THE
END

■ Afterword

Hello for new readers, as well as for long time fans. Tsuttsu here.
I'm already at my sixth original book.
I took a shot at drawing a story that takes place in between "Pee Fundraiser" and "Omorashikkusu".
(Mainly to show that the reason peeing is so popular is because of these two.)

■ Shimizu Yua-chan

Despite being a model student, her true self is a pee loving pervert.
I really like those kinds of characters.
I'm quite pleased with the cover of this book, too.
It really shouts "Holding a condom in your mouth is so last year, make her hold pee in her mouth instead!"
(Although, I'm also a fan of the former).

■ The next event will be Comitia 113.

I'm planning to release a diaper-themed book featuring Kanda Rin-chan at there.
Be sure to check it out if you're interested!
Now then, let us meet again in the next book.
