What is "Succubus Stayed Life"?

Matsukawa-kun and the present-day succubus descendant that's taken a liking to him, one-sidedly forcing her way into his home and feeding on him, Sakuramachi-san, have sex day in and day out with no concern for location, whether it be at home or at school. He places his hands on (and has hands placed on him by) his classmate who's only just become acquainted with sex, Yomisawa-san, as well as Sukuramachi-san's cousin, Akino-san, a girl who appears reserved and modest but is actually every meaning of the word carnivorous! Puberty already grants one an overflowing level of energy, but the impressiveness of his is ever-rising. his story focuses on his every day life.

Matsukawa-kun

Sperm Producer

Touko Sakuramachi

She's very good in science and sports. But she's awful at singing and drawing. For three months everyday she had sex with Matsukawa-kun. She also loves him secretly. She also learned from Akizono-san about the ecchi techniques.

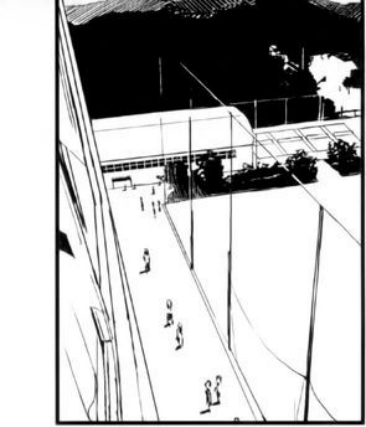

Tsukino Yomisawa

She likes studying, she dislikes sports. She can draw manga decently. For 2 or 3 days a week, she's having a physical relationship with her beloved Matsukawa-kun. She's keen to studying, so Akizono-san is teaching her about ecchi stuff.

Kanna Akizono

Her speciality is Japanese language and History and she's not bad at sports. She also can make costumes. She wants to be good friends with Sakuramachi-san, so she "eats" cute Matsukawa-kun once a week.

*It's been a while, Sasamori here.
This time also ends safely... it was like a long and suffering Manuscript life.
There are some time in there that I did enjoy...*

*I still got a lot of stuff to write/draw..
This time I wanted the contents to be a lot sexier than before...
But you guys think it's hot... but me and you guys are different.
I don't know the limits... It might be my future task.*

*Next year I want to relax.
But my pace for go down so easily!
For those telling me "Do it for the top sale!"
Sada-san won't call out until the book is released.
The person in charge also needs to check it and might decline...
But there is a possibility for the fail but, we must not think about now
A lot of people are very kind about communication am I right?
I only want to do this...*

*With that saying, I'm waiting for you guys' feedbacks
See you guys!*

Sup, SeekingEyes here

(-.-)/

I've been worried about
the thing last manga.

The "Succubus stayed life 4"

And I had a nightmare about
many negative comments. XD

I know my translations sucks
(especially page 29)

So please, don't be mad about
it. I'm trying my best, and I do
want my English to be better.

Anyways, how's your day? Well,
my days are being poop lately.

But I know some positive will be
shown eventually. Anyways, you
reading this manga? Yeah you.

Have a nice day.

d(^-^)

see ya
