...

7. Lock it.

8. Repeat this day after day after day.

**Yay for
orgasm control! ♪**

9. See? Easy, isn't it?
