Hey!

So you finally got your mom to buy one?

Ahhh...!

You're a good boy, making your dick hard just from being picked up by me! ♡

C'mon, Tora-maru! ♪

Hehe, I'm so excited!

Since this is his first time today, I'm sure he'll be able to shoot some right away.

See?

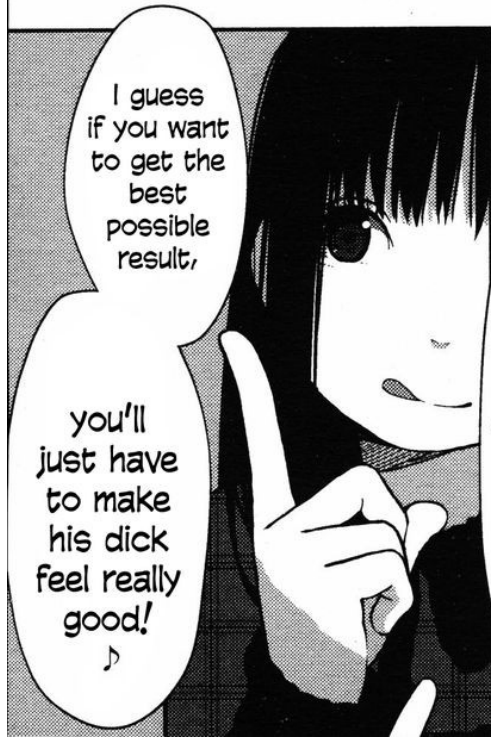

His dick's getting really hard and his body temperature's gone up!

Oh, you're right! Great!

I'd personally recommend this because it's more effective than resting them.

Yeah, this! ♡

I guess if you want to get the best possible result,

you'll just have to make his dick feel really good!

Hmm... if you want to extract cum fast, you'll have to fondle his dick like crazy. But if you want to extract lots of cum, then you'll have to take your time and fondle it slowly... and both are quite difficult...

Also Shiori-chan, compared to your boy, he's slower to shoot cum and when he does, there's less of it...

Umm... it doesn't taste good to me just yet...

By the way, how was his cum?
