Takano Keisuke

The only child of the Takano family. He has a shy and meddling personality that he inherited from his father. Lately even his appearance started resembling his father's. He's dominated by his strong-willed mother every day and has many troubles in his daily life. Dragging his drunken mother to her bedroom is his daily chore. He's currently in the middle of puberty.

Story summary up to now

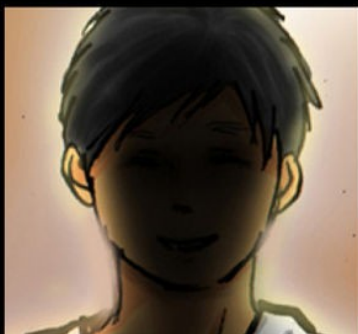

Keisuke was living with just his mother while his father was living away from home for his work. His mother loved having evening drinks, but she would get drunk easily, and once drunk she would turn nasty. At most times, she would have no memory of what happened the previous day. Dragging his drunken mother to her bedroom was becoming something like a daily chore for Keisuke.

Takano Sanae

Keisuke's mother. She's strong-willed with a big-sisterly disposition, which could also be described as bad-mannered. She has a personality that's the direct opposite to her husband and son's. A beautiful woman who's famous around the neighborhood, she's also young-looking and energetic. She has very bad eyesight and can't live without glasses. She loves alcohol and takes evening drinks, but she gets dead drunk after only drinking a small amount. Once she falls asleep she doesn't wake up easily.

Takano Yuuichi

Keisuke's father. He's living away from his family for work. He can only return home about once every two months. He has a gentle personality and is a loving parent.

Friends from the same class

Yamazaki Kouta

Sugishita Kou Tsuchiya Youhei

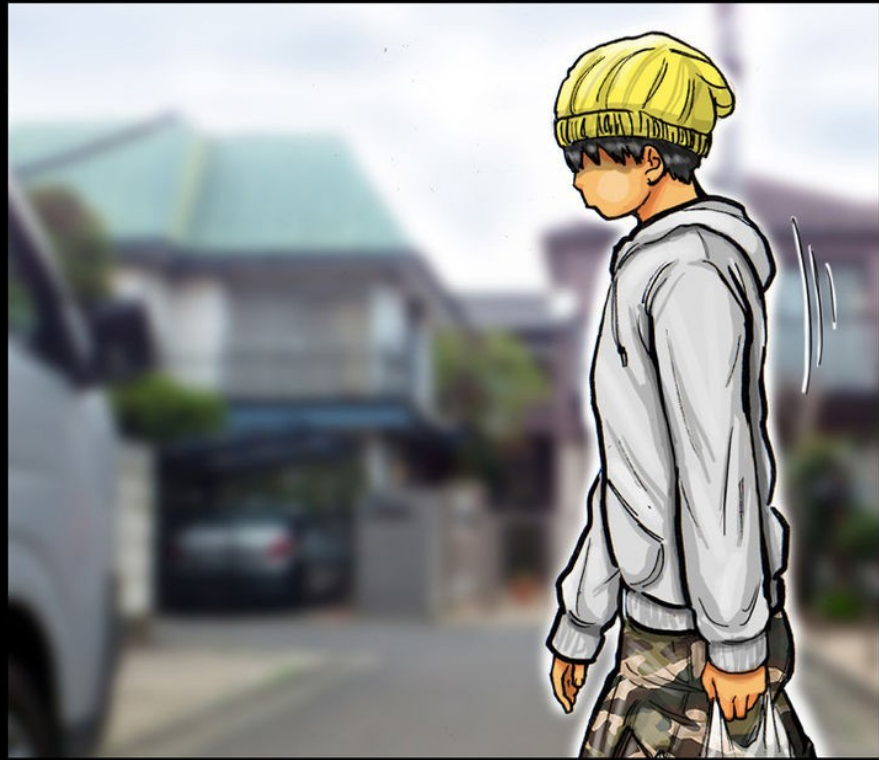

Keisuke's friends. His close friends from the same class. They saw Keisuke's mother at his house and mistook her for his older sister. The three can't take their eyes off Sanae's attractive body.

Not knowing this, his mother Sanae was going through her daily life as usual. The only problem was... that lately she found herself dripping with a large amount of milky and viscous vaginal discharge in the morning, and she was becoming a little concerned...

One night, when Keisuke tried to carry his mother to her futon, his mother mistook him for her husband and assaulted him... she took both his first kiss and his virginity, and then his first ejaculation exploded inside his own mother's womb! Keisuke couldn't forget the pleasure and from then on, knowing his drunken mother wouldn't wake up once asleep, he would intently thrust into his mother and use her like a love doll. He was shooting his built-up lust into his mother's womb...
