

A HANDSOME PHARMACEUTICAL REPRESENTATIVE AND A BEAUTIFUL ANESTHESIOLOGIST'S ADULT LOVE GAME ★

After being given a lead by a client, Kurono, a pharmaceutical company rep., goes on business to the hospital where anesthesiologist Houjou works. However, he ends up being driven away by his harshly cold attitude.

Houjou is a tough person who doesn't open his heart easily but, through various means, Kurono's hard work pays off and he is invited to attend a conference on the countryside with him!

That night Kurono gets all excited thinking this is the chance to get closer to him! But little did he know that they'd be in the same room, sharing a futon, with Houjou wearing a casual yukata and a suggestive expression. He's...clearly trying to seduce him, right.....!? Honjou is a man, plus he's a straight-laced person famously known as the icy anesthesiologist... To fuck or not to fuck, that is the question!!!!

— I can't believe that I got the chance to make a second cover! I'm happy!! This honor is wasted on someone like me...!! I sincerely thank you for picking up this book. When I drew the mask, it looked totally different but then I thought "This shape kind of looks like... What is this déjà vu...?" turns out it looked like a G-string (even though it's totally not).
